

**Department of
Education**

Dennis M. Walcott, Chancellor

2013-2014
COMPREHENSIVE EDUCATIONAL PLAN
(CEP)

School Name: ELMHURST SCHOOL
DBN (i.e. 01M001): 24Q089
Principal: CASPER A. CACIOPPO
Principal Email: CCACIOP@SCHOOLS.NYC.GOV
Superintendent: MADELENE CHAN
Network Leader: QADIR DIXON

School Leadership Team (SLT) Signature Page

Use this page to identify SLT members and confirm their participation in the development of this School Comprehensive Educational Plan (SCEP), which includes goals and action plans, a summary of Academic Intervention Services (AIS), and the Parent Involvement Policy (PIP). The signatures of SLT members indicate their participation in the development of the SCEP and serve as confirmation that consultation has occurred to align funding in support of educational programs. The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with the Chancellor’s Regulation A-655, available on the NYC DOE Web site.

Directions:

1. List each SLT member in the left-hand column on the chart below. Specify any position held by the team member, e.g., Chairperson, SLT Secretary and the constituent group represented, e.g., parent, staff, student, or CBO. Core mandatory SLT members are indicated by an asterisk*.
2. Ensure that SLT members review this document and sign in the right-hand column in blue ink. If an SLT member does not wish to sign this plan, he/she may attach a written explanation in lieu of his/her signature**.
3. Add rows as needed to ensure that all SLT members are listed.
4. The original copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.
5. Names of SLT members must be added to this form for posting. The signed original documents must be maintained on file at the school.

Name	Position and Constituent Group Represented	Signature
Casper Cacioppo	*Principal or Designee	
Kristine Leonardi	*UFT Chapter Leader or Designee	
Marisa Bassi	*PA/PTA President or Designated Co-President	
N/A	DC 37 Representative, if applicable	
N/A	Student Representative (<i>optional for elementary and middle schools; a minimum of two members required for high schools</i>)	
Elisa Pimental	CBO Representative, if applicable	
Maria Franco-Romo	Member/ Parent	
Alfonsa Flores	Member/ Parent	
Eleazar Rubi	Member/ Parent	
Clementina Bernal	Member/ Parent	
Monica Cruz	Member/ Parent	
Fausto Vidal	Member/ Parent	
Karen Creditor	Member/ Teacher	
Lorraine Farrauto	Member/ Teacher	
Mel Gezlev	Member/ Teacher	
Lisa Tarsitano	Member/ Teacher	
Mary Anne Walter	Member/ Teacher	
	Member/	
	Member/	
	Member/	

Signature of constituent only indicates participation in the development of the SCEP, not approval. **Note: If for any reason a SLT member does not wish to sign this plan, he/she may attach an explanation in lieu of his/her signature which must be maintained on file at the school with the original SLT signature page.

Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

Guidance for Developing and Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

School Receiving Title I Funds

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

CEP Checklist

All Schools

Indicate using an "X" in the box to the left of each section that the section has been completed

	School Leadership Team Signature Page
	Action Plans 1 – 5 (At least 3 of 5 Action Plans with the following elements)
	▪ Annual Goal
	▪ Comprehensive Needs Assessment
	▪ Instructional Strategies section, A-E for each new strategy or activity that supports the goal
	▪ Budget & Resource Alignment section (indicating all funding sources)
	Academic Intervention Services (AIS)
	Title I Plan (Only for schools receiving Title I funding)
	Parent Involvement Policy (PIP)

Goal and Action Plan #1

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Goal #1: English Language Learners

To continue to focus sharply on developing strategies to raise the achievement of English Language Learners in English Language Arts by using the UDL model, including multiple entry points and scaffolds to insure that ELLs are provided with rigorous CCLS aligned instruction, so that by June 2014, the number of ELL students performing at levels 3 and 4 on the Teachers College ITA Reading Assessment will increase by five (5) percent.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Current Goal as it Relates to Previous Year's Goal:

This year's goal builds upon the work of 2012-13 by purposely targeting our ELLs. Student data reflect that the English Language Learners (ELLs) subgroup perform significantly lower than our non-ELLs in English Language Arts. To deepen and broaden our commitment to closing the achievement gap, our Assistant Principal for Curriculum and Professional Development has been assigned to supervise the ESL Department. This year our goal will be to improve ESL instruction to accelerate student progress in this high needs subgroup.

P.S. 89's NYC 2012-13 Progress Report reflects a slight decrease in overall student performance with a score of 16.5, this is a .5 decrease from the 2011-12 Progress Report. Despite the slight decrease, PS 89 did receive a grade of A for student performance. While there was an increase in English Language Learner Progress from 56.1% to 62.1%, for several years a major area of concern has been the academic achievement of our English Language Learner subgroup. Historically, the English Language Learner subgroup has performed significantly lower on the NYS ELA exam. More recently there has been a shift in this trend. For example, in the 2011-12 school year, 30.3% of English Language Learners scored at the 75th Growth Percentile or Higher in ELA; however, in the 2012-13 school year, this percentage increased to 45.2%. This 14.9% increase earned additional credit for closing the achievement gap. This increase in performance of English Language Learners (ELLs) in ELA may be attributed to the implementation of focused academic interventions and improved instructional programs. It has led to the Limited English Proficient subgroup meeting the state performance criteria for 2007, 2008, 2009, 2010, 2011 and 2012. To insure the continued academic improvement of English Language Learners, we have created this goal.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

A. Strategies/activities that encompass the needs of identified subgroups

Intended Outcome:

- Classroom observations and lesson plans will reflect the use of the UDL model including multiple entry points, scaffolds and differentiated strategies
- ELLs will be able to accurately respond to grade appropriate CCLS based tasks and master important literacy skills which will lead to increased performance in English Language Arts

Action Plan:

- All teachers have received professional development on Universal Design for Learning (UDL)
- Curriculum units of study in Reading and Writing are revised monthly at collaborative unit planning team meetings to include UDL strategies and scaffolds for English Language Learners
- Assistant Principal of Curriculum and Professional Development Initiatives has been assigned to supervise the ESL Teachers in order to improve instructional methods and student outcomes.
- ESL teachers have been included in all professional development workshops, including unit planning, and the Danielson Framework for Teaching.
- ESL teachers have also been provided with additional PD on *Using Assessment in Instruction*, analyzing student work products to determine students' needs, using the data to drive instruction, and goal setting for students.
- A customized professional development cycle, provided by TC Staff Developers, is planned for all ESL teachers in December.
- The entire staff is scheduled to participate in an Expertise PD Day on ELLs. Amanda Hartman, a senior staff developer from Teachers College, is scheduled to facilitate this workshop on December 18th.
- ESL Newcomers Class was created to support students in grades 3-5 who are new to the country in order to facilitate their transition into an English language school system.
- A technology-based after school program, iReady, will be implemented for ELLs who are also SWDs in grades 2-5 in order to provide targeted instruction in English Language Arts.
- Tier one academic intervention services (AIS) are provided to ELLs in small groups and/or individually who are performing well below grade level in English Language Arts.
- Rosetta Stone language learning software has been purchased and is being implemented for all beginner ELLs in grades 2-5.
- In order to build capacity by increasing the number of teachers with ESL license extensions, teachers are encouraged to apply to ITI programs.
- Subscriptions have been purchased for Enhanced ELL Resources from Learning A-Z in order to provide all classroom teachers with additional resources to support their ELL students.

B. Key personnel and other resources used to implement each strategy/activity

Principal, Assistant Principals, Instructional Coaches, Classroom Teachers, ESL Teachers, and Reading Teachers

C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

- Agendas from professional development workshops, unit planning and team meetings which show UDL and ELL strategies
- Interim TC Assessment data will show a decrease in the number of students scoring at level 1
- Teacher evaluation data in Advance will show improvement in competencies 1b: Demonstrating Knowledge of Students, 1c: Setting Instructional Outcomes, 3c: Engaging Students in Learning and 3e: Demonstrating Flexibility and Responsiveness

D. Timeline for implementation and completion including start and end dates

1. September 2013 – Assign AIS Reading to students based on their June assessment results
2. September 2013-October 2013 administer and score the TC Running Record Assessment
3. November 2013 analyze the assessment results and revise AIS reading services as needed
4. December 2013-January 2014 administer second TC Running Record Assessment
5. February 2014 analyze the assessment results and revise AIS services as needed
6. March 2014-April 2014 administer the third TC Running Record Assessment (MOSL)
7. May 2014 analyze the results of the assessment, make adjustments as needed, and write preliminary goals for the 2014-15 school year

E. Describe programmatic details and resources that will be used to support each instructional strategy/activity

1. AP of Curriculum and Professional Development along with Instructional Coaches provide PD for the teachers in UDL strategies, collaborative unit planning, Danielson Framework for Teaching,
2. Staff Developers from TCRWP have been contracted to provide cycles of PD for all teachers
3. Expert Staff Development Days have been contracted affording our staff the opportunity to learn from senior staff developers from TCRWP
4. Materials have been purchased and teachers have been hired to begin an afterschool program targeting our ELLs who are also SWDs
5. Funding was allocated to provide a Newcomers Transitional Class for students in grades 3-5 who are new to the country
6. AIS is being provided to Advanced ELLs who are performing at Level 1 in reading using Leveled Literacy Intervention
7. Teachers use assessment data to drive instruction of ELL students. The data is used to plan for whole group, small group and individual instruction based on the needs of their students.
8. The School Leadership Team meets to review school-wide data to evaluate the effectiveness of programs and structures.
9. Teachers meet with the principal semi-annually to review and discuss program and curriculum effectiveness.
10. Teachers meet with assistant principals each month to discuss assessment data and program and curriculum effectiveness
11. The administrative cabinet meets weekly to review and discuss program and curriculum effectiveness and revisions are made based on all available data.
12. Teacher evaluations are reviewed to determine the teachers' level of implementation of curriculum and initiatives, and additional support/professional development is provided as needed

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

The school provides parent workshops in CCLS that will include strategies parents may implement at home to support ELLs. Workshops will include unpacking of the Common Core State Standards (CCSS) as well as efforts toward the goal of College and Career Readiness (CCR). Adult ESL classes are provided to assist parents in learning English that will allow them to better help their children with school work and English language acquisition. Interim progress reports/report cards will be sent home each month, which will provide parents with information about their child's academic progress and needs. These progress reports will be sent in the home language in order to insure a strong communication link between the home and school. Parent-Teacher meetings will be scheduled in the fall and spring for all students, as well as throughout the year for parents of students who are at risk for not meeting grade level expectations. Interpreters are used for all parent-teacher conferences when needed to insure the maximum level of communication. A PS 89Q Parent Handbook, available in the covered languages, is distributed to all new parents to ensure their understanding of school procedures, programs and resources. A parent communication folder is provided to all students by the PTA and is printed with contact information for administrators and support personnel. A parent information website was created for the 2011-2012 school year. This website provides critical information to parents such as calendars, schedules, units of study, and resources. A Title I Parent Involvement Committee monitors the school's Parent Involvement Policy, Parent School Compact and the Title I Parent Involvement Budget. Classroom teachers invite parents to a minimum of two (2) celebrations each school year. Learning Leaders provide additional support to staff and students

Budget and Resource Alignment

Indicate using an "X" the fund source(s) that your school is using to support the instructional goal.

X	Tax Levy	Title IA	Title IIA	X	Title III	Set Aside	Grants
List any additional fund sources your school is using to support the instructional goal below.							

Goal and Action Plan #2

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Goal #2: At-risk Students

To continue to improve educational outcomes for students performing far below grade level expectations in English Language Arts, including ELLs and SWDs students, targeted academic intervention will be provided based on summative and formative data so that by June 2014, the number of at-risk students in grades K-5 on the Teachers College ITA Reading Assessment will decrease by five (5) percent.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Current Goal as it Relates to Previous Year's Goal:

This year's goal builds upon the work of 2012-13 by purposely targeting our lowest performing students in English Language Arts. A significant number of our students perform far below grade level in ELA. To deepen and broaden our commitment to closing the achievement gap, we will provide targeted academic intervention services using a Response to Intervention Model.

Recent data from P.S. 89's NYC Progress Report shows improvement in academic achievement for all students in ELA; however, we must continue to improve educational outcomes for 'at-risk' students in English Language Arts, including Special Education students. In order to reduce the number of students performing at Level 1 in English Language Arts, we will: continue to provide targeted Academic Intervention Services (AIS) programs within the school day, including early intervention in Kindergarten, Reading Lab, Leveled Literacy Intervention, and provide professional development which will include methods for differentiating instruction for at-risk students including special education students. In addition, after school programs will continue to provide targeted academic intervention to at-risk students, including students with disabilities. The instructional cabinet will continue to meet periodically to review the academic progress of at-risk students, including special education students. Additionally, the Special Education Assistant Principal will continue to monitor special education services, and a third Learning Lab will be added to provide an instructionally supportive environment for more of our students receiving Special Education Teacher Support Services (SETSS). We will also continue to track the performance of at risk students in ELA periodically to determine the effectiveness of our programs and interventions, so that we can add or revise services. We have, therefore, created this school goal to insure the continued academic improvement of at risk students.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

1. Strategies/activities that encompass the needs of identified subgroups

Intended Outcome:

- ☐ Programs, structures and resources will be aligned to provide support for at-risk students in order to increase student performance in English Language Arts

Action Plan:

- Academic intervention services (AIS) are provided using Leveled Literacy Intervention (LLI) for students who are performing well below grade level

in grades 1-3 in order to provide early intervention.

- An additional teacher has been assigned to provide AIS Reading for the 2013-14 school year
- An after school technology based reading intervention program, iReady, is being implemented for at-risk students in grades 2-5 based on the results of summative and formative data.
- Tier I academic intervention services (AIS) are provided by classroom teachers to all at-risk students in small groups. Teachers provide additional small group instruction in literacy to at-risk students. This instruction includes, but is not limited to, guided reading, strategy lessons, guided writing, shared reading and writing, and component work.
- For students who require additional support, Tier II academic intervention services are provided by classroom teachers to individual students, based on students' needs. Teachers also utilize technology based interventions, such as Fluency Centers, RazKids, Lexia, and Starfall.com.
- Utilize summative and formative data for all students to determine eligibility for AIS and to create AIS rosters based on student need.
- Collect data on all intervention services/programs quarterly. Review the data to monitor the progress of students within each AIS program. Make revisions to rosters as needed.
- In each academy, Pupil Progress Committees (PPC) will meet regularly to discuss individual students who despite Tier I interventions are not making adequate progress toward grade level benchmarks. Tier II and Tier III Academic interventions may be provided to those students such as Kindergarten Oral Language Intervention, Leveled Literacy Intervention, Rosetta Stone, Fluency Fun, and Mondo Oral Language Reading Program. In addition, students who continue to struggle will be offered Tier III interventions such as at-risk SETSS and Speech/Language Instruction. When warranted, students may be referred for further an educational evaluation to determine if special education services are necessary.

