Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

Guidance for Developing and Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

Annual Goal #3

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.
 By March, 100% of students will have experience using rubrics as a tool to assess their performance, monitor progress, and set goals.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.
 Feedback from the Quality Review
 The school consistently assesses students through Teachers College benchmark assessments, reading levels, Early Childhood Achievement in Mathematics (E-CAM), Everyday Math unit assessments, and end of unit performance tasks. Teachers use “kid watching” and conferring to track progress and collect data on their students. Teachers use the results of the assessments to revise and adjust their curriculum and instruction and to determine progress toward goals. As a result of the analysis of the second grade understanding of the science unit on bridges, teachers identified the need to revise the curriculum for immersion and investigations to occur throughout the unit, rather than at the end, while learning the content. In addition, students use checklists to self-assess their writing. Teachers review student work to assess their understanding. Students’ state they know they did well based on the teachers’ verbal feedback, yet they were unable to articulate what they need to do in order to increase their performance. As a result, these feedback practices limit students’ understanding of their next learning steps to further increase their achievement.

Instructional Strategies/Activities

C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

**Directions and Guidance for Developing and Updating the
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

2013-14 TO 2014-15 SCHOOL YEARS**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's CEP. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. After reviewing and analyzing the assessment data, answer the following:

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.
Paste response to questions here: TCWRP
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
Paste response to question here:
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))
Paste response to question here:
4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?
Paste response to questions here:
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)
Paste response to question here: We use extended time programming and RTI
6. How do you make sure that a child's second language development is considered in instructional decisions?
Paste response to question here:
7. For dual language programs, answer the following:
 - a. How are the English-proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?
Paste response to questions here:
8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).
Paste response to question here:

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)
Paste response to question here: Parents of students who are first time admits to the New York City school system are given the Home Language Identification Survey (HLIS) to fill out. A licensed pedagogue makes sure the form is filled out correctly. The survey asks eight questions. The answers to these questions determine if the student needs to be tested to find out if he/she is a second language learner. The parent or guardian must check that the student speaks another language other than English at least once as an answer to the first four questions and at least twice to questions five through eight. The English as a second language (ESL) teacher determines based on the responses whether the student has a home language other than English. If he/she does, then the ESL teacher administers the LAB-R within the first ten days of school. If the student does not pass the LAB-R, he is designated as an English language learner (ELL). If the preferred language is Spanish, then the student is tested in Spanish using

the Spanish version of the Language Assessment Battery (LAB) to determine the student's proficiency. He then receives ESL services unless his parents decide to transfer him to another program.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

Paste response to question here: In the beginning of the year we have a parent orientation meeting for parents of the newly admitted English language learners. The three program choices are explained to the parents by showing them the parent orientation video, which we have in many different languages. If the child speaks one of the languages where there is a Dual Language or Transitional Bilingual program, the ESL teacher makes sure the parents understand their right to transfer their child to another school. So far we have not had any parents request a transfer to another school. Parent Survey forms and Program Selection forms are collected. If newcomers enroll during the year, additional orientation meetings are held.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [\[see tool kit\]](#).)

Paste response to question here: In September, continuation letters are sent to parents of ELLs who have not passed the New York State English as a Second Language Achievement Test (NYSESLAT). The letter states that it is beneficial for the student to stay in the same program they were in last year. In our school, of course, that would be ESL. Parents of students who have passed the NYSESLAT are given a letter informing them that their child is now considered to be proficient in English and therefore is no longer an ESL student.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

Paste response to question here:

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

Paste response to question here: Each year a letter is sent to the students' teachers informing them of the dates and times of the tests. This prevents any scheduling conflicts. The four parts of the NYSESLAT are given to each of our ELLs. The day before the test the students are told that they are going to have a test the following day. Each subtest is given on a different day. The speaking test is administered to the student individually. The ESL teacher gives the test while another teacher scores it. The remaining three tests, listening, reading and writing, are given on three mornings. The tests are administered early in the two week testing window. This allows us on another day to test any child who is absent on the day of the test.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered? (see [The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs](#))
 - a. What are the organizational models (e.g., departmentalized, push-in [co-teaching], pull-out, collaborative, self-contained)?
 - b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?

Paste response to questions here: Our plan focuses on reinforced classroom instruction where students receive academic intervention/support in growing as an English Language Learner. In addition, these students are targeted for Academic Intervention in a reading pull out program during the day. All teachers receive training in ESL methodologies to support ELL growth. Our focus on Balanced Literacy and Literacy in all content areas, cooperative based project learning helps with our ELLs language development.

2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?

Paste response to questions here: 2. student does not receive mandated services at this time.

3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

Paste response to question here: Various instructional methods are use to make content comprehensible to enrich language development. A balanced literacy approach is in place that follows Teacher's College Workshop Model for all ELA instruction. All lessons provide students with social and academic language development that stimulates student's own knowledge and experiences. Contextual support is also important and come through peer interaction, visual aids, maps, charts, graphic organizers, and manipulatives.

4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?
Paste response to question here: 4. Content areas are addressed by making teachers aware of the necessary modifications for ELLs as well as training teachers to use ESL approaches. Teachers use these strategies to differentiate instruction for our ELLs.

