SCHOOL LEADERSHIP TEAM (SLT) SIGNATURE PAGE

Use this page to identify SLT members and confirm their participation in the development of this Comprehensive Educational Plan (CEP), which includes goals and action plans, a summary of Academic Intervention Services, and the Parent Involvement Policy. The signatures of SLT members indicate their participation in the development of the CEP and serve as confirmation that consultation has occurred to align funding in support of educational programs. The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with the Chancellor’s Regulation A-655, available on the [NYC DOE Web site](#).

Directions:

1. List each SLT member in the left-hand column on the chart below. Specify any position held by the team member, e.g., Chairperson, SLT Secretary and the constituent group represented, e.g., parent, staff, student, or CBO. Core mandatory SLT members are indicated by an asterisk*.
2. Ensure that SLT members review this document and sign in the right-hand column in blue ink. If an SLT member does not wish to sign this plan, he/she may attach a written explanation in lieu of his/her signature.
3. Add rows as needed to ensure that all SLT members are listed.
4. The original copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.

DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting process serves both to support the identification and implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

As a result of principal feedback on this process, the CEP has been significantly streamlined to reduce the amount of time spent fulfilling requirements and to allow schools to focus on goal-setting and instructional priorities. The goal and action plan section, contained on pages 4 through 8 of this template, now serves as the central work of the CEP process and reflects a consolidation of numerous CEP requirements from prior years.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

- All schools should identify and submit annual goals and action plans in consultation with their School Leadership Team.

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

- CEP goals are generally intended to guide school-wide planning and development. CEP goals may be adapted from goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should demonstrate the use of both qualitative and quantitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, State Differentiated Accountability report (SQR, ESCA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Schools designated as Improvement, Corrective Action, Restructuring, and/or PLA/SURR by the New York State Education Department must identify a goal and complete an action plan related to improving student outcomes for the specific subject area and subgroups identified for improvement. For each subject area identified, a goal and action plan is required.

ANNUAL GOAL #1 AND ACTION PLAN

Annual Goal #1

By June 2012, Tottenville High School will have improved teacher effectiveness by developing a shared understanding of instructional excellence utilizing an agreed upon research-based teaching framework and rubric in order to articulate clear expectations and strengthen teacher practice for our entire pedagogical staff. This will be measured by the timely feedback to teachers from formal, informal and frequent cycles of observations and ongoing pre and post observation conferences.

Comprehensive needs assessment

The NYCDOE implemented specific instructional expectations for all schools for 2011 -2012 in order to facilitate a comprehensive evaluation system for teachers and principals and support the move toward full implementation of the Common Core Standards.

A review of our historic data around observations revealed that some of our teachers are not adequately addressing the concerns and recommendations by Principal and Assistant Principal to improve the delivery of instruction to students.

Over the past three years, one area of concern in instructional practice was that differentiated instruction was not embedded into the fabric of our instructional program schoolwide.

As a school we feel it is imperative that we address common areas of deficiency within the instructional practices we have observed over time, and that the use of a research-based framework that allows us to target specific areas of concern is central to the development of our teachers.

Instructional strategies/activities

- The Principal and Assistant Principals of Supervision will conduct formal, informal and frequent cycles of brief walk-through observations for each teacher using a research based teaching framework and rubric, for the formative support of teachers.
- Teachers will receive timely feedback from short, frequent cycles of observations which will foster the development of a shared language, across disciplines, in order to discuss what is working and what needs to be improved in their classrooms.
- Professional development opportunities agreed upon by pedagogical and supervisory staff and focusing on the strengthening of instructional practice will be offered during monthly conference days, DOE Professional Development days and during the school day.
- Teachers will have opportunities for self-assessment on selected components of a research based rubric to evaluate effective teaching, which will be utilized in conjunction with opportunities for frequent intervisitations across classrooms.
- Teacher mentoring will be provided for untenured teachers. Additionally, Assistant Principals will continue to work individually or in groups with all untenured teachers to support their instructional practice.
- The Principal and Assistant Principals of Supervision will work closely with the Network achievement coach in order to effectively develop systems and structures for implementation of short cycles of classroom observation.
- The Principal, Assistant Principals and pedagogical staff will review and discuss the recommendations from the Fall 2011 Joint Intervention Team visit that relate to teacher effectiveness. A plan for the implementation of these recommendations will also be developed collaboratively.

Strategies to increase parental involvement

As a Non-Title 1 school, we will

- share information with parents about our school's educational program, the implementation of the agreed upon framework for supporting teacher effectiveness and of our commitment to increasing the rigor of instruction during regularly scheduled parent and school meetings (SLT, PTA, College Workshops, 9th grade Orientation, etc.)
- maintain our Parent Coordinator to serve as a liaison between the school and families and to help communicate our goals

Strategies for attracting Highly Qualified Teachers (HQT)

- Continue to utilize the Open Market system to develop a pool of HQT candidates to fill vacancies.
- Support untenured teachers with mentors and additional support from the respective Assistant Principal of Supervision.
- Offer differentiated opportunities for professional growth such as Advanced Placement seminars, CTE workshops, Common Core workshops, *Smartboard* training, Achieve 3000 workshops, eBooks workshop, Museum seminars, etc.
- Provide leadership opportunities for HQT such as: joining the Common Core Inquiry Team; creating new subject area or CTE courses aligned to CCLS; presenting best practices to staff at department or staff meetings; leading a teacher team; creating formative assessments for a subject area aligned to CCLS; providing peer support with the CCLS for other teachers; becoming point person for *Skedula* and *ACUITY*.

Service and program coordination

- We will participate in all Common Core related professional development programs and workshops provided through the Network.
- We will continue to participate in National, State and City forums for the development of effective common core aligned CTE programs and instruction.

Budget and resources alignment

- Tax Levy funding to support teacher mentor program
- Tax Levy funding to support professional development (SMART board trainings, Museum seminars, etc.) for all teachers
- Tax Levy funding to support Datacation, which enables teachers to self-assess their own effectiveness and progress
- ARRA RTTP funding to support Citywide Instructional Expectation teams
- Tax Levy and NYSTL funding for ongoing technology upgrades

ANNUAL GOAL #2 AND ACTION PLAN

Annual Goal #2

By June 2012, we will engage all students in at least one literacy and math task embedded in a rigorous unit of study for one subject course in each core discipline that was developed by teachers and Assistant Principals, as measured by their explicit alignment to the Common Core Learning Standards (CCLS).

