DIRECTIONS AND GUIDANCE FOR COMPLETING THE ANNUAL GOALS AND ACTION PLAN SECTION

The CEP goal-setting is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as to document how your school is meeting Federal, State, and City regulations.

Below you will find guidance on documenting annual goals and action plans.

WHICH SCHOOLS NEED TO COMPLETE THIS?

All Reward, Recognition and In Good Standing schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

HOW DO CEP GOALS RELATE TO GOALS SET FOR THE PRINCIPAL PERFORMANCE REVIEW (PPR)?

CEP goals are generally intended to guide school-wide planning and development. CEP goals may be coordinated with goals set by the principal for the Principal Performance Review (PPR) if they are appropriate for use as school-wide goals.

HOW SHOULD A SCHOOL DEVELOP ITS GOALS AND ACTION PLANS?

- Your school should identify a minimum of three and a maximum of five annual goals.
- Goals should be aligned with the current citywide instructional expectations.
- Goals should be “SMART” - specific, measurable, achievable, realistic, and time-bound.
- Goal development should be based on an assessment of your school’s needs.
- Your school should use quantitative and/or qualitative data in providing the rationale for each goal. Cite sources that contributed to the rationale, such as the Progress Report, Quality Review, School Survey, NYS Accountability report (SQR, SCRA, or JIT), state and school assessment results, attendance records, inquiry team work, etc.
- Each goal and action plan requires your school to cite the strategies and activities in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 11 through 15. Your school is encouraged to use the template as it is provided, or align it in accordance with your school’s goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.

ANNUAL GOAL #1 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

- By June, 2013, students in grade 2 will be engaged in at least 2 literacy and 2 math tasks that have multiple entry points for all learners, which are embedded in a rigorous curriculum unit aligned to the Common Core State Standards.

Comprehensive needs assessment

- Our school is a lab site school for designing performance assessments for the Common Core standards. Last year, 8 members of our lab team were responsible for designing performance tasks. This year, non-lab team members are responsible for designing performance tasks. Since all assessments will soon be aligned to Common Core Learning Standards, it is critical for all teachers, not just the members of the Lab Team become comfortable with designing Common Core-Aligned units, lessons, and tasks.

Instructional strategies/activities

- By June, 2013, the following will take place:

Teachers will identify or create Common Core-aligned task bundles that incorporate rigorous student work that is accessible to all learners.

In literacy, the task bundles will be aligned to a strategically selected common core literacy focused standard, which are as follows:

Literacy Grade 2 – Written informational texts (Writing Standard 2)

AND

Read and comprehend based on an analysis of informational texts (Reading Informational Text Standards 1 and 10)

In math, the curriculum units will be aligned to the overall standard of practice and

Students in grade 2 will be engaged in cognitively demanding mathematics tasks that require them to demonstrate their ability to model with mathematics and/or construct and explore the reasoning behind arguments to arrive at a viable solution. These tasks will focus in the following domain areas:

Math Grade 2 – 1) Numbers & Operations (use place value and properties of operations to add and subtract)

2) Operations and Algebraic Thinking (represent and solve problems involving addition and subtraction)

Strategies to increase parental involvement

- Parents will be notified of the performance tasks and their outcomes.
- The school will be communicating with parents throughout the year regarding the continued implementation of Common Core Learning Standards
- Parents will be invited to workshops with various school personnel to give a more detailed explanation of Common Core Learning Standards and how it is being implemented throughout the school.

Budget and resources alignment

- Indicate your school's Title I status: School Wide Program (SWP) Targeted Assistance Program (TAP) Non-Title I

- Select the fund source(s) that your school is using to support the instructional goal.

