Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

PS 231, in District 75, offers a rigorous arts program with a full range of creative arts for our student body. Student engagement in music, dance, drama, and the visual arts is designed to develop creative thinking, problem solving, and social competence in support of student IEP goals and personal growth. Instructional plans are aligned with common core standards and the Blueprint for the Arts with special attention to cross-curricula connections, and school wide CEP goals. Arts lessons build on prior knowledge and are designed to demonstrate growth over time. Each arts teacher provides hands on experiential learning in large and small groups with a range of differentiated supports to facilitate student success across a varied population of student ages, needs, and abilities. The arts program at 231 includes multisensory experiences guided by teachers and artists in residence that are linked to cultural, historical, and social contexts. Arts exploration provides our students with opportunities to increase personal and community awareness and to develop peer-to-peer interaction. Through out the year parents are invited to engage with students during various special events designed to enrich student life and nurture a lifelong enjoyment of the arts. Events may include Student performances, student art exhibitions and visits to a variety of cultural institutions.
