

**Department of
Education**

Dennis M. Walcott, Chancellor

2013-2014
COMPREHENSIVE EDUCATIONAL PLAN
(CEP)

School Name: GRANT AVENUE ELEMENTARY SCHOOL

DBN (i.e. 01M001): 09X449

Principal: KRISTIN ERAT

Principal Email: KERAT@SCHOOLS.NYC.GOV

Superintendent: DOLORES ESPOSITO

Network Leader: PETRINA PALAZZO

School Leadership Team (SLT) Signature Page

Use this page to identify SLT members and confirm their participation in the development of this School Comprehensive Educational Plan (SCEP), which includes goals and action plans, a summary of Academic Intervention Services (AIS), and the Parent Involvement Policy (PIP). The signatures of SLT members indicate their participation in the development of the SCEP and serve as confirmation that consultation has occurred to align funding in support of educational programs. The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with the Chancellor’s Regulation A-655, available on the NYC DOE Web site.

Directions:

1. List each SLT member in the left-hand column on the chart below. Specify any position held by the team member, e.g., Chairperson, SLT Secretary and the constituent group represented, e.g., parent, staff, student, or CBO. Core mandatory SLT members are indicated by an asterisk*.
2. Ensure that SLT members review this document and sign in the right-hand column in blue ink. If an SLT member does not wish to sign this plan, he/she may attach a written explanation in lieu of his/her signature**.
3. Add rows as needed to ensure that all SLT members are listed.
4. The original copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.
5. Names of SLT members must be added to this form for posting. The signed original documents must be maintained on file at the school.

Name	Position and Constituent Group Represented	Signature
Kristin Erat	*Principal or Designee	
MD Rahman	*UFT Chapter Leader or Designee	
Jesanya Olivera	*PA/PTA President or Designated Co-President	
	DC 37 Representative, if applicable	
	Student Representative (<i>optional for elementary and middle schools; a minimum of two members required for high schools</i>)	
	CBO Representative, if applicable	
Asalmah George	Member/ Assistant Principal	
Rebecca Akselrad	Member/ Teacher	
Sarah Rokhsar	Member/ Teacher	
Christine Castano	Member/ Parent	
Mamounata Badala	Member/ Parent	
Deborah Harrison	Member/ Parent	
Aracelis Rodriguez	Member/ Parent	
	Member/	

Signature of constituent only indicates participation in the development of the SCEP, not approval. **Note: If for any reason a SLT member does not wish to sign this plan, he/she may attach an explanation in lieu of his/her signature which must be maintained on file at the school with the original SLT signature page.

Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.

Guidance for Developing and Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

School Receiving Title I Funds

School Wide Program (SWP) and Targeted Assistance (TA) Schools receiving Title I funds are required to complete the Title I Information Page located on page 11 of the CEP.

CEP Checklist

All Schools

Indicate using an "X" in the box to the left of each section that the section has been completed	
x	School Leadership Team Signature Page
	Action Plans 1 – 5 (At least 3 of 5 Action Plans with the following elements)
	▪ Annual Goal
x	▪ Comprehensive Needs Assessment
	▪ Instructional Strategies section, A-E for each new strategy or activity that supports the goal
	▪ Budget & Resource Alignment section (indicating all funding sources)
x	Academic Intervention Services (AIS)
x	Title I Plan (Only for schools receiving Title I funding)
x	Parent Involvement Policy (PIP)

Goal and Action Plan #1

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #1

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

We will improve literacy instruction with a focus on explicit teaching of skills and strategies in each and every reading and writing workshop, resulting in improved student outcomes.

**By June, at minimum, 70% of our students will meet or exceed grade level reading and writing CCLS benchmarks as indicated below:
Kindergarten – Reading Level D and Level 3 on the TC Continuum**

First Grade - Reading Level I and Level 4 on the TC Continuum

Second Grade - Reading Level M and Level 5 on the TC Continuum

Third Grade – Reading Level P and Level 6 on the TC Continuum

Fourth Grade – Reading Level R and Level 7 on the TC Continuum

Fifth Grade – Reading level V and Level 8 on the TC Continuum

By June 2014, 5% more of our third, fourth, and fifth graders will achieve a level 3 or higher on the English Language Arts State Assessment as measured against the District 09 average.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

We fell short of our goal for the 2012-2013 school year as measured against CCLS-aligned Fountas and Pinnell Reading Benchmarks and the New York State Assessments of our Third and Fourth Grade Students. 6% of our Third Grade students achieved a Level 3 or 4 on the New York State ELA Exam. 22% of our Fourth Grade achieved a Level 3 or 4 on the New York State ELA Exam. Our school community knows that a solid literacy foundation is critical to student success. In order to demonstrate proficiency on the State test, students need to be meeting grade-level reading benchmarks from Kindergarten to Fifth Grade. We have selected this as a goal so that we can continue to build on our work in this area as we improve our instructional strategies, increase parental involvement in this area, and continue to attract and retain Highly Qualified Teachers.

Grade Level	Number Meeting Goal	Total	Percentage Meeting Goal
Kindergarten	50	85	59%
First Grade	49	64	77%
Second Grade	53	78	68%
Third Grade	29	66	44%
Fourth Grade	38	54	70%

Schoolwide	219	347	63%	
------------	-----	-----	-----	--

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

A. Strategies/activities that encompass the needs of identified subgroups

We focus our professional development on using data to drive instruction in all reading and writing workshops. This year as a school community we are studying the use of assessment in instruction during Faculty Meetings, full day Professional Development Seminars such as on Election Day, in weekly grade meetings , and during SBO planning time. Our grade leaders (vertical team) is planning our grade meeting agenda from January to June based on our identified subgroup of readers who are approaching grade-level benchmarks and are falling in the level 2 range based on November Data. Teachers will be meeting with this subgroup 2-3 times weekly and will be collaboratively planning small group instruction to meet the needs of these learners.

We conduct five complete cycles of professional development with our Teachers College Reading and Writing Project Staff Developers, Rachel Rothman and Alissa Levy. Our TC assessments are used to craft explicit teaching points for lessons and used to form guided reading and strategy groups. The data is also used to ensure that our readers are matched to appropriate texts based on their individual reading level. Rachel and Alissa will also coach our teachers, one-on-one. Each of our teachers is at different levels of mastery of the TC curriculum, and these one-on-one sessions enable us to differentiate our professional development for our teachers. We also are building the capacity of one of our model teachers who has been a teacher leader for the past four years. This year, we have two lead teachers, Christyn Knecht and Angie Anderton who are coaching four of our teachers, developing their instructional practices in literacy. As lead teachers, half of their day is spent developing a targeted group of staff members and their classroom also serves as an ongoing model classroom. Our assistant principal, Asalmah George, and the principal, Kristin Erat, participate in the labsites and have a dedicated time to meet with Rachel and Alissa. This allows us to communicate about how our team is progressing and gives us opportunities to plan for future sessions. Furthermore, having administration participate in this professional developments sends the message to our team that we are all learners and enables us to continue the work throughout the year. Formal and informal observations are conducted on an ongoing basis and feedback and support are provided to teachers.

Literacy data is collected on a school-wide level in September, November, January, March, May and June. Running records are administered on an ongoing basis and Reading Levels are collected and analyzed in September, November, January, March, and June. Grade teams meet and teachers analyze reading data for their classes. Teachers look at who is meeting/not meeting grade-level standards. They look for patterns and trends in the data, identifying areas of strength and challenges. They study the characteristics of the reading levels specific to students in their classes and sort data by subgroups, identifying students with IEPs, students who are English Language Learners. They look for patterns and trends specific to these subgroups and establish modifications specific to meeting the needs of these students. Grade teams collectively established next steps for instructional planning specific to needs of students in their grade.

All of our units of study are aligned with Common Core Learning standards with a focus on key nonfiction standards. All teams are engaged in administering baseline assessments for each unit, analyzing results of these assessments, designing targeted units of study based on analysis of student need, and administering final performance tasks to measure growth and establish any strategy groups which may require follow up pertaining to the key standards.

Each and every week, our grade teams meet to plan lessons and units of study. The teams work together to revise and improve upon monthly curriculum maps, crafting individual lessons, and sharing resources and best practices to use in our classrooms. Our teachers also attend Calendar Days, intensive professional development seminars at Columbia University as well as professional development offered through the CFN 606 Professional Learning series, focused on the Citywide Instructional Expectations (CIE). Teachers share information and resources from these seminars during grade and faculty meetings. The impact of this work is measured via monitoring progressions in independent reading levels and CCLS-aligned writing performance tasks.

Our Title III Program is designed to support our English Language Learners in meeting grade-level benchmarks in literacy. It is an intensive

8-week afterschool program for grades 1-5 following extended day that focuses on reading, writing, listening, and speaking English. We engage in a dynamic, balanced literacy curriculum called AWARD READING which is a complementary program to our work with Teachers College that has been selected to use in support of our English Language Learners. The students are placed in small groups based on English proficiency levels and produce a portfolio of quality work. Additionally, the students prepare for the New York State mandated English exam, NYSESLAT. A unique feature of this program is that the families are invited into the classrooms to learn English with their children, read with their children, and engage in conversation with their children. We teach strategies that can be practiced at home to reinforce literacy habits in order to help students to reach high levels of success in English.

The explicit goals of the Grant Avenue, Little Society of Speakers:

- ❖ Achieve proficiency in English
- ❖ Think critically and develop personal strengths as a reader, writer, listener and speaker of English
- ❖ Strengthen literacy habits and apply reading strategies
- ❖ Boost reading levels and perform at or above grade level
- ❖ Prepare for the NYSESLAT (New York State English proficiency exam)
- ❖ Build cultural appreciation, self-esteem, and self-confidence in English
- ❖ Families and children learn English together on Thursday afternoons
- ❖ Produce a portfolio of work
- ❖ Discover the joy of reading and learning English in a safe, supportive environment

B. Key personnel and other resources used to implement each strategy/activity

Key personnel: Administration, Grade Leaders, TCRWP Staff Developers, Lead Teachers

Resources: TC Professional Development (Title I - Improved Teacher Quality) Substitutes for Calendar Days (School Support Supplement Absence Coverage Per Diem) Classroom Library Books (Title I OTPS) Common Planning sessions built into the schedule (Reflected in staffing decisions - table of organization - and scheduling) CCLS and Pilot implementation per session funding, Title III program funding, funding for Lead Teachers to build capacity

C. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

In order to meet June benchmarks, we have established the following targets and timelines for evaluating the progress of our students and the impact of our instructional strategies:

Grade	November 2013	March 2014
Kindergarten	A/B with book introduction	C with book introduction
First Grade	E/F/G	G/H
Second Grade	J/K/L	K/L
Third Grade	N	O
Fourth Grade	Q/R	R/S
Fifth Grade	T	U

D. Timeline for implementation and completion including start and end dates

Running records data is collected and analyzed on 9/28, 11/1, 1/1,3/1 and 6/1 Running records data is used by all of our classroom teachers to create small group support in the form of strategy groups and guided reading groups or book clubs.

On grades 3-5, teachers administered beginning of year baseline assessments to identify key areas of need . To monitor progress and revise lessons and small groups we will be administering full-scale test simulations in January and in March to address any gaps prior to the State Exam.

E. Describe programmatic details and resources that will be used to support each instructional strategy/activity

Weekly grade team meetings are built into the programs of all of our classroom teachers.
Our school has opted for a School Based Option to enable an additional 50- minute planning block
We have applied for an additional one full and four half days for professional study

The lead teachers schedule is set up in three distinct cycles of professional development with specific cohorts of teachers and their day is structured as half instructional/half professional development.

For each cycle of professional development with our TC staff developers, a specific schedule is created to provide coverage so that grade teams can attend a labsite and a meeting for an intensive study.

TC Professional Development (Title I - Improved Teacher Quality) Substitutes for Calendar Days (School Support Supplement Absence Coverage Per Diem) Classroom Library Books (Title I OTPS) Common Planning sessions built into the schedule (Reflected in staffing decisions - table of organization - and scheduling) CCLS and Pilot implementation per session funding, Title III program funding

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

The following structures are in place to increase parental involvement specifically in support of our Literacy Goal:

Every Friday from 1:30-2:20 we host "Family Fridays" where parents/guardians/extended family members are welcomed into our classrooms to actively participate in our school community. Teachers use this time to host "Publishing Parties" where student writing is showcased. Family Members act as guest readers, leading a read aloud for the class or leading small group discussions about books. Family members participate in literacy centers and learn best practices for reading with their child so that there is alignment between home and school in support of our readers and writers.

Our Assistant Principal conducts a series of "Ages and Stages" workshops for parents of students in each grade. Mrs. George strategically plans these workshops to teach parents about the CCLS benchmarks for each grade, to show families what student writing in each grade looks like, and to teach families ways to work with their children in the home. Mrs. George also has led a series of workshops for families in testing grades to help them understand their student's scores from 2013 and to come up with next steps to support the students towards success in 2014.

Our families are invited to Family Days at Teachers College. A group of parents, along with our Parent Coordinator, travels to Columbia University for a day of learning. Parents select workshops specific to the needs of their child and then parents share what they learned with the larger group of parents.

We host Curriculum Conferences in September and take this evening to share academic and behavioral expectations for the year. Parents are engaged as partners and provided with specific tools for working with their child in the home.

In May and in September we host Orientations for Kindergarten Families and provide parents with book lists, sight word flash cards, and other resources specific to the literacy needs of our Kindergarten students.

Best practices in literacy and information pertaining to the Common Core Learning Standards are part of our monthly SLT conversations. Parent SLT members turnkey information to other parents in their child's class and with the community at large.

We have built parent involvement into our Title III program; each Thursday. Parents actively participate in the after-school sessions and learn about ways to increase the oral and written vocabulary of their children in the home.

In October, November, March, and June, our Assistant Principal prints out AssessmentPro letters for each and every family based on reading data that the teachers enter into the AssessmentPro site. These letters are individualized and contain a list of recommended books for each child in our school community and information about each student's reading level. Our parents have expressed that these letters make trips to the library very easy for each family because they know just what books to check out for their children.

We strive for 100% attendance at Parent Teacher Conferences and make appointments for each family. This time is maximized and teachers share specific information about each child's reading and writing levels. Families are invited to explore their child's writing portfolio. Parents and teachers share information about each child's performance in school and at home and standards-based benchmarks are explicitly discussed.

Budget and Resource Alignment

Indicate using an "X" the fund source(s) that your school is using to support the instructional goal.

Tax Levy	x	Title IA	Title IIA	x	Title III	Set Aside	Grants
----------	---	----------	-----------	---	-----------	-----------	--------

List any additional fund sources your school is using to support the instructional goal below.

Goal and Action Plan #2

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #2

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

Our classroom teachers will focus their Inquiry Work on Mathematics/CCLS and Go Math.

By June 2014, 5% more of our third, fourth, and fifth graders will achieve a level 3 or higher on the Mathematics State Assessment as measured against the District 09 average.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

We did not meet our goal of 80% mastery for the 2012-2013 and our State Test results also fell short of our goal. 6% of our 3rd grade students achieved a Level 3 or 4 on the 2013 NYS Mathematics Exam. 15% of our 4th grade students achieved a Level 3 or 4 on the 2013 NYS Mathematics Exam. As a result, our SLT has elected to continue to work towards meeting this goal. We have selected this as a goal so that we can continue to build on our work in this area as we improve our instructional strategies, increase parental involvement in this area, and continue to attract and retain Highly Qualified Teachers.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

1. Strategies/activities that encompass the needs of identified subgroups

Our school community opted to change our Mathematics Curriculum this year, opting to adopt Go Math! based on Common Core Standards alignment. Our grade teams are engaged in a comprehensive study of the program to support implementation. Teacher teams are invested in using unit pre-assessments and daily quick checks to create strategic small groups and to differentiate instruction according to student needs. Teams are also using the CCLS aligned tests and performance tasks for each unit. Teams will use data from these assessments to adjust instructional practices and to map out ongoing supports in future units to support mastery of grade-level benchmarks.

All grade teams dedicate weekly 50 minute sessions to studying the Common Core Learning Standards for Mathematics, looking at student work and assessment results, and planning lessons to support our learners in meeting the standards.

Mathematics inquiry work is ongoing and the work from September to June will extend the practices learned from our past two years of intensive CCLS immersion.

2. Key personnel and other resources used to implement each strategy/activity

1. SBO dedicated mathematics time built into the weekly schedule. Meetings facilitated by grade leaders and administration. Title I funds to purchase necessary materials to support mathematics instruction. Per Session Inquiry funds to support after school study group. Title 1 funding for AIS teachers to support student progress toward learning goals.

3. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

Go Math Performance Tasks and/or Unit tests are administered on a regular basis with a benchmark performance of 75% mastery as our target. Unit test data is used to evaluate the effectiveness of instruction and resources for each unit and to craft additional supports in subsequent units. Data from our full scale test simulations in January and March will also be used to evaluate progress and plan supportive strategies.

4. Timeline for implementation and completion including start and end dates

1. September – baseline assessments were administered in grades K-5
2. September – December – planning and assessments are ongoing – unit tests are administered and used to measure progress
3. December – Grade Leadership studies item analysis and establishes key standards for December –June
4. January – Grades 3-5 test simulation
1. March - Grades 3-5 test simulation

5. Describe programmatic details and resources that will be used to support each instructional strategy/activity

Weekly grade team meetings are built into the programs of all of our classroom teachers.
Our school has opted for a School Based Option to enable an additional 50- minute planning block
We have applied for an additional one full and four half days for professional study

The lead teachers schedule is set up in three distinct cycles of professional development with specific cohorts of teachers and their day is structured as half instructional/half professional development.

Lead teacher and administration attend specific Go Math professional development and turnkey best practices to pedagogical staff.

