Superintendent Visits P771K@225

771K@ 225 began the holidays off with a huge celebration featuring our superintendent Bonnie Brown. Deputy superintendent , Gary Hecht. Also present were district

coaches, administrators and parents. The festivities began with student awards for academic achievement and the introduction of our first student counsel. After-

wards all staff and students celebrated with plenty of food, laughter and good company.

Tech Bytes @ P771K

P.771K is starting out the new decade with exciting steps forward in technology. Our first major event is the first broadcast of our u.n.i.T.y.V project. u.n.i.T.y.V. stands for "Understanding New Ideas through Your Voices." The students and staff of Ms. Levy's class has been working with Ms. Chirgadze and Mr. Goings to create a news show that takes viewers back through time to the exploration of North America by European explorers. The video follows a traditional news show format and features reports on inventions, economics, politics and social issues that affected European exploration. Students write, perform and edit the video, which then be submitted for a competition at the district office. The video will also serve as eighth grader's exit projects for Social Studies.

U.n.i.T.Y.V

Another exciting event in January is the V06 field trip to the Museum of the Moving Image. Students will take a guided tour of the museum, which, according to the museum Web site, features "historical artifacts, commissioned art works, video clips, and interactive exhibits [that show] how moving images are made, marketed, and exhibited." Students will also participate in a hands-on workshop where each student will create a Thaumatrope, which is a 19th Century optical toy

Vote 2009

771K @ 225 participated in a vote for the first time Student Government. The students who were running made speeches, gave away gifts & even posted posters through out the entire school. During a special Assembly the student body sat to hear our Student Counsel give speeches and discuss why they should be elected to office.

We would like to congratulate Max Bernard our

newly elected student president and Gabriel Simone our newly elected Vice president. Secretary is Justice Akewright and treasurer is Keshawn Matthews. Congratulations to all!!!

Welcoming 2 Newly Appointed Assistant Principals

It is our pleasure to present to you our two newest additions to the 771 Team. Mr. Michael DeSarlo who will be supervising P771K @ 329, and Ms. Lisa Hertz, who will be supervising P771K @ 236.
