Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

The 2015 P.S. 86 objectives for the arts is to establish a life-long commitment to "living the arts." Through integration of The Blueprint for the Arts, The National Common Core Standards for the Arts, and The New York State Standards for the Arts, classroom teachers and teaching artists develop layers of ability enabling students to build a bank of transferable skills: critical thinking, problem solving, and technical methodology which segue into confident creative student citizens. The P.S. 86 arts programs travel beyond the classroom through a concentrated curriculum-related series of field trips, residencies, and workshop tours to world class art institutions available only in the New York City area. Since 1997, P.S. 86 has participated in The Guggenheim "Learning Through Arts" program; subsequently it has been designated a "Guggenheim School." Our students' artwork is exhibited yearly in The Guggenheim Museum's Spring L.T.A. show. P.S. 86 completed the Metis Associates' five year research program in the spring of 2014. The 2015 Arts Survey reflects a continuous effort to achieve quality instruction in the domains of music and visual arts. With regard to Dance and Theater, future funding will continue to be a challenge.