Common Planning Sessions built into the weekly schedule. Meetings facilitated by grade leaders and administration. Title I funds to purchase necessary materials to support mathematics instruction. Per Session Inquiry funds to support after school study group. Title 1 funding for AIS teachers to support student progress toward learning goals.

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

Each Friday from 1:30-2:20 we host "Family Fridays" where parents/guardians/extended family members are welcomed into our classrooms to actively participate in our

school community. Teachers use this time play math games and teach families math-related activities that can be used in the home to boost student achievement in mathematics.

Our Assistant Principal conducts a series of “Ages and Stages” workshops for parents of students in each grade. Mrs. George strategically plans these workshops to teach parents about the CCLS benchmarks for each grade, to show families what student writing in each grade looks like, and to teach families ways to work with their children in the home.

We host Curriculum Conferences in September and take this evening to share academic and behavioral expectations for the year. Parents are engaged as partners and provided with specific tools for working with their child in the home.

In May and in September we host Orientations for Kindergarten Families and provide parents with a list of ways to weave mathematics work into daily life in the home along with other resources specific to the needs of our Kindergarten students.

Information about the Go Math! Program is shared with our SLT. Parent SLT members turnkey information to other parents in their child’s class and with the community at large.

We strive for 100% attendance at Parent Teacher Conferences and make appointments for each family. This time is maximized and teachers share specific information about each child’s mathematics levels. Families are invited to explore their child’s mathematics portfolio. Parents and teachers share information about each child’s performance in school and at home and standards-based benchmarks are explicitly discussed.

Budget and Resource Alignment

Indicate using an “X” the fund source(s) that your school is using to support the instructional goal.

Tax Levy	x	Title IA	Title IIA	Title III	Set Aside	Grants
List any additional fund sources your school is using to support the instructional goal below.						

Goal and Action Plan #3

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #3

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

By June 2014, school-wide attendance will meet or exceed 93%, as reflected in ATS reports.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

For the 2012-2013 school year, we fell short of our goal of a minimum of 93% student attendance. Therefore, our SLT has elected to maintain 93% as our benchmark for the 2013-2014 school year. There is a direct correlation between student attendance and student academic performance; our SLT has elected to build on our work in this area as we improve our instructional strategies, increase parental involvement in this area, and continue to attract and retain Highly Qualified Teachers.

Class	Teacher	Attendance %
002	Riley	92.2

003	Balogh	91.3
004	Cohen	95.55
005	Coker	87.3
101	Rokhsar	92.4
102	Feliz	95.2
103	James	85.2
104	Sakowich	93.7
201	Keith	91.3
202	Andrade	95.3

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

1. Strategies/activities that encompass the needs of identified subgroups

Instructional strategies/activities

- Describe the research-based instructional strategies and activities that will be used to achieve this goal. Include descriptions of the following in your response:
 - a) strategies/activities that encompass the needs of identified student subgroups,
 - b) key personnel and other resources used to implement these strategies/activities,
 - c) steps taken to include teachers in the decision-making regarding the use of academic assessments to evaluate the effectiveness of the strategies/activities,
 - d) timeline for implementation.

Our attendance coordinator works closely with our attendance teacher, administration, and teachers to monitor and improve student attendance.

The following systems are in place, and are being monitored and refined as needed to improve overall attendance:

Weekly reports to administration and classroom teachers for all students with attendance below 85%.

Monthly perfect attendance certificates for students

Monthly letters to each family detailing individual student absences and lateness

Daily posting of school attendance percentages for staff

Attendance bulletin board with important information for families and staff and space to celebrate students with exemplary attendance

School Messenger Outreach

Monthly Attendance Committee Meetings

Monthly target group established of families with attendance below 80%.

Home visits by attendance teacher for target group families

Bi-monthly workshops for this target group and individual action plans established for these families

Individual classroom incentives and awards for exemplary student attendance

2. Key personnel and other resources used to implement each strategy/activity

Fair Student Funding and Title I SWP: Collaborative work with Attendance Coordinator, Attendance Teacher, Parent Coordinator, School Secretary, and Guidance Counselor, and Administration (Staffing and Scheduling) Resources will be allocated for incentives and attendance celebrations.

Collaborative work with Attendance Coordinator, Attendance Teacher, Parent Coordinator, School Secretary, and Guidance Counselor, and Administration (Staffing and Scheduling) Resources will be allocated for incentives and attendance celebrations. (TL OTPS New School)

3. Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

6. Teachers and administrators receive weekly reports for all students with attendance below 85%. On a bimonthly basis, a target group is identified and the Parent Coordinator conducts outreach to this target group. Families are invited in for meetings with the Parent Coordinator and action plans are created to support the family

in meeting attendance benchmarks. Target group attendance is monitored by Parent Coordinator and Administration . For exemplary gains, families are awarded “Most Improved “Certificates. For those whose attendance does not improve, home visits are arranged and additional action plans are generated.

4. Timeline for implementation and completion including start and end dates

October 16th Target Group Established
 November 21- Evaluation Meeting with Administration and Parent Coordinator
 December 5 Target Group Established
 January 9th - Evaluation Meeting with Administration and Parent Coordinator
 January 16th - Target Group Established
 February 27th Evaluation Meeting with Administration and Parent Coordinator
 March 10 - Target Group Established
 April 10 - Evaluation Meeting with Administration and Parent Coordinator
 May 7 - Target Group Established
 June 12 - Evaluation Meeting with Administration and Parent Coordinator

5. Describe programmatic details and resources that will be used to support each instructional strategy/activity

Dedicated meeting time for Parent Coordinator and Administration. Collaboration with attendance teacher.
 Collaboration with office team to create personalized awards and incentives.

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school’s Title I Parent Involvement Policy (PIP).

Many of the instructional practices are created with the goal of increasing communication between home and school and having a positive impact on parental involvement in this area:

Monthly perfect attendance certificates for students

Monthly letters to each family detailing individual student absences and lateness

Attendance bulletin board with important information for families and staff and space to celebrate students with exemplary attendance

School Messenger Outreach

Monthly target group established of families with attendance below 80%.

Home visits by attendance teacher for target group families

Bi monthly workshops for this target group and individual action plans established for these families

Individual classroom incentives and awards for exemplary student attendance

Budget and Resource Alignment

Indicate using an “X” the fund source(s) that your school is using to support the instructional goal.

x	Tax Levy	x	Title IA		Title IIA		Title III		Set Aside		Grants
----------	-----------------	----------	-----------------	--	------------------	--	------------------	--	------------------	--	---------------

List any additional fund sources your school is using to support the instructional goal below.

Goal and Action Plan #4

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #4

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

We will ensure that all members of our school community feel physically and emotionally secure, allowing everyone to focus on students learning as evidenced by above average level outcomes on the 2014 Learning Environment Survey in the category of Safety and Respect for parents and teachers.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

A comprehensive review of OORS data/reports and the Learning Environment Survey for the 2009-2010, 2010-2011, 2011-2012, and 2012-2013 school years has revealed a positive trend in Safety and Respect perceptions for parents and teachers. As our school community grows by one grade each school year, we continue to focus on the social emotional needs of students. Student outcomes in our advisory program have demonstrated positive tone and climate in the school. This is coupled with at-risk supports to students in need or who might benefit from additional supports to what is provided to all students. The SLT has determined that a continued focus on the needs of students in this way will result in improved outcomes for achievement as well as the Learning Environment results referenced in the goal.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

- **Strategies/activities that encompass the needs of identified subgroups**

We work to achieve this goal on a variety of levels, establishing a collaborative school culture, and addressing the needs of our students, staff, and families. The following were some of the initiatives that we implemented this year.

We had a pre-service retreat in August. Our team met for an intensive week at the school.

During this week we:

- Continued to get to know one another and work as a team
- Revisited our Grant Avenue Community Standards and School Mission
- Participated in staff-led workshops which were presented by teachers on self-selected topics,
- Reviewed our Staff Handbook,
- Cooperatively established expectations for classroom environments, teacher practice, classroom communities, and school-wide policies,
- Worked in teams to map out the first day, and first week

We also hosted our Fifth Annual Back to School Meet and Greet picnic at Mullaly Park, inviting families to meet their child's teacher, school staff, and other families from the Grant Avenue Community.

This culture of mutual respect and positive attitudes towards learning involves everyone: students, families and educators. Communication is a key element to establishing this collaborative, respectful, and positive learning environment. Our entire school community communicates frequently in a variety of ways.

Our team of educators communicates formally and informally throughout each day. The following are a few structures and systems that are in place on a school level:

- Weekly meetings for common planning sessions.
- Teacher-led after school study groups
- Attendance, PPT, and safety sub-committee meetings bi weekly or monthly

- Monthly faculty meetings
- One-on-one meetings with the principal and assistant principal on an as-needed basis
- E-mail is frequently used and responded to in a timely fashion
- Weekly staff newsletter
- Monthly UFT Consultation Committee Meetings – Minutes shared with team
- Team feedback is solicited through surveys and meetings and used on an ongoing basis

To support our Community Standards and our Mission, we have a unique advisory program. Beginning in Kindergarten, each student has a period of advisory once a week. Advisors and students work together on investigations in the 4 R's (Reading, Writing, Respect, and Resolution) Curriculum. During advisory, our students are exposed to children's literature related to social-emotional learning and character development.

Our staff completes Mid-Year Staff Surveys designed using questions from the Learning Environment Survey. The following are some survey responses relevant to this goal:

"There is definitely a clear vision for this school. I believe all the teachers in the building are aware of this and strive to achieve it. Having this clear vision helps us to know what's expected. Given the positive relationships between the staff, communication on important issues is encouraged. School leaders and others foster this communication. All of this ties in with the individual's dedication and helps the school run smoothly. Trust is also key, and I feel that there are high trust levels throughout the teachers and administration."

"I really feel valued in this way. When there are issues that come up with students/teachers/ parents/staff—it's a collective community that works out the problem. It is really nice to feel like your opinion matters."

"I feel that everyone is there to help each other out. This is one of the really nice things about Grant Ave. The people you work with are often the best resources to support, guide you and help you out when you need it. I look to support others, which helps to keep the positive vibes and relationships going strong."

"I feel that for the most part, order and discipline are maintained at my school. I feel like when you work with people, especially children growing up, behavior and discipline problems are definitely going to come up. When they do, I feel like everyone prioritizes taking care of them, which is necessary, as it helps to maintain a positive learning environment."

Based on a pattern of feedback in the area of maintaining order and discipline, we will be studying communication protocols during our January Faculty Conference and during two of our SBO/Faculty Inquiry Meetings dedicated to Social-Emotional Work. We will discuss best practices for the prevention of incidents, the reporting of incidents when they happen, and communication with families of victims and suspects when incidents/accidents occur.

We also revisit the areas of safety and respect at monthly UFT Consultation Committee meetings.

The data from the entire survey shows that we are on target to meeting our goals of achieving a minimum of average level outcomes on the Learning Environment Survey in the area designated "Safety and Respect." The data indicates that we have built a strong culture where students and adults demonstrate positive attitudes towards learning. We will continue to keep an open and honest dialogue going about how to make improvements in our school environment. As a result of a teacher's idea that was shared through a former survey, a teacher-led study group created our "Strong Choices: 1) I stay safe, 2) I make problems smaller, 3) I never give up, 4) I am a team member, and 5) I tell the truth." This work complements our Community Standards and has spawned extension activities which are used in our classrooms and with our families, helping to solidify our unique school culture.

Our School Leadership Team reviews data from the mid-year survey, identifying areas of strength and collaboratively planning to improve any areas that need

improvement. The SLT studies the Citywide Standards of Intervention and Discipline Measures in our February Meetings.

As a school, we continue to adapt to the needs of our students, families, and staff to ensure that we maintain a strong school culture. This culture serves as a critical foundation and context in which all of our learning takes place.

• **Key personnel and other resources used to implement each strategy/activity**

Administration, Parent Coordinator, PTA Leadership, SLT, Grade Leaders, UFT Chapter Chair, all Grant Avenue staff

• **Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity**

Monthly UFT Consultation Committee Meetings, Monthly SLT meetings, November and Mid-Year survey results.

Formative evaluation feedback will be used to modify policy and communication with stakeholders including students, teachers, and families mapping forward to our Learning Environment Survey administration each March.

• **Timeline for implementation and completion including start and end dates**

August 2013 - Welcome Back Picnic for students and families

August 2013 – Staff Retreat

September – June – Weekly Advisory/Core Values instruction with students

September – June – Monthly SLT meetings

September – June – Monthly UFT Consultation Committee Meetings

November 2013 and January 2014 - Staff Surveys Administered and Analyzed

• **Describe programmatic details and resources that will be used to support each instructional strategy/activity**

Title I SWP: Training rate for retreat, Common planning (Scheduling and staffing) Supplies for family events and advertisement of events Parent Coordinator, Advisory (Staffing, Scheduling) Title I parent involvement funds for CAAS system/Parent Passport IDs

Strategies to Increase Parental Involvement

All schools should cite strategies to increase parent involvement that aligned to the goal when applicable. Title I schools should reference these activities in your school's Title I Parent Involvement Policy (PIP).

Developing a strong home-school partnership is a priority at Grant Avenue Elementary School. The following are some of the programs, structures, and systems:

- Welcome letters mailed out to incoming students
- EPIC family training sessions were held in advance of school opening for the families of our English Language Learners
- Opening Celebration Meet and Greet
- Out of Classroom staff will greet families during the first week and to help register families and welcome them to our school
- Parent Welcome and Orientation Sessions
- Handbooks distributed and families will be introduced to our Parent Coordinator, Guidance Counselor, and Principal
- Every effort is made to translate documents sent home into the home language of the child
- Monthly calendars and newsletters will be sent home to keep families up to date on important events
- Curriculum Conferences will be held in September to introduce families to their child's teachers, classroom and school environment, and the curriculum
- Monthly class newsletters from the classroom teachers
- "Grant Post" red folders used for home-school communication
- Daily Behavior Calendars as needed
- Monthly PTA and SLT meetings
- Monthly Family Fridays where families are invited into our classrooms from 1:30-2:20pm to participate in Math Games, Publishing Parties, and Special Projects such as Papermaking

- Family Workshops on topics such as: Parents as Reading and Writing Partners, ARIS ParentLink, , Dual Language Workshops, Advisory: Making the Home-School Connection, Parent Workshops at Teachers College, Really Listening to Your Child, Communication Tools, Partnering for Positive Attendance Habits, A Visit to the Bronx Museum, and Supporting Student Success, School Performance Assemblies and Art Events
- Parent-Teacher Conferences with Scavenger Hunts - creating an incentive for families to communicate with all of the educators who support the learning of their children

Budget and Resource Alignment

Indicate using an "X" the fund source(s) that your school is using to support the instructional goal.

Tax Levy	x	Title IA	Title IIA	Title III	Set Aside	Grants
List any additional fund sources your school is using to support the instructional goal below.						

Goal and Action Plan #5

Use this template to identify an annual goal. Respond to each section to indicate strategies and activities in support of accomplishing this goal.

Annual Goal #5

Describe a goal you have identified for the year. Refer to the directions and guidance for assistance in developing your goals.

All teachers will be observed a minimum of 4 times and provided with specific and timely feedback from administration following each observation. Each teacher will participate in 3 conferences (an initial planning conference, a mid-year conference, and a end of year conference) over the course of the year to discuss expectations and evidence of performance.

Comprehensive Needs Assessment

Describe the identified need that generated this goal. The needs assessment should encompass the entire school and be based on the performance of students, in relation to State academic content and student achievement standards.

Last year, we met our local goal :” Improve teacher effectiveness by developing a shared understanding of instructional excellence. Principals and APs conducted 6 informal/formal observations for each teacher using selected components of the Danielson rubric to provide meaningful feedback. The research based rubric was used for developing all teachers.” Our SLT understands that the Advance Teacher Effectiveness Program is being implemented citywide. As such, we will continue our work in this area to ensure that all of our students have access to high-quality teachers at Grant Avenue Elementary School.

Instructional Strategies/Activities

Describe the research-based school wide reform instructional strategies and activities that will be used to achieve the goal in part A. Enumerate each strategy/activity and its corresponding subsection in parts B, C, D, and E. For each strategy/activity identified in part A, a corresponding item must be provided in parts B, C, D, and E.

❖ **Strategies/activities that encompass the needs of identified subgroups**

Danielson Professional Development Plan

Observation cycles –

INITIAL PLANNING CONFERENCES 9/8-9/27

Preliminary visits/check-ins 9/9-9/27 – written feedback provided

Informal round 1: 9/27-10/27

Formal round 10/27-12/13

Informal round 2: 1/13-2/14

MID YEAR CONVERSATIONS 2/24-3/10

Informal round 3: 3/10-4/29

Informal round 4: 5/8-6/3

YEAR END CONVERSATIONS 6/3-6/20

August- Retreat – rollout of anchor standards, introduction to lesson planning template via Go Math

September 8-27 Initial Planning Conferences – all teachers

9/23 Faculty Conference – Focal component study and brainstorm: looks like/sounds like/implications

9/24 – Danielson focal component share out

9/25 – Using assessment in Instruction – Go Math Planning

9/26 – SBO Minicourses – the following are our monthly minicourses to support Danielson-aligned practices

1. "Smarter Charts" with Ms. Sakowich

DANIELSON CONNECTION: 3D USING ASSESSMENT IN INSTRUCTION, CLEAR DISPLAYS OF HIGH QUALITY WORK/SKILLS AND STRATEGIES

Taking anything from CCLS, curricular calendars, and units of study in all subjects and specialties and turning them into growing charts w/ teaching points that are clear reminders for our students to always use what they have learned.

