Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

At P.S. 345 we are dedicated to providing all of our students with Arts Education. Our Visual Arts program continues to provide our students in Grades Pre-Kindergarten through Grade Five, with rich Common Core and Blue Prints aligned instruction. Throughout the school year our students have multiple opportunities to engage in Arts based field trips provided through a plethora of Cultural organizations. Many of these Art based experiences are closely connected to the curriculum and expose students to Theater, Dance, Visual Arts and Music. Some of the Cultural Organizations we have worked with this year include - Inside Broadway, Museum of Natural History, The Brooklyn Public Library, Whitney Museum, Shadow Box Theater and Madison Square Garden. This school year we are thrilled to have a theater residency program with Inside Broadway for our students in grades three through five. This special residency takes place during after school hours and includes a special culminating performance which will be performed for our school community. With the addition of the Inside Broadway Residency we have attained our goal of creating a Theater Club for students in grades three and through five. In addition, our students have the opportunity to participate in our after-school Dance Club, Visual Arts Club, Cheer Leading Club and our Annual Talent Show. All of our Arts based programs and field trip experiences have truly enriched the lives of our students by exposing them to the many facets of Arts Education.
