

Numerical data are plotted as X's placed above numbers on a number line.

These plots are characterized by separation of digits in numerical data. The ten digits are listed in one column (the stem), while the ones digits are listed in rows (leaves) next to the respective tens digit.

Stems	leaves
1	0 1 2 5 5
2	0 2 3 3 3 8 8
3	0 0 1 1 2 9

Key  
 1/0  
 means  
 10