Comprehensive needs assessment

The NYCDOE implemented specific instructional expectations for all schools for 2011 -2012 in order to strengthen student work by examining curriculum, assessment and classroom instruction to support the move toward full implementation of the Common Core Standards.

An analysis of student work demonstrated that teachers are working toward greater alignment to the Common Core Learning standards but have yet to fully do so across content areas. We see areas of success throughout the school, but are concerned with the constancy with which this is happening and understand that for students to truly master the literacy standards especially, we have work to do in cross-content alignment and in reinforcing standards across subject areas.

Our teacher and Inquiry teams have begun to delve into deeper analysis of CCLS from the student work and other forms of data they bring to their meetings, but we have yet to establish firm protocols or common evaluation tools to enable them to fully engage in this work.

Instructional strategies/activities

- Students will complete a literacy task in each core subject area that requires students to read and analyze informational texts and write opinions and arguments in response.
- We will draw upon a range of relevant texts (aligned to student needs and areas of interest) to better engage them across contents. We will also ensure there are stronger connections between the texts through greater collaborative opportunities in our teacher and inquiry teams.
- Students will engage in cognitively demanding mathematics tasks that require students to demonstrate their ability to model with mathematics and/or construct and explore the reasoning behind arguments to arrive at a viable solution.
- Teachers will meet in teacher teams to review samples of student work in order to identify gaps between what students know and are able to do and the demands of the Common Core Learning Standards and to discuss and implement instructional adjustments.
- HQT from core subject areas will be selected as members for the School-wide Common Core Inquiry Team to align curriculum with the Common Core Standards and to communicate this share this inquiry work with other school staff.

Strategies to increase parental involvement

As a Non-Title 1 school, we will

- share information with parents about our school's educational program, the implementation of the Common Core standards and our commitment to increasing the rigor of instruction during regularly scheduled parent and school meetings (SLT, PTA, College Workshops, 9th grade Orientation, etc.)
- Provide increased links and resources for the CCLS via our website and communication protocols for parents on our eChalk school website.
- maintain our Parent Coordinator to serve as a liaison between the school and families and to help communicate our goals.

Strategies for attracting Highly Qualified Teachers (HQT)

- Continue to utilize the Open Market system to develop a pool of HQT candidates to fill vacancies.
- Support untenured teachers with mentors and additional support from the respective Assistant Principal of Supervision.
- Offer differentiated opportunities for professional growth such as Advanced Placement seminars, CTE workshops, Common Core workshops, *Smartboard* training, Achieve 3000 workshops, eBooks workshop, Museum seminars, etc.
- Provide leadership opportunities for HQT such as: joining the Common Core Inquiry Team; creating new subject area or CTE courses aligned to CCLS; presenting best practices to staff at department or staff meetings; leading a teacher team; creating formative assessments for a subject area aligned to CCLS; providing peer support with the CCLS for other teachers; becoming point person for *Skedula* and *ACUITY*.

Service and program coordination

- We will participate in all Common Core related professional development programs and workshops provided through the Network.
- We will continue to participate in National, State and City forums for the development of effective common core aligned CTE programs and instruction.

Budget and resources alignment

- Tax Levy funding to support teacher mentor program
- Tax Levy funding to support Datacation, which enables teachers to self-assess their own effectiveness and progress
- ARRA RTTP funding to support Citywide Instructional Expectations
- Tax Levy funding to support professional development (SMART board trainings, Museum seminars, etc.) for all teachers

ANNUAL GOAL #3 AND ACTION PLAN

Annual Goal #3

By June 2012, the students in Cohort 2012 will improve their college and career readiness status as measured by a 1% increase in the students scoring a 75 on the Comprehensive English Regents (currently 73.6%) and an 80 on a Mathematics Regents (currently 36%).

Comprehensive needs assessment

Historically, 50% of our students attend a CUNY school after graduation. In order to prepare our students for college without taking remedial courses in their first year of college, we developed this goal for students to retake the respective Regents to satisfy the CUNY entrance requirement into a credit bearing program of study.

The new CUNY Readiness Index will be incorporated as a new metric in the new Progress Report for 2012. We are striving in to improve our overall score from the current B to an A.

Instructional strategies/activities

- Teachers will have access to Regents Item Analysis Reports for ELA and Mathematics to provide students with constructive feedback and targeted instruction to address area of weakness for students in E7/8 classes and senior math classes.
- After school Regents Prep tutoring opportunities in ELA and MATH will be offered to students.
- Professional Development opportunities will provide ELA, Mathematics and ISS teachers with effective Regents strategies and techniques.
- All core subjects will require literacy and math tasks aligned to CCLS.
- Circular 6 tutoring will continue to be offered to students during the school day as well as peer tutoring.
- Increase the number of college now course offerings for Seniors that will help students improve their English and Mathematics skills.

Strategies to increase parental involvement

As a Non-Title 1 school, we will

- share information with parents about the new CUNY requirements during regularly scheduled parent and school meetings (SLT, PTA, College Workshops, 9th grade Orientation, etc.)
- utilize school messenger to contact parents of students who have yet to achieve the CUNY cut scores for enrollment in credit bearing programs.
- maintain our Parent Coordinator to serve as a liaison between the school and families and to help communicate this goal.
- provide parents with online access to student data including current progress in coursework, results of assessments and progress towards graduation.

Strategies for attracting Highly Qualified Teachers (HQT)

- Continue to utilize the Open Market system to develop a pool of HQT candidates to fill vacancies in ELA and Mathematics.
- Support untenured ELA, Math and ISS teachers with mentors and additional support from the respective Assistant Principal of Supervision.
- Offer differentiated opportunities for professional growth such as Advanced Placement seminars, Common Core workshops, *Smartboard* training, etc.
- Provide leadership opportunities for HQT such as: joining the Common Core Inquiry Team; presenting best practices to staff at department or staff meetings; leading a teacher team; creating formative assessments for a subject area aligned to CCLS; providing peer support with the CCLS for other teachers; becoming point person for Regents Item Analysis Reports.

