# **Comprehensive Education Plan (CEP) Requirements**

## **Which Schools Need to Complete the CEP?**

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

## **Guidance for Developing and Completing the Annual Goals and Action Plan Section**

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

## **School Receiving Title I Funds**

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

## Goal and Action Plan #1

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

### Annual Goal #1

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

All teachers will learn to use new data information to better provide differentiated instruction for all students including those whose skills are at or above proficiency. Staff will all have the skills to track students through the systems provided by the State and City.

### Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

The extensive use of more advanced data has shown us that the staff and administration must recognize that establishing routines and procedures for organizing resources and implementing changes is necessary. Interpretation of all data available to us, periodic assessments and State exams, as well as teacher created pre and post tests are to be used to assure differentiated instruction is available in all of the curriculum. 2012-13 Progress Report indicated that we need to carefully monitor progress and the ability to track our students in a more definite way will make this possible..

and the ability to track our students in a more definite way will make this possible.

### Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

#### A. Strategies/activities that encompass the needs of identified subgroups

1. The extensive use of more advanced data has shown us that the staff and administration must recognize that establishing routines and procedures for organizing resources and implementing changes is necessary. Interpretation of all data available to us, periodic assessments and State exams, as well as teacher created pre and post tests are to be used to assure differentiated instruction is available in all of the curriculum. 2012-13 Progress Report indicated that we need to carefully monitor progress We will use data from the 2013 State ELA and Math results as one means of monitoring student progress throughout the year. In order for this to be of value all staff must understand how to interpret the data. The final ELA and Math results are clear but the process that bring about these scores are a result of the class work done all year.

The school will encourage teacher improvement by partially using technology developed by the Gates Foundation that encourages reflection using the framework of self-observation and reflection set forth in the Measures of Effective Teaching (MET) study, which the entire staff participated in for the 2010-2011 school year. We continue to use the equipment and software provided by the MET project (including stationary and panoramic cameras). We have also reflected on Domain 4 of Danielson and assuring that we have accurate reflections based on data. The teachers will periodically record classroom experiences that allow them to view their own teaching as well as view student reactions and behavior. After recording, teachers will reflect on the lesson using questionnaires developed by the staff. Reflection will occur individually, with the principal or with a colleague for additional feedback. Following the reflection, each teacher will identify one area they would like to focus on improving.

The staff in collaboration with the principal, has upgraded the framework of the design to align it with the Common Core Learning Standards and assure that the Danielson Framework is incorporated. This process allows us to service all of the student population.

2. In addition to this upgrade our computer person will conduct a workshop each six weeks to introduce any advanced technology that could enhance the framework. He will also review the staff's interpretation of the data collected to make sure we are on target. He has developed a rubric to examine teacher understanding and use of the data which relies on a sampling of children's work

#### B. Key personnel and other resources used to implement each strategy/activity

1. Computer specialist, principal, peers, the teacher inquiry teams

#### C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

1. Teachers use of data will be catalogued in September, December, March, and June. Sample of students's work and progress will be observed and evaluated.

#### D. Timeline for implementation and completion including start and end dates

1. Start date – September 15, 2013      End date – June 20, 2014

#### E. Describe programmatic details and resources that will be used to support each instructional strategy/activity

1. Monthly training under supervision of principal. Technology support person, and computer technician using student work as learning tools to examine and evaluate with a focus on growth

### **Strategies to Increase Parental Involvement**

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

Parents/guardians are invited to attend classes where students are observed using the technological equipment. The use of data is explained to them in small group workshops.

### **Budget and Resource Alignment**

Indicate using an "X" the fund source(s) that your school is using to support the instructional goal.

**MATHEMATICS:** At least 65% of students will demonstrate proficiency on a performance-based mathematics task aligned to the common core learning standards, as demonstrated by a teacher-created problem solving rubric. Math inquiry team with input from staff will develop rubrics to be used beginning in October with follow ups in January and May.

### **Comprehensive Needs Assessment**

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Many in the general student population did not score well on the State Math test. 81 students, including new admissions, scored as 1s or 2s and we are focusing on growth as we evaluate the rubrics

### **Instructional Strategies/Activities**

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

#### **A. Strategies/activities that encompass the needs of identified subgroups**

The school will target the mathematics deficits of the students who scored in the lowest one-third of the student body and develop curricula in alignment with the common core learning standards. Within this grouping the students who scored 1s or 2s will receive additional assistance.

The curriculum will incorporate authentic problems for the students to solve by emphasizing the practice of careful analyzing of mathematical information in order to draw conclusions. We will gather data from tests and teacher evaluations as a means of monitoring student progress in NYS math standards in March, and at the end of the year. We will make sure that the how to of the deliberate use of test data and information will be an even larger part of staff development.

Therefore, using formative assessments teachers will strategically plan academic intervention services for those who need it.

1. The math inquiry team will develop curriculum for all the math classes assuring continuity. They will also lead staff development workshops for the math teachers focusing on the Common Core Learning Standards for each grade and showing awareness of the students scoring ones or twos on the State math test.

