DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

All Reward, Recognition and In Good Standing schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

CEP goals are generally intended to guide school-wide planning and development. CEP goals may be coordinated with goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be aligned with the current citywide instructional expectations.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should use quantitative and/or qualitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, NYS Accountability report (SQR, SCRA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.

ANNUAL GOAL #1 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

- Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

By June 2013, students in 1st grade will demonstrate increased reading proficiency as evidenced by a 10% increase in reading proficiency, measured against periodic benchmark levels.

Comprehensive needs assessment

- Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

At the end of Kindergarten 2012 the lowest performing students who were unable to identify letters of the alphabet, their sounds as well as read level B on the Fountas and Pinnell scale were considered at risk. These identified students, currently in grade 1, will receive targeted Reading Recovery intervention by a Reading Specialist.

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) key personnel and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.

- **Administer Reading Recover Assessments to targeted 1st graders (Sept)**
- **Professional staff development for 2 reading specialists to participate in year-long, weekly Reading Recovery workshops thru NYU afterschool (ongoing)**

Strategies to increase parental involvement

- All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP). The PIP template is provided on pages 11 through 15 in this CEP.
- **Parents of Reading Recovery students are individually contacted and a conference is conducted in person or by telephone to explain the program before intervention is started.**
- **Specific Reading Recovery homework is sent home daily to keep parents abreast of progress.**
- **Reading Recovery notebooks go home daily with student writing and assignments.**

Budget and resources alignment

- Indicate your school's Title I status: School Wide Program (SWP) Targeted Assistance Program (TAP) Non-Title I

- Select the fund source(s) that your school is using to support the instructional goal.

_____ Tax Levy _____ Title I _____ Title IIA _____ Title III _____ Grants _____ Other

If other is selected describe here:

Service and program coordination

HIGHLY QUALIFIED TEACHERS (HQT)

Teaching candidates are hired centrally by the NYCDOE. As described in the NYCDOE Consolidated Application, this process ensures that all NYCDOE teachers meet State eligibility requirements. Schools, in turn, ensure that teachers are HQT, as defined by NCLB

Describe the strategies and activities including strategies for recruitment, retention, assignments and support including High Quality professional development that ensures staff is highly qualified.

- **Professional conversations with administration occur in January and June**

**DIRECTIONS AND GUIDANCE FOR DEVELOPING OR UPDATING
THE PARENT INVOLVEMENT POLICY (PIP) (A REQUIREMENT FOR TITLE I SCHOOLS ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

Requirement under Chancellor's Regulations – for all schools

DBN: 75K372 School Name: PS372

Cluster: 751 Network: 1

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

Identification of English Language Learners (ELLs) occurs at the Committee on Special Education (CSE) level through completion of the Home Language Identification Survey (HLIS), or at time of registration. We use the ATS reports (RLER, LAB-R, RADP, and BIOS) to ascertain this information if we do not have the original HLIS. When new students who may not have gone through CSE come to our school, we initially identify primary language spoken by each parent by administering the HLIS and interviewing them.

When possible, the intake interview is conducted in home language. The school determines whether the parent(s) requires language assistance to communicate effectively with the Department by offering the option of assistance and then giving parents the opportunity to request it if they want it. The parents may request language assistance for effective communication through the Home Language Identification Survey and/or via the blue emergency cards kept on file for each student.

Additionally, a Bill of Parent Rights and Responsibilities (which includes their rights regarding translation and interpretation services) is provided. Translated versions are made available.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

The HLIS findings reveal that Spanish, Mandarin, Cantonese, and French are the languages in which written translation and oral interpretations are required. The findings were reported to the school community through school newsletter and website. Approximately 12 families were identified as needing such services.

Within our school community, the following families require either oral interpretations or written translations:

1 Cantonese

1 Mandarin

6 Spanish

1 French

(on rare occasion, parents with either Czech or Turkish native languages have requested help with written interpretation)

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

School communications are provided in English as well as home language for all critical information regarding the child's education, health, safety, and legal or disciplinary matters. A team of designated in-house staff and volunteers are available for quick turnaround and are contacted as soon as need is identified. Staff members currently speak Spanish, French, Cantonese, Mandarin, Arabic and Russian which cover the languages of our students.* They are available at group and 1-to-1 meetings when required. Whenever possible, written translation services will be provided by the in-house school staff and parent volunteers. However, in cases where no one is available or fluent in a requested language, the DOE's Translation and Interpretation Unit is contacted. We continually utilize the services of the Interpretation and Translation Unit when a current staff member cannot communicate with our families in the necessary language or if that staff member is unavailable for the scheduled meeting. In addition, we utilize the Unit for documents specific to our in school policies. However, in cases where projected turnaround is delayed, parents are notified in their home language, along with the English version, of free translation or interpretation options.

The Bill of Rights is available, in all the necessary languages, in the Parent Coordinator's office. Any parent requiring translations will be provided with the translation through our in-house current staff members. When necessary, the Interpretation Unit is called and a conference call will take place for parent meetings and curriculum conferences.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

When requested by parent, the school provides interpretation services through available in-house school staff and volunteers. The Interpretation and Translation Unit is utilized when a current staff member cannot communicate with our families in the necessary language or is unavailable for the scheduled meeting. In addition, we utilize the Unit for documents specific to our in-school policies.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

Parents whose primary language is a covered language and who require language assistance services are provided with Bill of Parent Rights and Responsibilities at registration time. In addition, at registration, parents are briefed (when possible in home language) regarding language assistance services.

Translated signs, indicating the availability of interpretation services, in the covered languages are posted at school entrance and in the office.
