Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

All students take art and music for a ½ year each. Dance is offered in the Physical Education Department. Chorus is offered as a club. The art sequence includes required courses in drawing and painting techniques, color theory, and design principles. Students choose from 3 pathways: Commercial Art, Graphic Communications, and Web Design. Commercial art students use traditional art media and computer applications, prepare portfolios, take the industry standards-based Skills USA exam, and earn 6 credits from Queensborough Community College through dual-enrollment. Graphic Communications focuses on the creative use of computer applications, digital photography, and commercial printing, while Web Design focuses on designing for the web, including both hand coding and computer applications. Students take Adobe certification examinations at the end of these sequences. All art students have the opportunity to apply for internships and work-based learning opportunities and receive CTE endorsements on their diplomas.

## Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

## Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
