Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

At P.S. 229, we value arts in education. Throughout the school day, all children are immersed in a plethora of education in all of the arts disciplines. We currently have a visual art teacher, a music/drama teacher, and two dance/movement teachers. In addition, our regular classroom teachers implement the arts in education throughout the day. Teachers in our building are constantly embarking on innovative projects in the arts such as reader's theater, songs and dances, visual arts projects, and field trips to museums, films, and shows. Outside organizations play an important role in educating our children in the arts as well. We participate in Ballroom Dancing, Midori Instrumental Music, The DELLTA Performing Arts, and Ballet Tech. Through these programs we are able to provide the students at 229 with valuable arts experiences. All children at P.S. 229 leave our school with a solid foundation in the arts.
