## Section 2: School Leadership Team (SLT) Signature Page

All SLT members are expected to sign this page to confirm their participation in the development of this School Comprehensive Educational Plan (SCEP) and consultation regarding the alignment of funding to support this school’s educational program, which includes annual goals and action plans, Academic Intervention Services (AIS), Parent Involvement Policy (PIP) and School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with [Chancellor’s Regulation A-655](#), available on the [New York City Department of Education \(NYCDOE\)](#) website.

**Directions:**

- List the names of each SLT member in the left-hand column on the chart below. Specify any position held by the team member, e.g., Chairperson and the constituent group represented, e.g., parent, staff, student, or Community Based Organization (CBO). Core mandatory SLT members are indicated by an asterisk\*.
- SLT members should review this document and sign in the right-hand column in **blue ink**. If an SLT member does not wish to sign this plan, the member may attach a written explanation in lieu of his/her signature, which must be maintained on file at the school with the original SLT signature page.\*\*
- The original signed copy, along with any written communications pertaining to this page, is to remain on file in the principal’s office and be made available upon written request.

### Section 3: Directions and Guidance for Developing the School Comprehensive Educational Plan

The School Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning - to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the Capacity Framework. Additional information is available in the [Comprehensive Educational Planning Memorandum](#).

#### **The Capacity Framework and SCEP Development**

The [Capacity Framework](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The School Comprehensive Educational Plan (SCEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement strategies and activities that improve outcomes for students.

Aligned with the Chancellor’s [Four Pillars](#), the Capacity Framework takes us away from market-based competitive models to an approach focused on collaboration. This new model looks at how schools can improve, and students can achieve more, when all members of the community work together.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Capacity Framework identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor’s Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of five goals and action plans in response to the first five elements of the Capacity Framework (listed below), with the sixth element, *Trust*, addressed within each action plan.

<b>The Six Elements of the Capacity Framework</b>
<ul style="list-style-type: none"> <li>• <b>Rigorous Instruction:</b> Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Supportive Environment:</b> The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Collaborative Teachers:</b> Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Effective School Leadership:</b> Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Strong Family-Community Ties:</b> School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Trust:</b> Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and</li> </ul>

administrators value each other.

## Accountability Tools and the Capacity Framework

In order to address the six elements of the Capacity Framework, school communities should engage in improvement planning that is informed by the New York State Education Department's (NYSED) Diagnostic Tool for School and District Effectiveness (DTSDE) Tenets, the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

### NYSED's Six DTSDE Tenets

The DTSDE protocol includes a rubric, which identifies clear and coherent expectations of the optimal conditions of an effective school and school district across the following six tenets:

1. Tenet 1: District Leadership and Capacity
2. Tenet 2: School Leader Practices and Decisions
3. Tenet 3: Curriculum Development and Support
4. Tenet 4: Teacher Practices and Decisions
5. Tenet 5: Student Social and Emotional Developmental Health, and
6. Tenet 6: Family and Community Engagement.

### NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2014-15 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- School Culture: Positive Learning Environment (1.4), High expectations (3.4)
- Structures for Improvement: Leveraging Resources (1.3), Teacher support and supervision (4.1), Goals and action plans (3.1), Teacher teams and leadership development (4.2), Monitoring and revising systems (5.1)

### Next Steps for SCEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 2:** For schools that received an Integrated Intervention Team (IIT) School Review Report, enter the HEDI rating for each assessed Statement of Practice (SOP) in Part 1A of the needs assessment. For schools that did not undergo an IIT review, refer to the major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other qualitative and quantitative data, to self-rate your school for each SOP in Part 1 of the Needs Assessment.
- **Step 3:** Revisit your school's Initial Goals and Budget Alignment Form (IGBAF) and modify your goals, as needed, to align with the Capacity Framework. Ensure the annual goals are SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.
- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. All Title I schools update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether strategies and activities outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Remember, the plan is only the beginning. Treat it as a living document and feel free to adjust along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

#### Section 4: SCEP Overview

Develop a narrative summary that includes:

Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/ partnerships and/or special initiatives being implemented.

School strengths, accomplishments, and challenges.

The DTSDE Tenet(s) in which your school made the most growth during the previous year and the key areas of focus for this school year.

Mott Hall Bridges Academy mission is to create a STEAM focused environment where inquiry is used to develop critical thinkers through teaching and learning, building positive relationships amongst stakeholders, and adhering to our MHBA codes of excellence.

According to the 2013 – 2014 School Quality Guide, 75% of our scholars are eligible for free lunch and 28% have IEPs. The ongoing challenges faced by the school is our low enrollment of 191 scholars for this 2014 – 2015 school year, in addition to the proficiency rate in 2013- 2014 for 6<sup>th</sup> -8<sup>th</sup> grade is 14.1% in ELA and 15.2% in Math. Our incoming 6<sup>th</sup> grade class of a total 61 scholars has 41 students who are level 1's in ELA and 39 level 1's in Math. We use a STEAM approach that integrates the use of inquiry skills in developing our curriculum to support the development of critical thinking skills to encourage questioning and discussions that is scholar led.

As a result of our low enrollment, we incur loss of funding that impacts programming and services that we need to support our scholar social emotional learning. Therefore, we develop partnerships with various organizations such as Purelements, Liberty Partnerships, to provide programming in the arts and at-risk counseling all year long, including the summer months. Urban Advantage, Medgar Evers College and Long Island University have provided professional support in the development of curriculum in our Science curriculum to align it to the New Generation Science Standards.

Using our small school environment to our advantage, we have established a safe learning environment as noted by 99% of our scholars on the 2013 - 2014 Learning Environment Survey. We also custom tailor programs and academic intervention based on each individual's needs.

The following are our special initiatives:

- The Integrated Algebra regent is administered to scholars who demonstrate an 80% or more on formative assessments (unit plans, quizzes) and benchmarks.
- Scholars attend cultural institution that relate to Science and Art instruction to reinforcement classroom instruction that continues to building on the inquiry process of observations, discussion and questioning.
- The cultivation of our school community garden has been incorporated into our Science and NFTE classes. Scholars develop and understanding of the benefits of growing produce in their community and the impact it has on health related issues. NFTE classes allow scholar to apply their understanding of target population, profit margins, and marketing to those within their community.
- Our annual Art show transforms our school space into a gallery that allows scholar to see their work are art that need to be celebrated and highlighted in our building. We allow the community access to see the work on display that build community relationships, builds scholar's confidence, and prepares them for college and career readiness.
- Our Lab Rats, engage in afterschool programming that allows them to further scholars understanding of the scientific process through the dissection of animals and organs, class trips to water systems

throughout NYC, and project based tasks to apply their learning.

