Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

P.S. 58's art program strives to achieve fidelity to the mandated Blueprints for the Arts. We provide learning opportunities across all grade levels to all children in theater, music, visual arts and dance. We believe that learning through the arts is a valuable and necessary part of students' education. Our goal is to continue to provide these opportunities through two full time visual arts teachers as well as the addition of a full time music appreciation teacher this year. These teachers serve the entire school community. Through a grant from the Office of Arts & Special Projects, we collaborated with Marquis Studios to provide additional music and theater to our ELL and SWD populations. Culminating performances through the school year celebrate student achievement with the school community. At the end of May each school year, we celebrate the arts with an Evening of the Arts Performance, showcasing the students' achievements in music and dance. In addition to the performances, our building displays our students' visual art work done throughout the year to showcase our commitment to the arts.