2. "Academic Vocabulary in Complex Texts" with Rebecca Akselrad

DANIELSON CONNECTION: 1E DESIGNING COHERENT INSTRUCTION – ROLE THAT VOCABULARY INSTRUCTION PLAYS IN DESIGN OF LEARNING ACTIVITIES AND INSTRUCTIONAL OUTCOMES

The mini course entitled, Academic Vocabulary in Complex Texts, is dedicated to studying the nature of words and the qualitative features of rigorous texts. In this course, we will collaboratively explore the implications of the common core language standards including shift 6 and how it applies in the reality of the classroom. Please note that this course is intended for all teachers not just language teachers and the content supports all learners.

Over 10 months, we will collaboratively engage in the following subtopics:

- What are Tier II words and academic vocabulary?
- Examining specific strands of the Common Core language standards and shift six
- Qualitative features of complex texts
- Strategy: Chunking texts into accessible parts for all learners with informational texts

- Strategy: Strategic selection of words to teach
- Strategy: Shades of meaning and tier II vocabulary
- Academic Vocabulary Sorts: picture sorts, sound sorts, word sorts, concept sorts, content sorts
- Strategy: Break up complex words with affixes and roots
- Facilitating a culture of accessible words and crafting a rich print environment
 - Academic vocabulary classroom scaffolds
- Academic Vocabulary Family Friendly Toolkit:
 - Family friendly strategies to help their children support and encourage the use academic vocabulary at home (Paired with Parent Teacher Conferences)
 - Academic vocabulary games to play in school (during Family Friday) and at home
- Collaboratively discuss brief, intriguing articles on academic vocabulary by experts like Robert Marzano, Kate Kinsella, Elfrieda Hiebert, and Isabel Beck

Lastly, I look forward to collaboratively learning about academic vocabulary with and from the smart team of educators.

**3. "Teaching Through Difficult Behaviors in the Classroom" with Ms. Keith
DANIELSON CONNECTIONS: 2B ESTABLISHING A CULTURE FOR LEARNING AND 2D MANAGING STUDENT BEHAVIOR**

This mini-course will give you the tools you need to lead in a classroom with children who need support. I will walk you through my teaching practices with a focus on learning the individual child. Next we will move into identification of children who need extra support in the classroom. Lastly, we will focus on getting in touch and building relationships with children, learning how to move them to a more productive place in your classroom. Handouts will be included but please bring a pen for your notes. I will leave some time at the end for individual questions for those of us who currently need support!

**4. "IT'S NEVER ONE THING: Figuring out the Puzzle of Learning and Behavior Breakdowns" with Andrea Rousso
DANIELSON CONNECTIONS: 1B DEMONSTRATING KNOWLEDGE OF STUDENTS AND 2B ESTABLISHING A CULTURE FOR LEARNING**

In this mini course, we will explore and become familiar with the neurodevelopmental connections and pathways that affect the way people learn. We will also consider the strategies and interventions we can use to help struggling learners who experience learning as a persistent mystery.

**5. "Getting to Know Go Math" with Ms. Anderton
DANIELSON CONNECTIONS: 1E DESIGNING COHERENT INSTRUCTION AND 3D USING ASSESSMENT IN INSTRUCTION**

Join us as we study the Go Math program, devise strategies for using assessment in instruction, and develop techniques for making our lessons more targeted, streamlined and differentiated.

**6. "Creating Specialty Performance Tasks" with Ms. Messeroff
DANIELSON CONNECTIONS: USING ASSESSMENT IN INSTRUCTION**

We will be looking at how to create baselines and end-tasks related to the standards for specific units we teach. Please bring your specialty standards and one

of your units (it could be your goals and assessment/final task ideas) with you on Thursday.

Advance baselines administered week of 10/15 – scoring during SBO time on 10/17 plus 1 hour of per session available for each teacher. Baseline scores are due by 10/25.

Advance BASELINES 10/14-10/25

10/24 SBO minicourses

10/28 Faculty Conference – Action Plan brainstorm

11/4 Faculty Conference – DATA – QR, LES, and Progress report

Learning Environment Survey – Knecht in O'Shaughnessy's room

Quality Review – Keith – Keith's room

Progress Report – Anderton – in Garcia's room

11/5 Election Day - Danielson – Assessment in Instruction and Quality Review Best Practices

11/21 SBO minicourses

12/9 – Faculty Conference – Assessment Guidelines

12/12 – PD DAY – non-attendance for students – Instructional focus – Using evidence to support thinking

12/19 – SBO Minicourses

1/23 SBO Minicourses

1/27 Faculty Conference – Curating our Advance Artifacts

1/30 PD ½ day – Using Assessment in Instruction – Level 2 Reading Data Analysis and Design

2/3 Faculty Conference – Questioning and Discussion Techniques

2/27 SBO Minicourses

3/17 Faculty Conference - Using Assessment in Instruction – feedback focus

3/20 PD ½ day - Using Assessment in Instruction

3/27 SBO minicourse

4/7 Faculty Conference- Faculty Book Club

4/24 SBO Minicourse

5/8 PD ½ day – Using Assessment in the Final Stretch

5/12 Faculty Conference – Faculty Book Club

5/15 SBO Minicourse

6/5 Chancellor’s Conference Day – Reflecting on our Work for the Year and Setting Priorities for the Future

6/12 SBO Minicourses

❖ Key personnel and other resources used to implement each strategy/activity

Lead Teachers, Staff Developers, Grade Leaders, Administration

Title I SWP, Training rate for retreat, Common Planning Sessions built into the weekly schedule. Meetings facilitated by lead teachers, grade leaders and administration.

❖ Identify targets to evaluate the progress, effectiveness, and impact of each strategy/activity

After each round itemized below, administration will analyze performance and progress results for individual teachers and our faculty as a whole. Support and professional development will align with identified areas of need.

❖ Timeline for implementation and completion including start and end dates

INITIAL PLANNING CONFERENCES 9/8-9/27

Preliminary visits/check-ins 9/9-9/27 – written feedback provided

Academic Intervention Services (AIS)

Schools need to maintain accurate records of students who are receiving Academic Intervention Services to ensure that students who are not at proficiency receive effective and timely assistance. These records need to be made available upon request and indicate the total number of students receiving AIS in each subject area listed below and for each applicable grade in your school.

Description

Type of Academic Intervention Service (AIS)	Type of Program or strategy (e.g. repeated readings, interactive writings, etc.)	Method for delivery of service (e.g. small group, one-to-one, tutoring, etc.)	When the service is provided (e.g. during the school day, before or after school, etc.)
ELA	<p>English Language Arts Academic Intervention Services are provided by classroom teachers, cluster teachers and our academic intervention service providers. The types of programs used are: Wilson Early Intervention (Foundations), and components of our TC Reading and Writing Workshop such as Guided Reading. These programs are used during specified 50 minute blocks of instructional time provided by an additional teacher who pushes into the classroom. Students meet in small groups of no more than 6 students. We also provide service during Extended Day where all of our first and second grade students were invited to attend for additional small-group instruction. We assess our program’s effectiveness by using Fontas and Pinnell Running Records as well as Teacher’s College Concepts about Print and Letter Recognition Assessments.</p>	<p>Varies based on student need. Methods include: Push-in small group instruction Pull-out small group instruction One-to-One conferences</p>	<p>Services are provided during the school day and during Extended Day periods on Tuesdays and Wednesdays.</p>
Mathematics	<p>Mathematics Intervention is provided by our classroom teachers as part of our Math Workshop. We incorporate additional components of the Everyday</p>	<p>Varies based on student need. Methods include: Push-in small group instruction Pull-</p>	<p>Services are provided during the school day and during Extended Day periods on Tuesdays and Wednesdays.</p>

	Math program to differentiate learning for our students during small group instruction throughout the day.	<p>out small group instruction</p> <p>One-to-One conferences</p>	
Science	The AIS providers integrate science with reading lessons using science related stories to answer comprehension questions and acquire additional vocabulary. This occurs during scheduled literacy push-in periods 1-3 days per week for 20-50 minutes in Guided Reading and Small Strategy Groups.	<p>Varies based on student need.</p> <p>Methods include:</p> <p>Push-in small group instruction Pull-out small group instruction</p> <p>One-to-One conferences</p>	<p>Services are provided during the school day and during Extended Day periods on Tuesdays and Wednesdays.</p>
Social Studies	The AIS providers integrate social studies with reading lessons using social studies related stories to answer comprehension questions and acquire additional vocabulary. This occurs during scheduled literacy push-in periods 1-3 days per week for 20-50 minutes in Guided Reading and Small Strategy Groups.	<p>Varies based on student need.</p> <p>Methods include:</p> <p>Push-in small group instruction Pull-out small group instruction</p> <p>One-to-One conferences</p>	<p>Services are provided during the school day and during Extended Day periods on Tuesdays and Wednesdays.</p>
At-risk services (e.g. provided by the Guidance Counselor, School Psychologist, Social Worker, etc.)	The guidance counselor provides individual and group counseling for students that need additional support at-risk. The counselor reinforces the Morningside Center for Social Responsibility (Advisory program) core values in sessions. Additionally the counselor reaches out to families and students and provides behavioral modifications that can be addressed in school and at home to enhance the	<p>Varies based on student need.</p> <p>Methods include:</p> <p>Push-in small group instruction Pull-out small group instruction</p> <p>One-to-One conferences</p>	<p>Services are provided during the school day and during Extended Day periods on Tuesdays and Wednesdays.</p>

**Title I Information Page (TIP)
For Schools Receiving Title I Funding**

- A. All elements of the *All Title I Schools* section must be completed*.
2. School Wide Program (SWP) schools must also complete the *SWP Schools Only* section.
3. Targeted Assistance (TA) Schools must also complete the *TA Schools Only* section

*If a required component is addressed elsewhere in this plan, you may refer to the page number(s) where the response can be found.

Title I Status

Indicate with an "X" your school's Title I Status.			
x	School Wide Program (SWP)	Targeted Assistance (TA) Schools	Non-Title I

All Title I Schools

Highly Qualified Teachers (HQT)

Describe the strategies and activities including strategies for recruitment, retention, assignments, and support including high quality professional development that ensures staff is highly qualified.

Each spring, we convene our Grant Avenue Hiring Committee. We carefully review all of the resumes that we maintain in our resume file and the credentials of Open Market Transfer candidates. Top candidates are invited for interviews with our committee. At the interview, teachers present their portfolios which are filled with artifacts that speak to who each individual is as an educator. We then ask a series of questions which the committee crafts each year. These questions are consistently used for all candidates and address teacher qualifications and capabilities in the following areas: lesson planning and instructional practices, data driven instruction, collaboration with parents/guardians and colleagues, teaching philosophy and knowledge of our school community, conflict resolution strategies, and professional contributions.

Hiring Committee members rate each response to each question and a score is tabulated for each candidate. The candidates with the highest scores are invited back to the school to meet with the committee, often demonstrating a lesson. After all parties determine that the teacher is a great fit for our school community, we offer the position to the teacher. All new hires receive a welcome letter and a professional development survey over the summer. This survey invites teachers to self-identify areas where they need support as well as areas of expertise. Teachers meet one on one with the principal to study the curriculum maps for their grade/program and to review the Employee Handbook. New teachers are welcomed at our annual Educator Retreat in August where new and returning employees gather to continue our work as collaborators and to prepare for the year ahead.

High Quality and Ongoing Professional Development

Describe the strategies and activities for high quality professional development for teachers, principals, and paraprofessionals, and staff that enable all students to meet Common Core State Standards (CCSS).

Our teachers participate in rigorous, reflective and differentiated professional development which include ample opportunities for teacher leadership and development. Teachers also receive feedback on their practice from peers and administration. For the past three years we have been selected as a model school by Teachers College Reading and Writing Project and we host literacy specialist interns in our classrooms. These interns are in the process of completing their masters' degrees through their fieldwork in our school community. Interns often interview for positions in our school.

New and returning teachers are supported in a variety of ways. All new teachers are matched to our mentor, Andrea Rouso, for weekly meetings that support best practices. New teachers also are mentored by grade leaders and administration. Our teachers also take advantage of learning from their peers, conducting intervisitations over the course of the year to observe best practices taking place in our classrooms. The principal also hosts a "New to Grant Group" on a monthly basis as a forum for attending to the unique needs of teachers who are new to teaching or new to our school community. All of our teachers participate in labsites, one-to-one coaching and full days of professional development connected to our work with Columbia University's Teachers College. Teachers also participate in CFN 606 Professional Learning Workshops and in-house professional development via grade team meetings, faculty meetings, and conference days.

Coordination and Integration of Federal, State, and Local Services and Programs

Describe how the coordination and integration of Federal, State, and/or local funds are used to meet ***the intent and purpose*** programs whose funds are consolidated (i.e., services for Students in Temporary Housing (STH), violence prevention programs, housing programs, Head Start, etc.).

The use and coordination of varied funds to meet the intent and purpose of Federal, State and Local services and programs (i.e. STH, violence prevention, etc.) is thoughtfully implemented in accordance with the School Allocation Memo (SAM) for each specific service and program. In addition, the Network budget liaison and specialists work with our school leaders to ensure that all students are properly and regularly serviced to ensure that they can fully participate in the school community and have the resources necessary to ensure their success.

Funds are utilized to purchase uniforms, notebooks, book bags, writing materials, books and other general supplies for the members of our community who are in temporary housing. These students also take part in advisory and Peacemakers programs from social emotional support.

SWP Schools Only

Transition Plans to Assist Preschool Children (Elementary Schools Only)

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.).

Each Spring. Our parent coordinator and teachers visit local preschool programs to share information about our school. Then families are invited to our school for Open House tours. Several of the programs bring all of their students to our school for a field trip to give them exposure to what Kindergarten is like. Families are invited for an orientation in May and then again in September to ensure that home and school are connected in supporting the social-emotional and academic needs of transitioning Kindergarten students. In June, registered students are invited to come in and meet some of our teachers and to take part in a preliminary assessment of academic performance. All of our families are invited to a Back to School Celebration Picnic in August, Curriculum Conferences in September and Family Fridays. All of these structures have been established to help all of our families transition as new members of our school community and ensure that families are welcomed as active partners in education.

Measures to Include Teachers in Decisions Regarding Assessments

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.

Teachers are included in decisions regarding the assessments we use. We convened a committee to decide on the MOSL assessments for the 2013-2014 school year. Teachers were also invited to meetings to evaluate curriculum choices for the new math program that we have adopted; the quality of the assessments and performance tasks was a critical factor in our decision to adopt Go Math! Teachers also have the opportunity to provide administration with feedback on our local assessments via grade team meetings, and vertical leadership meetings.

TA Schools Only

Use of Program Resources

Describe how the TA program resources will assist participating children to meet proficiency.

TA Coordination with the Regular Program

Describe the planning, coordination and support of the TA program with the regular educational program (i.e., providing ELT, accelerated, high-quality curriculum, including applied learning; and minimize removing children from the regular classroom during regular school day).

**Directions and Guidance for Developing and Updating the
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Our school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- hosting events to support, men asserting leadership in education for their children. parents/guardians, grandparents and foster parents;
- encouraging more parents to become trained school volunteers;

- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand;

SCHOOL-PARENT COMPACT
REQUIRED OF ALL SCHOOLS
MAY BE LAST YEARS BUT MUST BE UPDATED

Our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards and Assessments.

I. School Responsibilities

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the Common Core State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the No Child Left Behind (NCLB) Act;

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting prior to December 1st of each school year for parents of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent Involvement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent Involvement Policy and School-Parent Compact are distributed and discussed with parents each year;

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

Provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents and guardians;

- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional development opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering will all members of the school community;
- supporting parental involvement activities as requested by parents;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent Involvement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the No Child Left Behind Title I requirement for Elementary Secondary Education Act (ESEA) and Title I programs;

II. Parent/Guardian Responsibilities:

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent Involvement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Committees, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities:

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;

PARENT INVOLVEMENT POLICY (PIP) TEMPLATE

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;

- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to schools to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend our school and will work to ensure that our school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and

the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;

- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

Our school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- hosting events to support, men asserting leadership in education for their children. parents/guardians, grandparents and foster parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand;

SCHOOL-PARENT COMPACT

Our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards and Assessments.

Grant Avenue Elementary School-Parent Compact

We, the administrators, teachers, staff and parents of Grant Avenue Elementary School, fully recognizing our mutual interdependence and responsibility for supporting our students' educational, social and personal endeavors in order that they may achieve academic success, realize their potential as unique individuals and become responsible, contributing citizens, hereby pledge to each other and to our students to provide that support by voluntarily and eagerly signing the agreements stated in this document which align with our Community Standards and Expectations for All.

We, the students of Grant Avenue Elementary School, recognizing our own duty to accept responsibility for achieving academic success, as well as for our social development and personal growth as contributing, respectful members of our family, school and world community, hereby pledge our commitment to fulfilling that responsibility to the best of our ability, by signing the agreements stated below.

IV. School Responsibilities

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the Common Core State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the No Child Left Behind (NCLB) Act;
- providing a safe and clean environment and an atmosphere conducive to teaching and learning, for the entire school community;
- providing teachers and staff with the materials, supplies, and support necessary for them to fulfill their obligations to the students and one another;
- clearly communicating performance expectations to the teachers and provide them with constructive feedback;
- providing teachers and staff with meaningful opportunities for professional growth and enrichment.

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting prior to December 1st of each school year for parents of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent Involvement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent Involvement Policy and School-Parent Compact are distributed and discussed with parents each year;
- clearly communicating expectations for student performance to the parents and providing them with student profiles and assessment results;
-

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

Provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional development opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering will all members of the school community;
- supporting parental involvement activities as requested by parents;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent Involvement Policy;

- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the No Child Left Behind Title I requirement for Elementary Secondary Education Act (ESEA) and Title I programs;

V. Parent/Guardian Responsibilities:

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent Involvement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Committees, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;
-

VI. Student Responsibilities:

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Grant Avenue Expectations for All

The Grant Avenue Elementary School Community Standards and Student Rights and Responsibilities ensure that every member of our school is provided with extremely clear expectations regarding the acceptable code of conduct at Grant Avenue Elementary School. Both documents will be mailed home to parents over the summer in preparation for the school year ahead. Our staff will review the documents in Summer Training sessions and on the days allocated for Professional Development leading up to the day when Grant Avenue Elementary School opens its doors. Our teachers will prominently post the Community Standards and Student Rights and Responsibilities in their classrooms. They will examine them with their students and design mini-lessons around components. (Ex. Role-playing activities, analysis of what it means to “earn the trust of your peers and staff members,” chart what is necessary to fulfill the responsibility of coming to school “prepared.” Students will investigate the Community Standards and their Rights and Responsibilities in their classrooms, in the context of their Student Handbooks, and the language that is used in these documents will be reinforced throughout the building.