Service and program coordination

- Network support team, as well as Central support, will help us to coordinate the program.
- The Common Core Lab Team will turnkey important information
- Administration will closely monitor the progress through both informal and formal observations

ANNUAL GOAL #2 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

- By June, 2013, Principals and APs will conduct a minimum of 6 informal and 2 formal observations for each teacher using strategically selected Domains/Components of the Danielson rubric to provide meaningful feedback.
- Each teacher will meet with administration to identify individual teacher goals based on the selected teaching framework
- Each teacher will engage in a professional growth plan that assesses effectiveness at three cycles, a baseline, mid-year and end-of-year feedback session

Comprehensive needs assessment

- The only sure way to increase student performance is through improved teacher practice. In order to improve teacher practice, teachers and administrators must keep a constant, open dialogue regarding the strengths of each teacher, as well as in areas that both the teacher and administration believe there is room for improvement. Just as we collect data on students to help drive instruction, we must also collect data on teachers. This data will then be used to help develop a personalized development plan for each teacher. Differentiating professional development for each teacher is a major need in the school. This will allow teachers to receive the help they themselves need and will allow them to have ownership over their own learning. This will result in improving instruction and learning across the school.

Instructional strategies/activities

By June 2013, the following will occur:

- Administration will develop an observation protocol which clarifies expectations, incorporates teacher effectiveness, and addresses individually identified teacher goals and school goals.
- School Administrators/Network personnel/Coach will conduct professional development activities designed to develop a clear and shared understanding of what the effective teaching should look like in the area(s) of focus, build on the practice observed in classrooms, and arrange for collaborative investigation of practice Learning Walks, peer reviews, teacher meetings, and “lunch and learns.”
- School Administrators will engage in network professional development opportunities focusing in on teacher effectiveness, the Danielson Framework, and shared expectations around looking at student work and implementation of the CCLS.
- Each teacher will meet with administration to identify teacher specific goal for the 2011-12 school year reviewed at the three cycles described above

Strategies to increase parental involvement

- Parent Involvement is not applicable to this goal.

- Teachers will use online professional development resources such as:
 - EngageNY
 - The NYC DOE's web portal, which has teacher resources, as well as the Common Core Toolkit
 - Aris

ANNUAL GOAL #3 AND ACTION PLAN

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

- By June 2013, we will increase the percentage of students achieving Level 4 in ELA on the 2013 NY State exam by 10% in grades 5-8.

Comprehensive needs assessment

- On the New York State English Language Arts Exam that was administered to our students in the Spring of 2012, the percentage of students who scored in the Level 4 range was as follows:
 - 3rd Grade-40%
 - 4th Grade-23%
 - 5th Grade-10%
 - 6th Grade- 7%
 - 7th Grade- 8%
 - 8th Grade- 8%

As you can see, there is a precipitous decline in the percentage of students who far exceed grade level on this exam as they students progress in age. We recognize this and realize that the school needs to strengthen the Upper Elementary and Middle-School students.

Instructional strategies/activities

- By June, 2013, the school will implement the following:
 - *Create writing clinics throughout the school, where students receive direct instruction that addresses specific skills identified as areas of need by various data points from both formative assessments and summative assessments*
 - *Teachers will receive professional development in Junior Great Books, which will improve teacher's questioning skills, which will in turn promote more critical thinking skills and the use of text-based evidence to support their hypotheses*
 - *Teachers will implement writing unit and, during teacher team meetings throughout the year, teachers will use protocols to assess the effectiveness of the writing unit. Instructional resources from the Common Core Library will serve as design models.*
 - *Use various data sources (Acuity Benchmark, Performance Series, 2012 NYS ELA item analysis, ECLAS, and teacher-created assessments) to identify specific skills to be targeted in the area of reading comprehension*
 - *Teachers, Collaborative Inquiry Teams, and administrators will continuously examine data to identify trends, successful teacher strategies, and next steps for direct instruction*
 - *Enrichment programs offered after school to support students who are achieving at or above grade level*

Strategies to increase parental involvement

- The school will communicate with parents to share students' progress and performance
- Parent workshops will be offered to help parents support their children in the area of ELA

HIGHLY QUALIFIED TEACHERS (HQT)

Teaching candidates are hired centrally by the NYCDOE. As described in the NYCDOE Consolidated Application, this process ensures that all NYCDOE teachers meet State eligibility requirements. Schools, in turn, ensure that teachers are HQT, as defined by NCLB

Describe the strategies and activities including strategies for recruitment, retention, assignments and support including High Quality professional development that ensures staff is highly qualified.