5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?
Paste response to question here: 5. a, b, c, d PS 452 currently has no SIFE, 3-4 years, or long-term ELLs students.

6. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs who have been in US schools less than three years (newcomers)..
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6+ years).
 - e. Describe your plan for former ELLs (in years 1 and 2 after testing proficient).

Paste response to questions here:

7. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic

content areas and accelerate English language development?

Paste response to question here:

8. How does your school use curricular, instructional, and scheduling flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

Paste response to question here:

Native Language Usage and Supports

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

TBE and dual language programs have both native language arts and subject areas taught in the native language; ESL has native language supports.

B. Programming and Scheduling Information--Continued

9. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

Paste response to question here: ELL students are in heterogeneously-grouped classroom. Because teachers and leaders of the PS 452 community understand that students learn differently and at different paces, ESL instructional strategies utilized at PS 452 are flexible and guided by the needs of the language learners. Classroom teachers as well as teachers providing ESL instruction employ the following approaches to support the ELL students' language learning: The Natural Approach, Total Physical Response, and Whole Language Instruction.

Because our ELL population is very small, our plans are tailored to their individual needs. Newly admit students are partnered up with another student to help the student navigate the schools and its rules and regulations.

10. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development.

- c. How is language separated for instruction (time, subject, teacher, theme)?
- d. What Dual Language model is used (side-by-side, self-contained, other)?
- e. Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?

Paste response to questions here:

C. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What professional development is offered to teachers of ELLs (including ESL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?
3. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
4. Describe the minimum 7.5 hours of ELL training (10 hours for special education teachers) for all staff (including non-ELL teachers) as per Jose P.

Paste response to questions here: All teachers receive training on the implementation of periodic assessment systems, including TCRWP and spelling inventories. Teachers have common planning time to discuss students' individual needs and progress. Our Network liaison will conduct a 4-day two hours workshop for our teachers. This training will take place in the Spring.

D. Parental Involvement

1. Describe ELL parent involvement in your school. Include specific activities that foster parental involvement for parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

Paste response to questions here:

E. Additional Information

Please include any additional information that would be relevant to your LAP and would further explain your program for ELLs. You may attach/submit charts. This form does not allow graphics and charts to be pasted.

Paste response to question here: 1. PS 452 has an active Parent Association (PA) and all families are encouraged to participate and attend General Meetings. The school has an open-door policy where families can come in and work with their child's class sharing their personal knowledge and/or experiences that teach about different cultures. The school hosts Family Literacy and Math Nights led by our teachers to inform families of in school practices and strategies to support learning at home. Translation is provided at this meetings when needed.

2. ELL parents are made aware of the workshops available to them through OELL and OFEA.

3. Parents are asked to complete surveys in the beginning of the year, translation is available for families who require it, that asks them to provide information about any needs they may have to support in relation to their child's work at school. The school holds Family Meetings where student's academic and social/emotional learning is discussed. Parents are also encouraged to schedule meetings with their child's classroom teacher whenever they feel they need to. Following the school's Ladder of Communication, further meetings can be scheduled with the Parent Coordinator, Principal and/or support staff where needed.

We have found that many parents are interested in gaining a greater understanding of the work that their children are doing in school, where they are successful and where they need support, as well as ways of supporting their children's learning at home. We offer Family Math and Literacy Nights to model how demonstrate the work we do at school and model activities for families at home. As described above we address these concerns in a variety of ways throughout the year.

DBN: 03M452 School Name: P.S. 452

Cluster: 1 Network: 103

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

When students first enroll at PS 452 parents are interviewed to find out their preferred language. In addition we used a number of documents and reports to determine our translation and interpretation needs: parents' interview, review of the HLIS forms, and ATS reports such as the RHAL.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

The school will make use of the DOE translation office, school staff, and parents to provide translation services and materials. Many of our families require translation in Spanish. Most have at least one English speaker in the household. We send home notices of translation services available and have the Community Coordinator available to answer questions and locate translators. We provide staff and/or DOE translation services available for meetings.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

When necessary, in-house translators (bilingual paraprofessionals and other school staff members) re-write important school notes, memos, and report cards in the appropriate languages. When a note is of particular importance, an in-house translator phones the family's home to ensure communication. Whenever available, the school sends official translated DOE letters and memos to the appropriate families. The school will make use of the DOE translation office, school staff, and parents to provide translation services and materials.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Parent-teacher conferences and IEP meetings are attended by in-house interpreters (bilingual staff members and parent volunteers). Notification of parents' rights regarding translation and interpretation services in the appropriate covered languages and how they may obtain these services is available in the main office. The parent coordinator has each of the necessary pamphlets with the information that is required of Section VII of Chancellor's Regulations A-663. Parents may also be made aware of these rights during meetings with school staff, i.e. conferences, IEP meetings, etc. Signs are posted throughout the school offering translation services and assistance. Also, when necessary, these staff members will translate phone calls from teachers and other school administrators.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link: <http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

The school will send home a note to all parents alerting them to the fact that translation and interpretation services are available upon request. The school will provide translated parent notes according to the languages of the varying families in our school.