Grant Avenue Elementary School Rights and Responsibilities

Rights:

- Right to a safe learning environment
- Right to give and receive respect from all members of the community
- Right to identify and build on your strengths
- Right to express your opinions and ideas respectfully
- Right to know how you are doing in your classes through conferences, progress reports, and report cards
- Right to receive guidance, counseling, and advice for personal, social, and educational development from staff members and community advisors

Responsibilities:

- Preserve the safety and earn the trust of your peers and staff members
- Be accountable for your actions
- Arrive at school, on time, daily
- Work to the best of your ability during each lesson of each day
- Acknowledge and celebrate the strengths of others
- Come to school prepared

Grant Avenue Elementary School Community Standards

Developed for our students to preserve the
safety, trust, strengths, and success of every individual.

With our words:

We respect other people.

We don't tease, insult, threaten or call anyone an unkind name.

We tell the truth.

We don't tell lies.

We use appropriate language.

We refrain from using curses or other foul language.

We are mindful of other people's conversations.

We don't interrupt when people are talking. We don't bother people when they are working or learning. We knock or greet the class before entering a classroom.

With our bodies:

We are careful with other people's bodies.

We don't push, hit, bite, or fight. This includes "play-fighting." We don't "play fight" at Grant Avenue Elementary because it often turns into real fights.

We are respectful of other people's things.

We don't take things that don't belong to us. We don't break or damage the property of others.

We take care of our school property.

We don't destroy materials or write on desks or walls.

With our minds:

We always ask ourselves: "Would I like it if someone did that to me?"

At Grant Avenue Elementary School

We are quiet in the halls and walk silently because students are working.

We work quietly during independent work in our classrooms so that other people can do their best work.

We listen to and follow directions given by every staff member.

We are on time because we understand that every minute is precious.

We walk and don't run.

We eat only in the cafeteria, or during designated times, in our classrooms. We don't chew gum.

**If you do not follow the Grant Avenue Elementary School Community Standards,
you will be asked to try to solve the problem you created.**

You may have to:

Apologize with your words or in writing

Participate in mediation

Lose privileges

Meet with an administrator or guidance counselor

Be suspended

Be aware that:

Your family may be contacted.

Inappropriate items will be confiscated.

****Grant Avenue Elementary School adheres to
Citywide Standards of Discipline and Intervention
Measures of NYC DOE.**

**OFFICE OF ENGLISH LANGUAGE LEARNERS
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2013-14 TO 2014-15 SCHOOL YEARS**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's CEP. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, hold your cursor over the .

Part I: School ELL Profile

A. School Information

District 09	Borough Bronx	School Number 449
School Name Grant Avenue Elementary School		

B. Language Allocation Policy Team Composition NOTE: The following staff members should be on the LAP team: principal, assistant principal (where applicable), at least one bilingual teacher from each subject area (where there is a bilingual program), at least one ESL teacher, and one parent.

Principal Kristin Erat	Assistant Principal Asalmah George
Coach	Coach
ESL Teacher Rebecca Akselrad	Guidance Counselor Jennifer Yepes
Teacher/Subject Area Mr. Granillo, 3rd Dual Language	Parent Ms. Harrison
Teacher/Subject Area Ms. Andrade, 2nd Dual Language	Parent Coordinator Lisa Cherry
Related Service Provider Anthony Marra, SETTS	Other type here
Network Leader(Only if working with the LAP team) type here	Other type here

C. Teacher Qualifications

Please provide a report of all staff members' certifications referred to in this section. Press TAB after each number entered to calculate sums and percentages.

Number of certified ESL teachers currently teaching in the ESL program.	1	Number of certified bilingual teachers <u>not</u> currently teaching in a bilingual program	0	Number of teachers who hold both content area and ESL certification	0
Number of certified bilingual teachers currently teaching in a bilingual program	4	Number of certified NLA/foreign language teachers	0	Number of teachers who hold both a bilingual extension and ESL certification	0
Number of certified ESL teachers <u>not</u> currently teaching in the ESL program	0	Number of teachers currently teaching a self-contained ESL class who hold both a common branch license and ESL certification	0	Number of special education teachers with bilingual extensions	0

D. Student Demographics

Total number of students in school (Excluding Pre-K)	444	Total number of ELLs	87	ELLs as share of total student population (%)	19.59%
--	------------	----------------------	-----------	---	---------------

Part II: ELL Demographics

A. ELL Programs

This school serves the following grades (includes ELLs and EPs)
Check all that apply

K 1 2 3 4 5
6 7 8 9 10 11 12

This school offers (check all that apply):

Transitional bilingual education program	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	If yes, indicate language(s):
Dual language program	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	If yes, indicate language(s): Spanish

Provide the number of classes for each ELL program model at your school. For all-day programs (e.g., Transitional Bilingual Education, Dual Language, and Self-Contained ESL), classes refer to a cohort of students served in a day. For push-in ESL classes, refer to the separate periods in a day in which students are served. Departmentalized schools (e.g., high school) may use the self-contained row.

ELE (Spanish Reading Test)	1							
Chinese Reading Test								

After reviewing and analyzing the assessment data, answer the following:

1. Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.

Grant Avenue is a Teacher's College Reading and Writing Project School. We use the Fountas and Pinnell system to assess early literacy skills as well as concepts of print and sight word assessments. Our dual language program uses Spanish running records, portions of EL Sol and Estrellita to measure both Spanish language phonemic awareness and early literacy skills. According to September 2013 reading levels, we collected the following data. Please note that the English levels below reflect summer reading loss, are in line with English proficiency levels, IEP status, and act as a baseline for the academic year. Students may have made significant progress since September but data will not officially be entered again until the middle of November. The quantitative data reveals: 17 Kindergarteners, 3 first graders, 3 second graders, 1 third grader, 1 fourth grader, and 1 fifth grader are all early emergent readers and in most cases this corresponds with their English proficiency level/ emerging ELL status as new arrivals. 8 first graders are reading on a level A. 6 first graders, 1 third grader, and 1 fourth grader are reading on a level B. 3 first graders and 4 second graders are reading on a level C. 1 fifth grader, 1 fourth grader are reading on a level D. 1 first grader, 2 second graders, and 1 fifth grader are reading on a level E. 1 first grader and 1 second grader are reading on a level F. 1 second grader and 1 third grader are reading on a level G. 3 second graders and 1 third grader are reading on level H. 1 second grader on level I. 1 second grader, 1 third grader, and 1 fourth grader is reading on a level J. 1 second grader and 1 third grader on level K. 2 third graders, 1 fourth grader, and 1 fifth grader are reading on level L. 1 third grader and 1 fourth grader is on level M. 4 fourth graders are reading on level N. 2 fourth graders and 2 fifth graders are reading on level O. 2 fourth graders are on level P. 1 fifth grader is on level Q. 1 fifth grader is reading at a level T. Based on September reading data in 2013, nearly all ELLs are reading below grade level and the implication for instruction is that we need to further support these struggling readers with stronger core instruction so to prepare them for the demands of rigorous common core learning. We will focus on securing decoding and comprehension strategies. With the demands of common core, we are emphasizing more accountable talk, more collaborative conversations, more exposure to the shades of meaning that belongs to academic vocabulary, have turned complex parts of texts into shared readings, are identifying evidence from pictures in texts, and are drawing evidence from smaller chunks of text to help with this work at all levels. As a team of educators, we are looking at how we can work together and pull our resources to strengthen this reality.

2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?

At Grant Avenue, there are 18 ELLs in Kindergarten, 19 ELLs in 1st grade, 18 ELLs in 2nd grade, 10 ELLs in 3rd grade, 14 ELLs in 4th grade, and 8 ELLs in 5th grade. The NYSESLAT and LAB-R data shows that there are 25 beginner ELLs, 35 intermediate ELLs, and 27 advanced ELLs with a total of 87 ELLs school-wide equaling 19.59% of the total student population. Our focus should be pushing the 27 advanced ELLs to full proficiency by focusing on the lagging skills indicated by last year's results which revealed a pressing need to strengthen the writing modality. The second need is to support the 25 beginner ELLs with basic vocabulary, picture cards, letters, sounds, and phonics. The third need is to address our largest group of ELLs, the intermediate learners, especially in 1st and 2nd grade because this is where the bulk exists.

3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))

According to the 2013 NYSESLAT, 52.05% or 38 out of 73 ELLs met our Annual Measurable Achievement Objectives, AMAO, as measured by passing the NYSESLAT, increasing a level, or by increasing from a beginner Lab-R score to a higher NYSESLAT score. The data suggests that more than half of our ELLs demonstrated significant gains in English proficiency and this is concrete evidence that speaks to the effectiveness of our programs at Grant Avenue. The data revealed that 8 ELLs passed the NYSESLAT in 2013, 22 ELLs went up a level (including one student who increased 2 levels from a beginner to advanced level), 16 ELLs stayed the same level and unfortunately, 2 went down a level. Additionally, 8 ELLs increased from a beginner score on LAB-R to an intermediate score on the NYSESLAT (including two students who scored a beginner on the LAB-R and received an advanced score on the NYSESLAT). The data also suggests that writing was the lowest performing modality for 59 students who all scored below a raw score of 16 in writing, which implies that writing is an area that needs improvement. The remaining 5 students scored lowest in the listening modality. The second lowest score for 30 ELLs was reading (including 5 students who scored equally second lowest in reading and listening.) Speaking doesn't seem to pose a problem for our ells and this makes sense because social English known as BICS comes more naturally than other modalities. The implication of the data is that writing is our primary concern and we will need to focus on ways to improve this important modality. One way to achieve this is to teach more strategies centered on writing structures and organization so that students will be able to articulate their ideas clearly on paper. The school discusses the data above

and uses it in conversations about the direction of learning, to shape the ESL schedule, and to form flexible ELL groups/partnerships. Please note that the 2013 RNMR modality report in ATS is not yet available as of November 5, 2013.

4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?

4A. ELLs generally perform higher on English assessments but we believe this is partially due to the fact that we operate in an English dominant environment. Although with time, progress in both languages is projected to even out.

4B. Grant Avenue does not participate in ELL periodic assessments but we do use acuity data and hone in on ELL scores. We use the NYSESLAT scores to inform our instruction and to define areas of focus for further development of skills, vocabulary, lessons, and strategies. The discussion about test results and implications of these results includes school leaders during SLT meetings, grade team meetings, and individual meeting with both the ESL teacher and dual language teachers.

4C. As stated in question 4B, our school does not elect to participate in the ELL periodic assessments.
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RTI) framework (for grades K-5). (see [RTI Guide for Teachers of ELLs](#).)

Our school uses multiple sources of data including classroom work, observations from the classroom teacher, conversations with families, educational history, consultations with the ESL/bilingual teacher, knowledge of native language capacity/challenges, and the outcomes from the initial screening tool. We follow the time line outlined in the RTI manual and strengthen the core instruction, tier I, before proceeding with more targeted action. We know that ESL is part of the tier I core and we how important it is to supporting ELLs who are considered for RTI. We will take a close look at the context of instruction in order to ensure that it is both culturally and linguistically responsive and consider the amount of time in the country/ school setting. We observe if the ELL's difficulties and perhaps disabilities exist in the native language as well in order to differentiate if the origin of the disability. We also look at if the behavior in question mirrors a learning disability or a classic behavior that is an expected stage in the second language development. We observe this child's performance levels as compared to others in the same profile. We will observe the ELLs performance in all four modalities, oral language production/ oral language comprehension, code-based skills, meaning based skills, vocabulary knowledge, and conceptual knowledge. As a team we design and implement a targeted plan and move through the natural steps in the RTI for ELLs process. Lastly, we monitor progress over time and shift the plan according to the changing needs of the child so that the plan remains relevant to the student in need.
6. How do you make sure that a child's second language development is considered in instructional decisions?

Grant Avenue ensures that the child's second language is considered in instructional decisions. This is evident because all decisions regarding ELLs are primarily made with the help of either the ESL or bilingual teacher. In the consultation, the team will ask for their professional opinions based on their knowledge of the child, multiple sources of information on this child, and second language acquisition. The information provided by the ELL specialist plays an integral role in the process. These consultations happen when considering specific ELLs during our support team time, PPT time, and during IEP evaluations as well. We also consider language proficiency and second language acquisition when considering a child's student work, writing, and on reading assessments. During IEP team meetings or with conversations with school leaders, the ESL teacher advocates for the ELLs and presents where students should be performing based on their second language development so that all decisions are informed decisions.
7. For dual language programs, answer the following:
 - a. How are the English-proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?

7A. English proficient students are assessed with Spanish running records, English running records, writing rubrics for each published piece in each language at the end of every unit. English proficient students are also assessed with parts of EL SOL, Estrellita, and high frequency Spanish sight word trackers.

7B. There are a variety of levels among the English proficient students in our Dual Language Classes. We have some that are reading at an equal level in both languages because they smoothly transfer strategies from L1 to L2 and others that are emergent in the second target language. The latter reflects that we recruited some brand new EP students so to even out the 50:50 balance of students and this group needs more time to show large gains in acquisition.

7C. This coming school year will be our first dual language class to take state exams and so there are no scores as of yet to analyze.

8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).

8. We evaluate the success of our programs for ELLs based on both quantitative and qualitative data. As highlighted above, 52.05% of ELLs demonstrated AMAO progress, which counts towards AYP. Conversations about successes and challenges happen regularly during SLT meetings, SBO time, grade teams, and dual language vertical planning time. Please see a more expansive answer in question 10 and 11 under the ELL programming and scheduling section under part 5 of the LAP.

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)
At the time that a new student is admitted to the school, the secretary is the first recipient and she asks the parent if there is a home language spoken at home. Based on the parent or guardian's response, the secretary hands a Home Language Identification Survey (HLIS) in the appropriate home language to fill out during the initial registration process. The secretary then contacts a trained pedagogue, Rebecca Akselrad, who is dual certified by New York State to teach K-12 Spanish and English as a Second Language, ESL. Ms. Akselrad is our ELL coordinator and ESL teacher. Ms. Akselrad administers the HLIS, oral interviews with parents/children (conducted in Spanish when applicable), and tests the children to determine their English proficiency level through the use of the initial assessments including LAB-R (soon to be NYSITELL), Spanish LAB, and the end of year exam, NYSESLAT. Ms. Akselrad comes to the main office and assumes the primary role in identifying Grant Avenue Elementary School's population of English Language Learners.

At the time of intake of a new admission, Ms. Akselrad reviews the HLIS with the parent and provides any Spanish translations or explanations. An interview is performed with the parent to gather more background information and the child is interviewed as well with basic questions that elicit the use of different grammar structures in order to make an initial assessment of the child's abilities in the target language, English. If the HLIS properly indicates that the child speaks another language at home and based on the information from the interviews, a LAB-R (soon to be NYSITELL) is administered within the first ten days to determine the child's eligibility and level of proficiency. If the child is proficient, a letter of non-entitlement is sent home. If the child is eligible for services and speaks Spanish, a second assessment, the Spanish LAB, is administered in Spanish to identify their skill set in their home language and language dominance. A letter of entitlement is sent home to all eligible ELLs and the parents are invited by this letter, by phone, and/or in person to a school orientation where the parents choose the most appropriate program for their child. The presence of a home language at home as indicated on the HLIS, the information from the interview, and the scores from the LAB-R set the purpose of the conversation during the EPIC orientations. Hand scores from the LAB-R results are maintained by the ESL teacher at school and proficiency scores are formally determined by the results that are found on an RLAT report when they eventually become available in ATS.

The EPIC trainings, parent orientations, for all eligible ELLs are preferably done at the time of initial admission. During the EPIC training, Ms. Akselrad (the ESL teacher and coordinator) has each parent sign in and they receive a parent brochure in their home language. The agenda is reviewed and Ms. Akselrad cites the research on the benefits of the three programs that are available in NYC public schools including TBE, Dual Language, and ESL. The parents tour the school, observe classes, and visit a dual language class in order to see the authentic English learning that happens every day at our school. The parent watches the EPIC video in their home language. The parents are given an opportunity to ask any questions and following, they choose a program on site for their child and complete the parent's survey. The original HLIS and parent's choice form are kept in the student's cumulative folder and a copy remains with the ESL teacher in the administrative binder. The parents' selection is then recorded in the ELPC screen in ATS. The ESL teacher then sends a notification letter home indicating the program their child will be placed in. Continuation of services letters also go home to those ELLs who are eligible for continued entitlement. All written

communication sent home, HLIS forms, EPIC parent surveys, title III permission slips, BESIS, Extension of Services, RLAT results, copy of the LAP, teacher certifications, and other relevant documentation is maintained in the Grant Avenue ELL administrative binder that is located in our ESL office, room 118.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

At Grant Avenue, we are committed to helping the parents make informed choices about how their child will learn best. Our programs heavily reflect parent's choice and we honor their decisions, wants, and needs so that the families are invested, involved, and have a voice throughout the process. The structures that are in place at Grant Avenue Elementary School to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, and Freestanding English as a Second Language) include offering school tours, classroom visits to our existing dual language classrooms, observation of small group ESL instruction, cite the current body of research, watch the EPIC parent orientation video in the native language, and parents are encouraged to ask any questions that pertain to the 3 available programs during a meeting with the ESL teacher. The ELL parent orientation process takes place within 10 school days of being admitted. The EPIC trainings and classroom visits happen within the first ten days of registration for each ELL family. The ELPC screen is recorded and updated within 20 days after a student is admitted to our school. Parents are invited to attend any of our literacy and ESL specific workshops to learn more about our programs and learn specific strategies to help them support their children at home.

