

**Department of
Education**

Dennis M. Walcott, Chancellor

2011-2012 COMPREHENSIVE EDUCATIONAL PLAN (CEP)

SCHOOL NAME: ROCKAWAY PARK HIGH SCHOOL FOR ENVIRONMENTAL SUSTAINABILITY

DBN (DISTRICT/ BOROUGH/ NUMBER I.E. 01M000): 27 / QUEENS / 324

PRINCIPAL: MR. MATTHEW KATZ, IA EMAIL: MKATZ13@SCHOOLS.NYC.GOV

SUPERINTENDENT: MR. JUAN MENDEZ

SCHOOL LEADERSHIP TEAM (SLT) SIGNATURE PAGE

Use this page to identify SLT members and confirm their participation in the development of this Comprehensive Educational Plan (CEP), which includes goals and action plans, a summary of Academic Intervention Services, and the Parent Involvement Policy. The signatures of SLT members indicate their participation in the development of the CEP and serve as confirmation that consultation has occurred to align funding in support of educational programs. The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with the Chancellor’s Regulation A-655, available on the [NYC DOE Web site](#).

Directions:

1. List each SLT member in the left-hand column on the chart below. Specify any position held by the team member, e.g., Chairperson, SLT Secretary and the constituent group represented, e.g., parent, staff, student, or CBO. Core mandatory SLT members are indicated by an asterisk*.
2. Ensure that SLT members review this document and sign in the right-hand column in blue ink. If an SLT member does not wish to sign this plan, he/she may attach a written explanation in lieu of his/her signature.
3. Add rows as needed to ensure that all SLT members are listed.
4. The original copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Matthew Katz	*Principal or Designee	
Michael Cestaro	*UFT Chapter Leader or Designee	
Pamela Ruffin	*PA/PTA President or Designated Co-President	
Dwayne Smith	DC 37 Representative, if applicable	
Tiara White Shanelle Todd	Student Representative (<i>optional for elementary and middle schools; a minimum of two members required for high schools</i>)	
	CBO Representative, if applicable	
Phil Soman	Member/Teacher	
Linda Rufo	Member/Parent	
Della Jackson	Member/Parent	
Donna De Freitas	Member/Teacher

DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

ANNUAL GOAL #1 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Differentiation

By June 2012, 90% of the eleven RPHS teachers will demonstrate the effective utilization of data in order to expand their teaching repertoire in terms of differentiated instruction, in their classrooms as evidenced by classroom observations, lesson plans and curriculum maps.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Students that attend Rockaway Park High School for Environmental Sustainability range in performance (from level 1 -4) based on incoming 8th grade assessment data. Additionally, learning style inventories given to all students indicated that students have various preferred learning styles that range from (visual, kinesthetic and auditory). Feedback from the quality review in conjunction with walk through data and teacher observation reports indicated a need to provide additional professional development to all teachers on differentiation to consequently improve the repertoire of strategies teachers utilize in their classrooms to effectively reach the academic learning needs of all students,

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.
- Flexible Grouping and Assessment Strategies

- Multilevel Instruction & Tiered Assignments
- Scaffolding Instruction
- Teachers will understand the differentiation required to teach to the Common Core Standard

Strategies to increase parental involvement

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children

Strategies for attracting Highly Qualified Teachers (HQT)

- Describe the strategies and activities that will be used to attract Highly Qualified Teachers, as defined by NCLB, or to ensure that current staff become highly qualified, in order to achieve this goal.

100% of all teachers will engage in professional development at least 1x per month on differentiated instruction. Topics will include some of the following:

- Access, understand, and use Acuity and ARIS Reports and graphic organizers to analyze student and group performance data and create short- and long-term action plans.
- How do we use data as a collaboration tool to drive instructional planning and differentiate instruction?
- Inter-visitations will be scheduled to share best practices on differentiation and teachers will utilize a peer observation tool to provide each other with feedback

85% of all teachers will demonstrate the utilization of differentiation strategies as evidenced in observation reports and on our walkthrough feedback tool.

100% of our non-HQ teachers will be required to complete certification. Individual professional development will be provided by AUSSIE to strengthen these teachers in pedagogy and connecting data to instructional preparation.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.
- Through our SIG grant we are providing an AUSSIE staff developer to provide PD and classroom support in differentiation.

- The network is providing professional development support on classroom instruction and looking at how data informs instruction.
- The network is supporting inquiry team meetings.

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY'12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.
 - Tax Levy Children First Inquiry Teams
 - Tax Levy Fair Student Funding
 - Title 1 funding
 - Funding supports our ongoing Monday professional development program, teachers will receive additional support in order to attend conferences, workshops, and accessing resources.

ANNUAL GOAL #2 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

By June 2012, 100% of teachers will develop three individual professional SMART goals that are aligned to school goals as well as the Danielson model as evidenced by analysis of teacher professional goals sheets and pre and post observation conference notes. Teacher goals will reference data such as regents' scores, passing rates/credit accumulation, and reflect a measurable rate of growth.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Setting professional SMART goals will help improve teacher's professional performance, consequently improving student learning and test scores. By implementing a system whereby teachers and administrators work together to create appropriate goals, teachers become more engaged in the process of professional growth thus improving student outcomes.

100% of teachers will develop SMART goals, professional development will support collaborative goal planning. Observation reports will reflect implementation of these goals. Staff meetings will address the Danielson model to support goal setting.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.

