Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

The arts program at Bronx Theatre High School provides students with a well-rounded experience in various forms of the arts. Students at Bronx Theatre are encouraged early on to work with each other as an ensemble, and this is conveyed through various forms of artistic expression. As students progress through grade levels, they are given multiple opportunities to explore various aspects of the arts including set design, costume design, dance and acting. Students who express interest in dance work within our dance company club and perform in a culminating project. Due to the many arts classes we offer, seniors can accumulate 10 or more arts credits and are eligible to take the arts examination in their senior year which gives them the arts endorsement upon graduation. Roundabout Theatre Company has been our partnering organization since the opening of the school in 2003 and continues to provide services to our students through in-school residencies that connect the arts to our curriculum, as well as on-site experiences at Roundabout Theatre's Broadway locations.