A critical priority at Grant Avenue Elementary School is building a relationship and partnership with our families. The team of educators work together to make strong connections with our families. Our parent coordinator, Ms. Cherry, specifically plays a significant role in family outreach and helps support the ESL teacher in contacting and communicating with families at home through phone calls, face to face interaction, and written notes home in the appropriate language. Our outreach plan involves advertising our programs at a variety of local pre-K schools, holding Kindergarten recruitment meetings, Kindergarten tours, and dual language specific Kindergarten orientations for new incoming students. Recruitment for our dual language programs in the upper grades begins at the end of the previous year and involves (families or teachers) identifying students who are at or above grade level benchmarks because this demonstrates a readiness to learn a second language. Following, we invite families to have a conversation at school so to explore the level of interest in learning a second language, authorize the change in class, introduce the new language routines of the dual language program, set dual language expectations, review a power point presentation, as well as warmly welcome them to the dual language program. Grant Avenue believes in ensuring that families remain an intergral part of the placement process. We also monitor the progress of our students. We have several built in checkpoints to ensure students are on target including structures like parent teacher conferences or will schedule a meeting at a month mark, three month mark, and end of year mark as well. If the team of educators and families together decide that the dual language program is not a good fit, we will make the appropriate change and recommend a monolingual setting. We will also schedule a meeting with families not only if there is a concern but also to express a commendation as well. We work with families to keep the conversation open and to provide the most appropriate setting for their children. Our ESL teacher is always available for individual consultations and meetings with families who need extra support throughout the year.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)

Our ESL teacher personally invites families into school for an EPIC orientation and reaches out to families both at dismissal and by phone. The EPIC parent orientations are done on site so the parent selection forms and parent survey forms are collected immediately and accounted for in order for student placement in a specific program to happen within the first 10 days that the child is admitted to the school. A copy of the EPIC parent surveys are maintained in the ELL administrative binder located in the ESL office and the originals are placed in the child's cumulative file. Ms. Akselrad also ensures that entitlement letters, continued entitlement letters, non-entitlement letters, placement letters, transition letters are distributed to families by a combination of personally handing the letters to the families, by sending them home in the child's red folder that families check daily, or mailing the letters to the appropriate address listed on a student's blue emergency card. Copies of these letters and evidence of receipt of these letters are maintained in the ELL administrative binder that is securely stored in the ELL office. These functions are done punctually so that we can maximize student learning in the most appropriate setting at Grant Avenue Elementary School.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

First and foremost, parent's choice dictates the placement of a new, incoming ELL in both ESL and dual language. At Grant

Avenue, we empower our parents with extensive knowledge about their child's education so that they make informed choices and know that their children are a priority and come first. We honor the parents' choices beginning on the very first day of registration during the process of ELL identification. The primary criteria for placement of identified ELL students in dual language or ESL is parent choice. To make this informed choice, parents watch the EPIC video, read the parent guide in their native language, and ask questions during the Epic orientation. Parents are invited to observe classes and familiarize themselves with current research that outlines the benefits of each program. The parents indicate their decision on the program selection form and the child is placed in the appropriate program. We honor a parent's first choice and always offer the chance to transfer to a bilingual program at a neighboring school because we only offer Dual Language and ESL small group instruction. The ELL parent orientation process takes place within 10 school days of being admitted. The EPIC trainings and classroom visits happen within the first ten days of registration for each ELL family. The ELPC screen is recorded and updated within 20 days after a student is admitted to our school. Parent's choice forms are placed in the child's cumulative file and copies of program selection forms as well as program placement letters are maintained in the ELL administrative binder located in the ESL office, room 118.

The conversation about identifying the appropriate program for their children begins with the HLIS and an initial dual language interest form (presented in English and Spanish) that is in the registration packet. The formal conversation about placement in either program happens during the EPIC and information is presented in the native language of the family. Our ESL teacher, Ms. Akselrad, speaks Spanish and when appropriate can fluently present the options to families in Spanish. She will call other staff members who speak Spanish, French, and Bengali or consult the translation services when necessary so that information is clearly communicated in the family's home language. All communication, consultation, school meetings, oral interviews, written letters, and outreach with families who speak either Spanish, French, or Bengali are conducted in their native languages. We also have several documents formally translated into a family's home language by the DOE translation services and some teachers use the oral translation services as well during parent teacher conferences.

In 2012, we introduced a new procedure and criteria for Kindergarten placement and it is noteworthy here because it effects the placement of students in our dual language program. As a result of a combination of factors including an attempt to balance the dual language class composition with 50 percent native Spanish speakers and 50 percent native English speakers, as well as, a large amount of families indicating (in their registration packet) a high interest in our dual language program, we made improvements and changed our criteria for dual language selection. This change is a response to both the reality and data relating to our dual language classes and looking at how students are fairing in the upper grades. The change requires families to demonstrate a commitment to supporting the learning of a second language at home. Families demonstrate this commitment by attending dual language orientations and engaging in a conversation with trained pedagogues. In the upper grades, students entering the dual language program must be at or above grade level benchmarks to be considered as a candidate for our dual language program. In the lower grades, specifically Kindergarten, we introduced an initial, teacher created assessment that is given to our incoming K cohort. This assessment was designed to elicit end of year K skills. It also addresses all four modalities, an oral language interview, letter/sound identification, sight words, math concepts, and a writing sample. The assessment is administered in the student's dominant language and the goal is to ensure that students entering our dual language program are secure in basic, Kindergarten skills in either English or Spanish. The assessment helps us identify students who are cognitively ready for meeting the challenge of grade level benchmarks, meeting common core rigor, and meeting the challenge of learning a second language. The assessment is given in the spring of the previous school year so to aid in crafting the Kindergarten classes. The results are analyzed and key players who represent the different subpopulations are present for the June discussion in preparation for the upcoming school year. In preparation for this meeting, our ESL teacher makes a spreadsheet that indicates, home language, dual language interest, IEP status, pre-K exposure, and any additional information that may be helpful in crafting our Kindergarten class. The school leaders, ESL teacher, K special education educator, and the K grade team leader all sit down and make instructional decisions as well as place children in light of the data. In September, the ELL identification process described above occurs and slightly shifts placement based on parental choice. For changes to occur with non-ELLs, there is a two week waiting period before we make switches so to give the placement decisions a full chance and to minimize disruptions to instruction. The process and change has made an important impact on our students. Inadvertantly, it has also created much stronger collaboration among school leaders, outside service providers, and our grade teams because everyone is on the same page and made a data driven, collective decision based on the information provided at the time of placement.

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

Grant Avenue Elementary School is in its fifth year of operation and we annually administer the NYSESLAT. In order to administer the NYSESLAT to all eligible ELLs, Ms. Akselrad prints out the RLER report on ATS and she uses those names to

compile a list of students who will take the end of year exam. Ms. Akselrad adds any names of any new arrivals or new admits that are additionally eligible to take the NYSESLAT. Then, Ms. Akselrad makes a schedule to administer all 4 sections of the NYSESLAT to each eligible ELL. The speaking section is administered individually with close consultation of the rubrics by two trained pedagogues including one that represents an objective perspective on the oral language capacity of the child. Each eligible ELL is placed in a small group. These groups are scheduled to take the reading, writing, and listening sections of the NYSESLAT on a particular day as outlined on the NYSESLAT administration calendar. This NYSESLAT schedule is strictly followed so that all our eligible ELLs take each section within the allotted time frame indicated in the administrator's manual. Other trained pedagogues will help administer the exam if extra help is needed. Ms. Akselrad also makes a list of hand scores and records the dates of administration of each section on a document that is maintained in the administrative binder and ELL office. Scoring of the writing section is done as a team and is recorded on answer documents with signatures of each team member. Ms. Akselrad meticulously carries out each section of the NYSESLAT, prepares the tests for packaging and delivery to our district's Integrated Service Center on the appropriate day.

Once the official scores are available on ATS, a team of educators analyze the scores both as a whole and by receptive/productive sub skills. The team looks for patterns, identifies the needs, and makes an action plan to respond to the needs of our students so that our instruction is driven by the data. The data is communicated to families during parent teacher conferences, letters home, or during individual meetings with the ESL teacher. The proficiency levels are communicated to classroom teachers at the beginning of the school year and a workshop is held for all educators where we look at the the results of the NYSESLAT, are trained in how to read the ATS reports like the RLAT or RNMR modality report, and collectively review our language allocation policy as a team so that there is consistency in the way we actively implement our language allocation policy at Grant Avenue Elementary School. All Grant Avenue educators receive an electronic version of our LAP so that they can refer to it throughout the year.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 
- Grant Avenue was a new school that opened in September 2009. The trend over the past five years indicates that most Spanish speaking families select our dual language program and all other home languages select English as a Second Language instruction. Transitional Bilingual Education Program is not offered at our school but the option to transfer to a different school with a TBE program is given to all families. Even though we present TBE and offer a transfer to a neighboring school, all families have chosen to remain in our school setting and choose either dual language or ESL. We monitor trends in program selection by reviewing our parent selection choices, visually representing the data on a table that shows parent's choices over the last 5 years, consulting the ELPC screen in ATS, and noticing patterns that reflect the data. Our student placement and program models are aligned with the requests indicated on the parent selection forms. We are a small school and are consistently in contact with the families at home. Our families' needs are a priority at Grant Avenue. If a parent requests a change in placement with valid reason, we have always honored that change. We set up meetings with the family and collaboratively make decisions that consider the best program that will serve the child best according to his or her need. Three years ago, Ms. Akselrad designed a survey for new incoming parents that outlines the description of our dual language program and the explicit goals so that all parents have an opportunity to self select themselves as interested in placing their child in our dual language program. For two consecutive years, we have introduced a K assessment and some new placement procedures outlined above in question number 4 to help balance the dual language classes with students who are cognitively ready for the challenge of learning two languages. Our dual language vertical planning team is always keeping an active eye on the program and making creative improvements that will benefit all students in our programs. The central aspect that is important to maintaining alignment between program placement and parental choice is clear articulation among educators and fluid communication with families so to best support our students.

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered? (see [*The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs*](#))
 - a. What are the organizational models (e.g., departmentalized, push-in [co-teaching], pull-out, collaborative, self-contained)?
 - b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?

Description of Program:

Grant Avenue Elementary School opened for the very first time in September 2009. This is our fifth academic year and we are located in the Bronx, NY. Grant Avenue serves a total of 87 English Language Learners (ELLs) in grades K-5. Our English Language Learners comprise 19.59% of the total student population. We follow a combination of a push in model in K-1 and a pull out model of English as a Second Language (ESL) in grades 2-5. Twenty ELLs are enrolled in our dual language, seventeen ELLs are in self-contained classrooms, twenty nine ELLs have individualized education plans, and sixty seven students receive ESL instruction in both the general and special education classrooms. Our demographics are diverse and include speakers of Spanish, French, Bengali, Arabic, Chinese, Bambara, Fulani, Soninke, Twi, and Mandingo.

Our staff at Grant Avenue is multilingual and multi-cultural, which creates an environment where our ELLs feel comfortable in our school community. Our ESL teacher and coordinator, Rebecca Akselrad, is dual certified to teach both English and Spanish for grades K-12. Ms. Akselrad pulls out or pushes into each classroom to provide extra support to our ELLs while meeting state mandated time requirements in order to enhance the four integrated skills of reading, writing, listening, and speaking. The ultimate goal of our program is to help guide the students to achieve fluency, proficiency, self-confidence, and success in the target language, English. Throughout the school, we practice balanced literacy as taught through the workshop model while incorporating college and career ready skills that belong at the heart of the Common Core State Standards, CCSS.

Our program is designed to develop Basic Interpersonal Communication Skills (BICS), Cognitive Academic Language Proficiency (CALP), language functions, conventions of language, accountable talk, and communicative competence. This year, we are reflecting CCSS directly in our instruction. We are demonstrating this by crafting rigorous performance tasks that focus on building arguments that are deeply supported by concrete evidence in the text as well as wide reading of informational texts, and developing tier II, academic vocabulary. At Grant Avenue Elementary School, we create an environment where students feel safe to take linguistic risks and experiment with language at their own natural pace of learning. Here, ESL strategies are incorporated into the curriculum and ELLs are fully integrated into the school community. We are proud and celebrate the variety of languages and cultures. We believe that best practices for ESL are best practices for all our students.

1. The nine common features of successful ELL programs are addressed and implemented at Grant Avenue in that our school leaders wholeheartedly believe that our ELLs can succeed and that they are held to the same high standards as the rest of the school. It is part of our school-wide philosophy that "Best practices for ELLs are best practices for all students." This sets the tone for how language is viewed and valued school-wide. The school continuously monitors ELL student progress by collecting data, analyzing this data, constructing portfolios with attached rubrics, and student work is regularly analyzed in grade teams with the help of our ESL teacher. The teachers and school leaders know our ELLs well. Everyone collaborates to ensure that the needs of our ELLs are met and that instruction reflects and embeds ESL strategies. Across the school, it is evident that more visuals are used, accountable talk frames are prominently displayed, and academic vocabulary is a clear focus for all students. The ESL teacher often creates and shares resources with classroom teachers and helps them think through the academic vocabulary for each unit of study. Time to collaborate is available even though it is never enough. We are allotted SBO time on Thursdays, grade team time, dual language team time, and in the summer retreat before school begins. Collaboration is woven into the Grant Avenue fabric and is invaluable to both student growth and teacher support. Here, teachers learn from each other. Every year, the ESL teacher and dual language educators share strategies to support our ELLs. This year, the ESL teacher is providing a monthly workshop on Academic Vocabulary in Complex Texts. The curriculum and instruction is common core aligned and we encourage students to draw evidence from complex texts, promote academic vocabulary, present a balance of texts, and encourage students to write both arguments and informational texts. The school certainly values our families as the pulse of Grant Avenue. We take active steps to ensure that their presence and partnership plays an integral role in their child's success. In these ways, we are supporting our ELLs school wide by incorporating the nine components of strong ELL programs into the daily life at Grant Avenue.

- 1A and 1B: Targeted English instruction is delivered in both programs. Our ESL program is push for Kindergarten and first grade while it is a pull out program in the upper grades spanning 2-5. ESL students are homogeneously serviced by grade level and

are heterogeneously mixed by proficiency level. Each grade is further broken down into subgroups with a high and a low classification based on NYSESLAT level and reading level. Our ELL-SWDs are serviced as a push in model with collaborative team teaching so as not to upset students who struggle with transitions. The ESL teacher will then provide individual support for the ELL-SWDs during independent practice time after the mini-lesson is presented. Our dual language program follows a 50:50 model in a self-contained classroom and target languages are used on alternating days. The classes have a heterogeneous variety of proficiency levels and adjust their instruction accordingly.

2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?

The organization of our staff ensures that the mandated number of instructional time is provided according to the proficiency level of each ELL. Our four certified bilingual teachers service our ELLs in the dual language program and our ESL teacher services our ELLs in ESL. Our outside service providers also help support our ELLs in literacy, math, and or to meet the services outlined on their IEP. In our dual language program, we follow a 50:50 model of instruction that is taught in English and Spanish on alternating days within a self contained classroom. The bilingual educators embed language supports in each of their lessons. They meet the mandated English Instructional time outlined in CR Part 154 in that they provide 100 minutes daily and 500 minutes weekly of English instruction in their periods that are dedicated to reading and writing workshop. Additionally, our dual language vertical planning team is developing an extra and specific block of time dedicated to advancing explicit English language skills with activities that promote academic vocabulary, phonemic awareness, oral language development with pictures, or reader's theatre to promote fluency. For ESL, CR-Part 154 mandates that beginner and intermediate ELLs receive 360 minutes of English instruction and advanced learners receive 180 minutes of ESL instruction. The ESL schedule meets this requirement and the groups are composed directly from the LAB-R results, NYSESLAT reports available in the RLAT reports, and the detailed RNMR modality reports from ATS. Attention is given to those who scored at beginner or intermediate levels because they need the most amount of support. The schedule reflects this concerted effort to help the lowest performing learners succeed. This year, kindergarten and grade one is a push in ESL program and 2-5 is a pull out program where our ELLs meet in smaller groups in the alcove outside the classrooms. Our ESL program is structured so that ELLs are serviced homogeneously by grade level and heterogeneously by proficiency level. This is done so that ELLs are receiving grade level appropriate work. Within each grade level there is a high and low group. When looking at the ELL schedule, it is apparent that every ELL in ESL is serviced every day (sometimes twice) and where applicable, some ELLs with lower proficiency levels join other groups to get foundational skills of other grade levels and so that they also receive their mandated minutes. As a concrete example of how Ms. Akselrad meets the mandated time, I will narrate the schedule of a beginner ELL in fourth grade. On Monday, Ms. Akselrad pulls out the beginner ELL group for 50 minutes during first period reading workshop. On Tuesday, Ms. Akselrad pulls the group 7th period and during math instruction in extended day totaling 90 minutes. On Wednesday, Ms. Akselrad pulls the group 3rd period and during extended day totaling 90 minutes. On Thursday, Ms. Akselrad pulls the group during 3rd period for 50 minutes. On Friday, Ms. Akselrad services the student during 5th period for 50 minutes and supports the student during 7th period during Family Friday learning activities, which is also an opportunity to simultaneously connect with the student's family as well. The total number of minutes that this beginner fourth grader receives is 390 minutes per a week. Our SLT is one team that is always thinking of creative solutions regarding smart placement of certified educators so to meet compliance mandates and maximize instructional time for students.