By October 2011 the following will have occurred:

- Introductions to the basics of the Danielson framework
- How this framework will be used as a base for mentoring, PD

- All teachers will have met with administration and completed the RPHS bi-annual SMART goal setting form
- SMART goals will be aligned with knowledge necessary to align to the Common Core Standards

By the end of November 2011 the following will have occurred:

- All classrooms will have been visited at least 1-2X to provide feedback to the teachers regarding their goals.
- All teachers will have visited at least one other colleagues' classroom and provided feedback (regarding the teachers goals) using the peer observation tool.

By the end of December 2011:

- Classrooms will have been visited at least 2-3x and provided feedback to the teachers regarding their goals.
- At least 1-2 formal observations for all teachers will be conducted and recommendations and commendations will be based partially on teachers' goals

By the end of January 2012:

Follow up meetings monitoring the achievement of goals will have taken place. Opportunities for establishing new goals will be afforded at this time.

Strategies to increase parental involvement

- Parent meetings will provide an opportunity for parents to learn about the instructional goals of the school.
- Via the SLT, parents will be apprised of the instructional goals and intended outcomes for all students. It is expected that the SLT will turn-key this information, where appropriate, for parents.

Strategies for attracting Highly Qualified Teachers (HQT)

- Professional development and administrative team will assist teachers in establishing professional goals, this will insure an alignment with the content of teacher certification areas
- For teachers that are not highly qualified, their progress toward certification will be monitored. Their goals will be supported and monitored as well.

Service and program coordination

Describe how Federal, State, and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.

- SIG funded AUSSIE professional developer will support goal setting and progress toward goals.
- Title One support additional staff development and classroom inter-visitation
- Title One, tax levy, and SIG support daily and weekly, staff development

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY'12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.
- **Tax Levy Fair Student Funding, Tax Levy Children First Funding, Title I.** This funding will support AUSSIE PD programs and the SIG.

ANNUAL GOAL #3 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Parent Involvement

To improve parental engagement (a value factor within our Learning Environment Survey) Rockaway Park High School will record an increase in parental involvement through the use of the ARIS Parent Link, the creation of a new interactive school web-site and an increased number of parent workshops. Thus, bringing the average number of parents participating in at least 1 or more school functions from 45% for the 2010-2011 school year to 48% for the 2011-2012 school year.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Research shows that parent involvement in their child's school can dramatically improve their child's school performance. At Rockaway Park High School for Environmental Sustainability we believe that communication between parents and schools provides opportunities for teachers to understand their students' needs and for parents to be partners in the education process. Last year, parent participation at one or more functions was at approximately 45%. Parents attendance at meetings is tracked and parent accessibility survey data indicates our needs as we move forward.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.
- Hold workshops on issues suggested from a parent survey
- Host parent nights to go over class happenings and share information
- Sponsor multiple parent workshop where parents will learn to help students improve their study skills, test taking skills, learn the

common core standards and review graduation requirements and regents overview.

The parent coordinator will create a monthly calendar of workshops and other relevant meetings to distribute to parents.

Strategies to increase parental involvement

- Cite the strategies and activities in your school’s Title I Parent Involvement Policy (PIP) that will be implemented to achieve this goal. The PIP template is provided on pages 11 through 15 in this CEP.

[See above]

Strategies for attracting Highly Qualified Teachers (HQT)

- Describe the strategies and activities that will be used to attract Highly Qualified Teachers, as defined by NCLB, or to ensure that current staff become highly qualified, in order to achieve this goal.

100% of our highly qualified teachers will use the strategies and information from their professional development meetings and data systems to reach out to parents in order to involve them in achieving positive outcomes for their children/our students.

Teachers will reach out to parents, keeping the lines of communication open about their child’s performance.

Teachers will encourage parents to attend parent events.

Inquiry Team will serve as a stream of information for teachers about student performance that can be then communicated to parents.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.

Title One funding supports our parent involvement program and continues to drive accessing outside resources and activities to broaden parent knowledge base regarding their children’s education.

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY’12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.

Title One funding
One Percent Tax Levy
Fair Student Funding

Parent Coordinator

Funding will support outreach efforts and meetings. Parents will be notified that they have a budget to support their activities, i. e., information breakfasts, orientations, and conferences.

ANNUAL GOAL #4 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #4

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

68% percent of students taking the Math regents with 80% attendance or higher will pass their examination in June 2012

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

65% eligible students passed the Math Regents in 2011

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.
- Identify students eligible or recommended to take math regents
- Identify strength and weaknesses of students eligible, provide differentiated instruction
- Provide opportunities for math teachers to meet and discuss instructional strategies for successful regents outcomes
- Via item analysis and Acuity data, teachers will identify areas of emphasis for math instruction
- Teachers will align instruction with both the NYS regents requirements and the Common Core Standards

Strategies to increase parental involvement

- Cite the strategies and activities in your school's Title I Parent Involvement Policy (PIP) that will be implemented to achieve this goal. The PIP template is provided on pages 11 through 15 in this CEP.
- Offer math workshops to parents to support parent math skills in order for them to assist their children

- Provide information about on-line math instruction to help parents support students math skill work

Strategies for attracting Highly Qualified Teachers (HQT)

- Describe the strategies and activities that will be used to attract Highly Qualified Teachers, as defined by NCLB, or to ensure that current staff become highly qualified, in order to achieve this goal.

All math teachers are currently teaching in their certification area

One math teacher is currently in graduate school.