- Our guidance counselor works collaboratively with parents to select the “right” high school based on the needs of our scholars and ability to manage transition in a large or small high school setting.

In the 2013 – 2014 SCEP we created a goal of based on tenet 5, that stated By June 2014, the Learning Environment will demonstrate an increase from 5.3% to 7% in the frequency of being invited to a workshop, program, performance, or other event at MHBA. We exceeded our goal which demonstrated the most growth by achieving a 9.4 on the 2013 -2014 learning environment. For the 2014-2015 school year, our focus will be on tenet 3, in which our goal is to improve rigor our curriculum by ensuring that teachers work collaboratively in planning units and lessons that are aligned to the Common Core Learning Standards

## Section 5: Needs Assessment, Annual Goals and Action Plans

**Section 5A – Capacity Framework Element - Rigorous Instruction:** Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills. *(Aligned to DTSDE Tenet 3: Curriculum Development and Support)*

### Part 1 – Needs Assessment

**Part 1a. HEDI Rating (Highly Effective, Effective, Developing, or Ineffective) for DTSDE Tenet 3:**

- For schools that received an Integrated Intervention Team (IIT) School Review Report: Enter the HEDI rating for each assessed Statement of Practice (SOP) on the chart below.
- For schools that did not receive an IIT School Review, or did not receive a HEDI rating for one or more SOPs: Self-rate your school for that SOP, informed by an analysis of student performance trends and any major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other relevant qualitative and quantitative data. Enter your HEDI self-rating(s) on the chart below.

Tenet 3 Statement of Practice (SOP) Addressed		HEDI Rating
3.2	The school leader and staff support and facilitate the quality implementation of rigorous and coherent curricula appropriately aligned to the Common Core Learning Standards (CCLS) in Pre K-12.	D
3.3	Teachers ensure that unit and lesson plans that are appropriately aligned to the CCLS coherent curriculum introduce complex materials that stimulate higher-order thinking and build deep conceptual understanding and knowledge around specific content.	D
3.4	The school leader and teachers ensure that teacher collaboration within and across grades and subjects exists to enable students to have access to a robust curriculum that incorporates the arts, technology and other enrichment opportunities.	D
3.5	The school leader and teachers develop a data-driven culture based on student needs, assessments and analysis, which leads to strategic action-planning that informs instruction and results in greater student achievement outcomes.	E

**Part 1b. Needs/Areas for Improvement:**

- Reflect on your school's HEDI ratings (or self-ratings) in Part 1a, particularly any ratings of Developing and Ineffective.
- Summarize your school's strengths and needs relative to this Capacity Framework element and DTSDE tenet (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data sources.

According to the 2012 -2013 school quality review our school received a developing rating in the area on the 1.1 indicator that assess for engagement, rigor, and coherent curriculum as result of the lack of consistency in rigorous tasks embedded across all classrooms. On a subsequent review conducted in October 2014 this same indicator became an area of focus citing the need to ensure lesson plans and units are appropriately aligned to the CCLS, that stimulates higher-order thinking and build deep conceptual understanding and knowledge around specific content areas.

This was further supported by the evidence from the 2013-2014 Measure of Teacher Progress (MOTP) that indicated 2.6 rating in the area of the Danielson Framework: 3b - using discussion and questioning techniques. With a recent score of 9.6 on the 2013-2014 learning environment survey it is evident that our teachers collaborate well with each other. Therefore, we will address this area by creating a schedule that allows teacher for a minimum of 3 periods, which will include grade level, departments, and school-wide teacher team meetings. This will ensure will ensure ongoing collaboration and planning is being done to develop consistency across all grade levels.

### Part 2 – Annual Goal

List your school's 2014-15 goal for improving student outcomes and school performance that addresses Capacity Framework element – Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in

Part 1b, and should be written as SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2015, 100% of teachers will work collaboratively and continually to re-assess and adapt the curriculum to reflect higher level questioning and multiple entry points for students as evident by unit and lesson plans.

**Part 3 – Action Plan**

<b>Activities/Strategies:</b> Detail below the actions, strategies, and activities your school will implement to achieve the identified goal for this Capacity Framework element, including: <ol style="list-style-type: none"> <li>1. Research-based instructional programs, professional development, and/or systems and structures needed to impact change</li> <li>2. Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH).</li> <li>3. Strategies to increase parent involvement and engagement</li> <li>4. Activities that address the Capacity Framework element of Trust</li> </ol>	<b>Target Group(s)</b> <i>Who will be targeted?</i>	<b>Timeline</b> <i>What is the start and end date?</i>	<b>Key Personnel</b> <i>Who is responsible for implementing and overseeing the activity/strategy?</i>

Professional development supported at the network and NYCDOE level that target personnel that support ESL, Overage and Special needs scholars	Teachers	9/3/14 – 6/1/15/	CFN#535, NYCDOE
Pupil Path through Skedula (Datacation) provides parents with real-time updates on grading that will reflect scholars’ progress in the mastery of curriculum.	Parents	9/3/14 – 6/1/15/	Administration
Teachers will provide opportunities for scholars to engage in student led discussions and questions that will deepen their understanding of the curriculum and foster a community of trust that celebrates taking risk.	Students	9/3/14 – 6/1/15/	teacher

**Part 4 – Resources Needed**

Indicate resources needed to implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

Enter generic resources so that you can copy and paste to each goal and then add a specific resource per goal if needed. The generic resources can include: the schedule reflect the use of teachers and administrators time as a valuable resource. Funds are identified and allocated to maximize the selection of instructional materials. Once you craft this you can add in each section

**Part 5 – Budget and Resource Alignment**

Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

x	<b>Tax Levy</b>	x	<b>Title I Basic</b>		<b>Title I 1003(a)</b>		<b>Title IIA</b>		<b>Title III</b>	x	<b>P/F Set-aside</b>		<b>Grants</b>
---	-----------------	---	----------------------	--	------------------------	--	------------------	--	------------------	---	----------------------	--	---------------

List below any additional funding sources that will be utilized to support achievement of the goal.

--

**Part 6 – Progress Monitoring**

**Part 6a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. In this part:

1. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.
2. Specify a timeframe for mid-point progress monitoring activities.

By January 30, 2015, 50% of teacher's lesson plans will demonstrate student centered instruction that allows for discussions and questions facilitated by scholars.

