DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

ANNUAL GOAL #1 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

By June 2012, 75% of students in grades 1-5 at PS 132Q will demonstrate gains in using evidence from nonfiction texts to support an argument, as measured by differences in baseline and summative assessment data.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Common Core State Standards require students to be engaged with literary material that is both high quality and informational in content in order to ensure that they are college and career ready by no later than the end of high school. In order to help students meet College and Career Readiness (CCR) standards and also strengthen the instructional core, all students in grades 1-5 will complete one DOE developed performance task in literacy. The literacy performance task is embedded in the Common Core aligned curriculum and includes multiple entry points for all learners. Student and school data sources (i.e. Acuity, NYSTART, and Individual student reports, etc.) reflect the need to engage students in rigorous literacy performance tasks that are also nonfiction in content in order to ensure that CCR and Common Core State standards are met.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.

Action Plan:

- ***Teachers will implement collaborative lessons throughout the 2011-2012 school year that will assist students in using evidence from nonfiction texts to support an argument.***
- ***Teachers will meet weekly to evaluate student work in literacy and engage in collaborative inquiry work.***
- ***Teachers will develop common assessments that will assess student learning as it pertains to utilizing evidence from nonfiction texts to support an argument.***
- ***Teachers will continue to utilize rubrics that are teacher created and student friendly to provide timely feedback regarding student progress within literacy to both students and parents.***

- **Administration will provide differentiated professional development support and feedback in order to assist school staff in meeting the above referenced goals.**

Target Population(s): All student subgroup populations at PS 132Q.

Responsible Staff Members: Principal, Asst. Principal, Data Specialist, Test Coordinator, School Guidance Counselor, Teaching Staff

Implementation Timeline: September 2011 through June 2012

Strategies to increase parental involvement

- Cite the strategies and activities in your school's Title I Parent Involvement Policy (PIP) that will be implemented to achieve this goal. The PIP template is provided on pages 11 through 15 in this CEP.
 - **Parents will receive continual training on how to use ARIS Parent Link**
 - **The school will create and distribute a parent handbook that will outline critical information for parent/school contact and involvement.**
 - **The parent coordinator will continue to hone facilitator skills in order to be able to quickly resolve parent concerns and also promote greater parent involvement.**
 - **Targeted school staff (i.e. Assistant Principal, School Guidance Counselor, IEP teacher, classroom and non classroom school staff) will provide ongoing workshops designed to assist parents with school and / or curricular related concerns.**

Strategies for attracting Highly Qualified Teachers (HQT)

- Describe the strategies and activities that will be used to attract Highly Qualified Teachers, as defined by NCLB, or to ensure that current staff becomes highly qualified, in order to achieve this goal.
 - **School secretary will work closely with network HR personnel in order to ensure that non-highly qualified teachers meet all required documentation and assessment deadlines.**
 - **School staff will be assigned as mentors to non-highly qualified teachers in order to provide support and guidance for instructional and school related matters.**

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.
 - **Non-classroom teachers will provide push-in classroom support to identified students during the school's designated AIS period.**
 - **The School Guidance Counselor will work with selected students in a peer mediation program in order to curb student behaviors that pose challenging circumstances within instructional periods including literacy periods.**
 - **Students will receive additional instructional support in reading and mathematics during the Test Sophistication Program, an afterschool program.**

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY'12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.

As a Title I Schoolwide Program school, Conceptual Consolidation will allow PS 132Q to combine Federal and local funds such as Fair Student Funding (Tax Levy), Title I Funds, and human resources to support curriculum development during the regular school day to implement this action plan from Sept. 2011- June 2012 as indicated below:

- ***Supervisor per session (3 days per week).***
- ***The procurement of professional instructional materials to support curriculum development during the regular school day.***
- ***The procurement of consumable instructional materials for use during afterschool programs.***
- ***Teacher per session (3 days per week) for after school programs and differentiated professional development.***

ANNUAL GOAL #2 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

By June 2012, 75% of students in grades 1-5 at PS 132Q will demonstrate gains in mathematics as evidenced by growth between baseline and summative math assessment data.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Research studies of mathematics education have concluded that the mathematics curriculum in the United States must become more substantially focused and coherent in order to improve student achievement outcomes. It is from this perspective that the Common Core Standards in Mathematics were designed. The Common Core standards in mathematics will serve to establish coherency in mathematics by connecting the content standards to the deeper structures inherent within the discipline. In order to help students meet Common Core State standards and improve coherency in the mathematics program at PS 132Q students in grades 1-5 will complete one DOE developed math performance task in the 2011-2012 school year. Both school and student data (i.e. NYSTART, School Progress, Acuity and ISR reports) reflect a need to improve mathematics scores for all student populations.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,

- c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
- d) timeline for implementation.