All math teachers are involved in professional growth in their certification area

Network and AUSSIE supports math instructors with professional development focused on effective pedagogy and regents prep strategies.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.

Title One, Tax Levy allocations provide additional opportunities for teachers and students to improve math skills, and support staff development and parent workshops (extended day, credit recovery, am school, pm school, Saturday school).

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY'12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.

Title One, Tax Levy

ANNUAL GOAL #5 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #5

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

An increase of 2%, from 86% to 88%, of all incoming freshman will earn 11 credits or more by JUNE, 2012

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students in relation to State academic content and student achievement standards.

Current data shows that students are 86% of our freshman in June 2011 earned 11 credits or more.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) staff and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.
- Regular reviews of teacher and student performance will address areas of concern each marking period.
- Teachers will meet each student individually to review progress and identify ways to remedy areas of concern.
- Administration will conduct visits to classes a minimum of 2 x per week to ensure effective instruction is taking place.
- Scholarship reports will be reviewed using ATS, STARS, ARIS and other data systems and all areas not meeting school targets will be addressed.
- Professional Development (PD) sessions will be held during Chancellor Conference Days and at weekly professional learning community meetings to help teachers improve achievement of At-Risk and low performing students.
- PM school classes will be offered each semester to provide students with additional opportunities to earn credit towards graduation
- One Saturday school course will be offered each semester
- Each teacher will have an extra help schedule and students in danger of failing will be mandated to attend extra help sessions
- A minimum of 2 summer bridges courses (in Math and Science) will be offered to all incoming Freshman

Strategies to increase parental involvement

- Cite the strategies and activities in your school's Title I Parent Involvement Policy (PIP) that will be implemented to achieve this goal. The PIP template is provided on pages 11 through 15 in this CEP.
 - Specialized reporting system (report cards and progress reports are disseminated within each marking period to communicate student progress to parents (report cards are administered 8 times a year to determine pass rate).

Strategies for attracting Highly Qualified Teachers (HQT)

- Describe the strategies and activities that will be used to attract Highly Qualified Teachers, as defined by NCLB, or to ensure that current staff become highly qualified, in order to achieve this goal.

All teachers are teaching within their certification area and are aware of high school diploma credit requirements as well as state and city content standards.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.
 - Inquiry Team(s) will review student data and develop strategies to support struggling students.
 - Title I will be used to provide after school tutoring for at-risk students.
 - Title I funds will be utilized for after school and Saturday courses for credit recovery and at-risk services.
 - Per session for inquiry teams and professional development for teachers and assistant principals

Budget and resources alignment

- Describe the fiscal and human resources that will be used to achieve this goal, referencing specific FY'12 PS and OTPS budget categories (i.e., Title I, FSF, Title IIA, Title III, etc.) that will support the actions/strategies/activities described in this action plan.

Title One and Per Session

ACADEMIC INTERVENTION SERVICES (AIS)

On the chart below, indicate the total number of students receiving AIS in each area listed for each applicable grade in your school.

Identified groups of students who have been targeted for AIS, and the established criteria for identification include:

- Students in Grades K – 3 who are considered at-risk for not meeting State standards as determined by their performance on ECLAS 2 or other identified assessments, or who have been identified as potential holdovers.
- Students in Grades 4 – 8 who are performing at Level 1 or Level 2 on New York State English language arts (ELA), mathematics, science, and social studies assessments.
- Students in Grade 9 who performed at Level 1 or Level 2 on NYS Grade 8 ELA, mathematics, science, and social studies assessments.
- Students in Grades 10 – 12 who scored below the approved passing grade on any Regents examination required for graduation in English language arts, mathematics, science, and social studies.

	ELA	Mathematics	Science	Social Studies	At-risk Services: Guidance Counselor	At-risk Services: School Psychologist	At-risk Services: Social Worker	At-risk Health-related Services
	# of Students Receiving AIS	# of Students Receiving AIS	# of Students Receiving AIS	# of Students Receiving AIS				
K			N/A	N/A				
1			N/A	N/A				
2			N/A	N/A				
3			N/A	N/A				
4								
5								
6								
7								
8								
9	84	73	59	17				
10		26	20	2				
11								
12								

On the chart below, provide a brief description of each of the Academic Intervention Services provided, and include:

1. type of program or strategy (e.g., Wilson, Great Leaps, etc.),
2. method for delivery of service (e.g., small group, one-to-one, tutoring, etc.),
3. when the service is provided (i.e., during the school day, before or after school, Saturday, etc.).

Name of Academic Intervention Services (AIS)	Description
ELA	Through programmed classes, small group instruction and tutoring AIS strategies are implemented - Achieve 3000, AM /PM school, Saturday School, Academic Intervention Class (PBL).
Mathematics	Through programmed classes, small group instruction and tutoring AIS strategies are implemented - Achieve 3000, NovaNet, AM /PM school, Saturday School, Academic Intervention Class (PBL).
Science	Through programmed classes, small group instruction and tutoring AIS strategies are implemented - Achieve 3000, NovaNet, AM /PM school, Saturday School, Academic Intervention Class (PBL).
Social Studies	Through programmed classes, small group instruction and tutoring AIS strategies are implemented - Achieve 3000, AM /PM school, Saturday School, Academic Intervention Class (PBL).
At-risk Services provided by the Guidance Counselor	Our guidance counselor provides support services to our 30 targeted at risk students through our PM program and as needed.