Classroom observations recorded in advance will demonstrate that 50% of teachers are effective in the Charlotte Danielson Framework 3b – Discussion and questioning

**Part 6b. Complete in February 2015.**

1. Did the school meet the mid-point benchmark(s) in the timeframe specified?		Yes		No
2. If the mid-point benchmark(s) was not met, describe any revisions made to the action plan to achieve the goal?				

## Section 5: Needs Assessment, Annual Goals and Action Plans

**Section 5B – Capacity Framework Element - Supportive Environment:** The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers. *(Aligned to DTSDE Tenet 5: Student Social and Emotional Developmental Health)*

### Part 1 – Needs Assessment

**Part 1a. HEDI Rating (Highly Effective, Effective, Developing, or Ineffective) for DTSDE Tenet 5:**

- For schools that received an Integrated Intervention Team (IIT) School Review Report: Enter the HEDI rating for each assessed Statement of Practice (SOP) on the chart below.
- For schools that did not receive an IIT School Review, or did not receive a HEDI rating for one or more SOPs: Self-rate your school for that SOP, informed by an analysis of student performance trends and any major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other relevant qualitative and quantitative data. Enter your HEDI self-rating(s) on the chart below.

Tenet 5 Statement of Practice (SOP) Addressed		HEDI Rating
5.2	The school cultivates the development of overarching systems and partnerships that support and sustain social and emotional developmental health.	E
5.3	The school articulates and systematically promotes a vision for social and emotional developmental health that is connected to learning experiences and results in building a safer and healthier environment for families, teachers and students.	E
5.4	All school constituents are able to articulate how the school community is safe, conducive to learning and fosters a sense of ownership that leads to greater student outcomes.	E
5.5	The school leader and student support staff work together to develop teachers’ ability to use data to respond to students’ social and emotional developmental health needs, so students can become academically and socially successful.	D

**Part 1b. Needs/Areas for Improvement:**

- Reflect on your school’s HEDI ratings (or self-ratings) in Part 1A, particularly any ratings of Developing and Ineffective.
- Summarize your school’s strengths and needs relative to this Capacity Framework element and DTSDE tenet (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data sources.

According to the 2013-2014 School Learning Environment Survey 99% of the scholars at MHBA feel safe within the school’s environment. Liberty Partnership through the Medgar Evers College provides support in the area of social – emotional learning for at-risk scholars, which has decreased our suspension rate for the months, September – November last year that totaled 6 suspensions, compared to this 2014-2015 year of 3. Our shared vision for a safe environment is articulated through our Faculty and parent/scholar handbook, weekly parent, team MHBA and scholar updates, as well as daily announcements.

The priority need in tenet 5 is for staff to be able to utilize data to respond to scholar’s social-emotional development. This includes using multiple sources of data: attendance, state exams, marking period grades, and anecdotal records recorded on Skedula to create a plan of action.

### Part 2 – Annual Goal

List your school’s 2014-15 goal for improving student outcomes and school performance that addresses Capacity Framework element – Supportive Environment. Your goal must be responsive to the identified priority need(s) indicated in Part 1b, and should be written as SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2015, multiple forms of data will be utilized to identify learning gaps and plan corrective, targeted instruction and reduce student suspensions by 50%.

### Part 3 – Action Plan

<b>Activities/Strategies:</b> Detail below the actions, strategies, and activities your school will implement to achieve the identified goal for this Capacity Framework element, including:	<b>Target Group(s)</b> <i>Who will be targeted?</i>	<b>Timeline</b> <i>What is the start and end date?</i>	<b>Key Personnel</b> <i>Who is responsible for implementing and overseeing the activity/strategy?</i>

Scholar Day Orientation, Parent Teacher Meetings, and Staff Development ensures that the school community is working together to build trust in supporting the social emotional needs of the scholars.	School Community	9/3/14 – 6/1/15	Admin

#### **Part 4 – Resources Needed**

Indicate resources needed to implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

1. Funding source for partnership support through Liberty Partnership.
2. Per Session funding for teachers to facilitate at-risk programming for scholars and parents.
3. Common scheduling that allows teachers to meet with scholars during Champion Mondays, Interventions Classes, Guidance and Character Education.
4. Building permits to conduct meetings both after school and on weekends that would convenient for parents.

#### **Part 5 – Budget and Resource Alignment**

Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

x	Tax Levy	x	Title I Basic		Title I 1003(a)		Title IIA		Title III	x	P/F Set-aside		Grants
List below any additional funding sources that will be utilized to support achievement of the goal.													

#### **Part 6 – Progress Monitoring**

**Part 6a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. In this part:

1. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.
2. Specify a timeframe for mid-point progress monitoring activities.

5. By January 2015, reduce student suspensions by 25%
6. Mid-Point Benchmarks will include the analysis of suspension rates by January in comparison to the 2013-2014 school year.
7. Parent, scholars and teacher surveys will be conducted by February, during parent teachers conference to monitor feedback of improved support of social emotional learning and the impact is having on scholars outcomes.
8. Monitoring Skedula for teacher anecdotal each month to determine trends or scholars of concern to develop a plan of action.

**Part 6b. Complete in February 2015.**

1. Did the school meet the mid-point benchmark(s) in the timeframe specified?		Yes		No
2. If the mid-point benchmark(s) was not met, describe any revisions made to the action plan to achieve the goal?				

## Section 5: Needs Assessment, Annual Goals and Action Plans

**Section 5C – Capacity Framework Element - Collaborative Teachers:** Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement. *(Aligned to DTSDE Tenet 4: Teacher Practices and Decisions)*

### Part 1 – Needs Assessment

**Part 1a. HEDI Rating (Highly Effective, Effective, Developing, or Ineffective) for DTSDE Tenet 4:**

- For schools that received an Integrated Intervention Team (IIT) School Review Report: Enter the HEDI rating for each assessed Statement of Practice (SOP) on the chart below.
- For schools that did not receive an IIT School Review, or did not receive a HEDI rating for one or more SOPs: Self-rate your school for that SOP, informed by an analysis of student performance trends and any major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other relevant qualitative and quantitative data. Enter your HEDI self-rating(s) on the chart below.

Tenet 4 Statement of Practice (SOP) Addressed		HEDI Rating
4.2	Teachers use instructional practices and strategies organized around annual, unit and daily lesson plans to meet established student goals and promote high levels of student engagement and inquiry.	D
4.3	Teachers provide coherent, appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students to achieve targeted goals.	D
4.4	Teachers create a safe environment that is responsive to students' varied experiences, tailored to the strengths and needs of all students, and leads to high levels of student engagement and inquiry.	D
4.5	Teachers use a variety of data sources including screening, interim measures and progress monitoring to inform lesson planning, develop explicit teacher plans and foster student participation in their own learning process.	D

**Part 1b. Needs/Areas for Improvement:**

- Reflect on your school's HEDI ratings (or self-ratings) in Part 1A, particularly any ratings of Developing and Ineffective.
- Summarize your school's strengths and needs relative to this Capacity Framework element and DTSDE tenet (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data sources.