3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

At Grant Avenue, we use Teacher's College Reading and Writing Workshop, Go Math!, Social Studies Curriculum (follows the NY State standards and essential questions), and Full Option Science System (FOSS Science Curriculum). The content areas of Math, Science and Social Studies are naturally thematic and offer multiple entry points for our ELLs.

The ESL teacher provides content area support by teaching specific math vocabulary to help break down word problems, uses math word problems as shared readings, reads math related read alouds, encourages the use of math manipulatives, and makes real life connections to math when possible. Our ESL teacher, Ms. Akselrad, creates many curricular units that are specific for ELLs and based on the social studies and science curriculum. She will continue to do so this year especially in support of CCSS. An example of this work is the fourth grade non-fiction unit on the Ocean. The essential question that guides the unit to inspire critical thinking about human impact on an ecosystem is, "How do people hurt or help the plants and animals?" In this unit and

every unit there is thematic academic vocabulary, thematic roots stemming from words like marine biology, sentence starters, sentence level analysis, study text features, close readings of chunks of texts, citing evidence from texts, crossreferencing facts in several sources, and a final performance task to create a research based informational book. This unit is non-fiction but it also is strategically selected in that it simultaneously sets up the next unit on building an argument about the benefits or disadvantages of human impact on marine life and also prepares the content/vocabulary necessary to explore the properties of water which is covered later in the year. Ms. Akselrad also uses science to teach the steps to researching like a scientist, the importance of setting research questions, question formation, testing smart guesses (making hypothesis), recording our observations on graphs or charts, and using language prompts like "I observe ...," "I notice ...," "My smart guess is...," "I think ... because ..." Ms. Akselrad uses the content areas to support CCLS work in ESL and helps mainstream classroom teachers integrate ELL strategies. During all classroom instruction, the teachers model and provide concrete examples. The teacher's language is modified in order to provide comprehensible input for our ELLs. Our lessons have clear language objectives and the teachers use various scaffolds to provide a context and visual for our ELLs. One way they do this is to incorporate realia (real objects from the real world). Another way they do this is through the use of Total Physical Response, TPR, a researched based ESL strategy to increase memorization by feeling the words through their whole body and learning the language with action and movement. As the language of our ELLs is emerging, we believe it is critical to provide non-verbal communication cues, modeled talk, dramatization, and shared, hands on experiences.

Our dual language classrooms engage in the same curriculum as the rest of the school. What this means is that they engage in the same work but use both Spanish and English on alternating days to teach the content areas which are aligned with the 50:50 model. Our Go Math program is taught everyday 50:50. Science and Social Studies are taught 50:50 twice a week. We make an effort to provide content area materials in each language. During non-fiction units, dual language classes like in ESL, teach through the content areas so to embed more content instruction. This way, content area academic vocabulary is taught thematically, content area read alouds are read, content area language prompts are given to encourage accountable talk in both languages. At Grant Avenue, the dual language students are held to the same standards and benchmarks. The students learn the same material in two languages, Spanish and English on alternating days of the week. The dual language classrooms have specific supports in place to help the students learn best. There is a native language leveled library filled with Spanish texts and students read "just right books" in Spanish. They have assessments and running records in both languages. They have word walls in Spanish and English. The students have picture cards including a variety of action words, common nouns, descriptive words, and emotion cards that have pictures and the corresponding word in Spanish and English. The dual language classrooms have charts with specific reading strategies in both languages. The children sing songs, poems, music, move, practice TPR, and do shared readings in each language. The families in these classes are encouraged to continue speaking to their children in their native language because the research supports that they will be able to transfer the skills from their first language to their second language. The dual language class has access to the same materials and resources as all our students so that they can be literate and be successful in two languages.

Lastly, in light of CCLS there is more exposure to complex texts, drawing evidence from texts, using text dependent questions, and explicitly focuses on academic vocabulary. CCLS assessments are based on performance tasks from the Common Core Library and Measure of Student Learning. Each unit has a rubric in order to have collaborative conversations about student work. Our professional action plans are tied to assessment. The ESL teacher is using CCLS as a guide in that the bi-weekly assessments are close readings of a complex paragraph from a non-fiction text. The students mark up the evidence that supports their answer and they have to figure out the meaning of academic vocabulary based on the words in the text. Additionally, ELLs are assessed with monthly writing samples that mirrors the format of the NYSESLAT.

4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?
Ells are initially evaluated on Spanish language dominance through the Spanish LAB and are appropriately evaluated in their native language through running records in Spanish and data is formally collected throughout the year. Our dual language classes also draw from parts of EL SOL and Estrellita primarily for the use of the letter identification, phonics, and the leveled sight word list. Additionally, when available and appropriate, we provide translations in the native language for state exams like Math. We also have a growing collection of texts in other native languages as well but do not yet have of formal evaluations of other native languages beyond Spanish. We can however conduct formal interviews with students regarding basic skills and oral language production for languages like Bengali and French because we have staff members who can help provide this accommodation and initial assessment.
5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?
Reading is assessed on an ongoing basis but data is formally collected five times a year in English and our dual language classes

formally assess Spanish 3 times a year. Writing is assessed daily as well as a published piece formally with rubrics and checklists. Oral language is elicited during turn and talks and tiered questioning throughout the lesson that will produce different levels of English throughout. Speaking is also evaluated with a rubric as students are asked to use descriptive vocabulary to talk about what is happening in a picture. Listening may be assessed informally daily through comprehension of read alouds and formally through the listening section of acuity, test sophistication preparation, and state exams. Observations and conference notes help document the outcomes of the four modalities. Every spring, ELLs are evaluated in all four modalities on the NYSESLAT and their progress is measured from year to year.

6. How do you differentiate instruction for ELL subgroups?

- a. Describe your instructional plan for SIFE.
- b. Describe your plan for ELLs who have been in US schools less than three years (newcomers)..
- c. Describe your plan for ELLs receiving service 4 to 6 years.
- d. Describe your plan for long-term ELLs (completed 6+ years).
- e. Describe your plan for former ELLs (in years 1 and 2 after testing proficient).

6. Grant Avenue differentiates our instruction for ELL subgroups by crafting differentiated lessons with differentiated language objectives.

6A. SIFE students are students who entered the U.S. after second grade or are functioning 2 years below grade level. Our plan to accommodate these students is to provide targeted support in literacy and native language support as well in order to build a strong foundation that will help guide them to producing grade level work. They will also work with our AIS teacher as needed, attend extended day, and are invited to our Title III afterschool program in the spring.

6B. Our plan for ELLs who are newcomers is to expose them to as much English as possible. We whole heartedly accept and embrace our new comers. Depending on the parent's program of choice, we scaffold the material to best meet their needs. We will assign a language buddy, start them writing and reading language patterns, and always activate prior knowledge of content and language so to connect them to the new material at hand. We are also explicitly exposing newcomers to English letters, sounds, vowel patterns, digraphs and sight words in order to build a solid foundation in literacy. We also will ensure that they are receiving the mandated time requirement and use lots of gestures and pictures to increase comprehension of basic language functions and academic vocabulary. We also provide structured conversation activities and routines throughout the school day so that our students will integrate well into the school community.

6C. Our plan for students who receive service for 4-6 years is that we are continuing to provide them with targeted instruction that will help their needs and harness their strengths. These students receive ESL support and AIS support. They are mandated to attend extended day and are invited to participate in our Title III program.

6D. According to the RYOS years of service report from ATS, we do not yet have students who have completed 6+ years of ESL service. Next year, we will have ELLs that will have received 6+ years of service and will take the status of Long Term ELLs. Our plan is that we will continue to strengthen the core instruction in ESL with a more targeted approach in areas of need. These ELLs will continue to participate in ESL, extended day, Title III, and perhaps AIS if it is appropriate. We will consider what is working, not working, and what we have not tried for these specific ELLs so that our instruction will be more relevant and reflect the needs of the student. We will focus our instruction accordingly as well as look at what is holding the student back from passing the NYSESLAT, acquiring proficiency in all modalities, and what is getting in the way of meeting grade level benchmarks. Depending on the outcome of the needs analysis of the long term ELL, we may do a combination of the following, increase targeted time with the student, increase strategy groups for areas of need, increase articulation between classroom teacher and outside service providers so to ensure the plan is carried out in both settings, check if the ELL is eligible for the RTI for ELLs process, increase family support, investigate what happens at home, and collaborate with families in order to reinforce strong work habits both at home and at school.

6E. Former ELLs who are deemed proficient after testing out within two years on the NYSESLAT are still entitled to testing accommodations on state tests, literacy supports as needed, ESL scaffolds, and educators keep a close eye to ensure that they are functioning on grade level.

7. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?

Teachers of ELL-SWDs use the same instructional materials that are required of all students, exposed to complex texts, and are responsible for meeting the same common core standards. The difference however is in the method of presentation, consideration of UDL, and the use of differentiated tasks. Teachers of ELL-SWDs might increase the wait time for a response, slow down the pace of the lesson, use modeled talk, increase oral language practice, break information into smaller parts, incorporate more 'manipulatives', use tiered questioning, chunk up texts into smaller parts, provide more visual supports, and scaffold material so that students can have equal access to grade level work. Our instruction will additionally include social skills. The materials in all

cases will be high interest, age and developmentally appropriate.

8. How does your school use curricular, instructional, and scheduling flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

ELLs identified as having special needs are fully served and included in all programs school wide. Our school uses curricular, instructional, and scheduling flexibility to enable ELL-SWDs to simultaneously achieve their IEP goals and English proficiency within the least restrictive environment. We do this primarily through articulation and collaboration among educators. The classroom teacher, the ESL teacher, guidance counselor, and outside service providers sit down and review IEP goals as well as set language expectations for each student. We all draw from our specialized knowledge to support the ELL-SWDs and implement these goals consistently. The outside service providers also meet in order to use flexible scheduling so that each student is being properly serviced without overlapping time slots. The key feature is that all educators of ELL- SWDs are sharing resources and ideas so to holistically support a student.

Courses Taught in Languages Other than English ⓘ

NOTE: This section refers to classes/subject areas in which the language of instruction is English and another language which all students in the class speak. Do not include:

- classes that are taught in English using books in the native language
- heritage classes
- foreign language (LOTE) classes

Class/Content Area	Language(s) of Instruction	Class/Content Area	Language(s) of Instruction
Native Language Arts:			
Social Studies:

NYS CR Part 154 Mandated Number of Units of Support for ELLs, Grades 9-12

	Beginning	Intermediate	Advanced
ESL instruction for <i>all</i> ELLs as required under CR Part 154	540 minutes per week	360 minutes per week	180 minutes per week
ELA instruction for <i>all</i> ELLs as required under CR Part 154			180 minutes per week
FOR TBE /DL PROGRAMS: Native Language Arts	45 minutes per day	45 minutes per day	45 minutes per day

Native Language Usage and Supports

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

TBE and dual language programs have both native language arts and subject areas taught in the native language; ESL has native language supports.

B. Programming and Scheduling Information--Continued

9. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.

The targeted intervention services offered at Grant Avenue are Academic Intervention Services, AIS with Mr. Rahman, who helps push struggling readers up to grade level in small group instruction. We have ESL instruction across the content areas that give extra support for our ELLs to succeed in the mainstream curriculum. Our SETTS teacher, Mr. Marra, supports our struggling readers and mathematicians as well in his pull-out program. We also offer an extended day program on Tuesday and Wednesdays that consists of extra math instruction for 40 minutes after school within a small group setting. The targeted students are identified based on the data for literacy and math. Our team of educators will analyze the data highlight the students who are performing below grade level. These struggling learners, receive extra support and interventions with the above teachers. Our team will address their needs based on their lowest performing skills, create goals to lift their levels of performance. Evidence of progress is always recorded. In the extreme case that interventions are not sufficient enough, a student may be referred to our Pupil Personnel Team that will then address the issues further and discuss referral options if appropriate. It is important to note that the small groups for AIS, ESL, and SETTS, and extended day are flexible in that they change based on new data, new observations, new information, and evidence of progress. The hope is that the struggling learners (as identified by the data) will develop compensatory strategies and skills so that they can transition back into the mainstream classroom and outgrow the need for intervention services.

10. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development.

Grant Avenue has reflective educators. We are continually analyzing our needs and the effectiveness of our programs. We often collectively ask, "What is working right now? What is not working right now? How can we make what is not working work? What are creative solutions to mitigate difficulties together as individuals, team members, and school-wide?" These questions push us to refine our practice and work at our highest capacity. We solve problems as a team of educators and share best practices in order to learn from each other. We know our programs are successful because we see great strides in student progress. Through a quantitative lens, 38 students made AMAO progress as measured by passing the NYSESLAT, increasing a level, or by increasing from Lab-R score to a higher NYSESLAT score. What this means is that according to the 2013 NYSESLAT results, 52.05% of our total ELLs show significant gains in advancing their English skills. When looking at reading data, we can additionally mark the number of reading levels that students acquire in a year. Through a qualitative lens, this is most clearly evident in student work portfolios and in examples of ELLs who reach those "aha moments" when they gain independence in writing, reading, or in their productive language output. Other examples are when students acquire new skills like learning letter sounds, move up reading levels, solve problems, overcome struggles, and gain confidence.

11. What new programs or improvements will be considered for the upcoming school year?

At Grant Avenue there is a lot of strong work happening and we recognize that no program at any public school is perfect but here we put great attention on making sensible improvements that match our reality. This year, we rearranged our literacy units of study so that each grade vertically is learning non-fiction for example at the same time of year and this has helped our students make transferable connections among content across grades. We have also school wide been implementing more performance tasks and have made an effort to make units thematic. In light of teacher evaluations, school leaders are spending more time in classrooms and having professional conversations about practice. Among the educators, we are implementing more intervisitations so that colleagues can learn through constructive feedback and from one another. We are continuing to develop partnership with neighboring schools that have similar ESL or dual language program models to share best practices. In all teams and specifically in the dual language vertical planning team, we are engaging in the inquiry cycle, conducting more analysis of student work, and reflecting CCLS in our instructional practice. Last year, we received a generous gift to buy resources for our dual language program and this year, we are incorporating the new materials so that in the near future, each class will have equally robust classroom libraries. In our dual language team, we are assembling a Spanish resource toolkit in order to collect more Spanish language materials to use in our dual language classes. We are also developing an explicit language focused block of time that is dedicated to teaching foundational skills, academic vocabulary, speaking activities, and language skills that are outlined in the common core standards themselves. This year, we are continuing to be mindful of the 50:50 English proficient/ELL student balance in our dual language program and have refined the selection process by introducing the new criteria mentioned in part IV question 4 of the LAP. For our families and students, we had our first Hispanic Heritage Celebration and have our annual Multicultural Celebration at the end of the year. Furthermore, we are offering more family support and family workshops including those that give parents a clear sense of the new common core standards. We are piloting an adult ESL program for

families of ELLs.

12. What programs/services for ELLs will be discontinued and why?

All programs remain in full effect including our title III program for ELLs entitled, The Little Society of Speakers. No programs will be discontinued. Our school is expanding and growing not minimizing.

13. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.

ELLs have equitable access to the curriculum and school community. They are fully integrated into our school and participate in all activities inside and outside of the classroom. ELLs partake in all of our specialty programs including social studies, literacy through content areas, dance, wellness, physical education, art, and music. At Grant Avenue, we have 6 additional programs in place that enhance learning. The first is an extended day program for an hour after school, which provides ELLs and all struggling readers with the opportunity to work on guided reading and implementing strategies in small groups. Second, our academic intervention specialist, Mr. Rahman, serves our ELLs and other at-risk, struggling readers in small groups. Third, our ELLs benefit from our Title III program that is heavily focused on implementing best practices for ELLs through the use of informational texts, technology, and thematic instruction. Fourth, as a supplement and outside enrichment, our school takes field trips that are relevant to the curriculum including a neighborhood walk and a trip to the local library. Fifth, we have weekly Family Fridays where families are invited into our classrooms to learn alongside their children. Sixth, we have a unique, weekly advisory program that stresses our schoolwide core values like 'making problems smaller.' Our teachers follow a curriculum called 4Rs Family Connections (Reading, Writing, Respect, Resolution) developed by Morningside Center for teaching social responsibility, mediation, problem solving, and conflict resolution without violence that will foster responsible and mindful citizens in our schools and community at large.

14. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?

The instructional materials used during the school day include guided reading texts, read aloud/shared reading texts, poems, vocabulary cards, action cards, picture cards, emotion cards, classroom libraries, math manipulatives, puppets, white boards, alphabet cards, music, and language games. Technology is incorporated into our lessons through the use of websites that promote literacy and ELLs can listen to stories to increase their auditory skills. Like in our Title III program, we project big books onto the wall for shared reading. We also use books on tape and have phonics CDs. Some classrooms are equipped with smart boards and a limited number of computers are available to increase interactive learning. Many teachers have IPADs and document cameras as well.

15. How is native language support delivered in each program model (TBE, Dual Language, and ESL)?

Our dual language program offers native language support in that the teachers are bilingual speakers of Spanish, books are available in the native language, and Spanish is used on alternating days. Our Spanish, bilingual ESL teacher uses the native language as a support (as per the CR 154 regulations, 25% of the time)for newcomers. Native language, Spanish, texts are available for both our ESL and Dual Language classes.

16. Explain how the required services support, and resources correspond to ELLs' ages and grade levels.

Grant Avenue believes and asserts that all supports, resources, and classroom materials must be authentic and developmentally appropriate for age and grade level. At first, we mainly draw on non-fiction texts that may be low level but high interest because even beginner ELLs can connect to the content by activating background knowledge on the topic or theme as well as access the information through both the photographs and captions. We know that students will gradually move reading levels as they acquire new skills. We do however, expose every ELL no matter their IEP or proficiency status to complex texts that are grade level appropriate and scaffolded by the teacher with supports like providing a word bank, providing sentence starters, heavily focusing on visuals, and chunking up the text so students are marking key words while being guided through the complexity paragraph by paragraph.

