DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

ANNUAL GOAL #1 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

- By June 2012, 87% of kindergarten and first grade students will demonstrate progress towards achieving the qualities of good opinion/persuasive writing as measured by the Teachers College writing continuum.

Comprehensive needs assessment

- Based on prior student work, the citywide instructional expectations and in alignment with the Common Core Standards students need to be engaged in more rigorous tasks that promote higher level thinking skills in writing.

Instructional strategies/activities

- Teachers planned units of study with our Teachers College staff developer
- Students will be given a pre-assessment so teachers can make adjustment to their planned units of study
- Teachers will meet and look closely at student work to understand the what they need to teach in order for students to reach the level of performance that the Common Core Standards demand

Strategies to increase parental involvement

- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress
- a wide variety of workshops given by teachers about different subject areas
- curriculum night
- summer reading workshop given by our Teachers College staff developer
- invitations to attend several student publishing celebrations throughout the year
- annual book fair with author visit
- coffee with the principal to discuss a variety of topics that parent choose

Strategies for attracting Highly Qualified Teachers (HQT)

- The PS 267 hiring committee will only hire Highly Qualified candidates for each available position. Licensing requirements will be closely monitored by school administration and Human Resource liaisons. A wide variety of professional development opportunities for teachers are offered as well as mentoring for new teachers.

Service and program coordination

- Partnership with Turtle Bay Music School provides an enrichment music program for K and 1, parent and former teacher volunteers, student teachers from Teacher College.

Budget and resources alignment

- FSF, NYSTL, Translation.

ANNUAL GOAL #2 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

- By June 2012, 87% of Kindergarten and First Grade students will be reading on grade level as measured by running records.

Comprehensive needs assessment

- Based on current research, there is a need for early childhood students to be reading on grade level by the end of the year to avoid achievement gaps in future years. Review of student work indicates that our kindergarten and first grade students need additional strategic instruction to accomplish this goal.

Instructional strategies/activities

- Students are formally assessed 4-6 times a year and informally as needed
- Teachers meet with guided reading groups and with students on a one to one basis
- Students are grouped into word study groups and given instruction on what they need to learn using Words their Way

Strategies to increase parental involvement

Annual Goal #3

- By June 2012, 90% of Kindergarten and First grade students will demonstrate progress in mathematics problem solving focused on Operations and Algebraic Thinking; and Number and Operations in Base Ten, respectively. This will be measured by a performance assessment task given at three points throughout the year.

Comprehensive needs assessment

- Based on prior student work, the citywide instructional expectations and in alignment with the Common Core Standards, students need to be engaged in rigorous tasks that promote higher order thinking skills through the integration of the Common Core Mathematical Practices.

Instructional strategies/activities

- Teachers planned units of study with our Math staff developer
- Students will be given a pre-assessment so teachers can make adjustment to their planned units of study
- Teachers will meet and look closely at student work to understand what they need to teach in order for students to reach the level of performance that the Common Core Standards demand

GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them in the submission form.

Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [see tool kit].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.

Paste response to questions 1-6 here

1. We administer the Home Language Identification Survey (HLIS) to all parents. The principal meets with and interviews parents and determines LAB-R eligibility. Students who are eligible for the LAB-R are tested by the ESL certified teacher within the first ten days of admittance. The NYSESLAT is administered to all ELLs in the Spring. After the results for the NYSESLAT come in the LAP team meets to discuss the results and next steps for the students.
2. We first show the video to the parents, and describe the three programs offered in NYC, and allow parents to ask questions. After they have selected the ELL program for their child, we tell them about our ESL program in our school.
3. Entitlement letters and surveys are given to parents at an orientation meeting and the school secretary follows up to ensure that they are returned.
4. After the administration of the LAB-R and after consultation with the parents the students are placed in an ESL instructional program.
5. All parents have selected an ESL program for their children.
6. So far the program models offered are aligned with parent requests. We will evaluate this on a year by year basis and make any necessary changes.

A. Programming and Scheduling Information

1. How is instruction delivered?
 - a. What are the organizational models (e.g., Departmentalized, Push-In [Co-Teaching], Pull-Out, Collaborative, Self-Contained)?
 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.
4. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for Long-Term ELLs (completed 6 years).
 - e. Describe your plan for ELLs identified as having special needs.

Paste response to questions 1-4 here

1. Instruction is delivered in a pull-out as well as a push in model. Two of the students are Kindergarteners and they are beginners. One of the first graders is a beginner, two are advanced and three are intermediate.
2. The beginner ELLs receive six hours a week from a pull-out model with an ESL certified teacher and the rest of their instruction is a push in model in their classrooms. The ESL instruction is fully aligned with SED ESL Learning Standards.
3. The content areas are delivered by the classroom teachers using a variety of scaffolding and vocabulary strategies. Materials and lessons are adapted to each ELL's language needs. All academic content areas are taught using ESL strategies.
4. One of our ELL students receives speech services twice a week. Our plan is to be sure that this student receives instruction that supports his listening and speaking skills.

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: **02M267** School Name: **PS 267**

Cluster: **2** Network: **206**

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

We use the Home and Language Survey and follow up with parents to see if they have someone they would like to designate as a translator. If not we seek out support from the DOE translation department and/or parent volunteers.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

We had two parents that needed the translation services during parent teacher conferences. All of our families have at least one parent who speaks and reads English at home.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Currently we do not need written translation services. In the future we will use the DOE translation department to translate documents for parents or parent volunteers.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Currently we can communicate with all families in English when needed.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

We will assess each families need for translation and interpretation services when they enroll at the school. Based on the assessment the school will ensure that the family can select a friend or family member to translate for them and/or we will use the DOE translation support services.
