Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

Guidance for Developing and Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

After reviewing and analyzing the assessment data, answer the following:

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.
We use the Teachers College Reading and Writing Assessment. This helps us to determine a child's language and literacy abilities and allows us to plan tailored instruction.
2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
We only have 1 identified student.
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))
N/A
4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?N/A
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)
N/A
6. How do you make sure that a child's second language development is considered in instructional decisions?
We believe that our balanced approach to literacy for all students helps with second language development as students are immersed in reading, writing, listening, and speaking.
7. For dual language programs, answer the following:
 - a. How are the English-proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?N/A
8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).
We use assessment data in ELA and Math, as well as teacher observations.

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)
All parents of newly enrolled students complete a home language survey to help the school identify students with limited English language proficiency. The survey is completed on school grounds and is administered through an informal oral interview by a highly qualified certified teacher who speaks English and the parent's native language. Once potential ELLs are identified, they are administered the revised Language Assessment Battery (LAB-R) within ten days of enrollment: this test determines whether students are entitled to ELL services, and informs administration on proper instructional placement.
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual,

Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

For those students identified as requiring ELL services, their parents are immediately contacted via an entitlement letter and follow-up phone call. Additionally, they are invited to a parent orientation at the school, where they view the NYCDOE Parent Orientation DVD in their native language to become informed and understand the three program choices available through the NYCDOE for their children: Transitional Bilingual, Dual Language, and Freestanding ESL. During the Parent Orientation, parents are provided a parent survey and a program selection form that they are required to complete before leaving. It is important to note that while general parent orientations are held both in the fall and spring, individual parent conferences are held throughout the school year, and are scheduled around the parent's availability and convenience.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [see tool kit].)

Letters are collected and stored in Main Office before parent leaves Orientation.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

All parent surveys and program selection forms are reviewed by Administration to build alignment between parent choice and the program offered by the school on behalf of the NYCDOE. At the present time, M527 has no identified ELL students that are being offered ESL services. However, should fifteen or more parents opt for Transitional Bilingual Education or Dual Language programming, an additional program will be installed to comply with the parental request.

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

We will administer our first exam in Spring 2014 for our 1 identified child. A Head Teacher will be programmed to do this.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 

We only have had 1 child indentified. We will look for trends over the next few years.

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered? (see [The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs](#))

 - b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?

Student is in the regular classroom during all content area instruction. The instruction is in English and, with techology supports, the student is learning more English and the content needed to be successful.
4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?

Head teacher speaks Russian and will assess him quarterly.

We only have 1 child who is identified and he has been in school less than three years.
7. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?

N/A
8. How does your school use curricular, instructional, and scheduling flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: **02M527** School Name: **East Side School for Social Action**

Cluster: **2** Network: **206**

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

All new families completed the Home Language Survey upon admission/registration. This survey helped us to compile helpful information on how our families communicate at home, and how they wish the school to communicate with them. In addition, every family, current and otherwise, was also sent a school-made survey asking for information about their child, including family structure and home life. This survey helped all of us to better understand our families and the children.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

While several of our families communicate at home in a language other than English, only one family requested that the school communicate with them, both in written and oral form, in a language other than English. All staff members were informed of this information prior to the opening of school.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

For the one family, we will handle the translation service in-house. All staff has been told about the need to use verifiable software to translate any documents for the family. School staff will handle this in-house each time it is necessary.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

One of our teachers speaks the same language as the parent in need of oral interpretation services. Therefore, we will handle this in-house by school staff. Services will be made available at parent meetings, PTA meetings, and other similar situations.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

We will provide all the necessary documentation to parents as outlined in Section VII of Chancellor's Regulations A-663. In addition, we will post appropriate signage at our front door, which is the primary drop-off and pick-up location for our families