2. Key personnel and other resources used to implement each strategy/activity

Principal, Assistant Principals, Classroom Teachers, Guidance Counselors, AIS Teachers, and Speech Teachers

3. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

- Agendas from professional development workshops, unit planning and team meetings
- Interim TC Assessment data will show a decrease in the number of students scoring at level 1
- Teacher evaluation data in Advance will show improvement in competencies 1c: Setting Instructional Outcomes, 1e: Designing Coherent Instruction, 3c: Engaging Students in Learning and 3e: Demonstrating Flexibility and Responsiveness

4. Timeline for implementation and completion including start and end dates

- September 2013 – Assign AIS Reading to students based on their June assessment results
- September 2013-October 2013 administer and score the TC Running Record Assessment
- November 2013 analyze the assessment results and revise AIS reading services as needed
- December 2013-January 2014 administer second TC Running Record Assessment
- February 2014 analyze the assessment results and revise AIS services as needed
- March 2014-April 2014 administer the third TC Running Record Assessment (MOSL)
- May 2014 analyze the results of the assessment, make adjustments as needed, and write preliminary goals for the 2014-15 school year

5. Describe programmatic details and resources that will be used to support each instructional strategy/activity

- All teachers have received professional development on Universal Design for Learning (UDL); therefore, classroom observations will reflect UDL strategies in all lessons.
- Curriculum units of study in Reading and Writing are revised monthly at collaborative unit planning team meetings to include UDL strategies and scaffolds for at-risk students; therefore, teacher lesson plans will reflect UDL strategies to support all learners.

- An assistant principal has been assigned to supervise the Special Education Department in order to improve instructional methods and student outcomes.
- AIS Teachers have been included in all professional development workshops, including unit planning, and the Danielson Framework for Teaching.
- All teachers, including AIS teachers, have also been provided with additional PD on *Using Assessment in Instruction*, analyzing student work products to determine students' needs, using the data to drive instruction, and goal setting for students; therefore lesson plans and observations should reflect an increased knowledge of students and ongoing assessment.
- AP of Curriculum and Professional Development along with Instructional Coaches provide PD for the teachers in UDL strategies, collaborative unit planning, Danielson Framework for Teaching,
- Staff Developers from TCRWP have been contracted to provide cycles of PD for all teachers
- Expert Staff Development Days have been contracted affording our staff the opportunity to learn from senior staff developers from TCRWP
- Materials have been purchased and teachers have been hired to begin an afterschool program targeting our Level 1 students in grades 2-5 who are ELLs and SWDs
- AIS is being provided to students performing at Level 1 in reading in grades 1-3 during the school day using Leveled Literacy Intervention

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

The school provides parent workshops in CCLS that will include strategies parents may implement at home to support at-risk students. Workshops will include unpacking of the Common Core State Standards (CCSS) as well as efforts toward the goal of College and Career Readiness (CCR). Adult ESL classes are provided to assist parents in learning English that will allow them to better help their children with school work and English language acquisition. Interim progress reports/report cards will be sent home each month, which will provide parents with information about their child's academic progress and needs. These progress reports will be sent in the home language in order to insure a strong communication link between the home and school. AIS teachers also provide progress reports triennially to parents in order to inform them of their child's progress. Parent-Teacher meetings will be scheduled in the fall and spring for all students, as well as throughout the year for parents of students who are at risk for not meeting grade level expectations. Interpreters are used for all parent-teacher conferences when needed to insure the maximum level of communication. A PS 89Q Parent Handbook, available in the covered languages, is distributed to all new parents to ensure their understanding of school procedures, programs and resources. A parent communication folder is provided to all students by the PTA and is printed with contact information for administrators and support personnel. A parent information website was created for the 2011-2012 school year. This website provides critical information to parents such as calendars, schedules, units of study, and resources. A Title I Parent Involvement Committee monitors the school's Parent Involvement Policy, Parent School Compact and the Title I Parent Involvement Budget. Parents are invited to monthly PTA meetings; seven (7) parents are members of the School Leadership Team (SLT), and Classroom teachers invite parents to a minimum of two (2) celebrations each school year. Learning Leaders provide additional support to staff and students

Budget and Resource Alignment

Indicate using an "X" the fund source(s) that your school is using to support the instructional goal.

X	Tax Levy	Title IA	Title IIA	Title III	Set Aside	Grants
List any additional fund sources your school is using to support the instructional goal below.						

Goal and Action Plan #3

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Goal #3: All Students - ELA

To continue to focus sharply on developing strategies to raise the achievement of *all students*, including ELLs and SWDs, in English Language Arts by increasing students' capacity to think critically as they read and to develop viable arguments through oral and/or written responses so that by June 2014 the number of students in grades K-5 scoring levels 3 and 4 on the Teachers College ITA Reading Assessment will increase by five (5) percent.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Current Goal as it Relates to Previous Year's Goal:

This year's goal broadens and deepens our work on critical thinking and problem solving, by aligning our instruction to the Common Core Learning Standards (CCLS) and the Citywide Instructional Expectations (CIE). We will focus on critical thinking in Reading by improving questioning and discussion techniques, which will include citing evidence from the text to support thinking. A review of student work products from the previous year, along with the data results from the NYS ELA Exam, showed a trend/pattern that needed to be addressed. Many students had difficulty answering questions that required deep critical thinking about texts. Furthermore, their written responses often lacked the appropriate evidence needed to support their thinking. These difficulties had a negative impact on student performance and progress. Therefore, in order to improve student performance for all students in English Language Arts, we have created this goal.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

- **Strategies/activities that encompass the needs of identified subgroups**

Intended Outcome:

- ☐ Shared Inquiry Discussions around complex texts using Junior Great Books will improve students' abilities to think critically and develop viable arguments through oral and written responses
- ☐ Student work products in opinion and essay writing will reflect higher order thinking that is supported with evidence

Action Plan:

- ☐ Professional development has been provided in questioning techniques for all pedagogues, including content area, ESL, and AIS teachers as well as paraprofessionals.
- ☐ Implement Junior Great Books Program, which integrates, read aloud with Socratic Questioning to build understanding and foster critical thinking.
- ☐ Whole class accountable talk conversations around read aloud texts
- ☐ Accountable talk book club conversations and partnership conversations
- ☐ Readers response notebooks in grades 3-5
- ☐ Teachers create and revise teaching points for units of study in Essay Writing and Opinion Writing, which involves the use of text based evidence.

<ul style="list-style-type: none"> • Key personnel and other resources used to implement each strategy/activity
Principal, Assistant Principals, Instructional Coaches, TCRWP Staff Developers, Junior Great Books Consultants, and Classroom Teachers
<ul style="list-style-type: none"> • Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity
<ul style="list-style-type: none"> • Advance reports will be analyzed quarterly to monitor classroom practices in the Danielson Component on competency 3b: Questioning and Discussion Techniques • TC Assessment Data will be analyzed quarterly to observe the target of an increase in the number of students performing at levels 3 and 4.
<ul style="list-style-type: none"> • Timeline for implementation and completion including start and end dates
<ol style="list-style-type: none"> 1. July 2013 – order JGB Materials 2. September 2013 – Provide PD in JGB 3. October 2013 – JGB Consultant PD Days 4. November 2013 – June 2014 Full implementation of program
<ul style="list-style-type: none"> • Describe programmatic details and resources that will be used to support each instructional strategy/activity
<ul style="list-style-type: none"> • Allocate funds to hire per diem substitute teachers to cover classrooms for are hired to cover classes in order to afford teachers the opportunity to attend professional development sessions. • Allocate funds to purchase materials and hire consultants • Additional professional development and teacher support will be provided based on data results on Advance • Purchase Junior Great Books materials for grades 2-5 • Contract Professional Developers from JGB to provide PD to all classroom teachers in grades 2-5 • Contract with JGB consultants to provide classroom level support for individual teachers in grades 2-5 • Provide training in Shared Inquiry Discussion Techniques for all other teachers, including cluster, AIS and ESL

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parental involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).
<p>The school provides parent workshops in CCLS that will include strategies parents may implement at home to support students critical thinking skills. Workshops will include unpacking of the Common Core State Standards (CCSS) as well as efforts toward the goal of College and Career Readiness (CCR). Adult ESL classes are provided to assist parents in learning English that will allow them to better help their children with school work and English language acquisition. Interim progress reports/report cards will be sent home each month, which will provide parents with information about their child's academic progress and needs. These progress reports will be sent in the home language in order to insure a strong communication link between the home and school. AIS teachers also provide progress reports triennially to parents in order to inform them of their child's progress. Parent-Teacher meetings will be scheduled in the fall and spring for all students, as well as throughout the year for parents of students who are at risk for not meeting grade level expectations. Interpreters are used for all parent-teacher conferences when needed to insure the maximum level of communication. A PS 89Q Parent Handbook, available in the covered languages, is distributed to all new parents to ensure their understanding of school procedures, programs and resources. A parent communication folder is provided to all students by the PTA and is printed with contact information for administrators and support personnel. A parent information website was created for the 2011-2012 school year. This website provides critical information to parents such as calendars, schedules, units of study, and resources. A Title I Parent Involvement Committee monitors the school's Parent Involvement Policy, Parent School Compact and the Title I Parent Involvement Budget. Parents are invited to monthly PTA meetings; seven (7) parents are members of the School Leadership Team (SLT), and Classroom teachers invite parents to a minimum of two (2) celebrations each school year. Learning Leaders provide additional support to staff and students</p>

List any additional fund sources your school is using to support the instructional goal below.										

Goal and Action Plan #4

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #4

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.
Goal # 4: Students with Disabilities To continue to focus sharply on developing strategies to raise the achievement of SWDs in English Language Arts by providing targeted reading interventions such as Orton Gillingham, so that the number of SWDs performing at level 3 on the Teachers College ITA Reading Assessment will increase by five (5) percent.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.
Current Goal as it Relates to Previous Year's Goal: This year's goal builds upon the work of 2012-13 by purposely targeting our SWDs. Students with disabilities (SWDs) perform significantly lower than our general education students in English Language Arts. To deepen and broaden our commitment to closing the achievement gap, an Assistant Principal of Special Education has been assigned to supervise the Special Education Department. This year our goal will be to improve Special Education instruction and provide a coherent delivery of services to accelerate student progress for this high needs subgroup. A review of student data from our 2013 report card shows that, overall, our students did well in terms of performance and progress compared to other schools in the city and the peer group. This resulted in our school receiving an "A" on our School Progress Report. However, the data also shows a low percentage SWDs scored level 3 and 4 on the NYS ELA and Math exams last year, which had a negative effect on our "Closing the Achievement Gap" rating. Credited with 3.6 out of 17 possible points in this area; we need to insure that more of our SWD are able to score level 3 and 4 on the state tests and make significant progress to close the achievement gap. Therefore, in order to improve student performance for all SWDs in English Language Arts, we have created this goal.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.
<ul style="list-style-type: none">• Strategies/activities that encompass the needs of identified subgroups
Intended Outcome: <ul style="list-style-type: none">• Curricula units are developed using the UDL model including multiple entry points, scaffolds and differentiated strategies• SWDs will be able to accurately respond to grade appropriate CCLS based tasks and master important literacy skills
Action Plan:

- ☐ An assistant principal was assigned to supervise special education teachers and services in order to insure special education compliance and provide coherence in the delivery of services
- ☐ AP for Special Education meets monthly with the Special Education Teacher Teams to discuss changes in mandates, SEISS updates, pupil progress and movement toward least restrictive environment
- ☐ All teachers including Special Education Teachers received professional development in Universal Design for Learning (UDL)
- ☐ An additional special education teacher was assigned to SETSS to provide necessary support to SWDs
- ☐ An additional ICT class was formed in Kindergarten in order to meet the needs of incoming students based on the Turning 5 assessments.
- ☐ SWDs who are ELLs will be included in after school literacy programs specifically designed to target their skill deficiencies in reading
- ☐ Special Education teachers were trained in Orton-Gillingham Phonics Intervention program. Orton-Gillingham supplies and materials have been ordered, and will be distributed to all SETTS and 3R Classrooms.
- ☐ SWD Teams will conduct “share-outs” after school on Tuesdays, once a month. The purpose of these meetings is for staff members to collaborate and share the many ways they are reaching their students with disabilities. Dates are announced in the 89Weekly, and all staff members are welcome to attend.
- ☐ Paraprofessionals have attended professional development led by the Assistant Principal and the IEP Teacher in the following areas: Paraprofessional responsibilities, guided reading, writer’s workshop, how to effectively implement Behavioral Intervention Plans, SEISS-basics, Encounter Attendance, and Achieving IEP Goals

• **Key personnel and other resources used to implement each strategy/activity**

Principal, Assistant Principals, School Implementation Team (SIT)/IEP Team, Special Education Teachers, and Related Service Providers

• **Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity**

1. Agendas from SWD Teacher Team meetings, and professional development sessions
2. Classroom observations of Literacy lessons will reflect the use of Orton-Gillingham methods and materials
3. Interim TC reading assessments will show a decrease in the number of students performing at level 1
4. Teacher evaluation data in Advance will show improvement in 1c: Setting Instructional Outcomes, 1e: Designing Coherent Instruction, 3c: Engaging Students in Learning and 3e: Demonstrating Flexibility and Responsiveness

• **Timeline for implementation and completion including start and end dates**

- September 2013 – Review student data (IEP/NYS Exam results/June TC assessment results)
- September 2013-October 2013 administer and score the TC Running Record Assessment
- November 2013 analyze the assessment results and revise goals and services as needed
- December 2013-January 2014 administer second TC Running Record Assessment
- December 2013-January 2014 review test modifications
- February 2014 analyze the assessment results and adjust services as needed
- March 2014-April 2014 administer the third TC Running Record Assessment (MOSL)
- May 2014 analyze the results of the all assessment, make adjustments and reorganize classes for the upcoming school year.
- May - June 2014 review Turning 5 data to determine placements for the 2014-15 school year.

