

# **MUSEUM ACCESS FOR** **CHILDREN** **WITH SPECIAL NEEDS**

**Did you know that museums throughout New York City have programs designed for special needs children?**

*The Metropolitan Museum of Art, The Museum of Modern Art, The NYC Tenement Museum and countless others have created programs to meet the individual needs of our children and have developed innovative strategies to provide our children true and meaningful access to explore the wonderful world of art, culture and history that most take for granted. We are proud to host The Museum Access Consortium (MAC) and presenters from various museums to share their programs and discuss the various opportunities for our children*