Service and program coordination

- We will participate in all Common Core related professional development programs and workshops provided through the Network.
- We will coordinate with our CBO, JCC Beacon, to provide afterschool Regents Prep tutoring opportunities for students.
- We will coordinate with CUNY Kingsborough and College of Staten Island to offer additional College Now courses that will help students earn college credits and improve their English and/or Mathematics skills.

Budget and resources alignment

- Tax Levy and C4E funding to support English and Mathematics classes with reduced size to the extent possible
- Tax Levy and CBO funding (JCC Beacon) to support supplemental Regents Prep opportunities
- Tax Levy and C4E funding to support Extended Day program

- Tax Levy funding to support subject specific (Math, English, ISS) professional development
- Tax Levy funding to support the school messenger program

ANNUAL GOAL #4 AND ACTION PLAN

Annual Goal #4

All students in each accountability subgroup will make significant progress towards meeting state standards in English Language Arts by June 2012. The Cohort of 2008 (Class of 2012) *all students* group will meet/exceed the EAMO of 185. The subgroup, *students with disabilities*, will meet/exceed the EAMO of 179, satisfy the safe harbor target of 150, or increase the percentage of students achieving proficiency levels of 3 and 4 to at least 65% (an increase of 3% from 2010 -2011).

Comprehensive needs assessment

The 2011 -2012 NYSED *School Differentiated Accountability Status* for Tottenville High School is *Restructuring Year 1*. The accountability category is *Focused* for secondary-Level English Language Arts. The subgroup that has failed to achieve AYP in ELA is the SWD subgroup.

A review of our historical data indicates that the SWD subgroup has made steady progress but continues to fall short of achieving AYP.

We have determined from reviewing Regents Item Analysis reports that our students particularly those in subgroup SWD need additional instruction in making inferences, identifying authors purpose and using supporting details in writing.

Instructional strategies/activities

- Teachers will have access to Regents Item Analysis Reports for ELA to provide students with constructive feedback and targeted instruction to address area of weakness for students in E7/8 classes.
- After school Regents Prep tutoring opportunities in ELA will be offered to students.
- Professional Development opportunities will provide ELA and ISS teachers with effective Regents strategies and techniques.
- All core subjects will require literacy tasks aligned to CCLS.
- Circular 6 tutoring will continue to be offered to students during the school day.
- KBCC College Now developmental course, College Reading and Writing, will be offered to Seniors who have yet to achieve a 75 on the ELA Regents.
- ICTS Teacher Teams will have common planning time to meet daily in order to analyze data and plan instructional strategies to improve the performance of SWD in ELA.
- The Inquiry Team for SWD in ELA will continue to focus on analyzing data and student work to inform instruction for SWD.
- An Educational Consultant will provide PD and support for ICTS teacher teams with the utilization of effective DI strategies.

Strategies to increase parental involvement

As a Non-Title 1 school, we will

- share information with parents about graduation requirements and the new CUNY requirements during regularly scheduled parent and school meetings (SLT, PTA, College Workshops, etc.)
- utilize school messenger to contact parents of students who have yet to achieve the CUNY cut scores for enrollment in credit bearing programs.
- maintain our Parent Coordinator to serve as a liaison between the school and families and to help communicate this goal.

Strategies for attracting Highly Qualified Teachers (HQT)

- Continue to utilize the Open Market system to develop a pool of HQT candidates to fill vacancies in ELA.
- Support untenured ELA and ISS teachers with mentors and additional support from the respective Assistant Principal of Supervision.
- Offer differentiated opportunities for professional growth such as Differentiated Instruction Workshops, Common Core workshops, Expert 21 training, *Smartboard* training, etc.
- Provide leadership opportunities for HQT such as: joining the Common Core Inquiry Team; presenting best practices to staff at department or staff meetings; leading a teacher team; creating formative assessments for a subject area aligned to CCLS; providing peer support with the CCLS for other teachers; becoming point person for Regents Item Analysis Reports.

Service and program coordination

- We will participate in all Common Core related professional development programs and workshops provided through the Network.
- We will coordinate with or CBO, the Beacon Program, to provide afterschool Regents Prep tutoring opportunities for students.
- We will coordinate with CUNY Kingsborough and College of Staten Island to offer College Now courses that will help students improve their skills in ELA.

Budget and resources alignment

- Tax Levy and CBO funding (JCC Beacon) to support supplemental Regents Prep opportunities

- Tax Levy funding to support subject specific (Math, English, ISS) professional development
- Autism Spectrum Disorder (ASD) funding to support services of consultants to provide professional development in differentiated instruction strategies
- Tax Levy funding to support the school messenger program
- Tax Levy funding to support teacher mentor program
- Tax Levy and Autism Spectrum Disorder (ASD) funding to support the increase of Integrated Co-Teaching Services (ICTS) classes

ANNUAL GOAL #5 AND ACTION PLAN

Annual Goal #5

All students in each accountability subgroup will make significant progress towards meeting state standards in Mathematics by June 2012.

The Cohort of 2008 (Class of 2012) *all students* group will meet/exceed the EAMO of 183. The subgroup, *students with disabilities*, will meet/exceed the EAMO of 177, satisfy the safe harbor target of 151, or increase the percentage of students achieving proficiency levels of 3 and 4 to at least 62% (an increase of 3% from 2010 -2011).

Comprehensive needs assessment

The 2011 -2012 NYSED *School Differentiated Accountability Status* for Mathematics is *Improvement Year 1*. The accountability category is *Basic*. The subgroup that has failed to achieve AYP in Mathematics is the SWD subgroup.

A review of our historical data indicates that SWD group has made steady progress but recently has fallen short of achieving the EAMO's targets established for 2010-2011.

We have determined from reviewing Regents Item Analysis reports that our students, particularly our SWD students, need additional instruction in deconstructing verbal problems and interpreting academic vocabulary for mathematics.

Instructional strategies/activities

- Teachers will have access to Regents Item Analysis Reports for Mathematics to provide students with constructive feedback and targeted instruction to address area of weakness for students in senior Math classes. .
- After school Regents Prep tutoring opportunities in Integrated Algebra will be offered to students.
- Professional Development opportunities will provide Mathematics and ISS teachers with effective Regents strategies and techniques.
- All core subjects will require math tasks aligned to CCLS.
- Circular 6 tutoring will continue to be offered to students during the school day.
- A KBCC College Now developmental course will be offered to students who yet to achieve a score of 65 on a Mathematics Regents.
- Two CSI College Now Math courses will be offered to Seniors who have yet to achieve an 80 on the ELA Regents.
- ICTS Teacher Teams will have common planning time to meet daily in order to analyze data and plan instructional strategies to improve the performance of SWD in Math.
- The Inquiry Team for SWD in Mathematics will continue to focus on analyzing data and student work to inform instruction for SWD.
- An Educational Consultant will provide PD and support for ICTS teacher teams with the utilization of effective DI strategies.