• **Describe programmatic details and resources that will be used to support each instructional strategy/activity**

- All teachers have received professional development on Universal Design for Learning (UDL); therefore, classroom observations will reflect UDL strategies in all lessons.
- Curriculum units of study in Reading and Writing are revised monthly at collaborative unit planning team meetings to include UDL strategies and scaffolds for at-risk students, including SWDs; therefore, teacher lesson plans will reflect UDL strategies to support all learners.
- An assistant principal has been assigned to supervise the Special Education Department in order to improve instructional methods and student outcomes.
- All teachers, including AIS teachers, have also been provided with additional PD on *Using Assessment in Instruction*, analyzing student work products to determine students' needs, using the data to drive instruction, and goal setting for students; therefore lesson plans and observations should reflect an increased knowledge of students and ongoing assessment.
- AP of Curriculum and Professional Development along with Instructional Coaches are assigned to provide PD for the teachers in UDL strategies, collaborative unit planning, Danielson Framework for Teaching,
- Staff Developers from TCRWP have been contracted to provide cycles of PD for all teachers, including special education teachers
- Expert Staff Development Days have been contracted affording our staff, including special education teachers the opportunity to learn from senior staff developers from TCRWP
- Materials have been purchased and teachers have been hired to begin an afterschool program utilizing iReady which will target our Level 1 students in grades 2-5 who are ELLs and SWDs
- AIS is being provided to students performing at Level 1 in reading in grades 1-3 during the school day using Leveled Literacy Intervention

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

The school provides parent workshops in CCLS that will include strategies parents may implement at home to support students with disabilities. Workshops will include unpacking of the Common Core State Standards (CCSS) as well as efforts toward the goal of College and Career Readiness (CCR). Adult ESL classes are provided to assist parents in learning English that will allow them to better help their children with school work and English language acquisition. Interim progress reports/report cards will be sent home each month, which will provide parents with information about their child's academic progress and needs. These progress reports will be sent in the home language in order to insure a strong communication link between the home and school. AIS teachers also provide progress reports triennially to parents in order to inform them of their child's progress. Parent-Teacher meetings will be scheduled in the fall and spring for all students, as well as throughout the year for parents of students who are at risk for not meeting grade level expectations. Interpreters are used for all parent-teacher conferences when needed to insure the maximum level of communication. A PS 89Q Parent Handbook, available in the covered languages, is distributed to all new parents to ensure their understanding of school procedures, programs and resources. A parent communication folder is provided to all students by the PTA and is printed with contact information for administrators and support personnel. A parent information website was created for the 2011-2012 school year. This website provides critical information to parents such as calendars, schedules, units of study, and resources. A Title I Parent Involvement Committee monitors the school's Parent Involvement Policy, Parent School Compact and the Title I Parent Involvement Budget. Parents are invited to monthly PTA meetings; seven (7) parents are members of the School Leadership Team (SLT), and Classroom teachers invite parents to a minimum of two (2) celebrations each school year. Learning Leaders provide additional support to staff and students

Budget and Resource Alignment

List any additional fund sources your school is using to support the instructional goal below.

Goal and Action Plan #5

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #5

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Goal #5: Advance: Teacher Evaluation and Development System

To support shifting teacher practice, a new system of teacher evaluation and development will be implemented so that by June 2014 all pedagogues will be evaluated using the new system.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Current Goal as it Relates to Previous Year's Goal:

This year's goal deepens and broadens our work from the previous year in developing a shared understanding and common language around teacher effectiveness through the use of Danielson's Framework for Teaching. During the 2012-13 school year, we introduced the Danielson Framework for Teaching to the staff. The goal was to provide a common language for expectations around teacher effectiveness. Teachers participated in professional development on the domains and there was a focus on competencies: 1e Designing Coherent Instruction, 2b Establishing a Culture for Learning, 3b Questioning and Discussion Techniques, 3c Engaging Students in Learning and 3d Using Assessment in Instruction. This year with the implementation of the Advance: Teacher Evaluation and Development System, we have expanded our focus to include all the competencies. We have done so during Faculty Conferences, Professional Development Workshops, Grade Team Meetings, and Unit Planning Team Meetings. This will afford teachers with a deeper understanding of the FFT Rubric, and how it will be used as a Measure of Teacher Practice (MOTP). The Citywide Instructional Expectations (CIE) place an emphasis on improving teacher practice, so we have created this goal to align with the CIE.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

- **Strategies/activities that encompass the needs of identified subgroups**

Intended Outcome:

- Teachers and school leaders will share a common language for teacher effectiveness
- School administrators will share specific, timely feedback with teachers that aligns to the competencies on the Danielson Rubric
- All teachers who qualify will be evaluated using the Advance system

Action Plan:

- Every teacher received 6 hours of professional development on the Danielson Framework for Teaching prior to the start of the 2013-14 school year.
- Teachers receive an additional 371/2 minutes of extended day professional development two times each month, which focuses on Danielson and the new Advance system.
- The MOSL committee was formed at the end of the previous school year to explore the various assessment options available for selection. The

MOSL Committee, attended workshops, and carefully reviewed the MOSL handbook. The Committee which included four assistant principals and four teachers collaborated to select the assessments that aligned with our school-wide goals and our shared beliefs about how students learn best. After careful consideration, the MOSL Committee presented their recommendations to the principal, and staff.

- Faculty conferences were devoted to informing teachers about the Advance system which included a description of the rating system, an explanation of the observation options, and the timeline for implementation.
- Principal and Assistant Principals participate in job embedded PD provided by DOE Talent Coaches
- A 'Q & A' section within our weekly school publication, the 89 Weekly, was developed specifically to address the teachers' questions and concerns about the Advance system and to clear up any misconceptions.
- All teachers being evaluated by Advance were met with well before the October deadline. At these IPC Meetings, teachers spoke about their professional goals for the 2013-14 school year. They also chose the observation option and whether or not they want to be videotaped.
- Supervisors began their first round of observations. They hold pre and post-observation conferences and conduct formal and informal observations as determined by the teachers' observation selection.
- Supervisors provide feedback to teachers using the Danielson Framework for Teaching.

• **Key personnel and other resources used to implement each strategy/activity**

Principal, Assistant Principals, Instructional Coaches, Classroom Teachers, Cluster Teachers, ESL Teachers and AIS Teachers

• **Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity**

1. Teacher Eligibility Reports
2. Observation Options Report
3. Teacher Level MOTP Detail Report
4. School Level MOTP Summary Report
5. Trends and patterns are analyzed and adjustments are made to insure coherent implementation and professional development is provided based on teacher feedback.

• **Timeline for implementation and completion including start and end dates**

6. Enter Teacher Eligibility in Advance
7. Hold IPC Meetings with teachers prior to October 25, 2013 and enter teachers' observation option selection in Advance
8. October 26, 2013-June 6, 2014 conduct Formal and Informal Classroom Observations
9. Ongoing: Meet with teachers for pre and post-observation conferences
10. Ongoing: Write evaluation reports and enter data on Advance
11. Ongoing: Provide timely feedback to teachers
12. Ongoing: Evaluate artifacts and enter data into Advance
13. Ongoing: Provide teachers with professional development and support as needed to improve teacher practice

• **Describe programmatic details and resources that will be used to support each instructional strategy/activity**

1. Teachers will meet for 37 ½ minutes bi-monthly for Professional Development on Advance
2. Teachers will continue to receive training on Danielson during monthly Unit Planning Team meetings
3. Supervisory roles were adjusted to provide coherent supervisory support to teachers

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

The Danielson Framework for Teaching component 4c addresses communicating with families. Teachers provide parents with Interim Progress Reports or Report Cards which are sent home each month, providing parents with monthly feedback on the academic needs of their child. They meet with parents on Meet the Teacher Night, setting clear expectations for the school year ahead. Individual Parent-Teacher Conferences will be scheduled in the fall and spring for all students, as well as throughout the year for parents of students who are at risk for not meeting grade level expectations. Interpreters are used for all parent-teacher conferences when needed to insure the maximum level of communication. A PS 89Q Parent Handbook, available in the covered languages, is distributed to all new parents to ensure their understanding of school procedures, programs and resources. A parent communication folder is provided to all students by the PTA and is printed with contact information for administrators and support personnel. A parent information website was created for the 2011-2012 school year. This website provides critical information to parents such as calendars, schedules, units of study, and resources. The school uses School Messenger an automated telephone calling system that sends important messages via telephone to the families of students.

The school provides parent workshops in CCLS that will include strategies parents may implement at home to support students. Workshops will include unpacking of the Common Core State Standards (CCSS) as well as efforts toward the goal of College and Career Readiness (CCR). Adult ESL classes are provided to assist parents in learning English that will allow them to better help their children with school work and English language acquisition. Interim progress reports/report cards will be sent home each month, which will provide parents with information about their child's academic progress and needs. These progress reports will be sent in the home language in order to insure a strong communication link between the home and school. AIS teachers also provide progress reports triennially to parents in order to inform them of their child's progress A Title I Parent Involvement Committee monitors the school's Parent Involvement Policy, Parent School Compact and the Title I Parent Involvement Budget. Parents are invited to monthly PTA meetings; seven (7) parents are members of the School Leadership Team (SLT), and Classroom teachers invite parents to a minimum of two (2) celebrations each school year. Learning Leaders provide additional support to staff and students

Highly Qualified Teachers (HQT)

Describe the strategies and activities including strategies for recruitment, retention, assignments, and support including high quality professional development that ensures staff is highly qualified.
<ul style="list-style-type: none"> • Each year the administration receives hundreds of prospective applicants for open positions. The administration chooses the brightest and most promising candidates to interview at Level I. Those showing the greatest potential complete writing samples to show their knowledge and basic writing skills, if exemplary, they are moved to Level 2. Level 2 candidates then interview with the principal who further assesses the candidates' skills, knowledge and potential. Many prospective teachers are interested in our school due to the level of support provided, the school's 'A' performance rating, and the professional development offered. • To support new teachers in the readers, writers, and mathematics workshop we created a New Teacher Institute. The New Teacher Institute (NTI) provides an intensive two-day overview of the curriculum and expectations. • Support continues with yearlong, weekly, New Teacher Professional Development course. The course explores each component of the workshops more thoroughly in order to deepen the teachers' understanding. • In order to create more focused New Teacher Professional Development groups, the groups are divided by grade level, K- 2, and 3- 5 to allow for more differentiated, grade-specific support during Professional Development meetings. • We have made a concerted effort to build capacity in our school by encouraging leadership among teachers. Choosing exemplary faculty to join the professional development staff as P.S. 89 furthers the professional climate and deepens our learning community. • PS 89 continues to implement a focused and ongoing professional development program in literacy. We continually gather data from the staff regarding their needs in professional development in order to improve the quality of instruction. • All classroom and OTP teachers will continue to be afforded the opportunity to participate cycles of professional development, around various topics, provided by TCRWP staff developers. • PS 89's professional development is aligned with the goals outlined in our CEP. • Classroom lab sites are used on every grade (K-5) to demonstrate and practice new initiatives and instructional methods. • A climate of inquiry learning is encouraged among pedagogues with all teachers conducting a study into an area of mutual interest that aligns with the school's goals. Using data collected in their own classrooms, the effects of instructional practices are studied and plans are created to implement methods, which prove to be effective. The inquiry teams meet each week on Thursdays during extended day or on Tuesday in the morning before school begins. • Teachers, who do not possess the necessary certification in order to meet the High-Quality Teacher

standards in core academic subjects, will receive support in the form of information, reminders, and compensation to obtain the necessary requirements. Teachers, who are not successful at achieving the necessary certification, will be placed in positions for which they are highly qualified. This will insure that all High-Quality Teachers teaching in all core subjects for the 2011-2012 school year.

High Quality and Ongoing Professional Development

Describe the strategies and activities for high quality professional development for teachers, principals, and paraprofessionals, and staff that enable all students to meet Common Core State Standards (CCSS).

All teachers, including ESL, Special Education teachers and AIS teachers participate in rigorous ongoing CCLS aligned professional development during monthly Unit Planning Team meetings. Teachers also receive cycles of Professional Development provided by Teachers College Reading and Writing Project (TCRWP) Staff Developers, and Expertise Days from Senior TCRWP Staff Developers. Many teachers attend Calendar Day Workshops at Teachers College in areas of interest and need. The information gleaned at the calendar days is disseminated to the other teachers via the AP of Curriculum and/or Instructional Coaches. In-house professional development is provided based on staff needs as determined by classroom observations. In addition, teachers participate in bi-weekly PD on Danielson/Advance using ARIS Learn, and monthly Supervisory Teacher Team Meetings

Administrators receive job-embedded PD on Danielson and the new Advance: Teacher Evaluation and Development System. The sessions are facilitated by Talent Coaches who are well-versed in the Danielson Framework for Teaching.

Paraprofessionals attend professional development led by the Assistant Principal and the IEP Teacher in the following areas: Paraprofessional responsibilities, guided reading, writer's workshop, how to effectively implement Behavioral Intervention Plans, SEISS-basics, Encounter Attendance, and helping students achieve IEP goals.

Coordination and Integration of Federal, State, and Local Services and Programs

Describe how the coordination and integration of Federal, State, and/or local funds are used to meet ***the intent and purpose*** programs whose funds are consolidated (i.e., services for Students in Temporary Housing (STH), violence prevention programs, housing programs, Head Start, etc.).

Academic Intervention Services (AIS) are being provided to at risk students including students with disabilities who are performing at Level 1 both within the school day and after school hours. Programs include Tier I classroom interventions, Tier II interventions such as, Kindergarten Oral Language Intervention, Leveled Literacy Intervention, Rosetta Stone, and iReady. In addition, students who do not show progress are offered Tier III interventions such as at-risk SETSS and Speech/Language Instruction. Many at risk students also attend the Child Center of NY After School Program, which is a grant funded CBO. This program provides homework help and enrichment. Students in temporary housing are offered assistance with school supplies and materials, and counseling support.

Title I School Wide Program School, Conceptual Consolidation will allow us to combine Federal and local funds such as Title I Fair Share Funding, Contract for Excellence, Title III, and human resources to implement this action plan as indicated below:

- Employ two (2) full-time Instructional Coaches
- Employ a full time Data Specialist to monitor the collection and reporting of student achievement data to teachers and administrators
- Employ a full time IT support teacher to assist with technology maintenance and troubleshooting
- Employ an additional SETSS teacher and ICT teacher
- Purchase assessment materials such as papers and labels to assist with data collection and reporting
- Compensate teachers using per session hours to staff after school programs that provide academic intervention to at risk students
- Purchase consumable reading materials to support AIS instruction for at risk students
- Provide professional development through Teachers College Reading and Writing Project as well

GoMath!, and Junior Great Books

- Purchase programs such as Reading A-Z, Raz Kids and Learning A-Z Enhanced ELL program to support at risk students
- Purchase instructional material such as headphones/microphones, and too-ba-loos to support at risk students
- Purchase software to support students with disabilities (PECS and Hearbuilder)
- Employ eleven (11) full-time ESL Teachers to provide push-in and pull-out ESL services as needed
- Employ one (1) full-time ESL teacher for the Transitional Newcomers Class
- Employ one (1) full-time ESL Coordinator
- Purchase Rosetta Stone software
- Fund two (2) full time reading specialists to provide Leveled Literacy Intervention
- Fund Title III afterschool program iReady to support students who are ELLs and SWDs
- Provide per session hours to support an inquiry lead teacher as a resource for all inquiry teams
- Purchase materials and professional development for Junior Great Books

SWP Schools Only

Transition Plans to Assist Preschool Children (Elementary Schools Only)

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.).