<p>At-risk Services provided by the School Psychologist</p>	<p>Ensures that all mandates and services are provided. The Psychologist monitors student support services for our 40 mandated students and serves as a resource for our guidance counselor.</p>
<p>At-risk Services provided by the Social Worker</p>	<p>As a participant in a campus model both the social worker and the health related services provider are available to all schools on the campus and are provided as determined by the guidance counselor and /or the Principal. At this time, four RPHS students are getting campus Social Worker services.</p>
<p>At-risk Health-related Services</p>	<p>As a participant in a campus model both the social worker and the health related services provider are available to all schools on the campus and are provided as determined by the guidance counselor and /or the Principal. At this time, a total of six RPHS students receive this service.</p>

**DIRECTIONS AND GUIDANCE FOR DEVELOPING OR UPDATING
THE PARENT INVOLVEMENT POLICY (PIP)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements.

The PIP should describe how your school will plan and implement effective parent involvement activities to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Our school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- hosting events to support, men asserting leadership in education for their children. parents/guardians, grandparents and foster parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand;

SCHOOL-PARENT COMPACT

Our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards and Assessments.

I. School Responsibilities

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the Common Core State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the No Child Left Behind (NCLB) Act;

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;

- convening an Annual Title I Parent Meeting prior to December 1st of each school year for parents of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent Involvement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent Involvement Policy and School-Parent Compact are distributed and discussed with parents each year;

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

Provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional development opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering will all members of the school community;
- supporting parental involvement activities as requested by parents;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent Involvement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the No Child Left Behind Title I requirement for Elementary Secondary Education Act (ESEA) and Title I programs;

II. Parent/Guardian Responsibilities:

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;

- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent Involvement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Committees, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities:

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

**OFFICE OF ENGLISH LANGUAGE LEARNERS
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2011-12**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, hold your cursor over the [?](#).

Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 

1. The Home Language Identification Survey is given in the parent's first language. If the parent's first language is not one of the translated languages in the survey, we contact the DOE's Office of Translation and Interpretive Services, which can translate the letters and conduct the formal interview in the native language. Someone from that office can either come to the school or speak to the parent by phone.

The parent and child will be interviewed by an ESL pedagogue. The informal oral interview is conducted in English or in the parent's native language by a staff member who speaks the parent's native language. Based on the parent's responses on the HLIS and the interview conducted by the ELL coordinator, the Home Language Code will be established by the ELL coordinator.

If the student's home language is not English, the student is eligible to be tested with the LAB-R. If the student does not score proficient on the LAB-R, the student will receive ELL services. If the student's home language is Spanish and he or she doesn't score proficient on the LAB-R, the student will be administered the Spanish LAB.

The ESL teacher, Patricia Mangan, or the Principal, Matthew Katz, will conduct the initial screening, administer the HLIS, the Lab-R and the formal initial assessment.

ELLs are annually evaluated in the spring using the NYSESLAT. ELLs are given the test every year until they reach English language proficiency. NYSESLAT grades are reviewed in ATS by the ESL teachers and content-area teachers to evaluate ELLS' proficiency in reading, writing, listening and speaking. The ESL teacher consults with content-area teachers to find the best scaffolding techniques to raise proficiency in those four areas.

2. After students are identified as ELLS, within 10 days of registration, parents are provided an orientation by the ESL teacher and the assistant principal with the support of the parent coordinator. During the orientation, parents are shown the New York City video informing them of the three New York City program models –Transitional Bilingual, Dual Language, and Freestanding ESL. Parents will receive additional information about the three choices and will have an opportunity to ask questions. They will receive a parent program selection form and will be required to select one program model in order of preference.

After making a choice, they will be informed of the program currently offered in our school. If their first choice is a program not offered in our school, the parent will have the option to transfer the student to another school in the district that offers the requested program. If they choose to stay in our school, they will be placed in the current ESL program.

Parents will be informed that if the school receives enough requests to warrant opening a Transitional Bilingual or Dual Language program, we will open such a program as required by CR Part 154.

Parent choice letters are filled out in school during parent orientation meetings, which are done on the day the parent and child first come into the building.

The intake process is done on the one day the parent and child come to the building. The ESL teacher and the assistant principal will be available to ensure the process is completed.

3. Entitlement letters are distributed on the same first day when the intake process and the LAB-R testing are conducted. Parent surveys and program selection forms are completed on site and returned immediately. We do not send these forms home.

4. During the parent orientation, parents of identified ELLs are provided with the NYC video outlining the Transitional Bilingual, Dual Language and Freestanding ESL models. They are required to choose a program. The parent orientations are conducted in English and in the parent's native language with the support of our Spanish-speaking parent coordinator. If the parent's native language is not Spanish, we will contact the Office of Translation and Interpretive Services for assistance. If the parent's first choice of program is not offered in our school, the parent will have the option of transferring the child to another school in the district that offers the requested program.

All communication with the parents will be conducted as much as possible in the parent's native language with help of interpreters and translated documents.

For students who are in our building and did not score proficient on the NYSESLAT, the ESL coordinator will send home to parents the Continued Entitlement letter. If parents wish to change the student's program, they will need to meet with a staff member at the school to discuss their choice.

5. Our school is only in its second year of operation, and we do not have a long history of program choices that parents have requested. Up until now, parents have only requested our free-standing model. However, we will continue reviewing parental choices to ensure that the programs we offer meet parents' requests.

