Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

**This school has submitted the following description of its arts program:**  
 There is exceptionally strong school community support for the arts. An integral part of the school's mission is to integrate the arts with the academic curriculum. Many classroom teachers have professional backgrounds or serious amateur involvement in one or more of the arts, and many of our families have professional involvement in the arts as well. We offer visual arts, movement and music programs supported by a combination of Department of Education and PTA funding, as well as a grant from the Rudin Foundation. The PTA also funds "artist and scientist in residence" mini-grants to classroom teachers. These permit teachers to partner with outside arts and cultural organizations to support student learning through the arts within the classroom. We take full advantage of local arts organizations, museums, and theaters through residencies and field trips. Now that the Whitney Museum has relocated within walking distance, we look forward to expanding our existing relationship.
