DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

ANNUAL GOAL #1 AND ACTION PLAN

Annual Goal #1

To enhance instruction by providing teachers with formative support and feedback using a research-based observation rubric

Comprehensive needs assessment

This is a citywide instructional expectation for the 2011-2012 school year.

Instructional strategies/activities

The principal and assistant principals will engage in frequent, short observations of teachers, such that every teacher will have such a visit once every 6 weeks for a total of 6 per teacher for the year. Feedback will be given in oral and written form after each observation by the teacher's assistant principal using the Danielson rubric.

Principal and assistant principal will schedule paired observation periods for the year to ensure that each teacher will receive at least 6 observations. iPads will be purchased to enable observers to enter data directly into an interface using Charlotte Danielson's rubric. An existing computer program will automatically create observation reports from these data entries. Assistant principals will conduct post-observation conferences with teachers.

Strategies to increase parental involvement

The principal will inform parents of this goal through written communications and presentations at meetings.

Strategies for attracting Highly Qualified Teachers (HQT)

All teachers are highly qualified. Recruitment strategies include timely use of the Open Market Transfer System.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.

Budget and resources alignment

Leadership; NYSSL funds for computer software and hardware.

ANNUAL GOAL #2 AND ACTION PLAN

Annual Goal #2

To align curricular units and tasks with the Common Core Learning Standards, every core course will have a curriculum unit and tasks aligned with one of the two citywide Common Core standards.

Comprehensive needs assessment

This is a citywide instructional expectation for the 2011-2012 school year.

Instructional strategies/activities

During the 2011-12 school year, in every core academic course one unit will be written to be explicitly aligned with the CCLS and one task in that unit will require students to demonstrate performance that meets the new standards. Teachers will work in teams or independently to select instructional units and tasks that meet the CCLS. Teachers and assistant principals will use common planning, preparation, Circular 6, and meeting time to select units and tasks for revision and/or writing to meet the CCLS. By the end of the fall term, teachers will have identified units to align; the units and tasks will be written by June 2012.

Strategies to increase parental involvement

The principal will inform parents of this goal through written communications and presentations at meetings.

Strategies for attracting Highly Qualified Teachers (HQT)

All teachers are highly qualified. Recruitment strategies include timely use of the Open Market Transfer System.

Service and program coordination

- Describe how Federal, State and local services, including programs supported under NCLB (i.e., violence prevention programs, nutrition programs, housing programs, Head Start) are being coordinated with the instructional strategies/activities to achieve this goal.

ANNUAL GOAL #3 AND ACTION PLAN

Annual Goal #3

To increase student engagement through teacher practice

Comprehensive needs assessment

This was an identified area of focus in implementing a research-based observation rubric.

Instructional strategies/activities

The principal and assistant principal will engage in short, frequent observations of teachers and provide formative feedback to improve teacher practice in engaging students. This will be augmented by professional development at faculty conferences and through memoranda that is focused on increasing student engagement as defined in the Danielson rubric. The principal and assistant principals will observe 45 lessons that show evidence of active student engagement through student-to-student interaction and effective questioning. Twenty will be completed by February 2012 with all 45 completed by June 2012.

Strategies to increase parental involvement

The principal will inform parents of this goal through written communications and presentations at meetings.

Strategies for attracting Highly Qualified Teachers (HQT)

ANNUAL GOAL #4 AND ACTION PLAN

Annual Goal #4

To increase student engagement through the use of instructional technology

Comprehensive needs assessment

This was an identified area of focus in implementing a research-based observation rubric.

Instructional strategies/activities

The principal and assistant principals will observe 45 lessons that make effective use of instructional technology (interactive white boards, document cameras, classroom-display graphing calculators, laboratory probeware and moticams). Technology coordinator (.6) and assistants will ensure proper operation of instructional technology. APs and Principal will provide feedback and assistance to teachers in using instructional technology as well as professional development as needed. Twenty observations will reflect the effective use of technology by February 2012, with all 45 observations completed by June 2012.

Strategies to increase parental involvement

The principal will inform parents of this goal through written communications and presentations at meetings.

Strategies for attracting Highly Qualified Teachers (HQT)

PARENT INVOLVEMENT POLICY (PIP)

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team and Parent-Teacher Association as trained volunteers and welcomed members of our school community. Our school will support parents and families by:

- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community.

In developing the Parent Involvement Policy, parent members of the school's Parent-Teacher Association, as well as parent members of the School Leadership Team, were consulted on the proposed Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- support school-level committees that include parents who are members of the School Leadership Team and the Parent-Teacher Association. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- schedule parent meetings with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Our school will further encourage school-level parental involvement by:

- encouraging meaningful parent participation on the School Leadership Team and the Parent-Teacher Association;
- encouraging more parents to become trained school volunteers;
- providing written progress reports that are periodically given to keep parents informed of their children's progress;
- distributing an electronic school newsletter to keep parents informed about school activities;
- providing students with planners for a regular written homework log that their parents can review.

SUBMISSION FORM
2011-12**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [see tool kit].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. *i*

1. The Assistant Principal PPS, who is responsible for admissions and enrollment, administers the home language survey to students who are new to the school system. Students whose home language survey and or informal interview indicates that they might be LEP are then administered the LAB-R.
2. The guidance counselors working with the Parent Coordinator and our PTA Translation Team would ensure that parents understand all three program changes if we ever had any students who were designed as LEP.

 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.
4. How do you ensure that ELLs are appropriately evaluated in their native languages?
5. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6 years).
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
7. How does your school use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment?

We do not have any ELLs. Consequently, we do not have any ELL programming.

NOTE: This section refers to classes/subject areas in which the language of instruction is English and another language which all students in the class speak. Do not include:

- classes that are taught in English using books in the native language
- heritage classes
- foreign language (LOTE) classes

B. After reviewing and analyzing the assessment data, answer the following

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How can this information help inform your school's instructional plan? Please provide any quantitative data available to support your response.
- What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
- How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions?
- For each program, answer the following:
 - Examine student results. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - What is the school learning about ELLs from the Periodic Assessments? How is the Native Language used?
- For dual language programs, answer the following:
 - How are the English Proficient students (EPs) assessed in the second (target) language?
 - What is the level of language proficiency in the second (target) language for EPs?
 - How are EPs performing on State and City Assessments?
- Describe how you evaluate the success of your programs for ELLs.

We have no ELLs. Therefore, we have no data to analyze.

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: 25Q525 **School Name:** Townsend Harris High School

Cluster: 2 **Network:** 201

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

Students' home language information is analyzed or obtained through the Home Language Identification Survey

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Our findings indicated that 49% of our families do not speak English at home. Of our entire population, 15% speak Chinese at home, 6% speak Spanish, 5% speak Bengali, and 5% speak Korean. There are 45 other home languages, each with an incidence rate of less than 5% of the population (and most less than 1%). These results were shared at PTA and SLT meetings.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Important letters mailed home are translated into our three high-incidence languages, and centrally provided materials are obtained in these languages. Website information is translated using the Google translator service. Translations are provided by the NYCDOE Translation Unit , by school staff, and by parent volunteers.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Oral interpretation services are being provided by an outside vendor at parent-teacher conferences and through the DOE telephonic interpretation service

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

Translated copies of the Bill of Parent Rights & Responsibilities are available in the school. Signs with multiple translations are posted at the entrance notifying parents of the availability of translation and interpretation services. Parents who speak all languages are welcomed in to the school. Our parent coordinator speaks English and Spanish.