6. The program model offered by our school is aligned with parental requests. We have 17 ELLs and the parents of these students have chosen our model. In the future, we will ensure that alignment continues to be built between parent choice and program offerings by having our assistant principal review the program offerings biannually.

The assistant principal supervises the ELL identification process and record keeping of parent letters and files. These files include the HLIS, the parent's choice and the student's placement. The records are in the students' cumulative folders and copies of these files are held in the school's main office.

Part III: ELL Demographics

A. ELL Programs

This school serves the following grades (includes ELLs and EPs)
Check all that apply

Part IV: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered?
 - a. What are the organizational models (e.g., Departmentalized, Push-In [Co-Teaching], Pull-Out, Collaborative, Self-Contained)?
 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.
4. How do you ensure that ELLs are appropriately evaluated in their native languages?
5. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6 years).
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
7. How does your school use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment?

1.
 - a.) Based on NYSESLAT scores, students are categorized as beginner, intermediate and advanced. Of our school's 17 ELL students, one is beginner, eight are intermediate and eight are advanced. We mainly use a push-in model, combined with a few pull-out classes. The ESL teacher primarily pushes into the core classes – Living Environment, Earth Science, Algebra, Global Studies, and English Language Arts. Most of the students who are pulled out are in the beginner or intermediate level, and the pull-out class serves to give them more intensive literacy skills in reading, writing, speaking and listening. They are never pulled out of their core classes. The only classes they are pulled out of are Career/Finance and Culinary Arts. During the push-in sessions, the ESL teacher serves as a co-teacher with the content area teacher. Co-planning sessions are conducted by the teachers during their preparation periods and the two strategize before classes. In some cases, ELLs in the beginner or intermediate level may be separated within the class solely to assist them with vocabulary or reading they may be struggling with.
 - b.) Students travel together as a group based on homogeneous levels.
2. In our Freestanding ESL model, the ESL teacher ensures that beginner ELL students are provided 540 minutes per week of ESL instruction; intermediate students receive 360 minutes per week and advanced students receive 180 minutes per week. This is done through

A. Programming and Scheduling Information

a combination of push-in and pull-out models, as outlined in question No. 1. Students receive a majority of ESL instruction through the push-in model in their core classes, and are pulled out only in elective classes. Advanced students, who require fewer ESL instructional minutes, are mostly seen in their content area classes.

Students are instructed in reading, writing, listening and speaking in a variety of ways. Listening and speaking are addressed by conversation, Step by Step text books and modeling of correct pronunciation by the ESL teacher. Reading and writing are mastered by the use of ESL books in fiction and non-fiction articles, newspaper reading, grammar texts, dictionaries and glossaries.

In addition, students are exposed to these four skills in their content area classes.

In ELA, for example, students this semester have read "The Pearl" and have received intensive vocabulary instruction through scaffolding techniques with the aid of the ESL and ELA teachers. Assignments in reading and writing given by the ELA teacher receive help in those areas from the ESL teacher both in class and in a pull-out setting, depending on the level of the ELL. Writing assignments can range from a composition to a five-paragraph essay. The content area teacher and the ESL teacher confer continually to strategize scaffolding techniques for the ELL student. Students also have access to the computer lab throughout the day in content area classes, in ESL and during their lunch period if they wish. In the lab, they use Internet resources for intensive language and literacy support and to further their development of academic language.

Intermediate and advanced students actually receive more than the allotted instructional minutes because they are sometimes present in the class when the ESL teacher is pushing in for the beginner students.

ELLs are also afforded additional support by the content area teachers who offer tutorial assistance in the content area during their professional periods. ELLs may also participate in an optional ninth period class, beginning in November, where students will be offered classes in Participation in Government and in Economics.

3. Content areas are delivered by licensed content area teachers who, with the help of the ESL teacher, teach strategies using an ESL approach. In the content area classes, teachers use differentiated instruction for ELLs, sometimes grouping or pairing them together as needed. Teachers focus on the development of academic writing which is specific to the content area. Some have requested glossaries for their particular subject area. Content area teachers are also offered QTEL classes. These skills will be further reinforced at professional development sessions throughout the year and with the purchase of books designed to assist these teachers with ELL student needs. Native language support for ELLs is also afforded. The majority of our ELLs are Spanish speaking and the ESL teacher, who is knowledgeable in Spanish, uses their native language as needed when helping students in the content areas.

In English Language Arts, a beginner student may be allowed to use the native language translation of a novel if needed.

4. Aside from the Spanish Lab, students are evaluated in class by the ESL teacher, who knows Spanish. Fiction and non-fiction books are available in the native language as well for all ELLs.

Students are asked to bring in native language reading materials so the teacher can assess their reading comprehension in the native language.

5.

a. Because our SIFE students must make up the academic skills they have missed, the small group instruction they are offered in the pull out program best serves their needs. Material covered in content areas is reinforced and help is offered where needed.

b. For ELLs in US schools for less than three years, students need accelerated instruction to pass the ELA exam required for them after one year. Academic intervention for these newcomers includes intensive vocabulary and reading strategies in their pull-out classes to reinforce the ELA content class and the use of Achieve 3000 in the computer lab.

c. ELLs receiving service from 4 to 6 years need a variety of stimulated instruction. Effort is made to offer modern day readings, use the computer lab and provide advanced intensive writing skills. For example, in Career/Finance, the ESL teacher pushes in to help students at this level with writing a resume and a cover letter.

d. Long-term ELLs who have completed 6 years of service could be in danger of dropping out. However, in our school they are mainstreamed into the general population so they do not feel isolated and are encouraged to join our after-school clubs such as weight training and exercise, where they are open to meeting American students. LTE students are offered differentiated instruction in both the push-in and pull-out environments. During push-in, the ESL teacher works separately with the LTE's with the help of the content-area teacher. The ESL teacher also works separately with LTE's in the ESL classroom where she can provide support to the students on assignments from their content area classes.