- Tax Levy and Autism Spectrum Disorder (ASD) funding to support the increase of Integrated Co-Teaching Services (ICTS) classes

ACADEMIC INTERVENTION SERVICES (AIS)

On the chart below, indicate the total number of students receiving AIS in each area listed for each applicable grade in your school.

Identified groups of students who have been targeted for AIS, and the established criteria for identification include:

- Students in Grades K – 3 who are considered at-risk for not meeting State standards as determined by their performance on ECLAS 2 or other identified assessments, or who have been identified as potential holdovers.
- Students in Grades 4 – 8 who are performing at Level 1 or Level 2 on New York State English language arts (ELA), mathematics, science, and social studies assessments.
- Students in Grade 9 who performed at Level 1 or Level 2 on NYS Grade 8 ELA, mathematics, science, and social studies assessments.
- Students in Grades 10 – 12 who scored below the approved passing grade on any Regents examination required for graduation in English language arts, mathematics, science, and social studies.

Part A: For All SINI Schools (Title I and non-Title I)

1. For each area of school improvement identification, describe the school's findings of the specific academic issues that caused the school to be identified. For schools in Improvement that underwent an SQR, ESCA, or (JIT) during the 2010-11 school year, please include the findings from that process in your response for this section.

Tottenville High School's 2010- 2011 State Accountability Status is SINI Restructuring Year 1 for English Language Arts. The accountability measure that determined this status is the NCLB subgroup: Students with Disabilities (SWD). Historically, the students who comprise this subgroup are students who entered high school with low reading scores and are a part of the school's lowest third, as well as in many cases, the city's lowest third. A review of the Regents data reveals that PL 1 and PL 2 students have the most difficulty with making inferences, identifying author's purpose and using supporting details in writing. A review of the cohort data also indicates that many of the PL1 students whose testing status is *not tested* are students either flagged as LTA's (long term absence) or students with very low attendance rates for school and/or class. Lastly, we have found that SWD's with PL2 are less likely to retest once the safety net provision, a grade of 55 - 64, has been achieved.

We are unable at this time to report the findings of the JIT visit that was conducted in December 2011, as the findings have not yet been reported to our school.

2. Describe the intervention(s) the school will implement to support improved achievement in the grade and subject areas for which the school was identified.

The focused intervention that has been implemented to support improved achievement for this subgroup includes:

- o Teachers will have access to Regents Item Analysis Reports for ELA to provide students with constructive feedback and targeted instruction to address area of weakness for students in E6, E7 and E8 classes.
- o After school Regents Prep course in ELA will be offered to students.
- o Professional Development opportunities will provide ELA and ISS teachers with effective Regents strategies and techniques.
- o All core subjects will require literacy tasks aligned to CCLS.
- o Circular 6 tutoring will continue to be offered to students during the school day.
- o KBCC College Now developmental course, College Reading and Writing, will be offered to Seniors who have yet to achieve a 75 on the ELA Regents.
- o ICTS Teacher Teams will have common planning time to meet daily in order to analyze data and plan instructional strategies to improve the performance of SWD in ELA.
- o The Inquiry Team for SWD in ELA will continue to focus on analyzing data and student work to inform instruction for SWD.

- o An Educational Consultant will provide PD and support for ICTS teacher teams with the utilization of effective DI strategies.

Part B: For Title I SINI Schools Only

1. As required by NCLB legislation, a school identified for school improvement must spend not less than 10 percent of its Title I funds for each fiscal year that the school is in school improvement status for professional development. The professional development must be high quality and address the academic area(s) identified. Describe how the 10 percent of the Title I funds for professional development will be used to remove the school from school improvement.
2. Describe the teacher-mentoring program that will be incorporated as part of the school's strategy for providing high-quality professional development.
3. Describe how the school will notify parents about the school's identification for school improvement in an understandable and uniform format and to the extent practicable, in a language that the parents can understand.

SUBMISSION FORM
2011-12**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This LAP form, an appendix of the CEP, also incorporates information required for CR Part 154 funding so that a separate submission is no longer required. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 

Paste response to questions 1-6 here

1. When a student enters Tottenville High School from another country, the student and parent/guardian are greeted by the Parent Coordinator and the ESL Coordinator/Teacher. An informal oral interview is conducted by a trained pedagogue; the HLIS form is given. The student and parent are then interviewed informally by a trained pedagogue. On staff, we have trained pedagogues that speak Spanish, Italian, Russian, Arabic and other various languages. An interpreter is then provided (if needed in the target language). Students are given the LAB-R within 10 school days of their arrival. This exam assesses the English language proficiency (Listening/Speaking and Reading) of all English Language Learners. The Spanish LAB-R to Spanish speaking students. The purpose of the exam can be used in conjunction with the English version to determine language dominance. ELLs are formally evaluated annually by way of the NYSESLAT (New York State English as a Second Language Achievement Test) This exam evaluates students within 4 modalities: Reading, Writing, Speaking and Listening. There are four levels: Beginner, Intermediate, Advanced and Proficient.
2. At the initial interview, after the Home Language Survey is given and the pedagogue has interviewed both the parents/guardian and student, the Parent Orientation is then conducted. The LAP and CR Part 154 is explained. The Parent Orientation video is shown in the target language and parents/guardians and students are given time to discuss their options (Transitional Bilingual, Dual Language, ESL) Questions are answered by our trained pedagogue/ESL Coordinator, Marie Granite, and assistance is offered. Parents will then make their choices, complete the Parent Survey and Program Selection Form. This process takes place upon enrollment of the student to Tottenville High School.
3. Entitlement letters are given to the student and/or mailed to their homes. This process is explained to the parent/guardian upon their interview. The importance of the Program Selection Form is stressed at the orientation and in most cases the parents complete the forms and submit them at the orientation session.
4. Copies of the Parent Selection Forms are kept by the ELL Coordinator. If Tottenville High School has enough students to open a Transitional Bilingual Education or a Dual Language Program, one will be put in place. Parent outreach is conducted via phone calls, letters, PTA meetings and our ELL Meetings. Continued Entitlement letters are sent upon receipt of the NYSESLAT/LAB-R results Parents are also able to communicate with teachers via e-Chalk which is translated into multiple languages (34).
5. In our continuous effort in conducting parent outreach and in reviewing Parent Selection Forms we find ESL to be the program model of choice. We currently have 71 students; 55 of those parents have chosen ESL as the program model (5 parents have requested the Transitional Bilingual model (4 Russian, 5 Spanish 1 Korean, 2 Chinese, 1 Albanian, 1 Turkish) 2 parents have chosen Dual Language (1 Spanish, 1 Russian). We are keeping documentation. Once 20 choices are made in the same language and grade level for either TBE or Dual Language, the parents will be called in for a meeting/workshop and be told of the new class.
6. As shown above, Tottenville High School program model of ESL is aligned with the parent requests. Although consistently parents choose ESL, native language is supported through dictionaries/glossaries, and native language literature and periodicals.