Our school's schedule fosters opportunities for teachers to engage in collaborative team planning at minimum twice a week. Additionally teachers engage in bi-weekly intervisitations to observe instruction for 3c of the Danielson Framework along with analyzing 1e – designing coherent instruction with a specific focus on multiple points of access for all students through lessons that are aligned to the CCLS. One of our needs in developing the consistency in coherent lesson plans that are both engaging and ensure that all learners develop inquiry skills.

### Part 2 – Annual Goal

List your school's 2014-15 goal for improving student outcomes and school performance that addresses Capacity Framework element – Collaborative Teachers. Your goal must be responsive to the identified priority need(s) indicated in Part 1b, and should be written as SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2015, 100% of teachers create rigorous lessons with differentiated tasks and embedded higher order questions that challenge students thinking and engages them in meaningful learning.

### Part 3 – Action Plan

Activities/Strategies: Detail below the actions, strategies, and activities your school will implement to achieve the identified goal for this Capacity Framework element, including:	Target Group(s) Who will be targeted?	Timeline What is the start and end date?	Key Personnel Who is responsible for implementing and overseeing the activity/strategy?

Professional development on Unit and Lesson Planning will be provided on the school level through the support of administration.	Teachers	9/3/14 – 6/1/15	Administration
Teacher learning plans will address targeted areas of needs to customize supports that focus specifically on developing engaging and CCLS curriculum that is both rigorous and builds higher order thinking.	Teachers	9/3/14 – 6/1/15	Administration
CCLS Curriculum nights will be conducted for parents to demonstrate the inquiry skills and higher order thinking questions.	Parents	9/3/14 – 6/1/15	Administration, parent coordinator, teachers
The teachers will develop the element of trust through teacher team meetings that allow for safe discussion on best practices and the development of unit/lesson plans	Teachers	9/3/14 – 6/1/15	Teachers, administration

#### **Part 4 – Resources Needed**

Indicate resources needed to implement this action plan, including human resources, instructional resources, schedule adjustments, etc.

- Strategic scheduling, which provides teachers with a minimum of two common planning periods to discuss curriculum planning that includes units and lessons.
- Per Session allocated for professional development that is targeted to specific learning needs of teachers.
- Support of CFN#535, to support new teachers as well as facilitate curriculum planning workshops.
- Building permits to conduct after school and Saturday workshops for parents.

#### **Part 5 – Budget and Resource Alignment**

Indicate using an “X” the fund source(s) that will be utilized to support achievement of the specified goal.

X	Tax Levy	X	Title I Basic		Title I 1003(a)		Title IIA		Title III	X	P/F Set-aside		Grants

List below any additional funding sources that will be utilized to support achievement of the goal.

#### **Part 6 – Progress Monitoring**

**Part 6a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. In this part:

3. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.
4. Specify a timeframe for mid-point progress monitoring activities.

By January 30, 2015 50% of teachers will demonstrate use of curriculum maps, unit plans and lessons aligned to higher order learning tasks that build critical thinking through inquiry using the Danielson Framework.

By January 30, 2015 the CCLS curriculum night will be conducted for parents to develop their understanding of the strategies and skills required of scholars to master higher order tasks.

By January 30, 2015 a review of teacher team meeting notes and agendas to ensure modification of curriculum plans are being conducted.

**Part 6b.** Complete in **February 2015.**

1. Did the school meet the mid-point benchmark(s) in the timeframe specified?		Yes		No
---	--	-----	--	----

2. If the mid-point benchmark(s) was not met, describe any revisions made to the action plan to achieve the goal?

2.3	Leaders effectively use evidence-based systems to examine and improve individual and school-wide practices in the critical areas (student achievement, curriculum & teacher practices; leadership development; community/family engagement; and student social and emotional developmental health) that make progress toward mission-critical goals.	D
2.4	Leaders make strategic decisions to organize resources concerning human, programmatic and fiscal capital so that school improvement and student goals are achieved.	E
2.5	The school leader has a fully functional system in place to conduct targeted and frequent observations; track progress of teacher practices based on student data, feedback and professional development opportunities; and hold administrators and staff accountable for continuous improvement.	E

**Part 1b. Needs/Areas for Improvement:**

- Reflect on your school’s HEDI ratings (or self-ratings) in Part 1A, particularly any ratings of Developing and Ineffective.
- Summarize your school’s strengths and needs relative to this Capacity Framework element and DTSDE tenet (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data sources.

School leaders use data to drive make strategic decisions that best utilizes resources that include human, programmatic and fiscal capital as evident by scheduling, coverages, and resources used for instructional purposes. The Vision of the school is clearly articulated through the schools culture that is messaged through weekly MHBA updates that serves to provide instructional and school-wide expectations. Family engagement is a top priority, which is addressed through the position of the Director of Family engagement who customizes workshops for parents to meet their scholar’s for improved outcomes.

Area of improvements and identified need is how to effectively use of evidence based systems to create strategic plans that will improve student achievement and teacher practices, which is supported by the state results of: 14.1% proficiency in ELA and 15.2% proficiency in Math. According the NYCDOE Advance Measure for Teachers Progress the data indicted 2.70 in 3b, 2.75 in 3c, 2.66 in 3d; 2.75 in 3e, was the score attained specifically in the area of instruction.

### Part 2 – Annual Goal

List your school’s 2014-15 goal for improving student outcomes and school performance that addresses Capacity Framework element – Effective School Leadership. Your goal must be responsive to the identified priority need(s) indicated in Part 1b, and should be written as SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2015 individualized plans will be prepared for 100% of teachers using observations and scholars’ data to design and deliver relevant Professional development opportunities that address the needs of teachers and to improve

instructional outcomes.

**Part 3 – Action Plan**

<b>Activities/Strategies:</b> Detail below the actions, strategies, and activities your school will implement to achieve the identified goal for this Capacity Framework element, including: 1. Research-based instructional programs, professional development, and/or systems and structures needed to impact change 2. Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH). 3. **Part 6 – Progress Monitoring**

**Part 6a.** Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. In this part:

1. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.
2. Specify a timeframe for mid-point progress monitoring activities.

