Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

PS 219 music and visual arts students continue to enjoy putting on the numerous class and grade performances that comprise our monthly assembly programs. Throughout the school year they showcase their abilities to sing, dance, act and memorize extensive play scripts. They also benefit from a diverse and challenging curriculum that is informed by the Common Core Learning Standards and "The New York City Department of Education Blueprint for Teaching and Learning in the Arts." This includes specialized coursework that connects music and the visual arts to the other academic learning strands (Math, ELA, Science, Social Studies, etc.). Students in Pre-Kindergarten through Grade 5 receive weekly instruction in the visual arts and music. Through differentiated instruction, the curriculum addresses the needs of our ENL's and SWD's. The visual arts and music programs present standard-based, rigorous and creative approaches to these disciplines. The visual arts program culminates in our yearly Art Show.

The arts program delves deeply into the common core subjects while giving students in Grades Pre-K through Fifth the latitude to demonstrate learning over time in varied dimensions. The music and visual arts program motivates students to go beyond the walls of the classroom and to take advantage of the rich resources available across New York City in museums, concerts, and performance spaces. Several students and their families have participated the Brooklyn Museum of Art weekend and summer Student/Gallery programs.
