Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

#### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

### School's Arts Program Description

#### This school has submitted the following description of its arts program:

MS 223 provides quality arts instruction for all of our student body. We expose our students to at least three art disciplines: orchestra and band for 6th grade, theater for 7th grade and visual art or dance for 8th grade. Our teachers continually strive to reinforce literacy skills as well as a true appreciation for the arts. We believe that the arts create a path to expression that might not have been an option to every student in our community. To create greater pride in their work, we have art celebrations, such as gallery showings, and culminating performances in music, dance and theater. We are proud to put on an annual production through Broadway Jr. and offer arts programming during expanded day and the summer. We also go out to attend performances and bring in performers to create young consumers of art.