#### **B. Key personnel and other resources used to implement each strategy/activity**

1. Math Inquiry team and Network Math Achievement Coach

#### **C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity**

1. Using initial diagnostic scores as an indicator staff will evaluate progress through teacher created rubrics in December and March, The 2014 State test will evaluate the effectiveness of the strategies listed in A.

#### **D. Timeline for implementation and completion including start and end dates**

1. Start date – September 15, 2013      End date – June 20, 2014

#### **E. Describe programmatic details and resources that will be used to support each instructional strategy/activity**

1. Check progress of students receiving additional assistance with teacher developed rubric
2. Curriculum will be flexible and change in response to the needs of the students being serviced
3. Staff development will incorporate evaluation of data using student works and teacher rubrics
4. Intervention services will be reexamined assuring they are being used effectively

5. Math Inquiry team will meet weekly and report once a month on issues and progress in the math curriculum Hold individual parent conferences to discuss student's strengths and weaknesses

**Strategies to Increase Parental Involvement**

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

**Goal and Action Plan #3**

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

**Annual Goal #3**

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

**LITERACY:** The school will target the reading deficits of the students who scored in the lowest one-third of the students in the lowest one-third on the NYS ELA 2013 Assessment and develop and implement academic intervention plans in alignment with the State Common Core Learning Standards. The object is to support improvement in literacy in all areas including math, science, social studies and literature. The lower one third is the target group but it will focus on students whose scores dropped more than one year on the 2013 ELA. The highest scoring section of the student body must also be targeted to assure growth in accordance with the Common Core Learning Standards. Of the one third, 20% of the students will increase their scores by at least Five percent. We will put additional emphasis on the needs of the children who scored 1s or 2s on the 2013 Assessment.

**Comprehensive Needs Assessment**

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

ELA scores indicated that approximately 20% percentage of the student's tested did not significantly maintain their raw scores. This indicates a need to strengthen our approach to content based and primary materials. Our scores did not fluctuate as much as anticipated but the growth percentile did and we want to address this.

**Instructional Strategies/Activities**

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

**A. Strategies/activities that encompass the needs of identified subgroups**

We will gather data from tests and teacher evaluations as a means of monitoring student progress in NYS ELA standards in February and at the end of the year. The use of test data and information will be part of staff development. Baseline test administered in October will be examined and teacher rubrics will reflect growth based on the initial test.

The Literacy inquiry team will make more deliberate use of test data assuring that it is in alignment with the Common core literacy Standard. The team will then incorporate the information into staff development workshops. The staff will use formative assessments to strategically plan academic intervention services when needed.

1. Achieving children, as well as those with reading deficits will spend 40% of their classroom work focusing on research based non fiction works, primary documents, information texts, and guided research on the computer as recommended by city and state in part of the Common Standards for English Language Arts and Literacy

1. All staff will monitor student progress using accumulated data based on teacher rubrics under the guidance of the Literacy team
2. Staff development by principal, literacy team, and Network personnel
3. Literacy team will align common core Standards with Danielson domains
4. IEPs and 504s will be reviewed by all staff in Staff Development meetings since students move from teacher to teacher throughout the week
5. Curriculum will be flexible and include all materials required by Common Core as aligned with Danielson. Principal will reevaluate curriculum each trimester

Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

**Parent Involvement Policy (PIP) Template**

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;

This includes providing technical support and ongoing professional development, especially in developing leadership skills;

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1<sup>st</sup> of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

**LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015**

*Requirement under Chancellor's Regulations – for all schools*

**DBN: 03M2**

**School Name: The Center School**

**Cluster: 01      Network: BFL**

**Goal:** To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

**Part A: Needs Assessment Findings**

---

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

Although we have no students who are classified as ELL, we have parents who need written translations and oral interpretations. Our advisory system which gives each staff member a close association with 10-12 families gives us the ability to know and offer assistance to any family member who needs translation services. If a parent/guardian needs translation the information is filed with the student records and separately in a language translation file in the main office. Two parents need oral translations in Spanish. We also send them written translations of important notices.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Families change from year to year and we adjust to each family's particular needs. Material sent home is translated for those families that need it. Also our applications are translated into Spanish, Chinese, and French and, if necessary, to any other language requested.

## Part B: Strategies and Activities

---

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Translation services are provided by a staff people who speak Spanish, Chinese, and Korean. Parent volunteers supplement. The District also offers translation services.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Oral interpretation services have always been provided by school staff and, if necessary, parent volunteers.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:  
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

Written notices are sent home to the entire school community offering translation and interpretations services. The same information is sent to our email list of families and announcements are made and repeated concerning the services at each PTA meeting. We then have the advisors check with each family to see if someone needs the services and we did not get their information from the notices sent home and the email. Advisors check in personal meetings or phone calls.

Once we have established who needs translation or interpretation service we highlight the names and make sure that appropriate translations are sent home.