6. ELLs identified as having special needs can thrive in our small group, differentiated instruction when they are pulled out. Special education students who may exhibit behavioral problems may be encouraged to work separately with the ESL teacher in the content area

A. Programming and Scheduling Information

class. These students are also helped by a special education teacher who pushes in to the content-area classes and pulls them out for resource room instruction. Both the ESL teacher and the special education teacher confer regularly on the progress of ELL-SWDs.

Native Language Usage and Supports

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

Native Language Usage/Support	Transitional Bilingual Education (TBE)		
100%	Integrated Co-Teaching (ICT) classroom. They are mainstreamed into the general education population and are taught by the special education teacher and the content-area teacher in four core subjects. The ESL teacher can push in to the class or can see the ELL-SWD student in a pull-out setting during one of their elective classes. Depending on the recommendation of their IEPs, ELL-SWDs also have a resource room available.

Courses Taught in Languages Other than English ⓘ

B. Programming and Scheduling Information--Continued

8. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.
9. Describe your plan for continuing transitional support (2 years) for ELLs reaching proficiency on the NYSESLAT.
10. What new programs or improvements will be considered for the upcoming school year?
11. What programs/services for ELLs will be discontinued and why?
12. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.
13. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?
14. How is native language support delivered in each program model? (TBE, Dual Language, and ESL)
15. Do required services support, and resources correspond to ELLs' ages and grade levels?
16. Include a description of activities in your school to assist newly enrolled ELL students before the beginning of the school year.
17. What language electives are offered to ELLs?

8. ELLs with 0 to 3 years of service receive push-in support in the content areas in addition to the mandated ESL instruction. The ESL teacher co-plans and co-teaches with the content area teacher to offer intervention services to the newcomers. Students with 4 to 6 years of service and long-term ELL learners receive push-in services as well as support with Achieve 3000. A ninth period in our school, which will offer Journalism and Participation in Government, will also provide these students additional language support. English is primarily used for support but Spanish is used as well if deemed necessary, especially for newcomers.

The after school program in academic areas has expanded this year and is open to ELLs who need additional support. We offer PM tutoring sessions in math, Global Studies, science and English. Before Regents exams, our school holds Regents prep classes in science and math. All ELLs on any level can participate. Content-area teachers also offer small tutoring classes during their prep periods in math, global studies and ELA.

9. ELLs reaching proficiency on the NYSESLAT will be provided transitional support for two years. If needed, accommodations for testing will be provided. ELLs may be given tutorials if needed by content area teachers, who can provide ESL strategies for academic support. Former ELLs will continue to have differentiated instruction and be individually supported by teachers. They will be provided glossaries, dictionaries and native language support if needed.

B. Programming and Scheduling Information--Continued

8. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

17. What language electives are offered to ELLs?

8. ELLs with 0 to 3 years of service receive push-in support in the content areas in addition to the mandated ESL instruction. The ESL teacher co-plans and co-teaches with the content area teacher to offer intervention services to the newcomers. Students with 4 to 6 years of service and long-term ELL learners receive push-in services as well as support with Achieve 3000. A ninth period in our school, which will offer Journalism and Participation in Government, will also provide these students additional language support. English is primarily used for support but Spanish is used as well if deemed necessary, especially for newcomers.

The after school program in academic areas has expanded this year and is open to ELLs who need additional support. We offer PM tutoring sessions in math, Global Studies, science and English. Before Regents exams, our school holds Regents prep classes in science and math. All ELLs on any level can participate. Content-area teachers also offer small tutoring classes during their prep periods in math, global studies and ELA.

9. ELLs reaching proficiency on the NYSESLAT will be provided transitional support for two years. If needed, accommodations for testing will be provided. ELLs may be given tutorials if needed by content area teachers, who can provide ESL strategies for academic support. Former ELLs will continue to have differentiated instruction and be individually supported by teachers. They will be provided glossaries, dictionaries and native language support if needed.

10. We are in our second year of operation. Some of our ELLs who are taking the math Regents will be offered extra after-school help in algebra and geometry. The results of the ELL Periodic Assessments and the NYSESLAT will be closely reviewed this year for any improvements necessary.

11. We have no plans to discontinue programs or services for ELLs.

12. All ELLs are given the same opportunities as other students in our building, as well as additional supports. They can participate in an optional after-school program such as the Fitness Club, taught by the school's gym teacher; have access to an ELA Regents prep program; and can take tutorials. Other programs may be offered next year as our school population increases, and we are exploring the possibility of partnerships and collaborations with outside agencies that can offer support to ELLs.

13. In ESL we have a wide assortment of texts offered on 4 different levels. These include fiction and non-fiction reading for intermediate and advanced. Beginner students have several books for their level, including the Step by Step series and Milestones. All students are provided dictionaries and glossaries and can use software programs provided by some of their texts for use in the computer lab. Achieve 3000 is also being implemented. We are in the process of researching and purchasing materials, particularly computer software.