In order to assist preschool children transition from early childhood programs to the elementary school program, our Parent Coordinator (PC) reaches out to the preschools that historically send us the majority of our incoming Kindergarteners. The PC invites parents to workshops that provide information to parents on preparing their children for elementary school. During the registration process, the registration staff provides additional guidance to parents regarding strategies for helping their child prepare for Kindergarten. The principal holds a parent Kindergarten Orientation meeting every year in June. At this meeting the parents are provided with detailed information about the transition process. Every parent and child receives a welcome packet which includes a parent information booklet, student coloring book and sample summer activities that can be completed in order to prepare the child for elementary school. The activities include alphabet chart, simple math sheets, and fine motor practice tracing sheets. Students' cumulative records are sent to the school with preschool assessments included so that Kindergarten teachers have some knowledge about their student's developmental level. If Kindergarten students are having difficulty adjusting to elementary school, guidance counselors or administrators will often contact the preschool programs for additional information.

PS 89 is proud to offer an early intervention service to siblings of currently enrolled students. Siblings, who are two to three years old, are able to attend our *First Steps Parent-Toddler Language Intervention Program*. This program provides parents and toddlers the opportunity to come to school each week to play and learn together. The program, which is run by the Parent Coordinator, uses volunteer facilitators to promote quality language activities between parents and children. The facilitators utilize toys and books to model interactions that will build vocabulary and expressive language for the children. Sessions are conducted in the home language in order to maximize transfer of skills. The program provides a lending library of toys and books for the parent to take home so that they may apply the same techniques that they observed with the First Steps facilitator. Enrollment in the program has grown to seventy (70) children for the 2013-14 school year.

Measures to Include Teachers in Decisions Regarding Assessments

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.

- The MOSL committee was formed at the end of the previous school year to explore the various assessment options available for selection. The MOSL Committee, attended workshops, and carefully reviewed the MOSL handbook. The Committee which included four assistant principals and four teachers collaborated to select the assessments that aligned with our school-wide goals and our shared beliefs about how students learn best. After careful consideration, the MOSL Committee presented their recommendations for multiple measures of student learning to the principal.
- The MOSL Committee presented the selections to the staff at a faculty conference. Additional faculty conferences were devoted to informing teachers about the Advance system which included a description of the rating system, an explanation of the observation options, and the timeline for implementation.
- Professional development is provided on interpreting assessment data and utilizing the information to plan instruction at Unit Planning, Supervisory Teacher Team meetings, and Bi-weekly Danielson PD

TA Schools Only

Use of Program Resources

Describe how the TA program resources will assist participating children to meet proficiency.

TA Coordination with the Regular Program

Describe the planning, coordination and support of the TA program with the regular educational program (i.e., providing ELT, accelerated, high-quality curriculum, including applied learning; and minimize removing children from the regular classroom during regular school day).

**Directions and Guidance for Developing and Updating the
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP) Template

**P.S. 89Q – The Elmhurst School
Parent Involvement Policy (PIP)**

It is stated in the P.S. 89Q mission statement "all members, staff, students and parents are actively engaged in the educational process." To ensure that parents are actively engaged, P.S. 89Q has formulated this Parent Involvement Policy in collaboration with teachers, parents and the parent coordinator.

I. General Expectations

P.S. 89Q agrees to implement the following requirements with its Parent Involvement Committee:

- Plan and monitor programs, activities and procedures for parent involvement in collaboration with parents
- Meet the requirements of section 1118(b) of ESEA and create a school-parent compact consistent with 1118(d) of ESEA in order to strengthen the involvement of families
- Ensure that the Parent Involvement Policy is included in the Comprehensive Education Plan (CEP)
- Ensure that *all parents* are informed of parent involvement activities and are provided with copies of the school-parent compact and parent involvement policy in the home language, when possible.
- Ensure that parents are involved in the determination of how Title I, Part A funds for parent involvement are spent.
- Use the definition of parent involvement as a guide to monitor all programs, activities and procedures.

Definition:

Parent Involvement means the participation of parents in regular, two-way, and meaningful communication with the school. Parents are an integral partner in their child's learning, actively involved in their child's education and are encouraged to participate in decision-making and advisory committees at the school.

II. Implementation

1. P.S. 89Q established a Title I Parent Involvement Committee This committee is responsible for the creation and review of the parent involvement plan; therefore, parents are involved in the development of the plan.
2. P.S. 89Q involves parents in school review and improvement by having parents

complete Learning Environment Surveys, participate in school leadership, participate in the Title I Parent Involvement Committee and volunteer as Learning Leaders.

3. P.S. 89Q will inform parents of current units of study in reading, writing, science, social studies and math through a centrally located bulletin board, a monthly newsletter, and a school website. Teachers will invite parents to end of unit curriculum celebrations throughout the year.

4. P.S. 89Q will integrate parent involvement with Universal Pre-K programs by inviting parents of preschool children to P.S. 89Q parent workshops.

5. P.S. 89Q will review the results of the Learning Environment Survey to determine the effectiveness of its parental involvement policy for *all parents*, especially for parents with limited income, special needs, limited English proficiency, limited literacy and including all ethnic groups. The results of this survey will be used to plan parental involvement activities and programs to meet their needs.

6. P.S. 89Q will build school and parent capacity by providing the following activities:

- Inform parents of state academic standards, benchmarks, standardized testing requirements, promotional criteria and how to monitor their child's progress.
- Inform parents of academic intervention services and enrichment programs available.
- Provide information and/or training to foster literacy and parental involvement through programs such as: GED preparation, First Steps, ESL, Nutrition, Common Core Learning Standards in Math and Literacy, Preparing Parents for parent-teacher conferences.
- Coordinate and integrate parent involvement programs with preschool students through Kindergarten Orientation, First Steps Parent Toddler Program and inviting Universal Pre-K parents to attend P.S. 89Q parent workshops.
- P.S. 89Q makes every effort to insure that information is made available in the parents' language of understanding through written translation of fliers, memos, parent notices and provides oral translation during parent workshops and meetings. The school provides an in-house translation and interpretation team, of parents, teachers, and volunteers which improves communication between home and school.

III. Discretionary Activities

P.S. 89 will continue to develop and maintain model approaches for improving parent involvement such as:

- Creating and maintaining a parent lending library
- First Steps Parent-Toddler Program to improve the language development of preschool age siblings
- In-House Translation and Interpretation Team to assist with communication between home and school.
- Adult ESL and Literacy Instruction

IV. Adoption

This policy was adopted by P.S. 89Q – The Elmhurst School June 24, 2012 and will be in effect for the period of 2013-14 school year. The school will distribute this policy to all parents in their language of understanding on or before September 30, 2013.

PS 89Q – THE ELMHURST SCHOOL
“Where Believing is Achieving”
Student-Parent-School Compact

Mission Statement

Every student at P.S. 89Q will receive a solid foundation for learning through rigorous, Common Core aligned instruction in literacy and mathematics. We will build a community of learners where all members, staff, students and parents are actively engaged in the educational process. Critical thinking, problem solving and communication skills are developed through an enriched academic program that includes science, technology and the arts. We will create a positive, supportive educational environment that will develop all students into life-long learners, ready for college, career and beyond.

Student Pledge

As a student, I will strive to:

- Let my teacher and family know if I need help.
- Read on my own and with my family, every day.
- Do my homework every day, and turn in all assignments when they are due.
- Obey the school rules and follow the discipline code.
- Respect myself, adults, and other students.
- Come to school every day prepared to learn by eating breakfast, having school supplies and wearing appropriate attire.

Family Pledge

As a parent, I will strive to:

- Stay aware of what my child is learning and communicate regularly with the school staff and my child.
- Reach out to the school community.
- Assist with homework and read with my child every day.
- Monitor the content and amount of my child’s television viewing and video gaming.
- Make sure my child arrives to school on time every day, attends regularly, and follows the school’s discipline and dress codes.
- Attend parent teacher conferences, workshops, Parent Teacher Association meetings, and participate in school activities.

Faculty/Staff Pledge

As a member of the school community, I will strive to:

- Create a partnership with every family
- Provide high quality curriculum and instruction.
- Provide the necessary books and materials to support curriculum and instruction.
- Monitor the progress of all students and provide interventions as needed.
- Attend professional development to stay current in best practices.
- Inform parents of programs/services that their children are eligible for.
- Provide information in the home language through translation at PA meetings, in memos and newsletters.
- Respect the cultural and linguistic diversity of our students and their families.
- Develop activities that encourage parent involvement to promote academic achievement and build home-school connections.

GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2013-14 TO 2014-15 SCHOOL YEARS**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's CEP. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, hold your cursor over the .

Part I: School ELL Profile

A. School Information

District 24	Borough Queens	School Number 089
School Name the Elmhurst School		

B. Language Allocation Policy Team Composition NOTE: The following staff members should be on the LAP team: principal, assistant principal (where applicable), at least one bilingual teacher from each subject area (where there is a bilingual program), at least one ESL teacher, and one parent.

Principal Casper Cacioppo	Assistant Principal Eileen Banks
Coach Marcia Elwarari	Coach Kathleen Hughes
ESL Teacher Meirong Xu	Guidance Counselor Luis Betancourt
Teacher/Subject Area Edward Maier	Parent Marisa Bassi
Teacher/Subject Area Mara Dajevskis	Parent Coordinator Mayra Soto
Related Service Provider Kimberly Kane/SETSS	Other
Network Leader(Only if working with the LAP team)	Other

C. Teacher Qualifications

Please provide a report of all staff members' certifications referred to in this section. Press TAB after each number entered to calculate sums and percentages.

Number of certified ESL teachers currently teaching in the ESL program.	12	Number of certified bilingual teachers <u>not</u> currently teaching in a bilingual program	2	Number of teachers who hold both content area and ESL certification	1
Number of certified bilingual teachers currently teaching in a bilingual program	7	Number of certified NLA/foreign language teachers	0	Number of teachers who hold both a bilingual extension and ESL certification	2
Number of certified ESL teachers <u>not</u> currently teaching in the ESL program	3	Number of teachers currently teaching a self-contained ESL class who hold both a common branch license and ESL certification	4	Number of special education teachers with bilingual extensions	2

D. Student Demographics

Total number of students in school (Excluding Pre-K)	1990	Total number of ELLs	824	ELLs as share of total student population (%)	41.41%

After reviewing and analyzing the assessment data, answer the following:

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.

The assessment tool used to assess early literacy skills of ELLs is the Teachers College Reading and Writing Project (TCRWP) reading assessment. TCRWP evaluates the literacy skills of all of students, including the ELLs. The assessment is an efficient method of assessing readers in letter naming, letter/sound recognition, sight words, decoding, reading comprehension and fluency. The tool is used to determine students' strengths and weaknesses in the area of reading, and matches students to the appropriate level independent reading texts. Teachers record the students' results on the assessment which are then entered into an Access database. The school's data specialist creates reports using the TCRWP data and merges that information with reports provided by ATS, such as ELL proficiency level, NYSESLAT scores, ELA scores, years in NYC school, etc. This allows us to quickly identify student groups and tailor intervention services for students whose academic needs may be similar. One such example might be, "All Grade 2 students whose reading levels put them at risk received a proficiency level of intermediate or advanced on the 2013 NYSESLAT exam."

2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?

A review of New York state English as a Second language Achievement Test (NYSESLAT) scores for the school year of 2012-2013 resulted in the following findings:

In Kindergarten, 207 ELLs took the test. 37 (18%) of these students achieved the Proficiency level; a great majority, 126 (61%) obtained the Advanced level; 40 (19.1%) scored at the Intermediate level and 4 (1.9%) at the Beginning level.

In grades 1-2, 250 ELLs were tested. 54 (22%) of these ELLs achieved the Proficiency level; 129 (52%) scored at the Advanced level; 54 (21%) reached Intermediate level and 13 (5%) were at the Beginning level.

In grades 3-4, 254 ELLs were tested. 46 (18.1%) obtained the Proficiency level; 134 (52.8%) reached the Advanced level; 64 (25.2%) scored at the Intermediate level and 10 (3.9%) at the Beginning level.

In grade 5, 121 students took the test. Of these 121 ELLs, 24 (20%) performed at the Proficiency level; 73 (60.3%) scored at the Advanced level; 20 (16.5%) scored at the Intermediate level and 4 (3.2%) at the Beginning level.

The results of the NYSESLAT are encouraging and show that students are making consistent progress in their English language proficiency.

3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))
4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?

NYS Science Exam

One hundred (100) ELLs took the NYS 4th grade Science test in Spring, 2013. Ninety (90) students took the test in English and ten (10) took the test in their native language. The results for the 4th Grade New York State Science Exam is as follows:

ELLs' Performance in NYS Science Exam in English

ELLs' performance in NYS Science Exam in Native Language

Level 1	2 (2.2%)	1 (10%)
Level 2	11 (12.2%)	3 (30%)
Level 3	50 (55.5%)	3 (30%)
Level 4	28 (31.1%)	2 (20%)

The data above shows that students taking the Science exam in their native language did not fair as well as students who took the exam in English. However, since the number of the students taking the test in their native language is so small compared to the number of the students taking the test in English, the margin seems to be too great to validate an accurate comparison.

Currently, PS 89 is not using the ELL Periodic Assessments to evaluate the growth of our ELLs. Instead, ongoing multiple means of assessments, such as teacher observation and evaluation, Unit assessments, NYS Performance Assessments, New York State standardized exams, as well as Teacher’s College Reading and Writing Assessments, are utilized to monitor student progress. Evidence and data collected through this wide range of resources are carefully reviewed and analyzed, and, thereafter, used to systematically adjust instructional planning to meet the changing needs of our individual ELLs.

5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)

In order to improve educational outcomes for “at-risk” students in all grade levels, including English Language Learners, so as to ensure that they are on track of college and career as described in the Common Core Standards, P.S. 89 will continue to use reliable and valid data to guide instruction for ELLs within the Response to Intervention (RtI) framework. The RTI team, which consists of teachers and administrators, will

- periodically review summative and formative data for all at-risk students, including ELLs and determine academic needs based on data and develop programs that target skills deficiencies. The RTI team will assign staff and purchase materials that target the needs of these at-risk students.
- Schedule targeted academic intervention services for at-risk students who are performing well below grade level using Kindergarten Oral Language Intervention, Early Intervention Reading Lab, Leveled Literacy Intervention.
- Collect data on all intervention services/programs. Review the data to monitor the progress of students within each program.

In addition, Pupil Progress Committees will meet regularly to discuss individual students who despite Tier I interventions are not making adequate progress toward grade level benchmarks. Tier II academic interventions will be provided to those students such as Kindergarten Oral Language Intervention, Leveled Literacy Intervention and Rosetta Stone.

In addition, students who continue to struggle will be offered Tier III interventions such as at-risk SETSS and Speech/Language instruction. When warranted, students may be referred for an educational evaluation to determine if special education services are necessary.

