Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

At PS 41 we provide students with quality arts instruction. We have a visual arts program for grades Pre-k to 5, taught by a full time certified arts teacher. She provides instruction in all art media and organizes our Art Expos and art gallery. She also coordinates participation in notable art contests, such as PS Art. This year we had an Honorable Mention in the Ezra Jack Keats Bookmaking Contest and had two student works exhibited in the DOE Borough Arts Festival. Our music program was taught by a full time certified music teacher and included lessons in reading music and music theory, learning to play the recorder, and 4th and 5th grade band. The bands will have presented 2 day and evening concerts for students and parents. All classroom teachers worked with students to present performances for student and parent assemblies, and our PTA held a Saturday Art Program in which students created pottery. A grant allowed our school to provide 30 hours of theater workshops for several third grade classes, and 4 kindergarten classes participated in Zumba dance classes. Pre-k students also had in-school workshops in music, visual arts, theater and dance. Many class field trips increased student art opportunities in dance, theater and visual arts.