14. The ESL teacher can provide native language support to Spanish speaking students. Thirteen of our 17 ELL students speak Spanish. The ESL teacher pushes in to content area classes and can translate content when necessary. We are also looking into purchasing translated texts in the students' native language. ELLs also use dictionaries in class and can use on-line translated programs in the computer lab.

15. Our required services support and resources correspond to ELLs' ages and grade levels.

16. In August, ELLs were able to participate in a two-week optional program at our school focusing on environmental studies. Students took a credited English class and worked with the Waterfront Alliance, taking trips to a nearby marina and kayaking. Also present at these

B. Programming and Scheduling Information--Continued

8. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.
9. Describe your plan for continuing transitional support (2 years) for ELLs reaching proficiency on the NYSESLAT.
10. What new programs or improvements will be considered for the upcoming school year?
11. What programs/services for ELLs will be discontinued and why?
12. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.
13. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?
14. How is native language support delivered in each program model? (TBE, Dual Language, and ESL)
15. Do required services support, and resources correspond to ELLs' ages and grade levels?
16. Include a description of activities in your school to assist newly enrolled ELL students before the beginning of the school year.
17. What language electives are offered to ELLs?

8. ELLs with 0 to 3 years of service receive push-in support in the content areas in addition to the mandated ESL instruction. The ESL teacher co-plans and co-teaches with the content area teacher to offer intervention services to the newcomers. Students took a credited English class and worked with the Waterfront Alliance, taking trips to a nearby marina and kayaking. Also present at these classes was our Spanish-speaking parent coordinator.

NYS CR Part 154 Mandated Number of Units of Support for ELLs, Grades K-8

	Beginning	Intermediate	Advanced
C. Schools with Dual Language Programs			
1.	How much time (%) is the target language used for EPs and ELLs in each grade?		
2.	How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?		
3.	How is language separated for instruction (time, subject, teacher, theme)?		
4.	What Dual Language model is used (side-by-side, self-contained, other)?		
5.	Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?		

NYS CR Part 154 Mandated Number of Units of Support for ELLs, Grades 9-12

D. Professional Development and Support for School Staff			
1.	Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)		
2.	What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?		
3.	Describe the minimum 7.5 hours of ELL training for all staff (including non-ELL teachers) as per Jose P.		
1.	<p>All staff members who teach ELLs may avail themselves of professional development courses, which are given periodically by the Department of Education Office of English Language Learners. Staff can register on the DOE Protraxx website to enroll in courses geared for middle school ELLs, which showcase strategies, curricula and academic intervention across various content areas. We also send teachers to QTEL, which is a five-day series of meetings with other ESL teachers. In addition to ELL professional development courses outside of the school, the ESL teacher also makes herself available to content-area teachers throughout the school day, especially when she pushes in to their classrooms.</p>		
2.	<p>Students entering our school from middle school are provided a two-week orientation in August at our school, focusing on environmental education. Students took a credited English class and worked with Waterfront Alliance, taking trips to a nearby marina. It gave our new students an excellent opportunity to meet their fellow students and their teachers. Assistant principal, ESL coordinator, content-area teachers, paraprofessionals, guidance counselor, special education teacher, secretaries and the parent coordinator are offered turnkey professional development by the ESL teacher at weekly faculty meetings at our school.</p>		
3.	<p>Staff meetings and staff development days are held when ESL strategy training is provided by the ESL teacher in collaboration with administrators and outside consultants.</p>		

Native Language Usage and Supports

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

Native Language Usage/Support	Transitional Bilingual Education (TBE)	Dual Language	Freestanding ESL
1. How much time (%) is the target language used for EPs and ELLs in each grade?	100%	100%	100%
2. How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?	100%	100%	100%
3. How do you evaluate the needs of the parents?	75%	75%	75%
4. How do you evaluate parental involvement activities?	50%	50%	50%
1. There is an orientation for the parents of all incoming students.	25%	25%	25%
2. During the parent orientations, all parents are informed of the resources available to them in our school and in the community. Activities, including a school fair, were sponsored by the Parents' Association. We are also in collaboration with a community agency called Waterfront Alliance, which provides a two-week orientation for new and former students every year in August. We are planning other activities for parents of ELLs through newsletters which are sent home.	100%	100%	100%
3. We evaluate the needs of parents by surveys, in-person and by phone.	75%	75%	75%
4. Our school has a Parents' Association which meets once a month. Parents are apprised of school events, with opportunities for a question-answer period. All meetings with ELL parents and correspondence with them are translated into the family's native language. The Parents' Association sponsored a Sustainability Fair on school grounds on Saturday, October 15, which involved parents, students and teachers.	50%	50%	50%
	25%	25%	25%
TIME	BEGINNERS	INTERMEDIATE	ADVANCED

TBE and dual language programs have both native language arts and subject areas taught in the native language; ESL has native language supports.

E. Parental Involvement

1. Describe parent involvement in your school, including parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

1. There is an orientation for the parents of all incoming ELLs with the ESL teacher, the assistant principal and the parent coordinator.

2. During the parent orientations, ELL parents are informed of the resources available to them in our school and in the community. Activities, including a school fair, were sponsored by the Parents' Association. We are also in collaboration with a community agency called Waterfront Alliance, which provides a two-week orientation for new and former students every year in August. We are planning other activities for parents of ELLs throughout both semesters.

3. We evaluate the needs of parents by surveys, informal conversations between the parent coordinator and the ESL teacher, and newsletters which are sent home.

