Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

We have worked to provide arts to our students through many art organizations in our community and to help students and families connect to the arts in their community. Our greatest obstacle is to fund our arts mandates in Middle School. We have a full time Music teacher, and all our MS students play in the MS band, but we use outside organizations for art and theater. We currently do not offer dance arts in MS and wish to find funding to add dance to MS through a residency program. In Pre-K to 5th, we use many outside organizations to supplement the arts beyond Music instruction as listed within the survey. New this year is our growing partnership with Cornell Tech University to develop computing skills in both computer science and the arts curriculum through game design and more. Our PTA continues to generously sponsor all other arts education. Next year we plan to hire a full time visual arts teacher to serve all students. We will continue to develop our Movement (PreK-2) African Dance (G3) & Ballroom (G5) curriculum, and theater (G6,7) through outside organizations. We are exploring dance curriculum for MS and grade 4. This year we did not engage in any arts residencies with the NYHS, but hope to resume next year. We will continue to work with Salvadori Center for Urban Design for long term residency programs embedded in our Math & Science curriculum and perhaps introduce this to grade 5. Finally, we mandated that all grades take a minimum of 4 field trips a year in a variety of arts disciplines.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2015-2016 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