6. How do you make sure that a child’s second language development is considered in instructional decisions?

All ELLs at PS 89Q participate in an instructional program that is aligned with the state mandated ESL, and English Language Arts (ELA), content learning standards and the core curriculum. The second language development for our students plays a very important part in our instructional decisions. Professional development on second language acquisition and ESL methodologies and techniques are offered to teachers of ELLs throughout the school year. Every year as soon as the NYSESLAT results become available in ATS, we analyze the data to find out in which modality (modalities) our ELLs have performed well and which area(s) needs improvement. Teachers, thereafter, are provided with workshops on how to utilize the data to drive instruction. ELLs are flexibly grouped based on their NYSESLAT and/or LAB-R results as well as other reliable assessments such as teacher observations and conference notes, Teacher’s College Reading and Writing Assessments, and are provided with small-group and task-oriented instruction that guide the production of language both in verbal and written forms. English Language Learners are also heterogeneously grouped with English proficient students in their respective classes, which provides an opportunity for the ELLs to interact with their peers who are native speakers and/or with stronger English language skills. In addition to receiving the rigorous grade-level core curriculum, all ELLs are provided with the English as a Second Language support services as mandated in CR Part 154. Technology, including the use of computers equipped with internet access for language learning and ESL software, is also available to all students. Furthermore, an ESL Newcomers Class is created to help the newly arrived ELLs in grades 3-5 to develop their English as a second language skills and, thus, to facilitate their transition into the English school system.

Second language development also permeates all the content areas. Materials are carefully selected to enable the students to develop their English language skills while learning the content. Some of the content area teachers are licensed in teaching English as a Second Language.

7. For dual language programs, answer the following:
- How are the English-proficient students (EPs) assessed in the second (target) language?
 - What is the level of language proficiency in the second (target) language for EPs?
 - How are EPs performing on State and City Assessments?

Students in the Dual Language program are assessed using ELSOL and the Spanish Rigby Literacy assessment program periodically through the school year. In addition, all Dual Language students in grades 3-5 are assessed in Spanish reading using the NYC ELE test.

After reviewing and analyzing the performance data on the 2013 ELE by our English Proficient (EP) students, the following is noted:

0.9% performed at 1-25 percentile
10.8% performed at 26-50 percentile
19.6% performed at 51-75 percentile
68.6% performed at 76-100 percentile

English Proficient (EP) students are achieving well in Spanish, with 88% of EP students performing in the 3rd and 4th quartile on the ELE exam. The data further shows that the majority of English proficient students in the Dual Language Program scored the highest performance category, with 68.6% achieving a 4th quartile score.

English Proficient (EP) students' performance on the New York State Assessments is as follows:

2013 NYS ELA Exam

43.8% of the students achieved levels 3 & 4; 47.3% performed at level 2; 8.7% scored at level 1.

2013 NYS Math Exam

72.8% of the students performed at levels 3 & 4; 26.3% scored at level 2; 0.8% scored at level 1.

2013 NYS 4th Grade Science Exam

100% of the students in the Dual Language program performed at levels 3 & 4.

8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).

The success of our programs for the English Language Learners is measured through both formative and summative assessments such as On Our Way to English Unit Assessment, teacher observations and conference notes, Oral Language assessment, Teacher's College Reading and Writing Assessment, New York State English Language Arts Examination, New York State Mathematics Examination, New York State Science Examination, Periodic Assessments, and the annual New York State English as a Second Language Achievement Test (NYSESLAT).

The data below indicates that our programs for ELLs are successful:

On the 2013 New York State English Language Arts (ELA) and the 2013 New York State Mathematics Exam, our English language learners performed on a par with and/or better than their peers both district wide and city wide.

New York State ELA exam

- 8.3% of our Third grade ELLs achieved levels 3 & 4 vs. 8.6% of the ELLs district (24) wide and 6.9% city wide
- 7.5% of our Fourth grade ELLs achieved levels 3 & 4 vs. 4.6% district (24) wide and 3.6% city wide
- 11.1% of our Fifth Grade ELLs achieved levels 3 & 4 vs. 6.6% district (24) wide and 4.0% citywide

New York State Math Exam

- 15.7 of our Third grade ELLs performed at levels 3 & 4 vs. 16.7% district (24) wide and 15.8% citywide
- 19.4% of our Fourth grade ELLs achieved levels 3 & 4 vs. 15.4% district (24) wide and 14.3% city wide
- 11.5% of our Fifth grade ELLs obtained levels 3 & 4 vs. 10.8% district (24) wide and 10.2% city wide

NYS Science Exam

- 83% of our 4th grade ELLs achieved levels 3 & 4

As indicated by the results of the 2013 New York State 4th Grade Science Exam, where 83% of our ELLs achieved levels 3 & 4, the Science program at P.S. 89 Q has been extremely successful for ELLs. In addition to utilizing the New York State Science Exam results as a consistent source for evaluation through data analysis and comparison, our Science program is evaluated in other multiple ways as shown below:

- * the teacher-student conference notes throughout the year on each science topic
- * Unit assessments
- * Teacher observation
- * New York City Fourth Grade Science Baseline Assessment

English as a Second Language Program

The 2013 NYSESLAT results demonstrate that our ELLs are making encouraging progress in their second language development/acquisition. About 72% of the ELLs achieved either the Proficiency level and/or the Advanced level; 21% scored at the Intermediate level; 3% at the Beginner level.

Research on Second Language Acquisition has shown that Basic Interpersonal Communication Skills (BICS) is often acquired to a functional level within about two years of initial exposure to the second language whereas about 5-7 years usually required for a second language learner to acquire Cognitive Academic Language Proficiency (CALP) (Cummins 1999). Our findings of the NYSESLAT performance by our ELLs corresponds to the research.

Dual Language Program

The success of our Dual Language Program is measured using both formative and summative assessment data such as ELSOL, Rigby Spanish Literacy Assessment, Unit tests, teacher observation and conference notes, Teacher's College Reading and Writing Assessments, NYC Acuity and Predictive Assessments, Spanish reading test (ELE), and the New York State Assessments. As indicated by the summative data aforementioned, our Dual Language program is effective .

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)

In order to promote and ensure the opportunities of social and academic success for every student, P. S. 89 makes every effort to place the students in the most educationally appropriate programs. The following screening and assessment instruments for determining ELL eligibility are implemented:

Screening

At enrollment, all parents or guardians of newly enrolled students are required to complete a Home Language Information Survey, which is translated in fifteen languages, to determine what language the child speaks at home. A licensed English as a Second Language (ESL) teacher meets with the parents and conducts an informal oral interview with the parents in their native language and/or English. If the Home Language Identification Survey (HLIS) indicates that the Home Language of the student is other than English or student's native language is other than English, he or she will be administered an English proficiency test called the Language Assessment Battery Revised (LAB-R).

Initial Assessment

A licensed English as a Second Language teacher administers the Language Assessment Battery Revised (LAB-R) to the student who speaks a language other than English and/or speaks little or no English. Performance on this test determines the student's entitlement to English language development support services. If the student scores at the Proficient Level, the student is not an English Language Learner (ELL) and is placed in the general education program, and is not eligible for English Language development support services. If the student scores at Beginning, Intermediate or Advanced level, the student is identified as an English Language Learner (ELL), thus entitled to English Language development support services. If the LAB-R results show that the student is an ELL, and Spanish is the dominant language spoken at home, he or she is also administered a Spanish LAB to determine language dominance.

Newly identified ELLs are placed in the appropriate program within ten days of enrollment.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

Parent Orientations are regularly held at P.S. 89Q to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language and Freestanding ESL). Parents of new admits are given the opportunity to attend one of the parent orientation meetings whereby they select the instructional program for their child(ren) according to their child's needs and their individual choice.

The meetings take place starting in June, at the Kindergarten orientation meeting, and continue throughout the year, especially at the beginning of the school year. The workshops are conducted on a daily or weekly basis, since we have ongoing registration throughout the year, to allow the parents of new students to be informed and make the best possible program choice for their children. In addition, as early as January, when registration begins for the new school year, parents are also afforded the opportunity to familiarize themselves with the different educational programs offered by the city, as well as at the school, through individual interviews conducted by the registration staff which includes, the secretary, the Parent Coordinator and the ESL teacher.

Moreover, during the parent-teacher conferences that take place in November and March, parents can attend the orientation meetings in the afternoon and evening hours to accommodate their working needs and schedules.

Notification of the parent orientation meetings are distributed through entitlement and invitation letters sent home according to the school population and children's native language. When parents do not come to the assigned orientation meeting, the meeting is rescheduled until we finally reach the parent via home letter, a telephone call, or meeting the parent(s) at arrival and dismissal times.

The parent orientation meetings are conducted in the cafeteria at approximately 8:30 A.M., in the afternoon and evening hours during the parent-teacher conferences, or at a parent's requested schedule. An agenda is provided, as well as a sign-in-sheet for parents as proof of their attendance. Also, a parent guide in different languages is given out outlining all the different programs that are available for their children.

The orientation meeting starts with an introduction in which the purpose of the meeting is explained, followed by a video presentation from the Department of Education of the City of New York. The video introduces parents to the three programs available in the New York City public schools. It provides them with a full detailed description of the programs, and offers an explanation of their right to choose such programs. Following the video, parents are afforded the opportunity to ask questions, with the help of a translator and/or a native speaker, regarding the programs and the choice options for their children.

Parent visitation of the Dual Language (English and Spanish) and ESL (English as a Second Language) classes is also part of our parent outreach program. Parents, as a group, visit these classes to get a real live demonstration of how the programs work. The visitation of classes is very informative for parents and helps them better understand the program choices available to them and their children.

To ensure that entitlement letters are distributed, and Parent Survey and Program Selection forms are returned, we send the entitlement letters together with the invitation letters home via the children's home-school-connection folders. A return slip is attached to the letter for parents to check the attendance or non-attendance at the workshop. The classroom teacher collects and places the returned slips in the Parent Coordinator's mailbox. Parent responses are used to determine who will be attending, and who can not attend. With the results, a new meeting is planned to accommodate the parents' requests.

The Parent Coordinator, the workshop leader and the ESL teachers assisting in the parent orientation meetings help and guide the parents in completing the parent survey and program selection forms distributed at the meetings. The returned forms are then used to place children in the respective programs according to the parents' choice. Parents, who do not return the forms, are given time to bring them home to discuss and think about the program choice for their children. Parents have the option of returning the forms at a later date to the Parent Coordinator, the child's teacher, or to bring it to the school at a convenient time. If a parent does not return the form, a telephone call is made by the workshop staff, or a reminder note is sent home to the parent.

If a parent chooses a program that is not available at the school (for example, the Transitional Bilingual program) the parent has the choice to transfer the child to another school that offers that program. If the parent refuses to transfer the child he or she will be placed in an ESL class.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [\[see tool kit\]](#).)

At the orientation meetings, for the newly arrived ELL students, parents are given the Parent Survey and Program Selection Form, in which the workshop leader, Mrs. Isaac, helps them fill out the forms. After all the forms have been collected and reviewed, Mrs. Isaac and other designated staff distribute the Placement Letter to the parents to notify them of their child's placement. Mrs. Isaac makes two copies of the forms and places the original form inside the student's cumulative folder, one copy inside each class folder, which in turn is placed inside a box located in the Assistant Principal's office and the other copy is placed inside a binder by class located in the ESL Coordinator's office. In addition, all this information is entered and/ or updated in ELPC screen in the ATS within twenty days of the student's initial enrollment.

Continued Entitlement Letter, which has been translated in thirteen different languages, are prepared and distributed by the ESL teachers to these students who continue to be in the ESL program as determined by their performance on the most recent NYSESLAT, which is administered annually in the spring time. To ensure that the students bring the letters home and their parents read them, parent signature is required on the letters to indicate that they have read the information. After the students bring back the signed continued entitlement letters, the letters are collected by the ESL teachers and placed in a binder by class, which is

maintained in the office of the ESL Coordinator.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

Students identified as ELL by the Home Language Identification Survey and LAB-R scores are placed in their respective educational programs, according to the parents' choice as outlined in the survey and selection forms. ELLs in need of ESL instruction are placed in classrooms where they receive support services as determined by their score on either the LAB-R test or the NYSESLAT scores. If parents choose the Dual Language program, students are placed based on class availability. The names of the remaining students awaiting placement in the Dual Language Program are placed on a waiting list. A letter is sent to the parents to inform them of the information. As soon as the space becomes available, the students are then placed in the program in order to comply with the parents' program choice. The video on the program choices shown to the parents at the Parent Orientation meetings is in thirteen different languages. Moreover, the ESL teacher who gives the workshop speaks both English and Spanish. P.S. 89 is a multicultural educational institute with great diversity. Our staff speak more than fifteen different languages. Native language translation is always provided to parents who need to communicate with the school in reference to their child's educational placement and needs.

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

The federal No Child Left Behind Act (NCLB) mandates that all English Language Learners from kindergarten through grade 12 be assessed every year to measure their English language proficiency in listening, speaking, reading, and writing. The New York State English as a Second Language Achievement Test (NYSESLAT), which is designed to measure the English language proficiency of the English Language Learners, is administered annually in the spring to all ELLs in grades K-5 at P.S. 89. ATS reports such as the Revised LAB/NYSESLAT Eligibility Roster (RLER) is utilized to ensure that all ELLs be administered the NYSESLAT. The Speaking subtest of the NYSESLAT is administered to students individually in a separate location by fully certified ESL teachers. The Listening, Reading and Writing subtests are administered to groups of students across three days by fully certified ESL teachers and/or common branch teachers. CD players are provided by the school for administering the Listening subtest to students in grade 2 and above. ELLs with disabilities are provided with testing accommodations specified in their IEP or Section 504 Accommodation Plan (504 Plan), and/or specified in the NYSESLAT Test Administration Manual. Absentees are provided with the opportunity to take the test on the make-up dates, which are part of the primary administration period. Each student's performance on this test will be the basis for determining whether the student continues to be classified as an English Language Learner. As determined by the results of the test, the student's English language proficiency level is classified as beginner, intermediate, advanced, or proficient. Students who achieve beginning, intermediate or advanced level will continue to receive the required amount of language arts instruction and services prescribed under Part 154 of the Regulations of the Commissioner of Education.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.  During the past several years, parents at P.S. 89Q have chosen the Freestanding ESL program or the Dual Language program (English/Spanish) for their children. Some parents choose ESL as the first choice and the Dual Language Program as the second choice even though they understand that their child's name will be placed on a waiting list for the Dual Language Program.

Each year, many parents seem to be choosing the Dual Language program (English/Spanish) for their child. The need to know different languages in the constantly changing world, in which we reside, is the motivation for many parents. We have discovered that this trend seems to apply not only for those students of a Spanish background, but also for those of other languages and cultures such as Chinese, Bengali, Indian, Nepali, and Filipino.

Programs selected by parents of newly arrived ELLs on the Parent Survey and Program Selection Form

DL	52
ESL	191

The staff at P.S. 89Q makes a concerted effort to align the programs offered at the school with those chosen by the parents. In this school year 2013-2014, we have two Dual Language (English/Spanish) classes on every grade from Kindergarten through Fifth Grade.

The majority of parent choice selections were for the Freestanding ESL program. This option seems accepted by most parents since their child(ren) are placed in a monolingual English setting, and then also receive the support from an ESL teacher, both in and out of the classroom.

