Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

Every student in grades 6, 7, and 8 are provided with instruction in music and visual arts aligned with the New York State Standards and the New York City Blueprint for the Arts. In our visual arts program, students learn to use a variety of art media and techniques, along with studying many artists and their work. Students learn to critique their own work and the work of other students. Students who are interested in applying to art high schools participate in a rigorous after school program designed to improve their portfolios, teach them how to interview and present their work. In our general music program, students learn about key moments in music history, and a basic knowledge of music theory and notation. Students also have opportunities to compose music using technology. They learn how to play the guitar in the guitar lab. Our music teacher works with 8th graders during their lunch or advisory period to help them prepare for auditions to high schools for music. We collaborate with our school-based organization, Learning through an Expanded Arts Program (LEAP), for several after school arts programs. Our music teacher runs a modern band program, including guitar, bass, drums, keyboards and vocals. This guitar ensemble has performed at district events and most school events. Two of our paraprofessionals conduct the drama program through LEAP and have performed plays for the parents, staff, and students. Dance and visual arts is also offered through LEAP.
