Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

The Parkside Preparatory Academy marching band participates during the regular school day, as well as the afterschool program. The band has participated in a number of events including Pearl Harbor Day Memorial for Councilmember Darlene Mealy, UFT Parent Meetings, Channel 12 News and will be performing at the United Nations.

The Parkside Preparatory Academy Visual Arts Program is a Discipline Based Art Education (DBAE) Program that integrates the areas of aesthetics, art criticism, art history and art production. All Visual Arts students were given a rigorous standards-based training in the arts. Students in these classes studied the elements and principles of art through text; video, careers and everyday experience in order to assist them in understanding how to look at art and the world around them in the eyes of an artist. Students participated in art critiques, which required them to pose questions and find answers. As they learned and practiced the various artistic skills and obtained new knowledge, this year prepared them for future art classes.

In addition, English Language Arts, Math, Science, Social Studies and the Performing Arts was integrated into the curriculum. Students were given the opportunity to recognize and appreciate the connections that exist between Art, Dance, Music and Theatre.

Art students displayed their work in their year-long Student Art Gallery, end of the year display and created props and stage settings for the drama production.

Drama students produced a play, the Wiz.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2015-2016 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
