Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

Guidance for Developing and Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

School Receiving Title I Funds

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

Goal and Action Plan #1

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Increase the percentage of 3rd 4th and 5th graders showing progress from levels 1 and 2 towards proficiency on New York State Common Core aligned assessments in English Language Arts by 3%.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

As the test has changed to reflect the common core and the challenge and expectation has increased, we have seen a decrease in Levels 3 and 4 and an increase in Level 1's and 2's on the state exams. This past year's data on State Exams is as follows: ELA- Grade 3- 29.6% proficiency, Grade 4- 22.2% proficiency, Grade 5- 32.4% proficiency, total proficiency grades 3-5 was at 27.6% proficiency. Our goal therefore would be to increase ELA proficiency to at least 30.6% proficiency school wide. As the common core aligned test and its difficulty has increased, we are looking to achieve an increase of at least 3% of students moving from Levels 1 and 2 to Levels 3 and 4 school wide.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

A. Strategies/activities that encompass the needs of identified subgroups

1. The school will work to increase the number of students on or above grade level by 3%. Teachers will develop individualized plans for students based on item skill analysis of State and Periodic Assessments. We will identify Level 1s and 2's on testing grades and develop individualized plans to move them to Level 3's. We will analyze test readiness and 3rd grade preparedness in Grade 2. Inquiry Team will analyze interim assessment data on MOSL and school based assessments and Rally interim assessments in November and January. Additional assessments will be utilized to determine growth and progress. Accelerated Reader Star Reading tests will be analyzed monthly for students on track. We will also use the RALLY Reading Tracker for all students. Growth reports from Accelerated Reader will be used to determine progress and needs. Interim Star Reading results will be used to determine progress for Level 2 students to level 3 and also Level 1 students progressing to Level 2. We will utilize Expanded Learning Time and Extended Time daily to continue common core work in ELA integrated with Science and Social Studies. We will conduct a Saturday Test Prep Academy for a total of 5 Saturdays in March and April for all testing grade students.

B. Key personnel and other resources used to implement each strategy/activity

1. Principal and Assistant Principal, All teaching staff, support staff, school based support team, parents and guardians, network staff, Community Based Organization, Expanded Learning Time and TASC, ELT staff and students.
2.

C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

1. MOSL Baseline exams- will effectively allow teachers to identify areas of need in performance test writing prompts for each student. Inquiry teams will utilize the MOSL performance tests to analyze trends and target areas for school wide improvement.
2. RALLY ELA Rehearsal Exam aligned with the standards of Common Core will be conducted in January and will allow for an itemized analysis of skills for each student.
3. Accelerated Reader 6 week assessments and regular book assessments will track progress for each student.
4. RALLY Reading Tracker will also track weekly comprehension and reading levels for each student identified in need of academic intervention and progress in individual skills.
5. Ready Gen unit assessments will be conducted and analyzed for areas of concerns.

D. Timeline for implementation and completion including start and end dates

1. September 2013 to April 2014

E. Describe programmatic details and resources that will be used to support each instructional strategy/activity

1. Common Preps for teachers 3-4 weekly
2. Advance Thursday PDs for Teachers each Thursday for MOSL updates

Goal and Action Plan #3

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Increase parent communication and participation in events to highlight students' academic achievements, open houses and student performances. Increase parental positive perception of the school on the Spring 2014 School Survey. Our goal is an increase of at least 2/10 points in each area (Academic Expectation, Communication, Engagement, Safety and Respect). The 2013 Overall Survey shows- Out 10 possible points- TMALS- 8.3 for Academic Expectation, our goal is at least 8.5, 8.2 for Communication, our goal is at least 8.4, 8.0 for Engagement, our goal is at least 8.2 and 8.4 for Safety and Respect, our goal is 8.6. We would like to additionally increase parent responses on the survey by 10%. Last year's response was 74% therefore our goal is 84% parent responses on the survey.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Our 2013 school survey results show that parents view the school favorably. However we have lost points in all areas. Parents response to the survey has decreased over time. On the 2013 school survey we had 74% of parents completing the survey which may have contributed to the decrease in points in all areas. We recognize the value of our parent body and need to build participation. Over the past few years we have noticed an increase in working parents and a decrease in parent participation at school events etc. Additionally parents have expressed a need for more support with Common Core and how they can assist at home in supporting their child's educational efforts.

**Directions and Guidance for Developing and Updating the
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;

- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: 05M318 School Name: Thurgood Marshall Academy Lower Sch

Cluster: FHI 360 Network: 511/521

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

The NYCDOE Home Language Surveys will be used as the primary source of data for language needs of the school. We will also review reports in the ATS system, viewed as the HLIS report. Both the RELL report and RHLA reports would be used as sources of data as we assess the needs of our population. Parents will be updated accordingly.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Based on our school-wide orientations and open-house events we have found no need to provide translation services at this time. We also reviewed all of the Home Language Surveys. Our records indicate that the dominant home language is English however some families prefer to speak in their native tongue while sharing with other family members. Our parent coordinator did distribute translation assistance fliers to our families and we have provided our monthly memos to be in the form of both English and Spanish translations as needed. Our school has relied on the translation services from other neighboring schools to help translate and speak with families as needed. We have one case of a family that speaks both English and Creole.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

We currently have an inclusive school community of English Language speaking families. As our population grows we would maintain the Department of Education guideline for providing translation services to families. 05M318 uses the Parent/Guardian Home Language Survey to identify the language needs of our families. We also hold parent orientation sessions prior to the school year starting and ask parents if they need to be informed in languages other than english. Based on the data generated from our ATS reports when we have a family that needs translation services the immediate plan would be to get another parent or adult to provide on-site translations. We would also use the DOE translation services provided over the phone at 718-752-7373.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

The school will provide services to all families on an as needed basis. The initial form of translation would be provided by a member of the school community. If we need to provide translation services that are unavailable within our school we will use a Department of Education Board approved translation provier or a neighboring school employee who will be able to assist us. All of our parent communication notices can be translated to inform families as needed. We also have informed our parents that New York City Department of Education documents can be received in eight languages.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link: <http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

We have monthly meetings with our parents. The Parent Coordinator has also held workshops and provided emails of opportunities to inform parents of various multi-lingual programs within the city. Parents are also paired with supportive families that can help share information and details about various NYCDOE events and school happenings.

When the school needs to provide services to families that speak languages other than english we will use available parties within the school community as well as the DOE translation services.