Before a teacher is hired here at TAG we go through an extensive vetting process that includes an evaluation of the candidates professional resume and references. A thorough personal interview is conducted with a team of people which includes administrators, classroom teachers, and any other school personnel or members of the school community that may have a stake in the person who is being considered. When possible, a demo lesson is observed as well.

Once a teacher is hired here at TAG they are matched up with a mentor to ensure that the transition is as seamless as possible. These mentors not only support and advise new staff members on the protocols and expectations that all TAG staff members are expected to adhere to, but they provide a deeper level of support which will enable the new staff member to be easily integrated into the TAG community and move them forward through their development at professionals.

The network and administration provide numerous, varied, and differentiated professional development opportunities, both in and out of school. Teachers are encouraged to seek out professional development opportunities that they feel are of particular value to themselves as well as to the school community.

In order to enhance level of ownership that each staff member feels, all stakeholders' input is sought in the development of curriculum and evaluation of special programs that are under consideration for implementation.

Assignments are always made with the best interest of the students in mind, but staff members are given the opportunity to request specific assignments. When requests are made the staff member is asked to provide evidence as to the benefit they would provide for students and the school community. If a particular request is unable to be filled, ample notice is given to the candidate in question and a detailed explanation as to why the request cannot be filled is offered. Any staff that does not get their request filled will have the opportunity to make the request at another time.

**DIRECTIONS AND GUIDANCE FOR DEVELOPING OR UPDATING
THE PARENT INVOLVEMENT POLICY (PIP) (A REQUIREMENT FOR TITLE I SCHOOLS ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership

Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;

Part II: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of those students who may possibly be ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. Also describe the steps taken to annually evaluate ELLs using the New York State English as a Second Language Achievement Test (NYSESLAT).
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned? (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [see tool kit].)
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
5. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.)
6. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. *i*

All parents of newly enrolled students complete a home language survey to help the school identify students with limited English language proficiency. The survey is completed on school grounds and is administered through an informal oral interview by a highly qualified certified teacher who speaks English and the parent's native language. Once potential ELLs are identified, they are administered the revised Language Assessment Battery (LAB-R) within ten days of enrollment: this test determines whether students are entitled to ELL services, and informs administration on proper instructional placement.

For those students identified as requiring ELL services, their parents are immediately contacted via an entitlement letter and follow-up phone call. Additionally, they are invited to a parent orientation at the school, where they view the NYCDOE Parent Orientation DVD in their native language to become informed and understand the three program choices available through the NYCDOE for their children: Transitional Bilingual, Dual Language, and Freestanding ESL. During the Parent Orientation, parents are provided a parent survey and a program selection form that they are required to complete before leaving. It is important to note that while general parent orientations are held both in the fall and spring, individual parent conferences are held throughout the school year, and are scheduled around the parent's availability and convenience.

All parent surveys and program selection forms are reviewed by Administration to build alignment between parent choice and the program offered by the school on behalf of the NYCDOE. At the present time, M012 has no identified ELL students that are being offered ESL services. However, should fifteen or more parents opt for Transitional Bilingual Education or Dual Language programming, an additional program will be installed to comply with the parental request.

Part IV: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered?
 - a. What are the organizational models (e.g., Departmentalized, Push-In [Co-Teaching], Pull-Out, Collaborative, Self-Contained)?
 - b. What are the program models (e.g., Block [Class travels together as a group]; Ungraded [all students regardless of grade are in one class]; Heterogeneous [mixed proficiency levels]; Homogeneous [proficiency level is the same in one class])?
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to enrich language development.
4. How do you ensure that ELLs are appropriately evaluated in their native languages?
5. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs in US schools less than three years (newcomers). Additionally, because NCLB now requires ELA testing for ELLs after one year, specify your instructional plan for these ELLs.
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6 years).
6. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
7. How does your school use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment?

Currently our school has no ELL students. If we did have them...