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered? (see [*The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs*](#))

- a. What are the organizational models (e.g., departmentalized, push-in [co-teaching], pull-out, collaborative, self-contained)?
- b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?

At P.S. 89Q, the English as a Second Language instruction for ELLs in K-5 is aligned with the state ESL Standards and the state Common Core Standards for the English Language Arts (ELA) and content areas. The ESL program ensures the continuity of rigorous instruction on all academic areas, and is implemented, mainly, through a push-in/co-teaching model, as well as a pull-out program. All English Language Learners are heterogeneously grouped from the beginning level, to the intermediate level, and the advanced level in their respective classes. Teachers support students' language development and participation in content areas by utilizing ESL methodologies and instructional strategies such as Total Physical Response, Natural Approach, Language Experience Approach, Cooperative Learning, modeling, Differentiated/Small Group Instruction and scaffolding within the framework of Reader's and Writer's Workshop, Math Workshop, and the Rigby ESL program, On Our Way to English. The ELLs are grouped heterogeneously and flexibly for targeted areas of instruction according to the LAB-R and the NYSESLAT scores as well as a wide-ranging other reliable assessment measures such as unit assessments, teacher conference notes, and Teacher's College Reading and Writing Assessments. Teachers model the use of language in ways that offer opportunities for students to participate by listening, speaking, reading and/or writing. Teaching materials include a wide range of texts, visual and digital-resources, including Smart Boards, document cameras, cassette players with audio cassettes, computers with CDs along with corresponding English books for increasing English language proficiency. Informational texts, trade books of different genres, and leveled library books are part of the Reader's and Writer's Workshops. Fluency centers, which focus on students' oral language development, are being implemented for students in grades Kindergarten through 5th grade. One English Language Lab for Kindergarten and one transitional Newcomer's class have been created to further support the ELLs in their language acquisition. In addition, the ESL teachers regularly diagnose the students instructionally and use the Rigby On Our Way to English Program to provide small group/differentiated balanced literacy instruction. Comprehensible input such as ESL Read Aloud Pocket Chart, visuals, realia, manipulatives, pictures, pantomime, Smart Boards, and document cameras are utilized in teaching all subject areas to help develop/promote both social and academic vocabulary, concept learning and comprehension skills as well as reinforcing the four language skills of listening, speaking, reading and writing. Art, music and drama are also integrated into the lessons to reinforce these four language skills. In addition, educational software and instructional technology, native language literature and bilingual dictionaries are available to the students to enhance their language proficiency and academic performance. Teachers use all the resources available to support student's understanding of the main academic content. Language functions and structures are incorporated as key elements of the lesson within the context of the lesson.

The organizational model in Dual Language Program at P.S. 89 is self-contained, with ESL instruction provided by the ESL certified classroom teacher(s). There are two teachers for each grade level. At least one, and in some cases both teachers, in a grade partnership are certified ESL teachers. Therefore, all ELLs are receiving instruction far above the 360 minutes mandated for beginners.

The Dual Language program provides both English Language Learners and English proficient students with an academically rigorous curriculum in both languages that will enable them to meet or exceed New York State and City Standards. Currently, there are two Dual Language classes in each grade, from Kindergarten to Fifth grade. The Spanish/English Dual Language program is implemented using a 50/50, side-by-side model. Beginning in Kindergarten, all Dual Language students are offered fifty percent English Language Arts, and fifty percent Spanish Language Arts. Students alternate daily between classrooms, and all content areas are taught in the classroom language. For example, a child in the English classroom on Monday will receive all literacy and content area instruction in English on that day, and on Tuesday that child would be in the Spanish classroom and would receive all literacy and content area instruction in Spanish. English Proficient students (EPs) and ELLs are integrated at all times from Kindergarten to Fifth grade.

2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?

As per CR Part 154 regulation requirements, all ELLs at the Beginning and Intermediate stages of language development receive 360 minutes of ESL services per week. Students at the Advanced level receive 180 minutes of ESL services and 180 minutes of ELA instruction per week.

The ESL program at PS 89Q is implemented mainly through a push-in/co-teaching model. ELLs at the Beginning and Intermediate levels are provided with 90 minutes of ESL instruction four times a week by the fully certified ESL teachers and more than 90 minutes of ELA instruction per day by the classroom teachers. ELLs at the Advanced level receive 45 minutes of ESL instruction four times a week from the licensed ESL teachers and more than 90 minutes of ELA instruction per day from the classroom teachers. An English as a Second Language lab is established to provide ESL services to the ELLs in Kindergarten, especially the ELL beginners. There is also a transitional Newcomer's class for grades 3-5, where recently arrived ELLs are offered intensive ESL instruction. All our ELLs are serviced according to the CR Part 154 regulations.

The organizational model in Dual Language Program at P.S. 89 is self-contained, with ESL instruction provided by the ESL certified classroom teacher(s). There are two teachers for each grade level. At least one, and in some cases both teachers, in a grade partnership are certified ESL teachers. Therefore, all ELLs are receiving instruction far above the 360 minutes mandated for beginners and intermediates.

3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

Content area in the ESL program is aligned with the New York State Common Core Learning Standards. The instructional language is English. Teachers of the subject areas are provided with professional development on second language acquisition and ESL methodologies and techniques throughout the school year. ESL methodologies and strategies are permeated through the lessons to help make the content comprehensible. Materials in the content areas are carefully chosen to foster language development as well as content learning. Content area teachers regularly diagnose students instructionally through observation, conferencing, unit assessments, and other various reliable assessment measures. Instructional plans are adapted accordingly to meet the individual needs of the students.

Content area instruction in the Dual Language Program is aligned with the New York State Common Core standards in Math, Science and Social Studies. It is provided in both English and the Native Language (Spanish) according to the school's Language Allocation Policy. The instruction is also supported by instructional materials in both English and Spanish. In addition, students receive at least 3 periods of content instruction per week from content specialists in English. The content specialists utilize the workshop model and employ ESL methodologies during the lessons. Select ELLs who are at risk are receiving AIS in mathematics, as well as AIS in literacy through the Early Intervention Reading Labs, through the Rosetta Stone computer-based program, Leveled Literacy Intervention program to further support their academic learning, as well as language acquisition.

4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?

Students in the Dual Language program are assessed using ELSOL and the Spanish Rigby Literacy assessment program four times per school year. In addition, all Dual Language students in grades 3-5 are assessed annually in Spanish reading (ELE) test.

5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?

To ensure that ELL student progress in the English language acquisition is appropriately evaluated and monitored, teachers of ELLs maintain a student progress binder, where they put student's work samples, unit assessment results, oral language assessment results, reading and writing samples/assessment results, as well as teacher's conference notes with the students. Teachers use multiple data sources to examine and monitor student progress and instructional improvement. In addition, A variety of assessment tools such as LAB-R, Teacher's College Reading and Writing Assessments, New York State Examinations, and NYSESLAT are required/mandated tools to diagnose student learning needs and/or measure student learning.

6. How do you differentiate instruction for ELL subgroups?

- a. Describe your instructional plan for SIFE.
- b. Describe your plan for ELLs who have been in US schools less than three years (newcomers)..
- c. Describe your plan for ELLs receiving service 4 to 6 years.
- d. Describe your plan for long-term ELLs (completed 6+ years).

e. Describe your plan for former ELLs (in years 1 and 2 after testing proficient).

The SIFE program: There are, presently, two (2) students identified in this category, with one (1) student in the 4th grade and one (1) student in the 5th grade. The same differentiated instruction and after school programs that are offered to all ELLs are offered to the SIFE students. All instruction is Common Core Standards-aligned and differentiated through small group and individualized instruction. They are also provided with opportunities for project-based learning and cooperative learning with their peers. SIFE students receive a minimum of 360 minutes of English as a Second Language instruction each week. Furthermore, an ESL Newcomer Program has been created in grades 3-5, and a computer-based ESL program “Rosetta Stone” in grades 2-5 has been implemented to further support the development of their English speaking, listening, reading and writing skills.

Newcomers, who have been in an English language school system fewer than three years, are provided with small group/differentiated instruction in all grades. Teachers of beginner ELLs regularly diagnose them instructionally and then use the data to determine their academic progress and needs. To facilitate their language and content learning, teachers employ a wide variety of ESL strategies such as Total Physical Response, language experience, modeling, graphic organizers, pictures, technology, including audio/visuals and Smart Boards, hands-on activities, and gestures to scaffold the lessons. One English as a Second Language Lab has also been created to further develop and/or enhance the English language skills of these ELLs. In addition, the ESL teachers use the Rigby On Our Way to English Program to provide differentiated/small group balanced literacy instruction. A custom-made ESL Newcomer’s Kit Program has been created by the ESL Coordinator to meet the needs of the ELLs who have been in the English language school system for less than one year. This Newcomer’s Kit/Program contains developmentally appropriate language support materials for students who are new to the country. The materials in the kit are a valuable resource for both the ESL and classroom teachers to provide appropriate language instruction for the ELL Newcomers. Furthermore, the materials may be used by the student independently to support their language development during English Language Arts and English as a Second Language instruction. The Newcomer’s Kits contain materials that include visual aides, auditory devices and tactile materials that provide repetition and adequate practice for the ELL Newcomer.

In addition to being provided with the high quality standards-based literacy and mandated ESL instruction, small group/differentiated instruction is implemented 2-3 times per week by the classroom teachers to address the needs of these ELLs receiving ESL services for 4-6 years, utilizing ESL strategies and methodologies. Peer-support system such as partnership reading, book club is also established to assist them to expand their English Language Arts skills. Furthermore, technology-based literacy programs such as Raz-Kids, Pebble-Go and English as a Second Language learning program Rosetta-Stone are implemented in all the classrooms with this subgroup to develop/improve their English academic vocabulary and communication skills. Their progress is periodically assessed, and instructional plans are modified based on the evidence and data to further strengthen their language acquisition process and academic learning. In addition, some identified "at-risk" ELLs receiving service for 4-6 years are provided with targeted Academic Intervention Services within the Response to Intervention (RtI) framework. Their academic growth is assessed and reviewed regularly during RtI team meetings by the Pupil Progress Committee, which consists of the Assistant Principal, the guidance counselor and the classroom teacher, to determine the effectiveness of such interventions. If the interventions do not result in sufficient progress, students who require additional interventions may be referred for an evaluation for Special Education services. In the interim, all Title III afterschool programs are available to the students. The Parent Coordinator is also instrumental in arranging for additional academic intervention, both in school and at home, through the Supplemental Educational Services (SES).

Former ELLs achieving proficiency on the NYSESLAT continue to receive transitional support in enhancing their English language and literacy skills. They are provided with differentiated/small group instruction in English Language Arts based on their instructional needs, as determined by formal and informal assessments, and the results of the NYSESLAT modalities. Non-fiction texts such as “National Geographic”, “Scholastic News” have been purchased every month for all students including these former ELLs to help advance their content-based knowledge and academic language. Peer-support system such as book club and partnership reading has been established to provide additional support. All Title III programs (subject to availability), after school and before school, are also available to recently proficient ELLs in order to continue to support their language acquisition and literacy advancement. In addition, former ELLs are provided with testing accommodations, including extended time and a separate location, as recommended.

7. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?

Teachers of ELL-SWDs use a variety of instructional strategies and grade level materials through the Teacher’s College Readers and Writer’s units, GO Math and Orton Gillingham programs that both provide access to academic content areas and accelerate English language development. Teachers of ELL-SWDs utilize such instructional strategies as, keeping instructions brief and as

uncomplicated as possible, providing handouts and visual aids, when appropriate, team a reader with a non-reading student during in-class assignments, use more than one way to demonstrate or explain information, breaking information into small steps when teaching many new tasks in one lesson (state objectives, review previous lesson, summarize periodically). Teachers of ELL-SWDs also allow time for clarification of directions and essential information.

8. How does your school use curricular, instructional, and scheduling flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

ELL-SWDs are placed according to their Individualized Education Plans (IEPs) in either a Self-Contained Class, an Integrated Co-Teaching Services (ICT) class, or into a Special Education Teacher Support Services (SETSS) program. Based on their progress assessment and individual needs, small group/one-on-one/differentiated instruction is provided to these students in the classroom and/or at the English as a Second Language Lab. Technology such as Front Row amplification system and Smart Boards, computer-based literacy program with rich visual support such as RAZ-Kids and Pebble-Go have been implemented in the classrooms to further maximize their opportunity for academic success. Their interventions are monitored closely by the Special Education Coach, the School Based Support Team (SBST), as well as the guidance counselors and assistant principals, along with the classroom teachers and parents, to ensure that each student is receiving the appropriate interventions. All Title III afterschool programs (subject to availability) are available to ELLs with special needs, as well.

Courses Taught in Languages Other than English

NOTE: This section refers to classes/subject areas in which the language of instruction is English and another language which all students in the class speak. Do not include:

- classes that are taught in English using books in the native language
- heritage classes
- foreign language (LOTE) classes

Class/Content Area	Language(s) of Instruction	Class/Content Area	Language(s) of Instruction
Native Language Arts:			
Social Studies:			
Math:			
Science:			

NYS CR Part 154 Mandated Number of Units of Support for ELLs, Grades K-8

	Beginning	Intermediate	Advanced
ESL instruction for <i>all</i> ELLs as required under CR Part 154	360 minutes per week	360 minutes per week	180 minutes per week
ELA instruction for <i>all</i> ELLs as required under CR Part 154			180 minutes per week
FOR TBE /DL PROGRAMS: Native Language Arts	45 minutes per day	45 minutes per day	45 minutes per day

NYS CR Part 154 Mandated Number of Units of Support for ELLs, Grades 9-12

	Beginning	Intermediate	Advanced
ESL instruction for <i>all</i> ELLs as required under CR Part 154	540 minutes per week	360 minutes per week	180 minutes per week
ELA instruction for <i>all</i> ELLs as required under CR Part 154			180 minutes per week
FOR TBE /DL PROGRAMS: Native Language Arts	45 minutes per day	45 minutes per day	45 minutes per day

Native Language Usage and Supports

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

TBE and dual language programs have both native language arts and subject areas taught in the native language; ESL has native language supports.

B. Programming and Scheduling Information--Continued

9. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

The following Academic Intervention Services (AIS) are in effect for all ELLs who require additional support and improvement in academic performance:

- Small group and individualized instruction
- Oral Language Program (grades K-2) targeting the development of the oral language of ELLs
- Lectura, a technology-based Spanish phonics program for SSL students in the Dual Language Program
- Rosetta Stone, a technology-based English as a Second Language learning program, aiming to develop/improve English vocabulary and listening skills of the ELLs
- Progress-monitored on-line literacy programs such as Raz-Kids and Pebble-Go have been implemented to develop/improve concept learning, academic language and reading comprehension skills as well as listening skills.
- Three SETSS Learning Labs have been established to provide “at risk” students, including “at risk” ELLs with small group/differentiated instruction in Math and Literacy skills
- Early intervention Reading Labs
- AIS Math
- Newcomer’s Class for the first-year new entrants/ELLs in grades 3-5

Kindergarten "At-Risk" speech language intervention program has been established to provide early intervention to those ELLs whose home language is Spanish, but scored significantly below proficiency in Spanish LAB and English LAB-R. The identified students are provided with 30 minutes of speech and language therapy 1-2 times per week for 6-8 weeks.

