# **Comprehensive Education Plan (CEP) Requirements**

## **Which Schools Need to Complete the CEP?**

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

## **Guidance for Developing and Completing the Annual Goals and Action Plan Section**

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

## **School Receiving Title I Funds**

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

## Goal and Action Plan #1

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

### **Annual Goal #1**

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.  
 By June 2014 we will observe all eligible teachers utilizing a research-based teaching framework and extend analysis of student outcomes to elevate instructional practices and deepen the levels of professional growth

### **Comprehensive Needs Assessment**

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.  
 Use the observation of classroom teaching with a research-based common teaching framework and analysis of learning outcomes to elevate school-wide instructional practices and implement strategies that promote professional growth and reflection, with a special focus on new teachers.  
  
 For our 2012-13 QR one Area For Improvement: The principal uses the Danielson Framework to conduct formal observations and frequent "snapshot" classroom visits for teachers, including teachers new to the school, and provides verbal and written feedback on overall lessons and activities observed. The feedback consists of lesson descriptions and suggested next steps for improvement. In addition, the principal reflects upon student growth by analyzing student work seen in the classroom. However, the use of student data from formative and summative assessments is not consistently included in the analysis. This reduces opportunities to provide suggestions for next steps that are directly connected to student performance and continued growth and, thus, adversely affects student progress. Further, while the feedback provided includes specific information regarding expectations for best practices to support teacher growth, alignment with teachers' professional goals is not uniformly evident in the reports. This lessens opportunities for teachers to reflect on their practice and progress towards meeting their individual goals for continued development to maximize student achievement.

### **Instructional Strategies/Activities**

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. ---

**Parent Involvement Policy (PIP) Template**

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's CEP. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. **After reviewing and analyzing the assessment data, answer the following:**

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school’s instructional plan? Please provide any quantitative data available to support your response.
  1. The ESL Program at Brooklyn Brownstone School will serve students identified in grades K-5. When newly admitted students are registered, parents are given the Home Language Identification Survey. If a parent speaks a language other than English, we have forms readily available in their preferred language. A certified team member (a licensed pedagogue or administrator) will speak to the parents and conduct an informal interview with the child to determine if the child is eligible for LAB-R testing. After having initialed the Home Language Survey, the teacher will administer the LAB-R to newcomers during the first 10 days of attending school. All LAB-R exams will be hand scored at the school to determine English Language Proficiency. If the student is entitled to services they are place in a program of their parent’s choice and will remain there until they take the NYSESLAT. Based on the LAB-R or NYSESLAT scores, the English Language Learners (ELLs) will be grouped by grade and level of proficiency.
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
  2. Our school strives to assure that every parent knows the program choices available to them. When a child is determined to be an ELL his/her parents we will invite them to attend an orientation meeting with our Parent Coordinator and ESL Teacher. During this meeting, parents will view a Department of Education video entitled “Orientation for Parents of English Language Learners”, explaining the three program choices, Transitional Bilingual Education, Dual Language program and English as a Second Language. Parents will have the opportunity to ask questions and make appropriate choices. Documentation will be kept in a binder for compliance records. to question here:
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))
  3. Entitlement and placement letters will be distributed to students to take home to their parents. If forms are not returned in a timely manner, the Family Worker and or a teacher will call the home and request they return the form. Parents who pick up their children will be approached after dismissal. If form is not returned the default program for ELLs is Transitional Bilingual as per CR Part 154. However, if there are not enough students to form a Transitional Bilingual Program parents will be given the option to transfer their child to a school that has a Transitional Bilingual Education program in their region.
4. For each program, answer the following:
  - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
  - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
  - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?
  4. Our team members will review the Home Language Surveys and honor the requests of parents. We expect to will hold meetings along with the Family Worker to solicit questions and concerns and encourage parents to meet with our staff. In the event, we do not have a teacher who speaks the parents’ native language, we will communicate with our Network ahead of time, to provide us support. We will also use the DOE translation unit in order to translate upcoming events, orientations, and notices.
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs.](#))  
N/A
6. How do you make sure that a child’s second language development is considered in instructional decisions?  
N/A
7. For dual language programs, answer the following:
  - a. How are the English-proficient students (EPs) assessed in the second (target) language?
  - b. What is the level of language proficiency in the second (target) language for EPs?
  - c. How are EPs performing on State and City Assessments?

Paste response to questions here:
8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).  
N/A

## Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)  
The ESL Program at Brooklyn Brownstone School will serve students identified in grades K-5. Entitlement for ESL Services is determined by the Home Language Identification Survey Forms and scores in the Revised LAB-R or the NYSESLAT. Based on these scores, the English Language Learners (ELLs) will be grouped by grade and level of proficiency. This includes Beginners (B), Intermediate (I), and Advanced (A). Students who are found eligible for services will receive instruction in the following manner: Students in the beginning and intermediate levels will receive 360 minutes of services, and those in advanced level will receive 180 minutes of ESL instruction and 180 minutes of English Language Arts instruction. Students will be pulled out from their classes to be given instruction by the ESL teacher except during Reading and Writing workshop in which the teacher will do push-in to the classroom to supplement and reinforce instruction of the classroom teacher to the ELL's. The ESL Program at the Brooklyn Brownstone School is designed to develop the basic interpersonal communicative skills in English through Cooperative Learning Approach either by pair or small groups. It also strives to improve the development of Cognitive Academic Language Proficiency by integrating effective ESL methodologies throughout the curriculum and content areas. Students will be grouped according to grade and proficiency level (Beginners, Intermediate, and Advanced) to ensure that the content designed for their language acquisition and learning level will be developmental appropriate for them. The ESL teacher will pull out 1 to 6 students per group for ESL instruction. The language of instruction used in the ESL program is English. Although there are dual language books available and other resource materials available for student use, the ESL Teacher will require them to read, write and speak in English.  
The ESL teacher will use differentiated instruction and varied instructional strategies to meet the language needs of ELLs and to develop their lifelong skills. Paste response to question here:
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.  
Paste response to question here:
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [\[see tool kit\]](#).)  
Paste response to question here:
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.  
Paste response to question here:
5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.  
We would follow the test admission protocol and schedule the administration accordingly.
6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.   
At the present time, we have not had any Program Selection forms to review trends in program choices. We also do not have any parent request forms.