By January 2015, professional learning plans will be used for mid-year evaluations to measure progress towards making goals and show evidence that 50% of teachers met the professional learning targets

**Part 6b.** Complete in **February 2015.**

1. Did the school meet the mid-point benchmark(s) in the timeframe specified?		Yes		No
2. If the mid-point benchmark(s) was not met, describe any revisions made to the action plan to achieve the goal?				

## Section 5: Needs Assessment, Annual Goals and Action Plans

**Section 5E – Capacity Framework Element - Strong Family and Community Ties:** The school creates a welcoming environment for families and takes advantage of community resources to enrich the civic life of the school. *(Aligned to DTSDE Tenet 6: Family and Community Engagement)*

## Section 7: Title I Program Information

**Directions:**

3. All schools must indicate their Title I status in Part 1
4. All elements of the *All Title I Schools* section must be completed in Part 2
5. All Targeted Assistance (TA) Schools must also complete the *TA Schools Only* section in part 3
6. All Schoolwide Program (SWP) schools must also complete the *SWP Schools Only* section in Part 4
7. If a required component is addressed elsewhere in this plan, you may refer to the page number(s) where the response can be found
8. For additional information, visit the [Title I Intranet webpage](#)

**Part 1: Title I Status**

Indicate with an "X" your school's Title I Status.			
<b>X</b>	<b>Schoolwide Program (SWP)</b>	<b>Targeted Assistance (TA) Schools</b>	<b>Non-Title I</b>

**2a. Highly Qualified Teachers (HQT)**

Describe the strategies and activities including strategies for recruitment, retention, assignments, and support including high quality professional development that ensures staff is highly qualified.

1. Collaboration with the Teacher Recruitment and Quality Department for recruitment purposes.
2. Opportunity for Leadership by through the participation on the Instructional Cabinet
3. Professional Development that is offered on site and at CFN#535 to support instructional practices
4. Appointing lead teachers for grade level and departments.

Weekly administrative led professional development in the areas of Charlotte Danielson Framework to improve instructional practices.

**2b. High Quality and Ongoing Professional Development**

Describe the strategies and activities for high quality professional development for teachers, principals, and paraprofessionals, and staff that enable all students to meet Common Core State Standards (CCSS).

**3a. Use of Program Resources**

Describe how the TA program resources will assist participating children to meet proficiency.

**3b. TA Coordination with the Regular Program**

Describe the planning, coordination and support of the TA program with the regular educational program (i.e., providing ELT, accelerated, high-quality curriculum, including applied learning; and minimize removing children from the regular classroom during regular school day).

**Part 4: SWP Schools Only**

**4a. Transition Plans to Assist Preschool Children (Elementary Schools Only)**

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention

services, etc.).

**4b. Measures to Include Teachers in Decisions Regarding Assessments**

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.

Teachers meet during scheduled professional development to analyze assessments that will be administered:

1. School Net development of ELA and Math exams
2. DBQ bases testing that is aligned to the MOSL exams, questions are identified using pervious NYS exams and publisher resources.

Vendors provide professional development:

- Curriculum Associates
- McDougal Litttel
- Glencoe

CFN#535 provide instructional support for the development of assessments in areas such as science and socials studies.

**4c. "Conceptual" Consolidation of Funds in SWP Schools**

**Directions:** All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes<sup>1</sup>. To be eligible for the flexibility consolidation of Federal funds enables, a Schoolwide Program school must identify in its Schoolwide plan (SCEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated<sup>2</sup>. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '15 school allocation amounts.)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , page # references where a related program activity has been described in this plan.

Tax Levy (FSF)	Local	1504796	x	11, 14, 17,23

**<sup>1</sup>Explanation/Background:**

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

<sup>2</sup>The **intent and purposes** of the Federal programs indicated on the chart above (Part 4C of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I School Improvement 1003(a)** - support implementation of school improvement activities identified through the Diagnostic Tool for School and District Effectiveness (DTSDE) reviews or a school review with district oversight and included in the DCIP/SCEP.
- **Title I Priority and Focus School Improvement Funding:** support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

**Important Note:** The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive educational plan.
- **Title I Priority and Focus School Parent Engagement Set-aside:** Additional set-aside is to enable greater and more meaningful parent participation in the education of their children.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process, including Title I 1003(g) SIG or SIF funds:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

## Section 9: Parent Involvement Policy (PIP) and School Parent Compact (SPC)

*(Required for All Title I Schools)*

**Directions:** All Title I schools are required to develop a **Parent Involvement Policy (PIP)** that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's PIP should align with current SCEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

---

### Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **Mott Hall Bridges Academy**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **Mott Hall Bridges Academy** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school's Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1<sup>st</sup> of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;

- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand

### School-Parent Compact (SPC) Template

**[School name]**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards and Assessments.

#### **I. School Responsibilities**

*Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:*

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the Common Core State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the No Child Left Behind (NCLB) Act;

*Support home-school relationships and improve communication by:*

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting prior to December 1<sup>st</sup> of each school year for parents of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent Involvement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent Involvement Policy and School-Parent Compact are distributed and discussed with parents each year;

*Provide parents reasonable access to staff by:*

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

*Provide general support to parents by:*

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional development opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent Involvement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the No Child Left Behind Title I requirement for Elementary Secondary Education Act (ESEA) and Title I programs;

## **II. Parent/Guardian Responsibilities:**

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent Involvement Policy

and this Compact;

- participate in or request training offered by the school, district, central and/or State Education Department learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Committees, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

### **III. Student Responsibilities:**

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

**OFFICE OF ENGLISH LANGUAGE LEARNERS  
GRADES K-12 LANGUAGE ALLOCATION POLICY  
SUBMISSION FORM  
2013-14 TO 2014-15 SCHOOL YEARS**

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based language allocation policy (LAP) that describes quality ELL programs. This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's CEP. Agendas and minutes of LAP meetings should be kept readily available on file in the school. Also, when preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. **After reviewing and analyzing the assessment data, answer the following:**

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.  
The school uses the 2013 NYSESLAT results and Fontas and Pinnell's independent reading level and writing skills to assess ELLs. The assessments indicates students overall strength and weakness in Phonemic Awareness and reading comprehension. This data helps inform our school's instructional plan by indicating that a significant portion of instructional time should be dedicated to phonemic

awareness as well as letter and word recognition.

2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?  
The results of the 2013 NYSESLAT indicates that the one sixth grader and one seventh grader in the school scored an advanced level on the exam.
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))

Upon examining the results of the NYSESLAT modalities, both students need to improve their listening skills. This can be done by first making sure that students understand what it is that is being taught in the classroom. Having students repeat orally what is expected of them will help build on this skill. Teaching students how to pay attention to verbal instruction and lesson is also very imperative.