In order to better support the students in their academic success, PS 89Q will conduct its own hearing screening for all the “at risk” students, including “at risk” ELLs, in grades K-5. An audiologist will be hired to train the staff who will be conducting the screen. Students who are found in need of help will receive additional support.

Moreover, , based upon student’s needs and the extent to which those needs affect educational performances, the following related services are also provided to ELLs:

- Speech /Language Therapy, a program designed to address deficits in a student’s auditory processing, articulation/phonological skills, comprehension and use of semantics, syntax, pragmatics, and voice production and fluency.
- Special Education Teacher Support Services, which combines the services of Consultant Teacher and Resource Room and provides specially designed instruction to support the participation of the student in the general education classroom with consultation to the student's general education teacher and other providers.
- Occupational Therapy that maintains promotes and/or restores function of students in all educationally related activities through the use of purposeful activities, adaptive equipments as well as assistive technology, as needed.
- Physical Therapy emphasizing physical function and independence in various settings including the classroom, gym, and staircase to enable students to benefit from instruction.
- Counseling, an interpersonal activity designed to improve students’ social and emotional school functioning in the areas of appropriate school behavior and discipline, social skills, and self- esteem, to enable students to succeed in school.
- Professional support, which, on an individual case-by-case, is provided for the ELLs.

10. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development.

Our current program for ELLs has proven effective as evidenced by both formative and summative data such as NYS Performance Assessments, teacher observation and evaluation, New York State standardized exams results aforementioned. To accelerate achievement in both content areas and academic language development for all ELLs, PS 89Q has continued to increase non-fiction units for all grades and provide all the students, including the ELLs, in grades K-5 with the access to a research-based and progress-monitored on-line non-Fiction reading program Pebble Go. A new literacy program "Junior Great Books" has been implemented in grades 2-5 to cultivate students' higher-order literacy skills, problem solving skills and advanced expressive language skills as well. In addition, PS 89Q makes an effort in purposefully hiring strong ELL specialists and subject-matter teachers with training and/or backgrounds in literacy, ESL and/or bilingual education. Current teachers, in addition to receiving the on-going schoolwide professional development opportunities, are encouraged to participate in the Intensive Teacher Institute (ITI), where they receive training in teaching English as a Second Language. Furthermore, the schoolwide inquiry teams will continue to engage in finding best methodologies and practices to boost the students'academic and literacy achievements.

11. What new programs or improvements will be considered for the upcoming school year?

In order to help ELL newcomers to develop their English oral language as quickly as educationally as possible and adjust to the new school system and social environment, P.S 89Q has created a transitional Newcomer's Class for recently arrived ELLs with limited or no knowledge of English language skills. Instruction is delivered by both certified ESL teacher and subject area teacher with an ESL certification. Instruction materials, which are carefully selected and developmentally appropriate, are incorporated in the daily curriculum to assist them in effectively learning essential basic language skills, beginning content area vocabulary and emergent literacy skills.

A literacy program "Junior Great Books" is implemented in grades 2-5. This program offers students, including ELLs, an enjoyable way to deepen their intellectual and personal response to outstanding literature, through Shared Inquiry Discussions with both teacher and their peers.

12. What programs/services for ELLs will be discontinued and why?

Two English as a Second Language Labs will be reduced to one for Kindergarten students only, and the Science Lab will be dismantled due to space availability as more space is needed for additional classrooms.

13. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.

ELLs at P.S. 89Q are afforded equal access to all school programs. In addition to the high standards-based, rigorous grade-level academic programs implemented for all students, including ELLs, ELLs are also provided with high quality English as a Second Language services as mandated by the CR Part 154 Regulations.

14. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?

P.S. 89 provides a variety of instructional materials to support the ELLs in their acquisition of English as a Second Language and their academic success. The following programs are examples of such resources and support:

- A comprehensive ESL program Rigby "On Our Way to English" targeting the four English language modalities.
- Computer-based ESL program, "Rosetta Stone", which supports ELLs in developing English vocabulary, phonemic awareness, speaking, listening, reading and writing skills
- A literacy program, Columbia's "Teacher's College Reader's and Writer's Workshop" aiming to develop and enhance students' oral language, as well as reading and writing skills
- "Junior Great Books", a literacy program to cultivate student's higher-order literacy skills
- Go Math program
- Delta Science program
- New York State Common Core Standards-Based Social Studies Program "Trade Book Series"
- Technology-based reading programs RAZ-Kids and Pebble Go, aiming to improve content-based knowledge and vocabulary as well as listening and reading skills
- Computers equipped with internet access are available in every classroom
- Technology such as Smart Boards, document cameras and Front Row
- Student's access to borrowing books from the school library, as well as from the class library
- Listening and Fluency centers implemented in every classroom to support the ELLs, especially the newcomers.
- Foundations for First-Fifth Grade focusing on phonics and phonemic awareness
- Oral Language Program targeting the development of the oral language of ELLs
- Lectura, a Spanish phonics program, for students in the Dual Language Program
- Early Intervention Reading Labs
- AIS Math
- ELL Newcomer's Kits
- Bilingual Dictionaries/Glossaries

15. How is native language support delivered in each program model (TBE, Dual Language, and ESL)?

P.S.89Q is a diverse, multi-cultural school community. Many teachers speak more than one language. Native language support is available to ELLs, especially newcomer ELLs, in the general education classrooms. Students are afforded the opportunity to speak in the native language during the lunch periods, recess, gym class, and on class field trips. In the classroom, ELL Newcomers are

supported in a buddy system using triads, or partnerships with students who speak the native language. The ELL Newcomers' Kits, which contain English vocabulary development photo cards translated into 13 other languages, are available to the classroom teachers to support their new English language learners. Additionally, the school library contains multi-cultural books in different languages such as Spanish, Chinese, Korean, Bengali, Urdu, Arabic, etc. All students, including ELLs, are provided with the access to borrow books from the school library as well as their classroom library.

All Spanish language classrooms in the Dual Language Program contain comprehensive and extensive leveled native language libraries that support the students during independent reading, as well as in the content area instruction. Materials in Spanish are also available for Guided Reading, and book clubs. Additionally, all Go Math books are used in the language of instruction for that day. For example, the math lesson is taught in Spanish, using Spanish books and materials, when a student is in the Spanish room, and the lesson is taught in English, using English materials, on days when the student is in the English classroom. Word study, phonics and phonemic awareness (K-2), Science, and Social Studies materials are also provided in Spanish.

16. Explain how the required services support, and resources correspond to ELLs' ages and grade levels.

Our mission at P.S. 89Q is to provide every student with a solid foundation for learning through high quality, standards-based instruction in all academic areas and to develop all students into life-long learners, ready to be productive members of the world community. All the required support services and resources provided to ELLs are developmentally and age appropriate based on professional evaluation using formative and summative assessments, and research conducted in the field.

17. Describe activities in your school that assist newly enrolled ELL students before the beginning of the school year. Please include activities for new ELLs who enroll throughout the school year.

Every year in June, our school holds a parent orientation meeting for incoming Kindergarten students. We explain the different programs provided by the school, class schedules, school rules and regulations. Parents of local preschool programs are invited to attend parent workshops at P.S. 89Q. Orientation meetings are also held for parents of newcomer ELLs throughout the school year. In addition, P.S. 89Q has a Title III ELL Summer School Enrichment Program for the ELLs in grades 3-4 to ensure that these students receive continuous support during the summer months. This program provides ELLs with high quality instruction in English as a Second Language and Math.

18. What language electives are offered to ELLs?

N/A

19. For schools with dual language programs:

- a. How much time (%) is the target language used for EPs and ELLs in each grade?
- b. How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?
- c. How is language separated for instruction (time, subject, teacher, theme)?
- d. What Dual Language model is used (side-by-side, self-contained, other)?
- e. Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?

Currently, there are two Dual Language classes in each grade, from Kindergarten to Fifth grade. The Spanish/English Dual Language program is implemented using a 50/50, side-by-side model. Beginning in Kindergarten, all Dual Language students are offered fifty percent English Language Arts, and fifty percent Spanish Language Arts. Students alternate daily between classrooms, and select content areas are taught in the classroom language. For example, a child in the English classroom on Monday will receive all literacy and content area instruction in English on that day, and on Tuesday that child would be in the Spanish classroom and would receive select literacy and content area instruction in Spanish. English Proficient students (EPs) and ELLs are integrated at all times from Kindergarten to Fifth grade. Matching classrooms are maintained in each language featuring extensive libraries and print rich environments in each target language. All texts and instructional materials for content area instruction are maintained in both languages.

C. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What professional development is offered to teachers of ELLs (including ESL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?
3. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
4. Describe the minimum 7.5 hours of ELL training (10 hours for special education teachers) for all staff (including non-ELL teachers) as per Jose P.

Ongoing Professional Development (PD) for all teachers, coaches, and school administrators will include:

- Familiarizing all teachers/administrators with the school's Comprehensive Education Plan, including the goals and objectives to be met.
- Professional development on the New York State Common Core Standards
- Professional development on Charlotte Danielson's Framework for Teaching and Advance
- The New Teachers' Institute focusing on classroom management, workshop structure, and components of Balanced Literacy and Math.
- Providing further training in the instructionally targeted Reading and Writing Assessments
- Using data from the running records, TC Assessments, and other formative data to move struggling readers, as well as to meet the needs of the accelerated readers and writers
- Monthly professional development/unit planning for all teachers that includes information on Second Language Acquisition, ESL strategies and methodologies as well as differentiated instruction for ELLs.
- * Professional development on New York State English as a Second Language Achievement Test (NYSESLAT)
- Differentiated instruction for the needs of Special Education students, including ELLs with special needs
- Attending Teacher's College study groups, calendar days, regional days and institutes.
- Teacher's College Reading and Writing Project course cycles
- An internal staff website has been created for the staff at PS 89 where teachers can share, review and adopt the cross-grade curriculum plan to meet the needs of their students.

Teachers at PS 89 receive extensive ELL training, far surpassing the minimum 7.5 hours (10 hours for special education teachers) required for all staff as per Jose P. Teachers are regularly provided with school wide professional development on topics, as indicated above, which include, but are not limited to, the Second Language Acquisition, ESL strategies and methodologies, Assessments for ELLs, small group/differentiate instruction.

Support for ELLs in the Transition from the Elementary-to- Middle School Level

To help facilitate the transition of our ELLs from the Elementary to Middle School, the guidance counselors at PS 89 make every effort to assist the ELLs, teachers and parents throughout the entire articulation process. They constantly provide individual and group counseling, consultation, outreach and special parent workshops related to the transition. Presentations that are related to the expectations for the middle school level, as well as how academic success can be achieved in school are also offered. Our Guidance Department not only provides the students, parents and teachers with all proper documentation, but also guides them through the entire articulation process. To help alleviate the anxiety of transitioning to a new school and grade level, arrangements are also made by our Guidance Counselors for student visitations and orientation meetings to the respective middle schools. In addition, the guidance counselors work in close collaboration with the middle schools personnel to help facilitate a smooth transition for all students, including ELLs that are graduating onto intermediate school.

D. Parental Involvement

1. Describe ELL parent involvement in your school. Include specific activities that foster parental involvement for parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

P.S.89 values the communication it has developed with parents and families of all students. In order to ensure that parents are actively involved in their child's education, PS89Q has formed a Parent Involvement Committee comprised of parents, parent coordinator and Assistant Principal. Parents are notified regularly about meetings and educational workshops via home letters, monthly calendars, telephone calls, community bulletin boards, signs and flyers. All written communication is provided in English, and translated in the covered languages of the community including, Spanish, Chinese and Bengali. Furthermore, a translation team has been established to help provide parents with the utmost support and assistance. There are interpreters available for workshops and meetings conducted at the school.

Parents remain actively involved in the school's decision-making process. The Title I Parent Involvement Committee meets to develop and evaluate Title I services, parents are also members of the School Leadership Team and participate in scheduled meetings; they provide input on the selection of curriculum, instructional materials for students, and assist in aligning the budget. The parent attendance rate at our monthly Parents' Association meetings is extremely high.

Every year, an overwhelming number of parents attend the school's annual voluntary evening event, Meet the Teacher Night, which is held early in the school year, whereby teachers meet with parents to discuss school and grade expectations, and promotional requirements. In addition, Parent-Teacher Conferences and Open School Week also have high parent attendance rate.

Parent volunteers trained by the Learning Leaders are also involved in assisting students and teachers in the classrooms.

Many parents actively participate in the school's First Steps Parent-Toddler Program, which was created in 2006 in an effort to help close the achievement gap. The program, operating once a week, teaches parents how to help their young children develop English oral language skills by modeling oral language strategies, in small groups, using books and educational toys/games. Parents are given access to the First Steps lending library where they can borrow books, and materials, thus practicing the strategies that they have learned with their children at home.

To further support student progress, the parent coordinator, collaborating with the Math teacher, conducts Math workshops for parents. Adult ESL and General Education Diploma (GED) classes are provided to parents, as well. ESL teachers conduct various parents' workshops in literacy addressing such topics as familiarizing parents with the school system, the ESL and Dual Language programs, ESL/ELA standards and assessments for ELLs. Topics including strategies to help children at home are also presented at the parent workshops.

PS89Q has established relationships with the local Pre-school Community Based Organizations and other agencies as well. When workshops are held at PS89Q, notifications and/or flyers are sent to Pre-K Community via email for parent distribution. To promote health for our school community, we also coordinate with Cornell University Cooperative Extension, where we invite professionals to come to PS 89Q to provide workshops for parents on nutrition awareness and on how to reduce the prevalence of childhood obesity and chronic disease.

To evaluate the needs of the parents, at the end of each workshop a parent survey is provided to every parent to determine how effective and informative the workshop is. In addition, parents are encouraged to make suggestions for future workshop topics.

P.S. 89Q will review the Learning Environment Survey to determine the effectiveness of its parental involvement policy for all parents, especially for parents of limited income, special needs, limited English proficiency, limited literacy and including all ethnic groups. The results of this survey will be used to plan parental involvement activities and programs to meet their needs.

E. Additional Information

Please include any additional information that would be relevant to your LAP and would further explain your program for ELLs. You may attach/submit charts. This form does not allow graphics and charts to be pasted.