Part IV: ELL Programming

A. Programming and Scheduling Information

A. Programming and Scheduling Information

1. How is instruction delivered?
 - a. What are the organizational models (e.g., Departmentalized, Push-In [Co-Teaching], Pull-Out, Collaborative, Self-Contained)?
 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.
4. How do you ensure that ELLs are appropriately evaluated in their native languages?
5. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6 years).
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
7. How does your school use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment?

1. Instruction is delivered in English (target language). Teachers of ESL students use a standard-based, cross-cultural format.
 - a. Instructional: Tottenville High School contains a freestanding ESL program. There are three levels:
 - Beginner – (includes literacy level) has one general E.S.L. class and two E.S.L. “workshop” classes that focus on listening/speaking and reading/writing.
 - Intermediate – students take two classes per day focusing on listening/speaking and reading/writing.
 - Advanced – E.S.L. students take one E.L.A. general education literature based course and one E.S.L. workshop.
 - b. ESL classes are homogeneous (proficiency level is the same in each class). The levels are determined by the NYSESLAT or the LAB-R assessments.
2. As per CR Part 154, Tottenville High School, delivers a freestanding ESL program model. In the freestanding ESL program, beginning and literacy level students have one general ESL class and two ESL “workshop” classes that focus on listening/speaking and reading/writing. Intermediate level students have two ESL classes per day. Advanced ESL students take one ELA literature-based course (180 minutes per week) and one ESL workshop. ELL Students also take content classes in health education, science, math and social studies. Advanced level ESL classes serve students who have scored at the advanced level on the NYSESLAT assessment. ELL students with disabilities are identified as Special Education on the Individual Education Plan and are programmed for ESL as per their IEP.
 - a. Tottenville High School is a follows a freestanding ESL program model. All classes are held everyday in accordance with CR Part 154. (see above). Tottenville's ESL class are reduced in size holding a maximum of 25 students.
3. Content area classes are taught in English and adaptations are made according to the needs of the students. Teachers are informed in writing, as to which students are ELLs, their levels (based on the NYSESLAT and/or LAB-R) and how long they have been in the country. They are also advised that they are entitled to extended time on exams, are able to and encouraged to use glossaries and/or translators. If possible, students are partnered with other students that speak their native language which we have called our Student Ambassador Program.
4. Tottenville ensures that ELL's are appropriately evaluated in their Native Language by the use of interpreters (if necessary). The Spanis LAB-R is used for the Spanish students.
5. Tottenville differentiates instruction plans based on each subgroup.
 - a. SIFE – To date, Tottenville High School has three Students with Interrupted Formal Education (SIFE). Tutoring is available during and after school. Easy language books, magazines, bilingual dictionaries and thesauruses are available. The diagnostic computer

program called TeenBiz 3000 is used. It provides our SIFE students with literacy selections and tasks at different reading levels. Periodic assessments are made to monitor progress. ELL's are provided with additional assistance in literacy, mathematics, science and other content area programs by participating in remedial courses. These courses provide homework assistance, schema building, enrichment, understanding concepts and test preparation. Classes and tutoring are available both on Saturdays and after school.

b. Newcomers – Our ELLs that are in the United States 3 years or less are partnered with a Student Ambassador (referred to earlier). This student (if possible) is from the same country or speaks the same language. All students receive academic instruction as mandated by the CR Part 154 and the Language Allocation Policy. Instruction is customized to meet the students' needs and NYC performance and NYS learning standards. As a community, we work collaboratively to provide meaningful learning experiences for students to improve, enhance and exceed in their academic and language performance. Administration, teachers, parents and staff of community organizations participate in professional learning opportunities addressing the ELL's specific needs. Together we are embracing high standards for the entire school community.

c. ELLs receiving services 4-6 years) – All students receive academic instruction as mandated by the CR Part 154 and the Language Allocation Policy. Instruction is customized to meet the students' needs and NYC performance and NYS learning standards. Administration, teachers, parents and staff of community organizations participate in professional learning opportunities addressing the ELL's specific needs. ELL's are provided with additional assistance in literacy, mathematics, science and other content area programs by participating in remedial courses. These courses provide homework assistance, schema building, enrichment, understanding concepts and test preparation. Classes and tutoring are available both on Saturdays and after school funded through both our Extended Day Program and our after-school JCC Beacon Program. Teachers use a variety of methods, including scaffolding, graphic organizers, dialogues, journals, portfolio assessments, schema building, visuals, reflective charts, and contextualization, to insure optimum learning.

d. Long Term ELLs (completed 6 years): All students receive academic instruction as mandated by the CR Part 154 and the Language Allocation Policy. Instruction is customized to meet the students' needs and NYC performance and NYS learning standards. ELL's are provided with additional assistance in literacy, mathematics, science and other content area programs by participating in remedial courses. These courses provide homework assistance, schema building, enrichment, understanding concepts and test preparation. Classes and tutoring are available both on Saturdays and after school. Teachers use a variety of methods, including scaffolding, graphic organizers, dialogues, journals, portfolio assessments, schema building, visuals, reflective charts, and contextualization, to insure optimum learning.

e. ELLs identified as having Special Needs: ELL students with disabilities are identified as Special Education on the Individual Education Plan and are programmed for ESL as per their IEP. Instruction is customized to meet the students' needs and NYC performance and NYS learning standards. ELL's are provided with additional assistance in literacy, mathematics, science and other content area programs by participating in remedial courses

6. Tottenville High School uses a variety of methods to provide access to academic content to students of ELL-SWD. Visions Intro and Beginner is used in the ESL class. Systemic language development as well as instructions in phonics provides motivation and scaffolding for other content areas. The Visual Learning Science Program has been purchased to compliment the science classes. Students acquire key vocabulary, concepts, and learning strategies. We provide our ELL-SWD with reduced sized classes and differentiated instruction. ELL-SWDs whose IEP mandates bilingual instruction have Alternate Placement Paraprofessionals that accompany them 100% of the school day.