17. Describe activities in your school that assist newly enrolled ELL students before the beginning of the school year. Please include activities for new ELLs who enroll throughout the school year.

At the beginning of the school year, we have a family picnic day where ELLs and all students can meet and greet their teachers. We engage in many icebreakers and introductory conversation activities where newcomers can participate and practice oral English. Some of the activities will include pictures and hand gestures to invite more newcomer participation. We also pair our newcomers with other students so that they have a strong language model and a guide in their new setting. New ELLs that arrive throughout the school year are immediately integrated into either ESL or dual language program. They are also integrated through the use of routines. Our ELL coordinator monitors the transition as well as reaches out to new families to check that the adjustment is smooth and that the student feels comfortable in the new setting.

18. What language electives are offered to ELLs?

The language elective offered to ELLs is Spanish and English as presented in our dual language program.

19. For schools with dual language programs:

- a. How much time (%) is the target language used for EPs and ELLs in each grade?
- b. How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?
- c. How is language separated for instruction (time, subject, teacher, theme)?
- d. What Dual Language model is used (side-by-side, self-contained, other)?
- e. Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?

19A In our dual language program, the language of instruction is equally 50 % Spanish and 50% English. The instruction is given by certified bilingual teachers who teach in the appropriate language on alternating days of the week in a self-contained classroom.

19B. EPs and ELLs are integrated throughout the day and will continue to remain in the same class for the duration of their time at Grant Avenue. Content areas are taught 50/50 as well. Given the large percentage of Spanish speakers in our school, materials, resources, color-coded vocabulary on word walls, and assessments are available in both Spanish and English.

19C. The dual language teachers hold a bilingual certification and teach all disciplines in both Spanish and English. The languages are kept separate by alternating the pattern of English and Spanish. We have a sign outside that indicates which is the language of the day and it is also discussed during morning meeting when the teacher's convey the flow of the day. There are separate word walls for each language. There are separate places in the room for each content area and charts are provided in both languages. The children have become accustomed to the routine, know to expect a different language each day, know where to look in order to access the appropriate anchor chart that matches the daily target language.

19D. We follow a dual language model of instruction where all content areas are taught in English and Spanish on alternating days of the week in a self contained classroom. Dual language structures, routines, groupings, assessments, workshops, family engagement, and best instructional practices are discussed at our dual language vertical planning team meetings. We are always striving for growth, progress, and improvement at the highest levels.

19E. Emergent Literacy is taught simultaneously in both the native language and target language. The dual language teachers teach the mainstream curriculum in both languages. They infuse extra language lessons and build vocabulary within each unit. The dual language teachers also make thoughtful groupings and partnerships based on data, proficiency levels, needs, and strengths to help support literacy development in both languages during strategy groups, and both reading and writing workshop. For example, an English dominant student would be paired with a Spanish dominant student.

C. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What professional development is offered to teachers of ELLs (including ESL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?
3. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
4. Describe the minimum 7.5 hours of ELL training (10 hours for special education teachers) for all staff (including non-ELL teachers) as per Jose P.

1. Grant Avenue is a Teacher's College Project School and all educators attend professional development workshops at TC. Our ESL teacher and the dual language educators attend workshops at Teacher's College that are specific to Best Practices for ELLs and small group instruction. Our ELL educators work closely with our TC staff developer, Rachel Rothman, so that she can turn key ELL supportive strategies to our classroom teachers during lab-site meetings. Our ESL teacher represents Grant Avenue in our network and participates in the annual 3 part language series with our Network ELL Compliance and Performance Specialist, Amanda Gardner, so to further learn how to build ELL capacity programs at our school. Ms. Akselrad also attends other related ELL workshops that are compliance related workshops like those associated with AMAO, NYSESLAT, or RTI for ELLs. Our ELL educators often attend workshops sponsored by BETAC, TESOL, and NECTFL. Last year, we sent all our ELL educators to the Bilingual Symposium and we will continue to do so if our budget permits. Grant Avenue Elementary School is a place that supports close collaboration and drawing on the collective wisdom of its team. With this in mind, there are many forums that Ms. Akselrad and the ELL educators can share their knowledge of ELLs with classroom teachers and families.

Grant Avenue Elementary School holds the following professional development dates for all teachers of ELLs including our Bilingual and ESL teachers. The calendar portrays a mini course on academic vocabulary that happens once a month, ELL Strategy Book Club in the spring 2014 (Dates TBD), CFN606 Language and Leadership Series, as well as TC Calendar Days for all teachers of ELLs.

The mini course entitled, Academic Vocabulary in Complex Texts, is dedicated to studying the nature of words and the qualitative features of rigorous texts. In this course, we will collaboratively explore the implications of the common core language standards including shift 6 and how it applies in the reality of the classroom.

- 9-26-13: What are Tier II words and academic vocabulary?
- 10-24-13: Examining specific strands of the Common Core language standards and shift six
- 11-21-13: Qualitative features of complex texts
- 12-19-13: Strategy: Chunking texts into accessible parts for all learners with informational texts
- 1-23-14: Strategy: Strategic selection of words to teach
- 2-27-14: Strategy: Shades of meaning and tier II vocabulary
- 3-27-14: Academic Vocabulary Sorts: picture sorts, sound sorts, word sorts, concept sorts, content sorts
- 4-24-14: Strategy: Break up complex words with affixes and roots
- 5-15-14: Facilitating a culture of accessible words and crafting a rich print environment
- Academic vocabulary classroom scaffolds
- 6-12-14: Academic Vocabulary Family Friendly Toolkit:
- Family friendly strategies to help their children support and encourage the use academic vocabulary at home (Paired with Parent Teacher Conferences). Develop academic vocabulary games to play in school (during Family Friday) and at home
- 11-5-13 Election Day: Collaboratively discuss brief, intriguing articles on academic vocabulary by experts like Robert Marzano, Kate Kinsella, Elfrieda Hiebert, and Isabel Beck
- CFN 606: Improving ELL Achievement through CCLS-Aligned Instruction on November 8, 2013, December 12, 2013, and January 24, 2014.
the classroom.
- Teacher's College Calendar Days for all teachers of ELLs regarding common core alignment and instruction for ELLs in non-fiction texts
- 9-24-13 TC Calendar Day for Ms. Andrade entitled Teaching Informational Writing for ELLs
- 10-30-13 TC Calendar Day for Ms. Riley entitled Drawing Clear Connections between Reading and Writing for ELLs
- 11-7-13 TC Calendar Day for Ms. Feliz entitled Accelerating Vocabulary for ELLs
- 12-6-13 TC Calendar Day for Mr. Granillo entitled Supporting ELLs as they Tackle Higher Level Texts
- 3-3-14 TC Calendar Day for Ms. Akselrad entitled Shared Reading to Support Language Development, Speaking and Listening standards, Comprehension and Word Solving in Fiction and Informational Texts for ELLs

2. Our ESL teacher, Ms. Akselrad, has been a senior common core fellow for two years and is highly trained in reading, interpreting, and implementing the standards. Ms. Akselrad leads professional development on the common core standards for the whole faculty during specific faculty conferences and turns keys CCLS insight in smaller ways to the other bilingual teachers (and all teachers) during dual language vertical planning team meetings. For all ESL and Bilingual teachers, we attend professional development at Teacher's College and most workshops are geared towards the common core lens. Additionally, school-wide, we dedicate many faculty meetings towards analyzing CCLS, discuss performance tasks, evaluation of teachers, and measure of student learning.

3. Grant Avenue currently serves grades K-5. Every year, we help our students transition from one grade level to the next. In order to help maintain a smooth transition, the teachers at Grant Avenue Elementary School write articulation cards that provide the next year's teacher with important information on each child like emergency contact numbers, student ID numbers, supports they receive, special services they receive like ESL, behavior plans, observations of the child, and comments that articulate motivations and successful practices that are effective with the child. Additionally, the cumulative records move to the next year's teacher and exemplary portfolio pieces also follow the child as well so that the child can start the following year right where he or she left off the previous year. Presently, this is our very first year where we will help our ELLs transition from elementary to middle school. In order to do this we will begin conversations with families and identify schools that have strong ELL supports so that they will continue in the appropriate model. The primary educators involved in the middle school articulation process are Ms. Cherry (Parent Coordinator), Ms. Yepes (Guidance Counselor), Mr. Marra (SETTS to help place IEP students in appropriate middle school setting) and Ms. Akselrad (ESL teacher to help with ELL placement). These professionals attend middle school recruitment and information sessions. As a team they conduct research on neighboring programs so together they are collecting information that will help drive the conversation and guide families to navigating the system effectively.

4. All teachers attend professional development because we are lifelong learners. Our classroom teachers and ESL teacher all attend lab-sites to receive training from our staff developer, Rachel Rothman, on how to effectively implement Teacher's College reading and writing workshop for ELLs through a common core lens. Our ESL teacher leads workshops for our team of educators on how to best serve our ELL population, and provide research based strategies to implement in the mainstream classroom to help differentiate our instruction. Our LAP team attends DOE sponsored workshops to ensure that we are delivering high quality instruction to our ELLs and implementing innovative research based strategies directly in the classroom. Our school is trained by a staff developer from Morningside Center to assist in our advisory program, which teaches our students conflict resolution strategies, character education, and develops oral language skills. Additionally, all teachers participate in common planning periods so that everyone is collaborating together as a strong team of educators. Teachers observe other teachers within and outside of school so that we are always sharing and learning from the talents of our professional colleagues.

Our ESL teacher, Ms. Akselrad, completed the Bilingual ESL Teacher Leadership Academy, BETLA. At Grant Avenue, she is a teacher leader who trains the entire faculty because every teacher at Grant Avenue is a teacher of ELLs. The workshops are centered on second language acquisition, best practices for ELLs, state mandates, and common core for ELLs. One example of this is during our SBO time on Thursdays, Ms. Akselrad leads a workshop for all Grant Avenue staff on Academic Vocabulary and Complex Texts. A second example is how we, as a team of educators, annually dedicate a faculty meeting to reviewing the LAP. Together, we will understand how to read the RNMR and RLAT, ATS reports to analyze the data and understand the constituency and strengths of our ELLs. We will assign interventions and open the forum for collaboration among ELL service providers in light of newly understood proficiency levels. This happens during the summer retreat, during meetings at the beginning of the year, and several faculty meetings throughout the year. The ESL teacher also sets up a special, separate meeting with the school secretary and the parent coordinator because they play an integral role in the ELL identification process, registration, and family outreach. During this meeting we review the ELL checklist, which clarifies each step of ELL procedures. We do this in order to streamline, organize, explain, and delegate the roles of each player in the ELL identification process so that each step is carried out efficiently to ensure that we all meet the ELL mandates together as a team.

Additionally, two further structures are set in place to train all teacher's of ELLs. The first professional development structure takes place every Monday of our TITLE III afterschool program. The second structure includes our Dual Language Team Vertical Planning where we align CCSS standards to our Teacher's College curriculum units, and strategize how to meet the language needs of the growing number of ELLs in our school. This year, our dual language team will lead a workshop for all staff on what is dual language, what are the benefits, and how to support ELLs. In both Title III and our Dual Language Team, we are drawing on current research to develop the strengths of our instruction and programs. Signed agendas and supporting documents that were given out at our professional development workshops and small group common team planning sessions are maintained in a binder located in our ESL office, room 118.

D. Parental Involvement

1. Describe ELL parent involvement in your school. Include specific activities that foster parental involvement for parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

1. At Grant Avenue, we empower our parents with extensive knowledge about their child's education so that they make informed choices and know that their children are a priority and come first. We honor the parents' choices beginning on the very first day of registration during the process of ELL identification. Our staff is warm, thoughtful, multilingual, multicultural, and we provide written information that is available in many languages. We are responsive to our families needs and Ms. Cherry, our parent coordinator, helps to build a bridge between the school, our families, and the greater community. The School Leadership Team, SLT, has dedicated one high quality goal towards family engagement and Grant Avenue educators have dedicated their action plans toward contributing their efforts to help meet this school wide goal. We measure our families' in-school participation by a computerized photo identification system where families get a stamp on their "Grant Avenue Passport" when they participate in a school wide activity. There are rewards for active participation at various levels of achievement.

We have several programs that help establish the families as an integral part of our Grant Avenue Family. Our newest initiative is that we are piloting a DOE sponsored program entitled, MATT, Maestro en Casa. This is an ESL program for families of ELLs and will start in late November and will cover basic English skills as well as content related to life in New York. Every year, we invite parents to curriculum night to begin the open the lines of communication. We make calls home to share strengths and areas that need improvement. We have a family center dedicated to the families of our school equipped with a library, lists of local adult ESL classes, and resources for parents. Parents are invited to go to learn how to support their children's literacy by attending a family day at Teacher's College while learning about the Reading and Writing Workshop Model Strategies. Ms. Cherry takes the parents on various field trips to places like the Bronx Arts Museum. In the Spring, our parent coordinator and ESL teacher collaboratively plan our Multicultural Festival where we honor the families language and culture by sharing traditions and spicy food from their home country.

Our school invites families to attend school wide picnics, assemblies, award ceremonies, and weekly Family Fridays where we play learning games together and parents volunteer to do a 'read aloud' to the students from their favorite children's story. The teachers often send activities home that the parents can do with their child to build literacy and other skills. As part of our Morningside center, 4R advisory program, we give the students tools to build positive relationships in the home and during everyday interactions with people in the community. There is a family link that specifically helps our families to reinforce the schoolwide core values that include safety, teamwork, persistent effort, honesty, and solving problems at home. Our guidance counselor, Ms. Yepes, is bilingual and works closely with the families to help support their children emotionally, socially, and academically. Ms. Yepes, Ms. Cherry, Ms. George (assistant principal), and our ESL teacher conduct many workshops with the families so that they build a toolbox of skills to support their children and implement at home. We have a Learning Leaders initiative where parents are invited to be leaders in our school community. These structures are accessible to families because we provide translations in person, on the phone, and written by mail so to ensure that there is equal opportunities to participate in their children's education (We use the DOE language interpretation hotline/ interpretation unit for lesser known languages and will have other parents translate as well.) These structures are in place to help the families feel valued, respected, a full partner in both the learning and teaching of their children, and deeply connected as a charter member of the Grant Avenue family.

2) Grant Avenue partners with community based organizations to provide outside services to our families. We are part of the Children's First Network, CFN 606. This year, we started our first afterschool program with Building Young Professionals. We received a grant to open a medical clinic at school. We are proudly offering a new ESL program for parents. This parent ESL program is collaboratively lead by two bilingual teachers and the program is called MATT Maestro en Casa. We send our families who want additional English classes to our local library, Melrose Branch. Ms. Cherry, our parent coordinator provide our families with a toolbox of resources so that they can receive the care they need to help themselves and their children, which will in turn improve their child's focus and education. Information is available in person, by phone, and by mail in Spanish. We use the interpretation services for lesser known languages so to ensure equal access for all parents.

3) The needs of our parents are evaluated through surveys, a family notebook, PTA meetings, conversation with families, parent's voice and representation at our SLT meetings, and through our parent coordinator who continually assesses the needs of our families on a daily basis. The needs assessment is conducted in several languages including Spanish, Bengali, and French. For lesser known languages, we consult the DOE sponsored interpretation unit or have a parent learning leader conduct translations while simultaneously modeling parental engagement for other families who need a strong role model to follow. This is

noteworthy evidence of our family outreach and partnership.

4) Grant Avenue is dedicated to nurturing a partnership with our parents. Our principal and assistant principal, Mrs. Erat and Mrs. George, are focused on maintaining an open dialogue with families, mediation between teachers and parents for both positive and negative situations, and they have become increasingly creative in ways to draw in families and increase participation in our school. We have a family literacy and family outreach team that continually develops programs for our families. Our activities address the needs of our families because it is the needs that drive the themes of parent workshops, topics of discussion, PTA activities, art exhibitions, theatre productions, multicultural celebrations, and subsequent course of action in terms of the direction our school pursues. At Grant Avenue, the administration, teachers, and families are close partners, equally important educators, and inspiring role models in the lives of our students.

E. Additional Information

Please include any additional information that would be relevant to your LAP and would further explain your program for ELLs. You may attach/submit charts. This form does not allow graphics and charts to be pasted.

Please note that only one student is recorded in ATS as having taken the ELE Spanish Reading Test and so we only recorded the percentage of this particular student.

Please also note that the NYSESLAT RNMR modality report is not available as of November 5, 2013 and so it is not included above. The NYSESLAT narrative reflects current 2013 data. Please note that only one student is recorded in ATS as having taken the ELE Spanish Reading Test and so we only recorded the percentage of this particular student.

LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: 09X449 School Name: Grant Avenue Elementary School

Cluster: 6 Network: CFN606

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

At Grant Avenue Elementary School, we are sensitive to the translation needs of our families. We try to create opportunities for effective home-school communication across the language spectrum. Although we have a diverse set of families, the dominant home language at our school is Spanish. To assess and identify the home languages of our school community and the needs of our families we use the information from 3 sources. These sources include part 3, questions 1 and 2, of the Home Language Identification Survey (HLIS), the language preference for written and oral communication indicated on the front of the emergency blue cards, and ATS reports (RHLA, RPOB, RADP). Copies of the HLIS are maintained in the ESL administrative binder and originals are placed in the student's cumulative file. Three copies of updated blue cards are maintained in the school (one copy for the teacher, one copy for a blue card file box, and a third copy is in the schoolwide emergency card administrative binder located in the main office). ATS reports related to language needs are maintained in the ESL administrative binder in the ESL office, room 118. The school community has access to this information so that each educator, administrator, school personnel, guidance counselor, and parent coordinator can accurately identify which families need translation and interpretation services.

