2009

### **ABA Everyday**

Using token economies, multiple reinforcement schedules, and behavioral contingencies to better the lives of individuals with autism. Basic tactics that can be implemented in every situation to make transitions and new tasks more pleasant.

*Presented: Thursday, January 21, 2010*

### **Activity Schedules**

Teaching children how to maintain and generalize previously mastered goals through activity schedules, task analysis, and personalized behavioral contracts.

*Presented: Thursday, March 25, 2010*

### **Alternative Augmentative Communication**

Developing language across non verbal speakers. Modifying the Verbal Behavior model for using Augmentative Communication in multiple settings with various learners.

*Presented: Thursday, June 3, 2010*

## **Our 2009-2010 Workshop Series**

**at Shema Kolainu-Hear Our Voices**

We at Shema Kolainu - Hear Our Voices, School and Center for Children with Autism would like to open our doors and share our findings about how children on the autism spectrum learn to communicate, socialize and succeed while engaging in daily routine activities and interacting with others.

At SK-HOV we provide comprehensive, research-based educational practices and related therapeutic services to maximize the learning and participation of children (aged 3 to 11 years) with various developmental and neurological disorders.

Our education and training program is designed to inform and enhance the knowledge of participants about autism, related services and behavior analytic techniques used to effectively teach personal, social, and academic skills.

Parent training program  
made possible by  
**NYC Council Autism  
Initiative Funding**

**Joshua Weinstein, MA Ed.,  
MBA,**  
President & Founder  
**Suri Gruen**  
Executive Director  
**Gili Rechany, MA, BCBA**  
Educational Director  
**Kim Robinson, MA**  
Operations Manager

This workshop series was designed in response to parents, teachers, therapists and others who requested to learn how to improve the lives of children with autism spectrum disorders. We encourage teachers, parents and all those interested in learning about effective treatment interventions to attend.

Sessions will be led by SK-HOV's Educational Team - Gili Rechany, MA, SBL, BCBA, Educational Director, Elizabeth Diviney, PhD, BCBA, Behavior Consultant Chani Kessler, MA, BCBA, Educational Coordinator, Carol Schaffler, SLP - CCC, Speech and Language Pathologist, and Rebecca Volker, SLP - CCC, Speech and Language Pathologist.