7. At this time, all six of our ELL-SWD students are in the Intermediate and Advanced level ESL classes. These general education ESL classes are designed with a reduce class size (max 24 students) in order for the teacher to differentiate instruction. Because we are in a large building with a large population, we are able to offer classes in multiple sections in almost all the specialized programs.

8. Targeted intervention programs for ELLs as well as Former ELLs in ELA, Global History and U.S. History are tutoring classes specifically for ELLs. These classes address the needs of ELLs and are taught with scaffolding methods. Terminology is explained, NLA books and videos are used

9. Tottenville High School students that become Proficient in the NYSESLAT are closely monitored by the ESL Coordinator and ESL Guidance Counselor. Services are provided during the Regents, such as testing in a separate location, use of a word to word glossary, Native Language exams (if offered by NYS Education Department) and extended time. Partnerships are continued and encouraged by our staff with the parents. Students are able to become Student Ambassadors and assist newcomers. This is an excellent way for the students to learn the value of community service and use their native language.

12. All our ELL's are afforded equal access to all school programs. Tottenville High School provides a great number of extracurricular activities such as sports, and various clubs, such as The International Club, The Chinese Culture Club, The Student Ambassador Club, The Italian Club, and The Sign Language Club. There are over two hundred different clubs and sports teams, all of which welcome the participation of all students. Our ESL Coordinator and Guidance counselor inform and encourage the students to attend, participate and try out. Events are announced through the morning announcements. Signs are posted throughout the building. E-chalk also posts all school teams, sporting events, clubs and extra curricular activities. In addition to the specific ELL tutoring, all our supplemental services and events are offered to our ELLs

Funding for our ELL after school programs are funded through Title III. Our goal is to have the students obtain proficiency in English but also in the content areas.

13. Instructional and technology materials are used to support ELLs. Last year 9 laptops were purchased for the use of ELL's in the classroom. Computer programs such as Achieve 3000 are used in all ESL level classes. With our Title III funds Virtual Learning a science based program was purchased for our ELLs. NLA materials used are dictionaries/glossaries, NLA literature and periodicals. Students are encouraged to use electronic dictionaries and programs.

14. Although consistently parents choose ESL, native language is supported through dictionaries/glossaries, and native language literature and periodicals such as The Virtual Learning Co. and Achieve 3000. Students are encouraged to use their native language as a means of communication. Students are partnered with a student that speaks their native language or are programmed in a content area class with a bilingual teacher.

15. Required services support and correspond to ELLs ages and grade level. Programs such as Achieve 3000 and the Visions series are from pre-literacy to transition that deal with young adult themes. The Heinle Reading Library has three levels. The Foundations Reading Library is a high interest reading series. It features carefully sequenced vocabulary and grammar are presented contextually through the adventures of a group of teens living in a small U.S.town.

16. Tottenville High School holds a student orientation prior to the beginning of the school year. Newly enrolled ELL's are greeted by the ELL Coordinator and Student Ambassadors. Students are given a private tour of the school and offices. They are introduced to staff and walked through all the necessary start-up procedures, such as taking the photo for their identification cards, purchase of the gym uniforms, lockers, etc. Students are then provided with bilingual dictionaries and glossaries. Question and answer session is held. Students are escorted by the Student Ambassadors to their classes for their first day of school. A letter of introduction is given to each

Funding for our ELL after school programs are funded through Title III. Our goal is to have the students obtain proficiency in English but also in the content areas.

13. Instructional and technology materials are used to support ELLs. Last year 9 laptops were purchased for the use of ELL's in the classroom. Computer programs such as Achieve 3000 are used in all ESL level classes. With our Title III funds Virtual Learning a science based program was purchased for our ELLs. NLA materials used are dictionaries/glossaries, NLA literature and periodicals. Students are encouraged to use electronic dictionaries and programs.

14. Although consistently parents choose ESL, native language is supported through dictionaries/glossaries, and native language literature and periodicals such as The Virtual Learning Co. and Achieve 3000. Students are encouraged to use their native language as a means of communication. Students are partnered with a student that speaks their native language or are programmed in a content area class with a bilingual teacher.

15. Required services support and correspond to ELLs ages and grade level. Programs such as Achieve 3000 and the Visions series are from pre-literacy to transition that deal with young adult themes. The Heinle Reading Library has three levels. The Foundations Reading Library is a high interest reading series. It features carefully sequenced vocabulary and grammar are presented contextually through the adventures of a group of teens living in a small U.S.town.

16. Tottenville High School holds a student orientation prior to the beginning of the school year. Newly enrolled ELL's are greeted by the ELL Coordinator and Student Ambassadors. Students are given a private tour of the school and offices. They are introduced to staff and walked through all the necessary start-up procedures, such as taking the photo for their identification cards, purchase of the gym uniforms, lockers, etc. Students are then provided with bilingual dictionaries and glossaries. Question and answer session is held. Students are escorted by the Student Ambassadors to their classes for their first day of school. A letter of introduction is given to each teacher.

17. Tottenville High School offers Spanish, Italian and Latin as language electives.

B. Programming and Scheduling Information--Continued

8. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.
9. Describe your plan for continuing transitional support (2 years) for ELLs reaching proficiency on the NYSESLAT.
10. What new programs or improvements will be considered for the upcoming school year?
11. What programs/services for ELLs will be discontinued and why?
12. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.
13. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?
14. How is native language support delivered in each program model? (TBE, Dual Language, and ESL)
15. Do required services support, and resources correspond to ELLs' ages and grade levels?
16. Include a description of activities in your school to assist newly enrolled ELL students before the beginning of the school year.
17. What language electives are offered to ELLs?