1. Push-in Collaborative teaching is utilized at our school. Students in need of services receive them in their regular classroom from the classroom teacher and ESL teacher. Students travel together each period and are grouped heterogeneously.
2. The ESL teacher can push-in for the required amount of minutes.

A. Programming and Scheduling Information

3. ELL students would receive the same content instruction as other students in English. As with all students, best practice techniques are utilized to ensure comprehension and understanding.
4. These students receive instruction in English with push-in services as required. Instruction is differentiated to meet their learning needs in all subjects.
5. ELL students receive extra support through push-in instruction and during the 37.5 minute block. Instruction is in English and students receive the same content as other students.

No Dual Language Program

D. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
3. Describe the minimum 7.5 hours of ELL training for all staff (including non-ELL teachers) as per Jose P.

Staff members receive training on effective best practices for ELLs and all learners. PD sessions are held every Monday morning for administration and teachers to learn new strategies, reflect on their practice, analyze student data, and plan short and long term learning goals. Guidance Counselor and Parent Coordinator assists teachers, students, and families as ELLs transition to older grades. Our CFN partners assist with mandatory training to effectively address the needs of ELLs.

E. Parental Involvement

1. Describe parent involvement in your school, including parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

1. Our parent involvement is strong, with high attendance at school functions. Parents are routinely surveyed to assess their needs and wants from the school. The parents of our two ELLs are actively involved in their child's education.
2. The school does not provide separate workshops for our two ELL students but workshops are held monthly for all families.
3. We survey parents regularly whenever there is a function at the school. We use this data to drive decision-making. We also hold intensive sessions with staff to evaluate the annual Learning Environment Survey and set goals to improve parental satisfaction.
4. Once we survey our families and determine their wants and needs, workshops and activities are planned to address them. Parents indicate they want more knowledge and exposure to curriculum and instruction so we hold curriculum conferences and instructional sit-ins several times each year.

B. After reviewing and analyzing the assessment data, answer the following

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How can this information help inform your school's instructional plan? Please provide any quantitative data available to support your response.
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions?
4. For each program, answer the following:
 - a. Examine student results. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the Native Language used?
5. For dual language programs, answer the following:
 - a. How are the English Proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?
6. Describe how you evaluate the success of your programs for ELLs.

1. Our schools uses various forms of assessment data to assess the early literacy skills of our ELL's. Assessments include ECLAS-2, running records, informal reading inventories, and practice exams. Data from these assessments help staff to set short and long term reading goals for all students.
2. Currently we have two students eligible for ELL services. All other students who take the LAB-R score perfectly or near-perfectly. Our one student who did not master the LAB-R struggled with sight words.
3. Instructional decisions will be made once assessment data is gathered and analyzed. The student who did not pass the LAB-R received AIS services and intense reading and writing exposure.
4. Our sixth grade student is at the top of his class in all subject areas. Our kindergarten child has shown great progress since September. ELL interim assessments are not used at our school.
5. No dual language programs
6. Success is evaluated using empirical data, such as assessment scores, student work, parent/child feedback, etc. Students must show measurable progress in English language skills and acquisition

LANGUAGE TRANSLATION AND INTERPRETATION 2011-2012

CEP Appendix 7

Requirement under Chancellor's Regulations – for all schools

DBN: 04M012 **School Name:** TAG Young Scholars

Cluster: CEI-PEA **Network:** 534

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

Incoming parents complete a form regarding their primary language and preferred language. Based on this information, new parents and existing parents with preferred languages other than English will receive assistance and translation.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

A super-majority of our parents speak and prefer English. Several parents prefer Spanish spoken as a means to communicate with them. One parent communicates in Mandarin. All school staff were informed in meetings of the findings and the proper protocol when communicating with these parents.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Important memos distributed to parents will be primarily in English. For those few parents who prefer Spanish, online translation websites will assist, with the help of fluent staff members. In-house staff will assist in all cases. Online services will assist with the Mandarin parent.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

In-house staff members will provide oral interpretation services when needed to those parents who speak Spanish. An outside vendor will assist the Mandarin parent.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

Appropriate posters will be displayed as will language-specific memos distributed the first week of school.