Action Plan:

- **Teachers will implement collaborative lessons that will enhance student outcomes in math.**
- **Teachers will meet weekly to evaluate student work in problem solving and other unit related math skill areas.**
- **Teacher will administer common assessments that will assess student problem solving abilities as well as their overall understanding of math related unit content.**
- **Teachers will continue to utilize rubrics that are teacher created and student friendly to provide timely feedback regarding student progress within mathematics to both students and parents.**

Target Population(s): All student subgroup populations at PS 132Q.

ANNUAL GOAL #3 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

In the 2011-2012 school year, the school will implement a school wide student discipline plan that will result in a 3% reduction in student suspensions as indicated in the suspension summary report in OORS.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

According to the Citywide Standards of Intervention and Disciplinary Measures, school personnel are responsible for developing and using strategies that promote optimal learning and positive behavior throughout a student's school experience. They are also responsible for addressing behaviors which disrupt learning. Administrators, teachers, counselors and other school staff are expected to engage students, including students with disabilities, in intervention and prevention strategies that address a student's behavioral issues and discuss these strategies with the student and his/her parent. Intervention and prevention approaches may include guidance support and services to address personal and family circumstances; social/emotional learning, such as conflict resolution/peer mediation/negotiation, anger management, and/or communication skills acquisition; the use of alternate instructional materials and/or methods; enrichment services; alternate class placement; and/or development or review of functional behavioral assessments and behavioral intervention plans which should be developed and/or reviewed as an early intervention strategy. School data (i.e. OORS reports, school survey data, etc.) suggest that a reduction in student suspensions may equate to heighten student outcomes in student achievement. To this end, the school will develop, implement and administer a schoolwide discipline plan that will feature a parent handbook and character education program.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.

Action Plan:

- ***Guided professional development activities that will facilitate the implementation and compliance of the school wide discipline plan.***
- ***The development and implementation of parent workshops that would ensure schoolwide conformity of the school's***

discipline plan.

- **Implementation of a schoolwide character development program that would help students to comprehend and role model important character leadership traits.**
- **The development and distribution of teacher and parent handbooks which outline appropriate responses to instances of student misconduct.**

Target Population (s): All student subgroup populations at PS 132Q.

 - **Non-highly qualified teachers will participate in ongoing and differentiated professional development activities that will foster comprehension, participation and the implementation of the school's discipline plan.**
 - **School staff will be assigned to non-highly qualified teachers in order to provide support and guidance for the school discipline plan's mandates.**
 - **School secretary will work closely with network HR personnel in order to ensure that non-highly qualified teachers meet all required documentation and assessment deadlines.**

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.
 - **The School Guidance Counselor will work with selected students in a peer mediation program in order to curb student behaviors that pose challenging circumstances within instructional periods.**
 - **Students will participate in a schoolwide character education program that will help them to identify and role model key character leadership traits.**

**DIRECTIONS AND GUIDANCE FOR DEVELOPING OR UPDATING
THE PARENT INVOLVEMENT POLICY (PIP)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements.

The PIP should describe how your school will plan and implement effective parent involvement activities to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Our school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;

- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand;

SCHOOL-PARENT COMPACT

Our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards and Assessments.

I. School Responsibilities

**OFFICE OF ENGLISH LANGUAGE LEARNERS
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2011-12**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [see tool kit].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: 29Q132 **School Name:** Ralph Bunche School

Cluster: _____ **Network:** 531

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

The HLIS provides the initial level of screening parents for their translation needs.

Upon determining the preferred language, the school makes every effort to communicate accordingly throughout the year. Both in-house and parent volunteers are available to accomplish this goal. Ms. Belton, our parent coordinator, ensures that this service is provided in a timely manner.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Our school's findings demonstrate that a few families require the translation and interpretation services. At the ELL parent orientations, both oral and written materials are provided in the native language.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

In order to facilitate parent involvement we send translated documents to families to inform of them workshops, parent/teacher conferences, and any special programs. We notice that there is increased participation when parents fully understand what is happening at their child's school. Every effort is made to do so in a timely fashion.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

At P.S. 132 it is highly beneficial to have information translated into Spanish and Haitian Creole. This shall be available during the admission process, parent orientations, parent/teacher conferences (both in person and via telephone) and on an individual basis throughout the school year. These services are provided by in-house staff as well as parent volunteers and are designed to promote parent involvement and foster better communication between our school and the families of our ELLs.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link: <http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

In compliance with the Chancellor Regulation A-663 all students who speak another language at home are to be identified within the first ten days of their enrollment. If necessary, written or oral translations are provided immediately in order to "provide such families with a meaningful opportunity to participate in and have access to programs and services critical to their child's education."The families of our ELLS must receive fair and equal treatment. We recognize the importance of parental involvement and the right of parents to be involved in their child's education. We continuously aim to ensure open lines of communication with all families.