Based on the NYSESLAT result, one of the ESL students need more support in their reading and writing because they failed to meet proficiency in this area by several points.

4. For each program, answer the following:
  - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
  - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
  - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?

The data shows that our students is reaching proficiency in the four modalities. As a result, the support to this student will be increased this year by providing extra support during the literacy block, the teacher will differentiate instruction, according to the student's instructional level. The teachers in the building meets with the ESL teacher to discuss materials and strategies that can be used with the ELL students. School leaders and teachers analyzed the ELL assessmet used continuously to inform the instruction of the students whenever needed. Professional development will be offered by the ESL teacher, DOE and BETAC on different ways to used periodic assessments and strategies that can be used in the classroom.

5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)

Paste response to question here:

6. How do you make sure that a child's second language development is considered in instructional decisions?

Paste response to question here:

ELL's especially new-comers demonstrate needs for both academic contents and second language acquisition. Making sure that lesson and instruction carries dual objectives such as content objective and language objectives. Differentiated activities and material requiring different linguistic readiness are included. The following methods should be used to support all ELL students: scaffolding, the use of various ESL strategies, vocabulary development, grammar and phonics.

7. For dual language programs, answer the following:
  - a. How are the English-proficient students (EPs) assessed in the second (target) language?
  - b. What is the level of language proficiency in the second (target) language for EPs?
  - c. How are EPs performing on State and City Assessments?

Paste response to questions here:

8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).

The success of our ELL program is determined by scores on the NYSESLAT. The movement a students make from one performance level to another over several years is another indicator of the effectiveness of the ELL program. We are clearly focused on the students' scale score and performance level on the NYS ELA and Math exams. In addition, classroom progress and student's participation is another indicator of the success of the programs for ELL.

## Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)  
When a student is admitted to the NYC school system, parents are actively involved in all aspect of the decision making process. When a parent registers their child in the New York City School District for the first time, the principal or ESL teacher administers a Home Language Identification Survey (HLIS) to the parents to fill out in order to determine what language the child speaks at home. An informal interview is also conducted with the parent and child to find out more about the child and their knowledge of the English Language. Once the HLIS is collected from the parents and the form states that a language other than English is used as the primary language at home, the child is then eligible for the LAB-R. The LAB-R has to be administered within the first ten days of enrollment in the school.  
Students who speaks Spanish and scored below proficiency on the LAB-R, are then administered the LAB. The LAB identifies the language that the student is most dominant in. Once all exams are administered to student, parents are mailed an entitlement or non-entitlement letter for the ESL program within the ten days. Parents are also given a date to attend a parent's orientation with the ESL teacher, parent coordinator, and possibly with other parents.  
For students who are readmitting into the NYCDOE The following reports will be printed: BIOS, HIST, HIBE, HIAD, and other requested documents that are deemed appropriate to determine the correct placement of program.
2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.

All parents of students identified as ELLs are contacted and students are tested within 10 days. Parents are also given a date to attend a parent's orientation with the ESL teacher, parent coordinator, and possibly with other parents. The orientation takes place within the week of the parents being notified of the child's availability into the ESL program. Parents will have the opportunity to view a video, given brochure information in their native language and discuss what program is available in the school. The orientation video is conducted in the parent's native tongue. The video offers parents three program options (Transitional Bilingual Education, Dual Language and Freestanding ESL). The video, brochures and discussion are used to help parents make a more informed decision. During the orientation parents watch and discuss the different programs that are available to them and their family. The ESL teacher also describes the programs that are available at the school. If the program that the parents decide is not available at the school, the ESL teacher is obligated to help parents to find a school that offers the program. The ESL teacher informs the parents that the school could place them on a waiting list until they have 15 or more students with the same language and grade to open up a bilingual class. Parent brochures in the parents native language are also given at the orientation so the parents could review the different choices that are available to them. Parents are informed that the form needs to be returned within two to five days. They are informed that if they do not return the form, that their child will automatically be places in a Transitional Bilingual Education Program. If the school does not offer a Transitional Bilingual Education Program, the student would be placed in school that offers Transitional Bilingual Education. The ESL teacher would follow up with parents with a phone call in the Parent's native language to ensure that Transitional Bilingual Education is what they want. A follow up letter would be mailed out to the parents to remind them to return the Parent Survey and Choice option. After reviewing the Parent Survey and Program Selection forms, we found that all of our ELL parents had chosen to place their children in the Freestanding ESL class instead of Transitional Bilingual Education or Dual Language ones.

3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [\[see tool kit\]](#).)  
Once all LAB-R and LAB exams are administered to students within the first ten day of registering. Parents are mailed an entitlement or non-entitlement letter for the ESL program within the ten days. Parents are also given a date to attend a parent's orientation with the ESL teacher, parent coordinator, and possibly with other parents. Forms are stored in a secured cabinet in the designated ELL binder.

4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.

After students are assessed, the parents are invited to an orientation where they will learn more about the different programs that is offered in the school. At the orientation, parents will have the opportunity to view a video, given brochure information in their native language and discuss what program is available in the school. The orientation video is conducted in the parent's native tongue. The video offers parents three program options (Transitional Bilingual Education, Dual Language and Freestanding ESL). The video, brochures and discussion are used to help parents make a more informed decision. During the orientation parents watch and discuss the different programs that are available to them and their family. The ESL teacher also describes the programs that are available at the school. If the program that the parents decide is not available at the school, the ESL teacher is obligated to help parents to find a school that offers the program. Parent brochures in the parents native language are also given at the orientation so the parents could review the different choices that are available to them. Parents are informed that the form needs to be returned within two to five days. They are informed that if they do not return the form, that their child will automatically be placed in a Transitional Bilingual Education Program. If the school does not offer a Transitional Bilingual Education Program, the student would be placed in school that offers Transitional Bilingual Education. The ESL teacher would follow up with parents with a phone call in the Parent's native language to ensure that Transitional Bilingual Education is what they want. A follow up letter would be mailed out to the parents to remind them to return the Parent Survey and Choice option. After reviewing the Parent Survey and Program Selection forms, we found that all of our ELL parents had chosen to place their children in the Freestanding ESL class instead of Transitional Bilingual Education or Dual Language ones.

5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

A schedule is made to administer the exam during a two week period. Parents are notified by mail and phone that their child will be taking the NYSESLAT exam. Each day students are given a different section of the exam. Students who missed any exams will be given additional days to make it up.

