Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

PS 23 Q is a multi-site organization serving students in grades k-12 from all five boroughs. Our goal is to provide a basic foundation and appreciation of the arts and to have this foundation support other areas of instructional learning throughout the school day. The arts are a universal language, and it is our belief that an effective arts program contributes to the emotional and educational well-being of the whole child. Through the arts we are able to reinforce content areas through hands on project based learning, increase self-esteem, develop social skills, and improve team building and collaboration while addressing the students' individual needs with regard to their various learning styles. Visual arts, theater, and music are offered to our students throughout the year. High school students earn credits for music and art that fulfill requirements for graduation. A group of high school students also participated in C&T Theatre's LivingNewspaper project, through which they engaged as global citizens using, applied theater and digital media skills. We are a second year school in the MTI Broadway Jr. Musical Theater program for middle school students, sponsored by Shubert Foundation in collaboration with the NYC Office of Arts and Special Projects. This year, in addition to the theater teaching artist who worked with students in the Broadway Jr. program, ARTSConnection provided a teaching artist who worked with the students on set design and one who taught students graphic design.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