8. Targeted intervention programs for ELLs as well as Former ELLs in ELA, Global History and U.S. History are tutoring classes specifically for ELLs. These classes address the needs of ELLs and are taught with scaffolding methods. Terminology is explained, NLA books and videos are used

9. Tottenville High School students that become Proficient in the NYSESLAT are closely monitored by the ESL Coordinator and ESL Guidance Counselor. Services are provided during the Regents, such as testing in a separate location, use of a word to word glossary, Native Language exams (if offered by NYS Education Department) and extended time. Partnerships are continued and encouraged by our staff with the parents. Students are able to become Student Ambassadors and assist newcomers. This is an excellent way for the students to learn the value of community service and use their native language.

10. Tottenville High School considering an ESL Global History and U.S. History class using the Push In model.

12. All our ELL's are afforded equal access to all school programs. Tottenville High School provides a great number of extracurricular activities such as sports, and various clubs, such as The International Club, The Chinese Culture Club, The Student Ambassador Club, The Italian Club, and The Sign Language Club. There are over two hundred different clubs and sports teams, all of which welcome the participation of all students. Our ESL Coordinator and Guidance counselor inform and encourage the students to attend, participate and try out. Events are announced through the morning announcements. Signs are posted throughout the building. E-chalk also posts all school teams, sporting events, clubs and extra curricular activities. In addition to the specific ELL tutoring, all our supplemental services and events are offered to our ELLs

Funding for our ELL after school programs are funded through Title III. Our goal is to have the students obtain proficiency in English but also in the content areas.

E. Parental Involvement

1. Describe parent involvement in your school, including parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

1. & 2. As part of our commitment to the complete education of our students, we strive to develop a close partnership with parents and community members. We encourage this involvement as a way to broaden our students' educational experience and strengthen parental support and participation in all areas of our school. We provide meaningful orientation and guidance for parents of newly enrolled ELLs, as to their program choices including, school rules, expectations and their rights under the law. We provide opportunities for all parents to become familiar with various programs offered in our school by way of PTA meetings, orientation nights, conferences, workshops and bilingual letters home. Links are maintained with parent leadership and community based organizations. In addition, we work closely with groups that serve immigrants, with feeder schools and with institutions of higher education. Field trips to the New York City Public Library as well as TD Bank take place with our ELL population and their families. The JCC offers Adult Education ESL classes at night.

3. The needs of our parents are evaluated at the parent workshops and orientations. A warm friendly atmosphere is evident our Parent Center. Parents are encouraged to come to school, meet with the Parent Coordinator, ELL Coordinator and Guidance Counselor with not only educational needs but community needs as well. Native Language letters are sent to parents inviting them to various school events with a tear off section asking if they require an interpreter. All school letters and correspondence is on E-chalk and can be translated into 34 languages.

4. The needs of our ELLs' parents vary. An open, friendly relationship is maintained throughout the year. Parents are encouraged to communicate any needs they have with their child's Guidance Counselor, Parent Coordinator and ELL Coordinator. Interpreters are provided as needed. Translations and Interpretation services are available upon request and through our E-Chalk web site.

C. Schools with Dual Language Programs

1. How much time (%) is the target language used for EPs and ELLs in each grade?
2. How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?
3. How is language separated for instruction (time, subject, teacher, theme)?
4. What Dual Language model is used (side-by-side, self-contained, other)?
5. Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?

D. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
3. Describe the minimum 7.5 hours of ELL training for all staff (including non-ELL teachers) as per Jose P.

1. Professional Development at Tottenville High School is on going throughout the school year and provided by school staff, support services and outside services. Assistant Principals, ESL teachers, guidance counselors, paraprofessionals and subject area teachers are involved in a variety of staff development activities that insure the successful implementations of instructional strategies that enhance the education of ELLs. These activities include monthly department conferences and bulletins. Through the integration of local state and federal funds, Tottenville High School has made tremendous strides to ensure that teachers are better able to guide these students to meet the standards as shown in the core curriculum of New York State. Ongoing staff development sessions will include such topics as ESL in the content Areas, the NY State Regents Examinations, the Applied Learning Standards, Brain Research: Keeping ELLs in Mind (Nov - Dec. 2011), Literature-Based Instruction for English Language Development, and Differentiated Instruction. Tottenville High School is also working closely with the Teen Biz computer program. Our ESL teachers will be attending workshops with the above mentioned as well as Teen Biz 3000 to improve instruction Professional Development dates are November 8, 2011, January 30th and June 7, 2012.

2. Support is provided to ELLs as they transition from middle school to high school through workshops, physical education classes and a buddy system (with upper classmen). Mrs. Granite, our ESL Coordinator guides the freshmen ELLs though out the school year.

3. Training takes place both at general staff conferences as well as at monthly Department Conferences. In addition, this minimum staff training has also gradually become a component of our teacher team inquiry work. We have ordered Teachers Network Inc. (a Multilingual Professional Development (P.D.) Specialist for English Language Learners (ESLL) (Specialist, Inc.))

B. After reviewing and analyzing the assessment data, answer the following

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How can this information help inform your school's instructional plan? Please provide any quantitative data available to support your response.
- What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
- How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions?
- For each program, answer the following:
 - Examine student results. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - What is the school learning about ELLs from the Periodic Assessments? How is the Native Language used?
- For dual language programs, answer the following:
 - How are the English Proficient students (EPs) assessed in the second (target) language?
 - What is the level of language proficiency in the second (target) language for EPs?
 - How are EPs performing on State and City Assessments?
- Describe how you evaluate the success of your programs for ELLs.

Paste response to questions 1-6 here 1. Tottenville High School uses Achieve 3000 and NYS Periodic Assessments as tools to assess literacy skills of our ELLs. The initial Achieve data tool is a diagnostic exam. This establishes a baseline for the students and allows us to monitor growth throughout the year. The program helps with the grouping within the classroom for differentiated instruction

2. Based on the modality analysis, it is revealed that a higher percentage of students are proficient in Speaking and Listening as opposed to Reading and Writing.