Written communication home and materials in the school are available in both Spanish and English. With the help of the New York City Department of Education Translation and Interpretation Unit and over the phone interpretation services we ensure that all our families have equal access to the same information. We use these services during parent teacher conferences and to translate all critical documents regarding registration, emergency contact information card, discipline, safety, health, ELL program selection, Special Education program placement, and report cards are translated into Spanish and English. We frequently use these translation services especially if a family has special requests or needs. At Grant Avenue, we want our families to feel that they can participate, fully understand, communicate together, and be a part of our school community without a language barrier. A portion of our budget is allotted for translation services. Additionally, our staff is multilingual and we are able to provide on site oral and written translations in Spanish, Bengali, and French during parent workshops, parent meetings, phone conversations, and during individual conferences with families. Our parent coordinator, Mrs. Cherry, conducts a family survey to help identify and meet the language needs of our families. At Grant Avenue Elementary School, equity and equality in any and all languages

is important so that are parents are active members of the community and in their child's education.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

We have families that speak English, Spanish, French, Arabic, Chinese, Bambara, Bemba, Ga, Hausa, Fulani, Twi, Mandingo, Soninke, and Bengali. RHLA and the RPOB ATS report indicates which specific families we need to target in order to meet their language needs. According to the RHLA, the data shows that families report the following home languages: We have 1 family who speaks Arabic, 2 families that speak Bambara, 1 family speaks Bemba, 9 families speak Bengali, 3 families speak Chinese, 225 are English dominant, 10 families speak French, 1 family speaks Fulani, 1 family speaks Ga, 1 family speaks Hausa, 12 families speak Mandingo, 2 families speak Soninke, 151 families speak Spanish, 10 speak Twi, and 14 are unknown languages. From this data, it is evident that Spanish is the most dominant language but we make an effort to respond to all our families especially to each of the 9 covered languages that are indicated in CR A-663. The major findings of our school wide translation and interpretation needs assessment reveal that our Spanish speaking families request that communication with staff and information to be sent home be in Spanish, which we have honored. Our Bengali families have requested that Mr. Rahman, our academic intervention specialist, supports them during family workshops and individual meetings because he is able to communicate in their native language. Often, a parent for less common languages will also help with translations during workshops and school events. Our other families prefer information in English. All educators and families know we have access to the translation services as well. The information about our interpretation and translation needs were reported to the school community via the HLIS, one-on-one meetings with families, by our guidance counselor, through teachers or the parent coordinator, and at conferences.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

At Grant Avenue Elementary School it is important that our families feel included in the greater community and have a clear understanding of their child's progress as a result of receiving an in depth explanation in their native language. We provide a translation of the written materials, resources, letters home, and critical documents in Spanish and English (also available in other languages upon request). We have identified a number of teachers who are capable of conducting accurate translations for our families. Our multilingual staff therefore does the majority of oral and written translations because they are both sensitive to the family's cultural needs and are immediately available. We also regularly use the NYC DOE Translation and Interpretation Unit as well especially for critical documents that are distributed school wide and when we are trying to communicate with a family who speaks a more rare or uncommon language.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

At Grant Avenue, our families can access several point people who speak their native languages including the school secretary, guidance counselor, ESL teacher, AIS teacher, school aids, and many classroom teachers. The faculty offers and the families can always ask for oral translations. Our school community makes use of the Oral Translation Unit by phone, which is sponsored by the Department of Education. Our in house Spanish, Bengali, and French speakers are readily available to make phone calls home to families, facilitate conversation during conferences, meetings, and workshops, or to simply help check in with families at dismissal. Parents will often offer to help with oral translations at workshops or school-wide events.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link: <http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

As per Section VII of the Chancellor's Regulations A-663, Grant Avenue makes a concerted effort to provide oral and written translation for the purpose of engaging families in their child's education and the school community. We do this by offering orientations, PTA meetings, parent meetings, faculty conferences, workshops, and other learning opportunities in Spanish and English. Our registration packets and critical documents pertaining to safety, health, rules, admission, discipline, academic standards, student progress, report cards, placement in special education, and school wide CEP goals are translated and communicated in Spanish and English. As per section VII, we have downloaded (from the DOE website), printed, and displayed the following documents in a prominent location in the main office. These documents include the Bill of Parent Rights and Responsibilities, Grant Avenue Elementary School brochure, DOE parent's guide indicating the specific expectations for each grade level, and multiple signs in a variety of languages such as "welcome parents", "language identification card", "availability of interpretation and translation services", and that the parent should "seek a staff member to direct them to translation and interpretation services". The aforementioned documents are posted near the school's entrance/security desk, in the main office and outside the parent coordinator's door. The parent can request a copy of our school's safety plan and they are made aware of their right to interpretation services from day one at registration and during family orientations. Letters home are translated in house by bilingual staff who are fluent in Bengali, Spanish, and French or by the Language translation unit services. All documents, interviews, and EPIC videos regarding our English Language Learners are available in a variety of home languages. Additionally, we annually honor our families' diverse home cultures and home

languages in our Multicultural Celebration. Lastly, families, students, administrators, educators, and supporting staff have access to oral and written translation services through the use of the DOE sponsored Translation and Interpretation Unit who will facilitate communication in a variety of languages in response to a request and need.

2012-13 Comprehensive Education Plan (CEP)

Title III Supplemental Program for ELLs

Directions: Title III supplemental services for ELLs must include all of the following three components:

- **Direct instruction:** activities must be used to support language development, English and native language instruction, high academic achievement in math, and/or other core academic areas.
 - The Title III supplemental instructional services must be based on student need
 - These supplemental services should complement core bilingual and ESL services required under CR Part 154.
 - Direct supplemental services should be provided for before school, after school, and Saturday programs as well as reduced class-size, and/or push-in services.
 - Teachers providing the services must be certified bilingual education and/or ESL teachers.
- **High quality professional development** that is “of sufficient intensity and duration to have a positive and lasting impact on the teachers’ performance in classrooms.”
 - Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement** and supports must ensure that there are appropriate translation and interpretation services to meet community needs.
 - These are in addition to mandated activities, such as parent orientation during ELL identification process.

For more information on Title III requirements, please see the [School Allocation Memo #66](#) or contact your [Senior ELL Compliance and Performance Specialist](#). Submit this form to your Senior ELL Compliance and Performance Specialist by October 26.

Part A: School Information

Name of School: Grant Avenue Elementary School | DBN: 09X449

This school is (check one): conceptually consolidated (skip part E below)
 NOT conceptually consolidated (must complete part E below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (check all that apply):

Before school After school Saturday academy Other:

Total # of ELLs to be served: 60

Grades to be served by this program (check all that apply):

K 1 2 3 4 5
 6 7 8 9 10 11 12

Total # of teachers in this program: 5

of certified ESL/Bilingual teachers: 3

of content area teachers: 2

Part B: Direct Instruction Supplemental Program Information

Describe the direct instruction supplemental program here and include the

- rationale
- subgroups and grade levels of students to be served
- schedule and duration
- language of instruction
- # and types of certified teachers
- types of materials

Begin description here:

Description of the Program:

Grant Avenue Elementary School is in its fourth year of operation. We serve 78 English Language Learners (ELLs), which is 21% of our total population of students. Our Title III program is entitled the Little Society of Speakers (LSOS) because each ELL in Title III is a developing English speaker and a member of our Grant Avenue language learning community. Our program is an intensive 8-week afterschool program on Tuesdays, Wednesdays, and Thursdays following extended day focusing on reading, writing, listening, and speaking in English.

Our Title III LSOS program has the following five components: 1) Professional Development 2) Rigorous literacy instruction with informational texts 3) NYSESLAT Preparation 4) Technology 5) Family English Literacy and Family Engagement. In Title III LSOS, we engage in a dynamic, balanced literacy curriculum called, AWARD Interactive Reading. We follow a collaborative co-teaching model of instruction where each team teaching pair has one ESL or Bilingual certified teacher matched with a general education teacher. Our ELLs are placed in small groups based on the data related to their English proficiency levels and reading levels. Each student produces a portfolio of work that marks measurable progress over 2 months. Our Title III LSOS program is committed to providing high quality English instruction and an academic safety net for all our English Language Learners.

Rationale:

Our Title III LSOS program originates from the identified needs of our children and families. The first identified need is that many of our ELLs are performing at lower reading levels and are consequently performing below grade level. The NYSESLAT results are consistent with this data by showing that our students are stronger in communicative competence (BICS) and need extra support in reading and writing (CALPS). The Title III program is a direct response to this need by providing intensive literacy instruction for our ELLs. The second need is identified from family needs analysis surveys given by our parent coordinator and individual conversations with our families during EPIC orientations and Parent-teacher conferences. This need is that our families want to advance their own English skills and want more opportunities to participate in their child's education. Our Title III LSOS program reflects these needs.

The Explicit Goals of the Grant Avenue Little Society of Speakers:

- Achieve proficiency in English: Read, Write, Listen, and Speak English with ease at school, at home, and in your community
- Strengthen literacy habits and apply reading strategies
- Create a portfolio of high quality work that demonstrates measurable progress
- Support ELLs, ELLSWD, and former ELLs outside of our dual language and mainstream classrooms with high academic rigor and intensive literacy instruction that will help push them to meet the standards and reach grade level.
- Boost reading levels
- Develop personal strengths as a reader, writer, and speaker of English

Part B: Direct Instruction Supplemental Program Information

- Prepare for the NYSESLAT (New York State mandated English proficiency exam)
- Build self-esteem and self confidence in English
- Welcome families, open our doors to our families, build family connections, solidify our partnership and commitment to their child's education
- Encourage reading at home.
- Encourage parents to spend quality time engaging their children in conversation and giving their full attention to their children
- Create a forum for parents and children to learn English together
- Discover the joy of reading and learning in a safe, supportive environment

Subgroups and grade levels of students to be served:

Our Title III program, LSOS, serves ELLs in grades 1-4. We invite ELLs and their families to participate in our Title III program. These students are from our ESL classes, dual language classes, and special education classes. We also invite former ELLs as an additional support for their continued language growth. The students will be homogenously classified into small, flexible groups by literacy and English proficiency needs.

Schedule and Duration:

Our Title III program, LSOS, is an 8-week after school program in March and April of 2013. Our ELLs attend our program on Tuesday, Wednesday, and Thursday afternoons from 3:15 p.m. – 4:15 p.m. following Extended Day. During our Title III program, One hour each day is dedicated to intensive literacy instruction using AWARD Interactive Reading resources. The families of our ELLs are invited to join their children in the learning process and take part in all activities on each Thursday afternoon of our program. Mondays are reserved for Title III LSOS educators to collaboratively plan and analyze student work. This time will also be used for professional development and collaborative inquiry based work where we learn about best practices to implement with ELLs. Our Title III LSOS team of educators have built in time on Mondays to ensure collaboration, teamwork, and to set goals for both the students and families.

Language of instruction: The primary language of instruction is English but we provide native language support in Spanish as needed.

Number and types of certified teachers:

A total of five educators will be teaching in our Title III program, LSOS. Our ESL teacher, Ms. Akselrad, will be our Title III LSOS coordinator. There will be 1 New York State certified ESL teacher, Ms. Akselrad, 2 New York State Bilingual teacher, and 2 New York State certified general education teachers who will help support our ELLs. We follow a collaborative team teaching model of language instruction and each team teaching pair has one ESL or bilingual teacher.

Types of materials:

In light of the Common Core State Standards (CCSS) and the NYSESLAT, our instructional materials focus on informational texts and building academic vocabulary. The program we have selected to use is AWARD Interactive Reading because it is a developmentally appropriate, balanced literacy curriculum. It naturally provides many scaffolds and supports for ELLs including word-picture cards, songs, rhymes, TPR, phonics component, fluency-building reader's theatre, interactive grammar games, task cards, multiple forms of assessment, and interactive technology. The interactive technology is a series of non-fiction shared readings that we project onto a big screen. The non-fiction shared readings highlight text features, adding details, and learning new facts. We begin each day of the Title III program, LSOS, with a non-fiction, interactive shared reading.

Part B: Direct Instruction Supplemental Program Information

Title III LSOS Routines:

Mondays are reserved for professional development for all Title III LSOS educators. On Tuesday, we will do a first exposure to the shared reading with the whole class. We notice the text features of non-fiction and we will spend the remaining time teaching related vocabulary with a focus on tier II words. On Wednesday, we will do a second reading of the shared reading informational text and click on the AWARD buttons that add more details to the story. Then, we will break up into small, guided reading groups (groupings are formed based on both reading and NYSESLAT data) and target specific strategies or skills that will help boost knowledge of vocabulary, decoding, and comprehension. The most advanced ELLs engage in literacy circles and book clubs where each student has an assigned role and a guide for encouraging accountable talk. On Thursday, the families join LSOS and the students read the informational text to their families. We engage in an interactive family project and share our learning from the week in a performance related to the weekly theme where we build confidence as 'Little Speakers' of English.

Analysis and Assessment:

- Our team of educators will analyze NYSESLAT scores and develop action plans and goals for our students
- Analyze student work and writing samples at various points during the program
- Ongoing observations and feedback between teachers, students, and families
- AWARD Reading has built in assessments that will be administered to mark progress throughout the Title III program
- Compare baseline reading data with reading data after the program ends
- Culminating Portfolio

Part C: Professional Development

Describe the school's professional development program for Title III Program teachers as well as other staff responsible for delivery of instruction and services to ELLs.

- rationale
- teachers to receive training
- schedule and duration
- topics to be covered
- name of provider

Begin description here:

Rationale:

The professional development piece of Title III LSOS is critical to the success of the program because it fosters collaboration, teamwork, and setting individualized goals for students, families, and the program as a whole. The Title III LSOS professional development is a built-in structure that prepares our educators for the important work they do during the program by providing the educators with a toolkit of resources that will help them scaffold their instruction and meet the needs of our ELLs. Together, we shape the Title III program by making collaborative decisions that will positively impact both our students' and families' language learning experience.

Teachers To Receive Training:

ESL Teacher Ms. Akselrad, Second Grade Dual Language Teacher Ms. Andrade, one other bilingual teacher, and two other general education educators.

Part C: Professional Development

Schedule and duration:

Our professional development occurs from 2:30 p.m. to 3:30 p.m. every Monday of the Title III LSOS. There are 2 longer 2-hour sessions before Title III LSOS begins to build our team, set educator expectations, analyze data, make small groups, and share best practices for ELLs. There are eight 1-hour sessions during Title III LSOS to refine our practice and collaboratively plan our lessons. Then, there is one 1 hour post meeting for critical reflections on the successes of Title III LSOS and plan next steps for our 2014 program.

Topics to be covered:

The topics to be covered during our Monday planning time include data analysis, CCSS language standards, differentiation for ELLs, reading strategies, academic vocabulary, language frames and accountable talk, ELL chants and songs, language games, student work analysis protocols, ELL reading and writing rubrics. On our built in planning day (Monday), the team of educators will be reading and discussing selected chapters from 4 texts: 1) Balancing Reading and Language Learning: A Resource for Teaching English Language Learners, K-5, Mary Cappellini 2) When Kids Can't Read: What Teacher's Can Do, Kayleen Beers' 3) Balanced Literacy for English Language Learner's K-2, Chen and Mora Flores 4) Differentiated Early Literacy for English Language Learners: Practical Strategies, Boyd-Batstone. Additionally, we will select reading goals from the guided reading section of The Continuum of Literacy Learning: Behaviors and Understandings to Notice, Teach, and Support for Grades K-8, Fountas and Pinnell.

Name of Professional Development Providers:

Our ELL Coordinator, Ms. Akselrad, will provide all professional development workshops for our Title III LSOS educators to enhance their knowledge of best practices and research based, effective strategies for ELLs. Additionally, our AWARD Interactive Reading professional development consultant, Ms. Minaya, will collaboratively present with Ms. Akselrad on elements of balanced literacy, model lessons, and familiarize our teachers with the AWARD Curriculum.

Part D: Parental Engagement Activities

Describe the parent engagement activities targeted toward parents of ELLs that will impact higher achievement for ELLs. NOTE: These are in addition to mandated activities, such as parent orientation during ELL identification process.

- rationale
- schedule and duration
- topics to be covered
- name of provider
- how parents will be notified of these activities

Begin description here:

Family engagement:

Rationale:

Family outreach and family literacy is important because it strengthens the home-school connection and it builds a partnership between both constituencies who share common goals and high expectations for their children's academic success. A unique feature of Title III LSOS is that the families are invited into the classrooms to learn English with their children, read with their children, and engage in conversation with their children. We will be teaching strategies that can be practiced at home to reinforce literacy habits in order to help our families help their children reach high levels of success in English. Through

Part D: Parental Engagement Activities

surveys and conversations, our families have expressed that they want to advance their own communication skills in English because they need it for survival, work, everyday interactions with their communities, and to help their children with their homework. Our program simultaneously helps parents and students learn English together side by side so that hopefully the literacy habit and strategies can be transferred and reproduced at home.

Schedule and Duration:

Families are invited to actively participate in Title III LSOS every Thursday afternoon for the duration of our 8 week program.

Topics to be covered:

The topics to be covered connect to the selected text of the week. Our weekly themes are centered on some aspect of families. This is evident by some of the AWARD Interactive shared reading titles like Our Home, Taking Turns, Mommy and Daddy. Every week, we have a project that promotes family engagement and sharing of learning.

Name of Providers: All Title III LSOS educators including our ESL teacher Ms. Akselrad, our second grade Dual Language teacher Ms. Andrade, one other bilingual teacher, and two other general education educators.

How will parents be notified of these activities?

Families are notified of these activities from the outset when we send home Title III LSOS invitation letters and permission slips, families receive written notification, and weekly phone calls home. All communication, oral and written, is translated into the appropriate home languages.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III budget matches your Title III Plan.

Allocation Amount: \$11200.00
