DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

**DIRECTIONS AND GUIDANCE FOR DEVELOPING OR UPDATING
THE PARENT INVOLVEMENT POLICY (PIP)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements.

The PIP should describe how your school will plan and implement effective parent involvement activities to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

Part A: For All SINI Schools (Title I and non-Title I)

1. For each area of school improvement identification, describe the school's findings of the specific academic issues that caused the school to be identified. For schools in Improvement that underwent an SQR, ESCA, or (JIT) during the 2010-11 school year, please include the findings from that process in your response for this section.

Grad rate 47.5

ELA Regents Weighted Regents pass Rate 0.97

Math Regents Weighted Regents pass Rate 0.97

Reasons include attendance issues, improper sequencing and non-alignment of curricula to CCSS.

2. ***Describe the intervention(s) the school will implement to support improved achievement in the grade and subject areas for which the school was identified.***

Interventions that will be implemented to support improved achievement in ELA and math include revision of curricula and inclusion of CCLS aligned tasks as well as professional development for school wide literacy initiative to provided by National Writing project. In addition, grant will pay for ELA and Math regents prep classes during after school and on Saturdays.

Part B: For Title I SINI Schools Only

1. As required by NCLB legislation, a school identified for school improvement must spend not less than 10 percent of its Title I funds for each fiscal year that the school is in school improvement status for professional development. The professional development must be high quality and address the academic area(s) identified. Describe how the 10 percent of the Title I funds for professional development will be used to remove the school from school improvement.

The 10 percent of Title1 funds are targeted specifically for ELA/ Literacy and Math with an emphasis on the inclusion of CCLS. The theory of action is that is that if curricula, instruction and assessment are aligned with CCLS, teacher practice will improve and student achievement will increase as a result.

2. Describe the teacher-mentoring program that will be incorporated as part of the school's strategy for providing high-quality professional development.

The teacher – mentoring program includes professional goals aligned with DOE approved rubric, ongoing short cycle observations and feedback, professional learning communities, new teacher meetings and mentoring matches, inter visitations and professional development opportunities within the school, by the network and by outside providers.

3. Describe how the school will notify parents about the school's identification for school improvement in an understandable and uniform format and to the extent practicable, in a language that the parents can understand.

Parents will be notified about the school's identification for school improvement via letter, school messenger, email and PTA meetings. Notification will include current status of school and related options available to parents.

2011-12**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 

Paste response to questions 1-6 here

1. As part of the enrollment process, all new parents/guardians are asked to fill out the NYCDOE HLIS questionnaire. For a student whose home language is other than English or if a student's native language is other than English, there is an informal oral interview conducted by the assistant principal. If the informal interview is needed to be given in another language, we have staff members who are able to speak in Spanish, Turkish and Russian. For students requiring another language, we would seek outside assistance. If the informal interview shows the need for support, the LAB R is administered. For students who are Spanish dominant, where the LAB R is not appropriate, the Spanish LAB is given. If a student is showing the need of ESL services, a Parent Survey and Program Selection Form is given to parents.

The assistant principal is responsible for administering the NYSESLAT each year ELL students continue to require services as reported by the RBPS report. Students are administered the speaking session individually during the first testing window. Once the second window opens, students are given the listening, reading and writing in groups over three consecutive days. Once the process is completed, information is shared to all staff during the weekly staff meetings. It is during these meetings that strategies are shared to assist struggling learners – student needs are discussed and interventions are put in place to assist student depending on the amount of support necessary. ELL students are placed in classes based on their NYSESLAT scores, as well as the Gates MacGinitie Reading Assessment, along with teacher observation and grades.

2. When students are indentified as in need of ELL services, letter Appendix C, Entitlement Letter is immediately sent to the parents/guardians and they are then invited to school for an orientation meeting. At the meeting, parents are informed about the Transitional Bilingual Education program, the Dual Language program and the Freestanding English as a Second Language program, and they are given the opportunity to view the Orientation Video.