Title III Supplemental Program for ELLs

Directions: Title III supplemental services for ELLs must include all of the following three components:

- **Direct instruction:** activities must be used to support language development, English and native language instruction, high academic achievement in math, and/or other core academic areas.
 - The Title III supplemental instructional services must be based on student need
 - These supplemental services should complement core bilingual and ESL services required under CR Part 154.
 - Direct supplemental services should be provided for before school, after school, and Saturday programs as well as reduced class-size, and/or push-in services.
 - Teachers providing the services must be certified bilingual education and/or ESL teachers.
- **High quality professional development** that is “of sufficient intensity and duration to have a positive and lasting impact on the teachers’ performance in classrooms.”
 - Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement** and supports must ensure that there are appropriate translation and interpretation services to meet community needs.
 - These are in addition to mandated activities, such as parent orientation during ELL identification process.

For more information on Title III requirements, please see the School Allocation Memo or contact your ELL Compliance and Performance Specialist.

Begin description here: With our Title III Funds we offer ELL Science Tutoring in both Living Environment and Earth Science prior to start of our school day. These classes are offered to both our current ELLs and our former ELL population. These classes offer academic vocabulary, concepts and hands on lessons to ensure academic success in all the areas of science. These classes support the Living Environment and Earth Science curriculum through The Common Core Learning Standards. Virtual Learning books, CDs and DVDs have been purchased with Title III funds to support our ELL population.

Global and U.S. History tutoring is available after school on Tuesday, Wednesday and Thursday. It is restricted to ELLs and Former ELLs. These classes offer academic vocabulary, concepts and hands on lessons in alliance with The Common Core Learning Standards. Glossaries, dictionaries and NLA textbooks are used to support our ELLs

E.L.L.s that are in E.S.L. longer than three years (long-term E.L.L.s) have supplementary instruction before and/or after school that focus on listening/speaking and reading/writing. Tutoring is also offered preparing students for the Regents. We also offer college prep courses through our Guidance Department and Beacon Program. Our students are encouraged to attend The College Bound Saturday Program at Wagner College. This is a program for ELLs and Former ELLs to prepare them for the college application process as well as college.

Begin description here: Tottenville High School is always looking to improve their relationship/communication with students and their families. This is why we have incorporated e-Chalk into our learning community. E-Chalk is an online learning environment. Parents are able to find everything they need to communicate and collaborate with their children’s school. They are able to stay informed with calendars, school programs, sports, activities and PTA newsletters. E-Chalk has the capabilities of translating up to 34 languages. We also have planned a trip to the Library for both the parents and the students. We provide opportunities for all parents to become familiar with various programs offered in our School by way of PTA meetings, orientation nights, conferences, workshops. We offer refreshments at these events. Links are maintained with parent leadership and community based organizations. In addition, we work closely with groups that serve immigrants, with feeder schools and with institutions of higher education. Field trips to the New York City Public Library as well as TD Bank take place with our ELL population and their families. The J.C.C. offers an Adult ESL class on Tuesday and Thursday.

 - The Title III supplemental instructional services must be based on student need
 - These supplemental services should complement core bilingual and ESL services required under CR Part 154.
 - Direct supplemental services should be provided for before school, after school, and Saturday programs as well as reduced class-size, and/or push-in services.
 - Teachers providing the services must be certified bilingual education and/or ESL teachers.
- **High quality professional development** that is “of sufficient intensity and duration to have a positive and lasting impact on the teachers’ performance in classrooms.”
 - Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement** and supports must ensure that there are appropriate translation and interpretation services to meet community needs.
 - These are in addition to mandated activities, such as parent orientation during ELL identification process.

For more information on Title III requirements, please see the School Allocation Memo or contact your ELL Compliance and Performance Specialist.

Begin description here: With our Title III Funds we offer ELL Science Tutoring in both Living Environment and Earth Science prior to start of our school day. These classes are offered to both our current ELLs and our former ELL population. These classes offer academic vocabulary, concepts and hands on lessons to ensure academic success in all the areas of science. These classes support the Living Environment and Earth Science curriculum through The Common Core Learning Standards. Virtual Learning books, CDs and DVDs have been purchased with Title III funds to support our ELL population.

Global and U.S. History tutoring is available after school on Tuesday, Wednesday and Thursday. It is restricted to ELLs and Former ELLs. These classes offer academic vocabulary, concepts and hands on lessons in alliance with The Common Core Learning Standards. Glossaries, dictionaries and NLA textbooks are used to support our ELLs

E.L.L.s that are in E.S.L. longer than three years (long-term E.L.L.s) have supplementary instruction before and/or after school that focus on listening/speaking and reading/writing. Tutoring is also offered preparing students for the Regents. We also offer college prep courses through our Guidance Department and Beacon Program. Our students are encouraged to attend The College Bound Saturday Program at Wagner College. This is a program for ELLs and Former ELLs to prepare them for the college application process as well as college.

funds, Tottenville High School has made tremendous strides to ensure that teachers are better able to guide these students to meet the standards as shown in the core curriculum of New York State. Ongoing staff development sessions will include such topics as ESL in the content Areas, the NY State Regents Examinations, The Common Core Learning Standards and lesson planning that includes ELL Students, and Literature-Based Instruction for English Language Development. Tottenville High School is also working closely with the Teen Biz computer program. Our ESL teachers will be attending workshops with the above mentioned as well as Teen Biz 3000 to improve instruction. Teaching Strategies for English Language Learners is being purchased through the NYS Teacher's Network

Part D: Parental Engagement Activities

Begin description here: Tottenville High School is always looking to improve their relationship/communication with students and their families. This is why we have incorporated e-Chalk into our learning community. E-Chalk is an online learning environment. Parents are able to find everything they need to communicate and collaborate with their children’s school. They are able to stay informed with calendars, school programs, sports, activities and PTA newsletters. E-Chalk has the capabilities of translating up to 34 languages. We also have planned a trip to the Library for both the parents and the students. We provide opportunities for all parents to become familiar with various programs offered in our School by way of PTA meetings, orientation nights, conferences, workshops. We offer refreshments at these events. Links are maintained with parent leadership and community based organizations. In addition, we work closely with groups that serve immigrants, with feeder schools and with institutions of higher education. Field trips to the New York City Public Library as well as TD Bank take place with our ELL population and their families. The J.C.C. offers an Adult ESL class on Tuesday and Thursday.
