MacBook 13" SuperDrive (White)

MacBook is perfect for life on the go, with performance and portability features perfectly designed for students and teachers. There are a slew of innovative features, including a built-in iSight camera for video conferencing or chatting on the go, iLife '08, Front Row, a glossy 13-inch widescreen display, and even dual-display support. And at 1.08 inches thin and just over 5 pounds, the versatile and portable MacBook tucks right into your mobile cart or backpack and goes wherever life and learning may take you.

FAMIS Price: \$1,746.40

Precision aluminum unibody enclosure.

Machined from a single piece of aluminum, the new 13-inch MacBook is sleeker, thinner, and years ahead of its time.

Advanced NVIDIA graphics processors.

Experience the most powerful MacBook graphics ever. With a new NVIDIA GeForce 9400M processor, the new MacBook delivers up to 5x more graphics performance, so you can immerse yourself in lifelike 3D games.

Multi-Touch trackpad.

This trackpad has no button: It is the button. With a smooth glass surface, this spacious trackpad brings even more Multi-Touch gestures and functionality to the 13-inch MacBook.

LED-backlit display.

The new MacBook features an ultra thin 13-inch LED-backlit display that is completely arsenic and mercury-free.

Introducing the new 15-inch MacBook Pro.

2.4GHz Intel Core Duo

FAMIS#:708411541

Apple Part #: BE474LL/A

FAMIS Price: \$2,491.56

Precision aluminum unibody enclosure.

Machined from a single piece of aluminum, the new 15-inch MacBook Pro is sleeker, thinner, and years ahead of its time.

Advanced NVIDIA graphics processors.

Get the most out of graphics-intensive applications like Aperture and Motion. The MacBook Pro features both the NVIDIA 9400M integrated graphics processor and a high-performance NVIDIA 9600M GT discrete graphics processor.

Multi-Touch trackpad.

This trackpad has no button: It is the button. With a smooth glass surface, this spacious trackpad brings even more Multi-Touch gestures and functionality to the 15-inch MacBook Pro.

LED-backlit display.

The new MacBook Pro features an ultra thin 15-inch LED-backlit display that is uniformly bright and brilliant from the moment you turn it on. It's completely arsenic- and mercury-free and more power efficient than ever.

Mac Mini

Mac mini, powered by the Intel Core 2 Duo processor, is now up to 39% faster than previous Mac mini models with Intel Core Duo. iLife '08 is included for organizing, enhancing, and sharing media-rich content. The reliable and secure Mac OS X, space-saving design, and compatibility with existing displays, keyboards, and mice make Mac mini an easy, affordable way to upgrade a Windows lab or set up a new one.

MacPro

Film and Video. *Any Project in Any Format*

No matter what the format — DV, SD, HDV, HD, or even film — the Mac Pro gives film and video professionals the freedom and power to create studio-quality and award-winning projects.

Music and Audio. *Create Without Limits*

Innovative tools for the Mac platform — such as Logic Pro, Logic Express, Soundtrack Pro, provide composers and sound designers with a wealth of software for capturing every inspiration. With Mac Pro, there's even more power available to compose, record, edit, mix, and perform.

Design and Print. *Perfect 2D, 3D, and Color*

Whether you design for print or for the web, you can realize your ideas as fast as you can conjure them with the Mac Pro workstation and industry-standard tools such as Photoshop and QuarkXPress.

MacPro Workstation

Two 2.8GHz Quad-Core Intel Xeon processors (8-core)
2GB memory (667MHz DDR2 fully-buffered DIMM ECC)
500GB Serial ATA Hard Drive (Bay 1)
ATI Radeon HD 2600 XT 256MB (Two dual-link DVI)
16x double-layer SuperDrive
AirPort Extreme (802.11n)
Apple Keyboard and Mouse

FAMIS Price: \$2,770.00

Mac Pro Tower Server

With **Mac OS X Server v10.5 Unlimited Client**, Apple has integrated popular open source software technologies and created innovative management tools to make it easy to provide powerful standards-based server solutions. With over 200 new features, including access control lists and secure instant messaging, Mac OS X Server is a comprehensive platform that is ideal for corporate and educational institutions. This unlimited-client edition of Apple's award-winning UNIX-based server operating system is the most cost-effective way to support your Mac and Windows workgroups - 64-bit computing, Cross-platform file and print services, Directory services and authentication, Web hosting, Application servers, Collaborative services, Media streaming, Mail services, Desktop management, Networking and security.

Apple Remote Desktop v.3 Unlimited Client

The best way to manage the Mac computers on your network. Distribute software, provide real-time online help to end users, create detailed software and hardware reports, and automate routine management tasks — all without leaving your desk. Featuring Automator actions, Remote Spotlight search, and a new Dashboard widget, Apple Remote Desktop 3 makes your job easier than ever.

MacPro Tower Server

One 2.8GHz Quad-Core Intel Xeon (quad-core)
2GB memory (667MHz DDR2 fully-buffered DIMM ECC)
One Terabyte of Storage - 500GB Serial ATA Hard Drive (Bay 1)
and 500GB Serial ATA Hard Drive (Bay 2)
ATI Radeon HD 2600 XT 256MB (Two dual-link DVI)
16x double-layer SuperDrive
Apple Remote Desktop Unlimited Client v.3
Apple Keyboard and Mouse

Apple Part #: BD328LL/A

FAMIS Price: \$3,521.82

Xserve

The new Xserve works faster, harder, and more efficiently than ever before. It all starts with the 64-bit Quad-Core Intel Xeon "Harpertown" 5400 series processor. At speeds up to 3.0GHz — and new hardware architecture combine to deliver up to twice the performance of the previous Xserve. The Xserve includes 1600MHz dual independent frontside buses and 12MB of L2 cache per processor. And two open PCI Express 2.0 expansion slots — one x16 wide and one x8 wide — offer up to four times the bandwidth of the previous Xserve.

Xserve

One 2.8GHz Quad-Core Intel Xeon processors
2GB memory (800MHz DDR2 fully-buffered DIMM ECC)
1x80GB Serial ATA Hard Drive, 1x1TB Serial ATA @7200 rpm
8x SuperDrive DL (DVD+R DL/DVD ±RW/CD-RW)
Dual 750W Power Supplies
Mac OS X Unlimited Client
Apple Remote Desktop Unlimited Client v.3