Paste response to question here:

LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: 24Q089 School Name: Elmhurst

Cluster: 11 Network: 410

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

The data from the school's ATS home language report, as well as feedback from teachers, parents and other staff members, is compiled to determine what services are needed in the area of written translation and oral interpretation. The data was collected and analyzed to determine the needs of the school and community.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

An analysis of the data above found that there continues to be a significant need for translation and interpretation, since the school serves a very large multi-ethnic, multilingual neighborhood. Some of the languages spoken are: Spanish, Mandarin, Cantonese, Bengali, Urdu, Hindi, Arabic, Tagalog, Burmese and Tibetan. Translation and interpretation services are needed for teacher/parent letters, parent/teacher conferences, official documents, testing, and parent meetings.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

To address the written translation needs of our staff, students and families, P.S. 89Q will continue the in-house translation and interpretation program, comprised of teachers, paraprofessionals, parents and support staff. The secretarial staff will create forms and letters for teachers and parents to be housed in key locations that are easily accessible to all. These documents will address Chancellor's Regulation A-663, Section V, Parts A and B.

- a. Registration, application, selection
- b. Standards and Performance (Report Cards)
- c. Conduct, Safety and Discipline
- d. Special Education and Related Services
- e. Transfers and Discharges
- f. Placements in any special programs (e.g. A.I.S., Special Ed., ESL, Gifted and Talented, etc.)
- g. Permission Slips/Consent Forms

Additional forms and letters have been created and translated to address teacher/parent communication such as:

- Homework
- Behavior
- Curriculum Units of Study
- Events/Trips/Celebrations
- Tardiness

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

To address the oral interpretations needs of our staff, students, and families, P.S. 89Q developed an in-house translation and interpretation system, with the Parent Coordinator. Teachers, parents and administration obtain translation and interpretation services through the Parent Coordinator, and the DOE Translation and Interpretation Unit. Topics that may be addressed are:

- a. Goals and expectations for student performance
- b. Student behavior and discipline issues
- c. Homework
- d. Promotion in doubt
- e. Family support

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

- a. A memo will be written and posted (in covered languages and languages that are not covered but pertain to 10% of our student population) notifying parents of their rights regarding translation and interpretation assistance services and how to obtain such services
- b. A copy of this memo will be kept on the parent bulletin board outside the main office
- c. A notice will be posted at the main entrance that will inform parents where they can find the information on their rights for translation and interpretation
- d. The school's safety plan will contain procedures that ensure that parents in need of language assistance services will not be prevented from reaching the school's administrative offices due to language barriers.
- e. Language groups that are not covered in which there is at least 10% of the student population will be provided with written translation of all notices and forms in their language of understanding.
- f. Teachers will be compensated per session for oral and written translations services provided outside the school session

2012-13 Comprehensive Education Plan (CEP)

Title III Supplemental Program for ELLs

Directions: Title III supplemental services for ELLs must include all of the following three components:

- **Direct instruction:** activities must be used to support language development, English and native language instruction, high academic achievement in math, and/or other core academic areas.
 - The Title III supplemental instructional services must be based on student need
 - These supplemental services should complement core bilingual and ESL services required under CR Part 154.
 - Direct supplemental services should be provided for before school, after school, and Saturday programs as well as reduced class-size, and/or push-in services.
 - Teachers providing the services must be certified bilingual education and/or ESL teachers.
- **High quality professional development** that is “of sufficient intensity and duration to have a positive and lasting impact on the teachers’ performance in classrooms.”
 - Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement** and supports must ensure that there are appropriate translation and interpretation services to meet community needs.
 - These are in addition to mandated activities, such as parent orientation during ELL identification process.

For more information on Title III requirements, please see the [School Allocation Memo #66](#) or contact your [Senior ELL Compliance and Performance Specialist](#). Submit this form to your Senior ELL Compliance and Performance Specialist by October 26.

Begin description here:

The goal of the 2012-2013 PS 89 Newcomers after-school program is to improve the language outcomes for English Language Learners in Grades 3-5, through the Mondo Intervention for Extended Learning and the computer-based ESL program, Rosetta Stone. The Mondo Intervention Program consists of data-driven, focused instruction and employs a variety of instructional approaches designed to meet the needs of the English Language Learner. It is implemented twice a week for 30 weeks, with a duration of 45-minute per session. The Mondo program will be taught by certified Common Branch, Early Childhood teachers:

- Whole Class Shared Reading
- Whole Class Skills Block
- Small Group Instruction, including Oral Language
- Whole Class Read-Aloud
- Written Response

Program Descriptions:

I. The Intervention Guide helps teachers identify reading stages and plan for differentiated instruction. The Guide includes an eight-part assessment battery that forms the basis for instruction in:

- Oral Language
- Benchmark Text Level
- Fluency
- Print Concepts
- Phonemic Awareness
- Letter/Sound Knowledge
- Letter/Sound Correspondence
- Word Knowledge

Part B: Direct Instruction Supplemental Program Information

II. Mondo Intervention for Extended Learning

This research-based program contains motivating materials along with flexible teaching plans and schedules. It contains:

- Motivating nonfiction and fiction Books
- Individual lesson booklets
- Systematic and explicit phonics
- Oral language
- Day-to-day schedules
- Specific teaching focuses for each day

III. Let's Talk About It!

Let's Talk About It! Oral Language Reading and Writing Program is a sequential, structured approach to build students' oral language capacities and develop their ability to distinguish print, expand print concepts, and develop a sense of author. Let's Talk About It! is essential for low language, at-risk native speakers and is ideal for all English language learners. The Let's Talk About It! photo chart contains forty-eight engaging photos that inspire discussion.

- Photos fall into three categories: Science, Social Studies, and Day in the Life.
- Introduces standard oral English sentence structures.
- Develops oral comprehension
- Links thought, talk and print.
- Builds vocabulary.
- Demonstrates print concepts.
- Increases oral and reading fluency.
- Integrates Oral Language with the writing process

To maximize oral language development, teachers will:

- provide opportunities for language development,
- build personal relationships with each student,
- create opportunities to interact regularly on a one-to-one basis with each student,
- challenge students to talk, think, and learn,

Part B: Direct Instruction Supplemental Program Information

- ask critical questions while listening to students' attempts to make meaning,
- support students as they develop the language and learning strategies necessary to articulate and extend their interactions with the world.

The Computer-based ESL program "Rosetta Stone" is an interactive, award-winning method that teaches ELLs to speak, read, write, and think in their new language, without memorizing or translating. Students will learn how to speak and read English at their own pace. They'll learn English naturally and speak confidently. Our Newcomers will utilize levels 1 and 2 of this online program, twice a week, for 90 minutes.

Students will learn:

- Age, family relations, household items
- Questions, greetings, introductions
- Times of day, calendar terms, the weather
- Directions, locations, telling time
- Present, past and future tense
- Apologies and polite requests
- How to order at a restaurant and give and receive directions
- Emotions, opinions, and ideas

Levels 1 & 2 will help students:

- Learn English (American) basics
- Build intermediate-level conversational skills
- Spell and write accurately
- Speak English (American) without a script
- Retain what they've learned
- Read and understand English (American)

Common Core Standards:

*The Mondo and Rosetta Stone programs address the following:

ELA Common Core Standards in Speaking & Listening, specifically comprehension and collaboration.

1. Participate in collaborative conversations with diverse partners about age appropriate topics and

Part B: Direct Instruction Supplemental Program Information

texts with peers in small and large groups.

- * Follow agreed-upon rules for discussions
 - * Continue a conversation through multiple exchanges
2. Confirm understanding of a text or information presented orally by asking and answering questions about key details and requesting clarification if something is not understood.
 3. Ask and answer questions in order to seek help, get information or clarify something that is not understood.
 4. Describe familiar people, places, things and events and with prompting and support provide additional detail.
 5. Add drawings or other visual displays to descriptions as desired to provide additional detail.
 6. Speak audibly and express thoughts, feelings and ideas clearly.

Fluency Fun!

Rationale of Program (Targeted Students)

An analysis of the Teachers College Reading Assessment Data for first and second grade, as reported on Monitoring for Results report for June 11, 2011 shows:

- Approximately 21% (69 / 322) of students in grade 1 are performing at Level 1 on the TC Reading Assessment
- Approximately 13% (40/305) of students in grade 2 are performing at Level 1
- 83% (90/109) of the Level 1 students in grades 1 and 2 are English Language Learners

Early intervention is crucial in order to insure the best long-term outcomes for students.

Program Goal

The goal of the 2012-2013 P.S. 89, Early Intervention Extended Day Program is to improve the reading and writing outcomes for English Language Learners in Grade 2, through the combined use of Foundations Wilson Language Basics and Wright Group's Fluency FIRST! Program. Both intervention programs establish data-driven focused instruction and employ a variety of instructional approaches designed to meet the literacy needs of the English Language Learner and beginner reader during the schedule of 90-minute per session, 3 sessions a week for 30 weeks. The combination of the two programs will provide students with balanced intervention program that targets the basic literacy needs of beginning readers.

Foundations Wilson Language Basics is a systematic phonics program which meets the NYS Common

Part B: Direct Instruction Supplemental Program Information

Core State Standards for Reading Standard: Foundational Skills 3 (a-f). Wright Group's Fluency FIRST! Program meets the NYS Common Core State Standards for Reading Standard: Fluency 4 (a-c). In addition, the program also addresses the Reading Standard for Literature: Craft and Structure 4, the Speaking and Listening Standards: Comprehension and Collaboration 2, Presentation of Knowledge and Ideas 5, and Language Standard: Vocabulary acquisition and Use 4 (a).

The Early Intervention Extended Day Title III Program provides targeted instruction to English Language Learners (ELLs) who are at risk for not meeting grade level benchmarks. The instructional program will service ELLs in grade 1 and 2, who score at level 1 on the Teachers College Reading Assessments. The Early Intervention program specifically addresses instruction in emergent and beginning reading to improve the literacy performance of ELLs. Students will meet (three) 3 days per week (Monday, Tuesday, Wednesday) from 3:00 p.m. – 4:30 p.m. Each class within the program will service approximately 12-15 students. The Fluency Fun program will be taught by certified Common Branch, Early Childhood and ESL/Bilingual teachers

Program Descriptions

Foundations is an adaptation of the Wilson Reading System which is a remedial program based on the principles of the Ortho-Gillingham methodology. It is a systematic, sequential and multi-sensory method of teaching reading and writing skills to students who struggle, including those with special needs. The Foundations Program utilizes the same methods to improve early reading performance for all students. It provides engaging, interactive instruction in 25-30 minute lessons. Lessons include:

- Letter Formation
- Phonological Awareness
- Sound Mastery
- Phonics
- Vocabulary
- Sight Word Instruction
- Fluency
- Comprehension
- Written Composition

The Fluency FIRST! Program builds students' reading fluency using poetry. Reading fluency is the ability to read accurately, automatically, and with meaningful expression. Instruction in fluency has been proven to help students bridge the gap between learning to decode and reading for meaning. (Dowhower 1987, 1994) The program is based on the Fluency Development Lesson (Rasinski, Padak,

Part B: Direct Instruction Supplemental Program Information

Linek, & Sturtevant, 1994) which utilizes research-tested activities and teaching techniques in 15-20 minute lessons which include:

- Fluency Modeling
- Shared Reading
- Choral Reading
- Paired Reading
- Phonemic Awareness
- Word Study
- Individualized Assessment

Independent Reading

Students will be matched to 'just right' leveled texts at their independent reading level based on the Teachers College Reading Assessment. The students will read independently for approximately 30 minutes using their just right leveled texts. While they read, the teacher will confer with the students and coach them as they read using strategy prompts. The teachers will use the prompting guide from Fountas and Pinnell's Leveled Literacy Intervention Kit.

Assessment

Assessment of student performance will include a comprehensive assessment administered triennially as well as a Fluency assessment which will be administered bi-monthly. The results of the assessments will be collected, analyzed and interpreted to determine the success of the intervention program.

Part C: Professional Development

Describe the school's professional development program for Title III Program teachers as well as other staff responsible for delivery of instruction and services to ELLs.

- rationale
- teachers to receive training
- schedule and duration
- topics to be covered
- name of provider

Professional Development Program

The Title III Professional Development program will focus on providing teachers with methods for

Part C: Professional Development

scaffolding and differentiated instruction for teaching English Language Learners. It will also focus on how to prepare ELLs to meet and exceed the NYS performance and learning Standards and achieve higher scores on all state assessments. The professional development sessions will be facilitated by Laura Kimball, Assistant Principal.

Teachers working in the Early Intervention instructional program will receive three, two (2) hour session of professional development after school before the start of the program. The team will also meet one (1) Friday each month from 3:00 p.m. – 4:00 p.m. for academic inquiry. The inquiry workshops will focus on studying the student data (from the assessments administered beforehand) to develop questions regarding student achievement. The questions will be analyzed in order to develop theories for effective instruction. Teachers will plan differentiated lessons and customize instruction as determined through the inquiry. The professional development sessions will be facilitated by Laura Kimball, Assistant Principal.

The teachers working in the Mondo program will receive three staff development sessions focusing on all of the components of the Mondo program and the ESL instructional methods and strategies. These professional development sessions will be facilitated by Tammy Tucker, Assistant Principal.

Part D: Parental Engagement Activities

Describe the parent engagement activities targeted toward parents of ELLs that will impact higher achievement for ELLs. NOTE: These are in addition to mandated activities, such as parent orientation during ELL identification process.

- rationale
- schedule and duration
- topics to be covered
- name of provider
- how parents will be notified of these activities

Begin description here:

P.S.89 values the communication it has developed with parents and families of all students. Parents are notified regularly about meetings and educational workshops via home letters, monthly calendars, telephone calls, community bulletin boards, signs and flyers. All written communication is provided in English, and translated in the covered languages of the community including, Spanish, Chinese and Bengali. Furthermore, a translation team has been established to help provide parents with the utmost support and assistance. There are interpreters available for all workshops and meetings conducted at the school.

The school's Parent Coordinator (PC), Mayra Soto, is proficient in English and Spanish. To further support student progress, our PC conducts Math workshops for parents in Every Day Mathematics topics with the support of the Staff Developers. Adult ESL and General Education Diploma (GED) classes are provided to parents, as well. ESL teachers conduct various parents' workshops in literacy addressing

Part D: Parental Engagement Activities

such topics as familiarizing parents with the school system, the ESL and Dual Language programs, ESL/ELA standards and assessments for ELLs. Topics including strategies to help children at home are also presented at the parent workshops. Parents remain actively involved in the school’s decision-making process in the following ways: The Title I Parent Involvement Committee meets to develop and evaluate Title I services, parents are also members of the School Leadership Team and participate in scheduled meetings; they provide input on the selection of curriculum, instructional materials for students, and assist in aligning the budget. The parent attendance rate at our monthly Parents’ Association meetings is extremely high.

A voluntary evening event, Meet the Teacher Night, is also conducted by the staff, early in the school year, whereby teachers meet with parents to discuss school and grade expectations, and promotional requirements.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III budget matches your Title III Plan.

Allocation Amount: \$0

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits) <ul style="list-style-type: none"> Per session Per diem 		
Purchased services <ul style="list-style-type: none"> High quality staff and curriculum development contracts. 		
Supplies and materials <ul style="list-style-type: none"> Must be supplemental. Additional curricula, instructional materials. Must be clearly listed. 		
Educational Software (Object Code 199)