4. Our school has a Parents Association which meets once a month. Parents are apprised of school events, with opportunities for a question-answer period. All meetings with ELL parents and correspondence with them are translated into the family's native language. The Parents Association sponsored a Sustainability Fair on school grounds on Saturday October 15, which involved parents, students and teachers.

Chinese Reading Test								

B. After reviewing and analyzing the assessment data, answer the following

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How can this information help inform your school's instructional plan? Please provide any quantitative data available to support your response.
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions?
4. For each program, answer the following:
 - a. Examine student results. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the Native Language used?
5. For dual language programs, answer the following:
 - a. How are the English Proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?
6. Describe how you evaluate the success of your programs for ELLs.

1. Our school uses the NYESLAT and Lab-R tests to assess the early literacy skills of our ELLs. This data provides information on the student's listening, speaking, reading and writing skills and allows us to determine the level of instruction. Students in our school consistently did best on the speaking portion of the tests. Scores are generally lowest in reading. For example, in the 2011 NYSESLAT, an examination of the results shows that student scores on the listening/speaking portion of the test ranged from 652 to 742. Reading/Writing scores ranged from 618-709. This includes all levels. The low reading and writing scores indicate that reading skills must be strengthened as much as possible in ESL and in content area classes. In ELA, Achieve 3000 is used in our computer lab, giving the teacher another diagnostic tool to assess the ELL's reading comprehension.

2. These results show that reading and writing skills must be reinforced. Students who have been in this country longer consistently do better on speaking and listening parts.

3. The ESL teacher and the content area teachers will make efforts to address reading comprehension both in texts and in the computer lab. Students in ninth grade are required to take Regents exams in Intermediate Algebra and Living Environment. Tenth grade students must

Additional Information

Please include any additional information that would be relevant to your LAP and would further explain your program for ELLs. You may attach/submit charts. This form does not allow graphics and charts to be pasted.

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: 27Q324 **School Name:** Rockaway Park High School for Envir

Cluster: 1 **Network:** 108

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

Within 30 days of a new student's enrollment, our school determines the primary language spoken by the parent of each student and whether the parent requires language assistance to communicate with the Department of Education. All parents of students enrolled in our school receive a language survey form which is translated into the covered languages --the nine most common primary languages other than English. Parents are asked "In what language would you like to receive written information from the school?" and "In what language would you prefer to communicate orally with school staff?"

Our school keeps a current record of the primary language of each parent. This information is kept in ATS and on the student emergency card. In meetings regarding critical information about a student's education, parents whose primary language is Spanish are provided interpretation services by our full-time Parent Coordinator, who is bilingual in Spanish. These meetings can range from annual IEP meetings to discussions with the student's guidance counselor. Parents whose primary language is not English or Spanish use the telephone services of the Translation and Interpretation Unit within the Office for Family Engagement and Advocacy.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Of 211 students in our school, there are 30 homes whose primary language is Spanish, 4 homes whose primary language is Arabic, and one each for Haitian Creole and Ibo. This information is recorded on ARIS and ATS and can be accessed by staff members in our school. In our school welcome packet, distributed at new student orientation, letters are provided in 10 different languages requesting information on which language parents prefer to be reached. In addition, school staff is notified of these findings as well as the services available for translation. We also use allocated budgetary resources for additional assistance in translation and interpretation. We have approximately 40 parents of ELLs in our school. All of the Spanish-speaking parents require written translations and oral

interpretation. These findings were shared to the school community by the parent coordinator, who is fluent in English and Spanish. She informs the staff of language problems in the home and makes phone calls to the home for the teachers who need to contact parents. All the language information in the home is on ATS, which is available to all staff.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Parents whose primary language is a covered language are provided a translation of documents that contain student-specific information regarding health, safety, disciplinary matters, entitlement to placement in special education and English Language Learner services. Notices for meetings such as Parent Association Meetings which are held once a month are translated into the nine covered languages, listing the date, time and location as well as the meeting agenda.

Translation services for Spanish-speaking parents are provided by our parent coordinator who is bilingual in Spanish and English. For the other languages the parent coordinator uses translation resources of the Internet or the DOE website which has translations of certain school documents, such as notices for Parent Association meetings and parent-teacher conferences.

We also provide a cover letter or notice on the face of the English letter in the appropriate language, indicating how a parent can request free translation or interpretation of the document.

In addition, we use the Language Access Kit distributed by the Translation and Interpretation Unit. Most of our written translation services are provided by our Parent Coordinator; however, if we need an outside vendor for such services, our school budget allocates \$900 for translation and interpretation needs.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Interpretation services are provided to parents whose primary language is a covered language and who request such services for school meetings such as Open School Day and Open School Night. Our parent coordinator who is fluent in Spanish is always present at such meetings.

For parents whose language is not Spanish or English, we call the Translation and Interpretation Unit within the Office for Family Engagement and Advocacy for interpretation by telephone.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

In regard to notifications, our school provides each parent whose primary language is a covered language and who need language assistance with a copy of the Bill of Parent Rights and Responsibilities which includes their rights regarding translation and interpretation services. We also have posted near the primary entrance of our school a sign in our most prominent covered languages with information regarding the availability of interpretation services. Our safety plan contains procedures to ensure that parents who need language services are not prevented from reaching administrators because of language barriers.

We also mail out monthly calendars and notifications of upcoming school events in the home's primary language. . To notify parents of events, we use School Messenger, a computer program in which school information is uploaded for translation into the home's primary language