6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway. 
- The ESL program offered at our school is aligned with parent's requests. The program that is available embraces all different types of language. Many of the program tha the students use offer students information in their native language. We work on preparing the students for the 21st century. We provide information to our ELL parents through newsletter, during Parent-Teacher Conferences or individual meetings. We have an open door policy to our ELL parents to come and visit our classrooms to see what's taking place, to get a better understanding of their options.

## A. Programming and Scheduling Information

1. How is instruction delivered? (see [The Practitioners' Work Group for Accelerating English Language Learner Student Achievement: Nine Common Features of Successful Programs for ELLs](#))
  - a. What are the organizational models (e.g., departmentalized, push-in [co-teaching], pull-out, collaborative, self-contained)?
  - b. What are the program models (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class])?

Instruction is delivered in a collaborative fashion where the ESL teacher works together with the general education and other subject area teachers to plan instruction in a differentiating matter to meet the needs of all English Language Learners in the school. The ESL teacher works together with other teachers to differentiate instruction so that all students are able to understand the lesson being taught. The organizational model for instruction is pull out method. Instruction in this class are differentiated and students are group based on their levels, their understanding of the English language, and skill that is being taught that period. The ESL teacher work closely with the ESL students to make sure that they understand what is being taught in the class. During the pull out sessions, students work on reading, writing, and communicating in English. Focus is also placed on preparing the students for the NYSESLAT and the different assessment that the students will be required to take that school year.

2. How does the organization of your staff ensure that the mandated number of instructional minutes is provided according to proficiency levels in each program model (TBE, Dual Language, ESL)?
  - a. How are explicit ESL, ELA, and NLA instructional minutes delivered in each program model as per CR Part 154 (see table below)?

All staff members in the building are given a schedule that notifies the teachers of all ESL students, their proficiency levels, how many hours they are required by the law to be serviced based on their proficiency level, and when they will be serviced. Students labeled as beginners and intermediate receive 360 minutes of instruction per week in pull out method. Advanced students receive 180 minutes of instruction in pull out method.

3. Describe how the content areas are delivered in each program model. Please specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.

A certified ESL teacher will provide ESL as required by the student's proficiency level. This will be as a pull out model for the students which will be programmed and scheduled in an alternative setting. One ELL student is proficient in the Reading/ Writing and Speaking section of the NYSESLAT. The other ESL student is proficient in the Speaking section of the NYSESLAT. The ESL teacher provides 180 minutes a week to the advanced students. The ELA mandated units will be provided by the certified ELA teacher. Our school currently has a part-time ESL teacher who provides services to students and collaborate with the ELA teachers to ensure students are receiving adequate support and understanding of strategies and skill taught to improve academic progress. Students receive 4 periods of ESL with a certified ESL teacher and the ELA mandated units will be given to students

4. How do you ensure that ELLs are appropriately evaluated in their native languages throughout the year?  
Paste response to question here:
5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?  
ESL teacher creates goals based on the NYSESLAT exam. ELLs are evaluated throughout the year based on classwork and assessments that is provided and used by the ESL and classroom teachers. Lessons that are provided to the ELL students covers all four modalities. A pre and post assessment is used during lessons. In addition, the teacher takes conference notes of the students progress throughout the lesson.
6. How do you differentiate instruction for ELL subgroups?
  - a. Describe your instructional plan for SIFE.
  - b. Describe your plan for ELLs who have been in US schools less than three years (newcomers)..
  - c. Describe your plan for ELLs receiving service 4 to 6 years.
  - d. Describe your plan for long-term ELLs (completed 6+ years).
  - e. Describe your plan for former ELLs (in years 1 and 2 after testing proficient).

### SIFE Students

Although Mott Hall Bridges Academy does not have any Students with Interrupted Formal Education. Sife students would be assessed to identify weakness and strengths. Individualized meetings with parents to provide them with an individual plan based on the

needs of the SIFE student. A complete assessment for these students will be conducted to find out areas of deficiency to help provide necessary teaching and learning strategies. At the same time, we would refine and enhance students' prior knowledge and boost confidence. They would be supported with ESL and Guidance Intervention support services provided by the ESL Teacher and the guidance counselor. Literacy support would be provided in the classroom as well as individual tutoring provided by the ESL Teacher in the student's native language. The English Teacher and the ESL Teacher would also utilize a collaborative team teaching approach to address the needs of these students.

In addition, the following plans are also used:

Making an individualized student needs assessment

Creation of an AIS plan for the student focus on the literacy and math component

Grade appropriate instructional support materials

Differentiation of instruction in all areas

Staff will receive professional development by the ESL teacher on strategies that benefit SIFE within the classroom

Professional development will also be offered in the new ALLAD assessment to identify SIFE students

An analysis of their scores on the NYSESLAT, ELA and Math assessment suggest that their problem is one of reading and writing. Our action plan for this group involves:

An after school program, targeting reading and writing

Monitoring the progress of students in all content areas to differentiate instruction for literacy needs.

Plan for Special Needs Students

Our policy for special needs students includes:

Ensure that teachers of students with an IEP are familiar with students' particular needs and all services are provided accordingly to the IEP mandates.

Collaboration between the ESL teacher IEP contact person.

Monitoring newcomer and SIFE student for possible special need status.

The delivery of AIS services after school.

Newcomers

When a new student is registered in our school, we provide an informal student orientation and the following resources to facilitate the transition. Newcomers work in pairs with students in the advance language level. Their different cultural backgrounds are considered as assets. Students challenge, support and learn from each other. We give newcomers assessments first, then set individual goals for each student and reach them with ESL methodologies.

Achieve 3000 is used to support instruction.

Buddy system identifying a similar student in his/her class that will assist during the day

Encourage student to participate in the After School activities

An informal assessment is provided to identify possible Academic Intervention Programs

Home School Communication

Long-term ELL

Making an individualized student needs assessment

Additional focus on Reading/Writing are given to Long-term ELL's.

AIS is provided to students

Differentiation of instruction in all areas

Former ELLs

ESL teacher push-in students class to provide extra academic support

Students are Encouraged to participate in After School activities

Differentiatin of instruction in all areas

7. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?

Our policy for special needs students includes:

Ensure that teachers of students with an IEP are familiar with students' particular needs and all services are provided accordingly to the IEP mandates.

Collaboration between the ESL teacher IEP contact person.

Differentiation of instruction in all areas

SIOp methods

8. How does your school use curricular, instructional, and scheduling flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?

Special Education Teachers and ESL Teachers work collaboratively in reviewing the IEP goals and developing a plan of action for

the school year. Achieve 3000 is used to support students in academic success.

**Native Language Usage and Supports**

The chart below is a visual representation designed to show the variation of native language usage and supports across the program models. Please note that native language support is never zero.

