Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

Every year, PS 86 strives to improve our arts programming. This year, we have added a pull-out violin program with our 3, 4, and 5th grades. Our music teacher is a certified music professional who is trained and knowledgeable in instrumental, chorus, and overall in creating musical scores with the students. Our lessons are interdisciplinary and with our ongoing curriculum writing, this enables us to improve our shows and assemblies, while supporting the arts. The students are not the only ones learning and growing. Our parent involvement has increased with each passing year through the arts and craft sessions provided by the school. We encourage parents to participate in arts/crafts, tutorials, museum trips, and live day and evening performances. Our annual Art Day is the culminating event preceded by a month long study of a famous artist. Our multicultural fashion show in February, depicts the fashion, art, dance moves, and music of a particular country from around the world. Our music teacher has immersed our students with learning the piano and the guitar for 4th and 5th grades. Our poetry club performs in a poetry performance which includes and culminates in a student-based, student created, movie, filmed and edited by our PE teacher. Our 5th grade chorus performs at The National Choral Festival each year for the past four years. Overall, the students have the opportunity to become inspired while becoming lifelong learners through the arts.