3. Student in need of ELL services are given Entitlement Letters and Parent Survey and Program Selection form letters and invited to school for a parent orientation to assist the school to gather information about student/family needs and describe our program options to them. If the Parent Survey and Program Selection form is not returned, another form is given to parents to complete. Each parent is called to insure they are able to make the orientation. If they are not able to make it, and an alternative date is not possible for them, we will conduct a phone conference to explain our program to the parents. We ask parents to either return the forms with their child, or mail it back to the school.

4. At the orientation, or during a phone conference, parents are informed the supports Harvey Milk puts in place to assist our ESL students achieve academic success. We currently offer ICT classes for students with disabilities. Since we only have one ELL student, we try to insure the student is placed in class with the teacher of special education in the students area of need. As a result of small class sizes and individualized attention, instruction is individualized to meet the needs of our students. We meet as a staff to discuss

student needs and best practices. Parent input is elicited as part of the collaborative team.

5. As a small alternative transfer high school, we have not had applicants with significant ELL needs. We service our one ELL student with individualized attention and a community to support his needs. The students strengths, weaknesses and best practices are discussed to support needs.

6. Parents have been satisfied with the instructional plan that is in place for our students with ELL needs. We explain our program to incoming students so informed decisions can be made.

 - a. What are the organizational models (e.g., Departmentalized, Push-In [Co-Teaching], Pull-Out, Collaborative, Self-Contained)?
 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.

5. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6 years).
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
7. How does your school use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment?

Response 1 - 7 below:

In order to effectively address the learning needs of our ELL student we provide the following services: ICT collaborative instruction, Achieve3000, one-on-one and small group tutoring before, during and after school and bi-lingual counseling services. Our special education teacher supports our ELL student by collaborating with content area teachers. In addition, the special education teacher provides collaborative teaching support during content instruction for a minimum of one period per day. The special education teacher works collaboratively with teachers in content areas on lesson development and assessment materials. This collaboration assists the teachers to align instruction more closely to ELL student's learning needs. Required regents are ordered in native language.

The Parent Coordinator creates a monthly newsletter that is available in English as well as Spanish. The newsletter provides parents, students, and staff with pertinent school information, volunteer opportunities, dates of parent meetings, dates of after-school activities. During monthly PTA meetings, the parent coordinator is available to communicate in both English and Spanish. We have several bilingual staff members including our ATR guidance counselor, our parent coordinator and school aide, who are central to the intake process. They review the parent survey during the student intake process. During the intake process, the ESL program, LAP policy, and orientation materials in the EPIC School Kit are presented to parents and students. This conference is inclusive of the available services provided to ELL students. Letters are provided to parents of incoming students in their native language.

B. After reviewing and analyzing the assessment data, answer the following

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How can this information help inform your school's instructional plan? Please provide any quantitative data available to support your response.
- What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
- How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions?
- For each program, answer the following:
 - Examine student results. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - What is the school learning about ELLs from the Periodic Assessments? How is the Native Language used?
- For dual language programs, answer the following:
 - How are the English Proficient students (EPs) assessed in the second (target) language?
 - What is the level of language proficiency in the second (target) language for EPs?
 - How are EPs performing on State and City Assessments?
- Describe how you evaluate the success of your programs for ELLs.

HMHS uses performance series, Gates - McGinitie, Achieve3000 and ACUITY. As a result of currently having one ELL student, there are no patterns to assess.

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: 02M586 **School Name:** Harvey Milk High School

Cluster: 4 **Network:** CFN403

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

During the intake process, parents/guardians are asked their preferred language of communication, both orally and in writing. We honor all requests from parents/guardians and provide the requested interpretation services. In addition, the Home Language Survey is administered upon intake.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Based on our current student population we currently have one parent who requires written or oral translation services. We discuss parent needs during SLT / PTA, student council and staff meetings.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

When a parent/guardian has requested translation services, we ensure the timely provision of translation services by various members of our school community, including our school aide, parent coordinator and ATR guidance counselor. Official documents will be sent out in preferred language for those parents who are identified through the intake process and emergency contact cards.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

We provide oral interpretation services by utilizing members of the school community and our CBO (HMI).

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
