# **Comprehensive Education Plan (CEP) Requirements**

## **Which Schools Need to Complete the CEP?**

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

## **Guidance for Developing and Completing the Annual Goals and Action Plan Section**

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

## **School Receiving Title I Funds**

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

**Highly Qualified Teachers (HQT)**

Describe the strategies and activities including strategies for recruitment, retention, assignments, and support including high quality professional development that ensures staff is highly qualified.
X To ensure that our current staff becomes highly qualified we are following the Danielson Framework for Teaching this will be used as our teacher evaluation instrument. Based on the work of Charlotte Danielson, this tool will be used to provide rubrics to evaluate teachers based on the observation option which they have chosen. Option 1 constitutes 3 informal and 1 formal observations. Option 2 constitutes 6 informal observations. These observations may lead to suggestions for staff development in specific areas for a specific teacher or a group of teachers.
On the BEDS survey all of our teachers were identified as being highly qualified.

**Transition Plans to Assist Preschool Children (Elementary Schools Only)**

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.).
In order to ensure a smooth transition from Preeschool to kindergarten, P.S. 319 has put several plans in place. These plans include but are not limited to parent-child staff visits from local neighborhood daycare centers, parent orientations explaining the Common Core, the curriculum and expectations, a Pre-K self-funded summer program introducing children to the curriculum and structure of kindergarten.
Fall progress report distribution to parents as well as the movement of portfolios demonstrating social-emotional and academic levels from grade-level to grade-level.

**Measures to Include Teachers in Decisions Regarding Assessments**

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.
Throughout the year, teachers are given multiple opportunities to share in decisions regarding student assessment. The MOSL team, for example, discusses and chooses our local and state assessment. Teacher team meetings, Instructional Cabinet Meetings and grade conferences provide alternative opportunities to discuss lessons, strategies and assessments. Various professional development opportunities both in school and outside are offered to our staff members providing learning opportunities on various assessment topics.

**TA Schools Only**

**Use of Program Resources**

Describe how the TA program resources will assist participating children to meet proficiency.

**TA Coordination with the Regular Program**

**Directions and Guidance for Developing and Updating the  
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

**Parent Involvement Policy (PIP) Template**

Public School 319, Williamsburg Early Childhood Center, Aleyda Z. Martinez, Principal

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- Differentiated homework is distributed to the students daily. During school vacations packets are sent home for students to work on over the break.
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- Report cards are distributed three times a year and Progress reports are distributed twice a year.
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- All information and notices that are sent home are sent home in all languages spoken within the school.
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the

proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- Ana Perez, our Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include, asthma, breast cancer, diabetes, domestic violence, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report; CCLS
- host the required Annual Title I Parent Meeting on or before December 1<sup>st</sup> of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Our school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;

## After reviewing and analyzing the assessment data, answer the following:

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.  
Fountas and Pinnell is used to assess our ELL students. The data collected from these tests is graphed and analyzed by our Data Specialist. Student reading levels (Fountas and Pinnell) are recorded monthly. This information is used to develop goals for each student that are set forth in Individualized Education Plans. As goals are met, new ones are set.
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?  
Data patterns across proficiency levels in kindergarten LAB-R reveal the need for instruction in all modalities. NYSESLAT data patterns reveal the need for instruction in reading and writing.
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))  
Please see question #2
4. For each program, answer the following:
  - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
  - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
  - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?N/A
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RTI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)  
The ESL teacher will meet with the RTI team monthly to assess how the ELL students are progressing within the RTI program. In addition, the ESL teacher works with the students on the skills determined by the RTI team.
6. How do you make sure that a child's second language development is considered in instructional decisions?  
Paste response to question here:
7. For dual language programs, answer the following:
  - a. How are the English-proficient students (EPs) assessed in the second (target) language?
  - b. What is the level of language proficiency in the second (target) language for EPs?
  - c. How are EPs performing on State and City Assessments?N/A
8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).  
The data revealed by the NYSESLAT indicates the success of our program. At minimum, the majority of our students move up a level. A significant number of students achieve proficiency at both the kindergarten and first grade level.

## Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)  
Upon registration, an oral review with the parent and child is conducted to identify the need for a Home Language Survey. The interview is conducted in English and their native language. Once identified, the Home Language Survey is administered by a bilingual teacher. Within 10 days, the LAB is administered to the students who are eligible. At the end of the school year students

are evaluated using the NYSESLAT.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.  
Parents are invited to an orientation meeting where all three program choices are discussed. Parents are contacted with letters, phone calls or in person.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)  
Entitlement letters are distributed. Parent Survey and Program Selection Forms are distributed at the orientation meeting to enable parents to ask questions to fully understand their options. The teacher is available during and after the meetings to facilitate the process. The facilitator is available by phone and in person throughout the school year. The facilitator keeps track of all forms to ensure that all are returned.
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.  
Upon returning the Parent Survey and Program Selection Form students are appropriately placed.
5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.  
Paste response to question here:
6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.   
After reviewing the Parent Survey and the Program Selection Forms it has become apparent for some time that parents are selecting the Freestanding English as a Second Language Program. Ninety nine percent of our parents have chosen this program.

**LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015**

*Requirement under Chancellor's Regulations – for all schools*

DBN: **14K319**

School Name: **P.S. 319**

Cluster: **4**

Network: **Childrens First Network**

**Goal:** To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

**Part A: Needs Assessment Findings**

---

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

The Leadership Team uses parent feedback on surveys to review and assess P.S. 319's written and oral interpretation needs.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

It is necessary for all written communication to be in both English and Spanish. Spanish translation is done by staff members fluent in Spanish. Translation in other languages is done when necessary using either the DOE Translation service or Google Translate. Report cards are needed in English and Spanish. Report cards in other languages will be ordered as needed. Oral interpretation is needed in Spanish at all conferences. Interpretation in other languages will be provided as needed. These findings were determined through leadership issued surveys and were reported at staff meetings and reported to the parents at a PTA meeting.

## Part B: Strategies and Activities

---

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

All school and home written interactions are sent home in English with a Spanish translation below. Translation in languages other than Spanish are provided by the DOE translation service or through google translate. All students receive report cards in their home language, if necessary.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Translators for Spanish speaking parents are always available. We have used and continue to use the available Department of Education translation service providers for any communication needed for our families who speak other languages. Parent volunteers are used as well. For scheduled parent teacher conferences, we have used and will continue to use DOE approved vendor interpretation services. For evening conferences, we will use part of our interpretation allocation to pay Paraprofessionals to translate in Spanish.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:  
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

At the beginning of the school year, every family will receive a copy of the Chancellor's Regulation A-663 Attachment A advising them of language assistance services available to them.
