Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Explicitly delineate the school's plan for annually increasing student performance through comprehensive instructional programs and services as well as the plan for enhancement of teacher and leader effectiveness.
- Address how the school will use its full range of resources (which may include but is not limited to Title I, Title II, and/or Title III, 1003(a) and/or 1003(g) School Improvement, Race to the Top, School Innovation or local funds) to support improvement efforts for the identified sub-group(s) on the identified accountability measures.
- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).

Guidance for Developing Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Cite the strategies and activities within each goal and action plan requires your school to in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP)

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Frederick Douglass Academy VIII policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of our school community. Frederick Douglass Academy VIII will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

4c. “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds enables, a Schoolwide Program school must identify in its Schoolwide plan (SCEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool.	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , page # references where a related program activity

		(Refer to Galaxy for FY '15 school allocation amounts.)	has been described in this plan.

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4C of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I School Improvement 1003(a)** - support implementation of school improvement activities identified through the Diagnostic Tool for School and District Effectiveness (DTSDE) reviews or a school review with district oversight and included in the DCIP/SCEP.
- **Title I Priority and Focus School Improvement Funding:** support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive educational plan.
- **Title I Priority and Focus School Parent Engagement Set-aside:** Additional set-aside is to enable greater and more meaningful parent participation in the education of their children.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process, including Title I 1003(g) SIG or SIF funds:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. After reviewing and analyzing the assessment data, answer the following:

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.
Since FDA VII is a middle school we administer benchmark assessments and ELA Scholastic unit assessments to identify students literacy needs to develop a data analysis and instructional plan.
- What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?

Students require additional support to clearly articulate their thinking when writing.

3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAQ tool](#))

ESL teachers and ELA teachers will develop instructional strategies that support English Language Learners. Data analyze will support instructional grouping and pull-out sessions with the ESL teacher

4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?

Our data indicates that our EL population will benefit from the same instructional strategies to meet the need of our entire population, visual aids, scaffolding, modeling are some of the strategies that address the patterns across grades and content areas.

5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)

NA

6. How do you make sure that a child's second language development is considered in instructional decisions?

Through lesson planning review, curriculum maps, and classroom observations.

7. For dual language programs, answer the following:
 - a. How are the English-proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?

Paste response to questions here:

8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).

Through the review of students report card grades, classroom progress reports, review of student work and state assessment results.

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)

ELL Identification Process

1. At Frederick Douglass Academy VIII, ELLs are identified in the following way.

a. Screening:

- i. Upon enrollment of a scholar who has never been in the NYC Department of Education before, the Home Language Questionnaire is conducted by a pedagogue, such as Rena Rubin, the ESL teacher within 10 days.
- ii. If a language other than English is indicated in 2 questions in part 1 and 1 question in part 2, an interview is conducted with the scholar being admitted. The interview is conducted by the ESL teacher in English and in the Native Language by an appropriate pedagogue or translator service within 10 days. The informal interview process consist of brief conversations to identify the parent and child's understanding of the English language and assistance is provided by a staff member in Spanish.
- iii. If the scholar speaks a language other than English AND speaks little or no English, the pedagogue moves on to the Initial Assessment.
- iv. If the English was indicated as the Home Language during the Questionnaire OR the scholar speaks English as well as or better than his/her Home Language, the child is not considered an ELL, and is placed in a monolingual class accordingly.

b. Initial Assessment:

- i. The ESL teacher administers the Language Assessment Battery- Revised (LAB-R)

ii. If the scholar scores at the Beginning, Intermediate or Advanced level, then the scholar is an ELL, and the pedagogue moves on to Program Placement.

iii. If the scholar scores at the Proficient level, he/she is not an ELL and is placed in a monolingual class accordingly.

c. Program Placement:

i. The parents or guardians are invited to a meeting where the three options for placement are discussed. The parent or guardian completes a Parent Selection Form. To support this process we have 3 Spanish speaking teachers on staff.

ii. Scholar is placed in the appropriate program or directed to the Office of Placement to be transferred to a school with an opening in the desired program.

d. Annual Assessment:

ESL teacher administers the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs.

If the scholars score at the Beginning, Intermediate or Advanced levels, they continue ESL services.

If the scholar scores at the Proficient Level, he/she is not an ELL and will no longer receives ESL services.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

In order to ensure that parents of newcomers understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL), the ESL teacher Ms. Rubin and Parent Coordinator invite the parents to a meeting with refreshments. At the meeting, parents are shown the video provided by the NYC Department of Education and all three programs are explained. A Q&A section of the meeting allows parents and guardians to ask the ESL teacher and Parent Coordinator any questions or voice their concerns. All newly admitted students indicated English as the home language. Since FDA VIII has not had any newly admitted student there have been no parent meetings. However, in the event that need arises our parent coordinator and guidance counselor will hold parent meetings. Additionally, prior to placement parents are made aware of the program choices and the program offered at the school additional support will be requested from the CFN in the event the parent wants a program that the school does not offer..

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [[see tool kit](#)].)

Entitlement letters, as well as non-entitlement letters, are given to all ELLs or former ELLs during the first month of school. A copy of those letters is placed in the scholar's cumulative record and with the ESL teacher Ms. Rubin. There are no Parent Survey and Program Selection forms, as there are no newly admitted scholars who are ELLs.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

2. In order to ensure that parents of newcomers understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL), the ESL teacher and Parent Coordinator invite the parents to a meeting with refreshments. At the meeting, parents are shown the video provided by the NYC Department of Education and all three programs are explained. A Q&A section of the meeting allows parents and guardians to ask the ESL teacher and Parent Coordinator any questions or voice their concerns. All newly admitted students indicated English as the home language. This year we received 1 student that was a beginner and our parent coordinator along with the ESL teacher and guidance counselor held a parent meeting. Parent choice letters are kept in a file in the assistant principal's office

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

Ms. Rubin organizes her schedule accordingly to administer the assessment by the required deadline through the review of ATS data.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 

We have one newly admitted Asian student who speaks Mandarin

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction delivered? (see [*The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs*](#))
 - a. What are the organizational models (e.g., departmentalized, push-in [co-teaching], pull-out, collaborative, self-contained)?
 - b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?
 - Currently, we are able to provide a freestanding ESL program which uses a pull-out model/push-in. In the pull out model, our ELL student is pulled out of her regular classes and provided individualized instruction by the ESL teacher to meet proficiency in the targeted language. Additionally our ESL teacher provides push in support to further assist in developing English proficiency. This method provides our student with continuity of instruction and support for both the student and subject teacher.
2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
 - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?

Through strategic programming and the alignment of the ESL teachers schedule with students mandates service is organized.
3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

Through the use of visual aids, scaffolding, extended time, conferring with students, modified task as needed.
4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?

We order the required state assessments in the students language if required. Additional modifications are provided during test such as time extensions and questions read.
5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?

Through the ESL teacher
6. How do you differentiate instruction for ELL subgroups?
 - a. Describe your instructional plan for SIFE.
 - b. Describe your plan for ELLs who have been in US schools less than three years (newcomers)..
 - c. Describe your plan for ELLs receiving service 4 to 6 years.
 - d. Describe your plan for long-term ELLs (completed 6+ years).
 - e. Describe your plan for former ELLs (in years 1 and 2 after testing proficient).

We currently do not have any SIFE students. To further assist our ELL population in attaining English Proficiency, our pull-out program will continue to provide additional instructional support utilizing ESL strategies and the new ELL standards.
