Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
 Our goal as a school is to continue to have certified arts teachers servicing all of our students in the arts, while aligning curriculum to the Blueprint for the Arts, the New York State Standards, and the Common Core Curriculum. We hope to provide an arts program that will enrich and enhance learning across the disciplines. We will continue to devote designated rooms for our arts teachers as well as using the auditorium for our chorus. In the past four years we have also implemented an after school theater program and our school has put on a large scale musical theater production every year. This year we had a school wide Art Expo where we showcased artwork from the entire school population, and each year we continue to put on a Winter and Spring Concert showcasing the talents of our talented chorus and band. As we do every year, we plan to set aside money for arts residencies so that we may supplement our arts program where it is needed.