TBE and dual language programs have both native language arts and subject areas taught in the native language; ESL has native language supports.

## B. Programming and Scheduling Information--Continued

9. Describe your targeted intervention programs for ELLs in ELA, math, and other content areas (specify ELL subgroups targeted). Please list the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered.
- Several different intervention programs and services are in place to support our ELL population. Achieve 3000 and an additional 150 minutes of instruction is provided to all ELL students every week through Extended Time Instruction. The SIOP plan is another form of intervention that is used in the school. The SIOP method is a lesson plan format that is used to support different ELL components. SIOP lesson plans are also used to tie together the different subjects in the school. Many visual, and hands on materials are included in this lesson format. Total Physical Response (TPR) and technology are also regularly used in the lesson.
10. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development.
- Currently the ESL program that is in place in the school is meeting the Listening/Speaking and Reading /Writing skills through the use of various methods.
11. What new programs or improvements will be considered for the upcoming school year?
- This school year the ESL teacher implemented the use of Achieve 3000 program. Which helps students develop the different modalities.
12. What programs/services for ELLs will be discontinued and why?
- There are no ELL programs that have discontinued in the school this year.
13. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.
- All students are given equal access to the different programs that are offered in the school. They are able to participate in everything that is available to any student in their grade level. Students are able to attend the after-school program where they will work on ELA, Math, Science, Social Studies and communication.
14. What instructional materials, including technology, are used to support ELLs (include content area as well as language materials; list ELL subgroups if necessary)?
- Technology plays a big role in our ESL program. The teacher has access to IPADS, computers and SMARTBOARD to support ELL students. Achieve 3000 is a technology based program that used to support students in content and language. The NYSESLAT and Beyond is another program that is used to build students in the different modalities.
15. How is native language support delivered in each program model (TBE, Dual Language, and ESL)?
- The Native Language of our students is embraced in the ESL program. Different activities celebrating the students' native language are also used in the ESL program. Dictionaries and thesauruses in the students' native language and English are provided to assist the students in the class where appropriate.
16. Explain how the required services support, and resources correspond to ELLs' ages and grade levels.
- The Common Core Learning State Standards and curricula are used to plan instruction and activities in the class. The different activities are differentiated based on the students' ages, grade, level of proficiency and ability.
17. Describe activities in your school that assist newly enrolled ELL students before the beginning of the school year. Please include activities for new ELLs who enroll throughout the school year.
- Our parent workshop series are offered to all parents who wish to hear information about upcoming events and activities that are planned and set up for the school year.
18. What language electives are offered to ELLs?
- Spanish is the only language elective that is offered in the school.
19. For schools with dual language programs:
- How much time (%) is the target language used for EPs and ELLs in each grade?
  - How much of the instructional day are EPs and ELLs integrated? What content areas are taught separately?
  - How is language separated for instruction (time, subject, teacher, theme)?
  - What Dual Language model is used (side-by-side, self-contained, other)?
  - Is emergent literacy taught in child's native language first (sequential), or are both languages taught at the same time (simultaneous)?

### C. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Please include all teachers of ELLs.)
2. What professional development is offered to teachers of ELLs (including ESL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?
3. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
4. Describe the minimum 7.5 hours of ELL training (10 hours for special education teachers) for all staff (including non-ELL teachers) as per Jose P.

Our Part-time ELL teacher receives professional development through the network. Professional development will be provided to every teacher in our school building on a regular basis by the ESL teacher and principal. All of our teachers will be provided with common preparation periods during which the Principal will engage teachers in study group activities and best practices for English Language Learners. These workshops are held on a weekly basis on all areas of the curriculum. The Principal, will also provide the teachers with professional development in Literacy, Mathematics, and Language Acquisition. Differentiated Instruction is embedded in all lesson planning and workshops.

Calendar Dates: September 4, 2013; November 5, 2013; June 5, 2014.

Lesson planning, thematic instruction and differentiation of instruction are some of the topics on the agenda. This staff development consists of study groups, modeling instruction and outside workshops. Part of the staff development will take place after school hours during the school year. Our teachers also attend professional development activities provided by DOE, BETAC, and by our CFN. Additionally, we will be implementing the SIOP model during the September 2013 - June 2014 school year. Professional Development support the alignment of curriculum to CCLS to support the needs of ELL students through scaffolding to support text complexity, building of vocabulary through visualization and providing background knowledge, and use of literary materials that allow students to make connections to content area.

Professional development will be provided by the ESL teacher to Special Education teachers who will receive 10 hours of ELL training and general education teachers will receive the 7.5 hours of ELL training as per state mandate. Some of the topics include basic ELL background, the school ELL intake, initial language learning (phonemic awareness, phonics, vocabulary and comprehension instructional strategies), academic vocabulary, childhood and adolescent development considerations, technology- based interventions, co-teaching, joint -ESL and classroom teacher goal setting and monitoring, task complexity, levels of questioning, and using data such as NYSESLAT and periodic assessment data to drive ELL instruction. In addition, teachers will attend workshops offered by DOE, BETAC and our CFN. These meetings will inform teachers about the compliance issues, identification of students as well as testing accommodations and strategies for differentiating and supporting ELLs in their classrooms. We plan to work very closely with the LIU BETAC to assist us in training our staff on ELL best practices to prepare our staff for the future. We hope to have more ELL students come to our school in the next few years and this will be our planning year to prepare a quality program.

The school guidance counselor also helps teachers with ELL students. He helps with the transition from middle school to high school by involving their parents in the process of learning which schools best meet their child's needs.

#### **D. Parental Involvement**

1. Describe ELL parent involvement in your school. Include specific activities that foster parental involvement for parents of ELLs.
2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

In our school parents are viewed as critical stakeholders in our students' academic achievement and as a result considerable efforts are made in order to engage them with knowledge about school events, activities and important information as well as strategies to assist their child with homework. Every effort is made to communicate in the parent's native language. All communication materials that are sent to their homes, is translated into Spanish (the dominant language of our student body). Our goal is to encourage families to be actively involved in the learning community of our school. The principal, staff and outside agencies will provide multiple workshops throughout the year to engage parents in the education of their children. If we have parents of newly enrolled ELL students, they will be provided with two orientation sessions. These sessions include the necessary information regarding their choices for the Transitional Bilingual, ESL or Dual Language Programs. These orientation sessions are separated and apart from regularly scheduled parent meetings and are conducted by the staff and the principal. Some topics that are covered: State standards, assessments, school expectations and general program requirements. Parents are invited to attend these workshops throughout the school calendar year of September 2013 and June 2014. A plethora of workshops are provided for the parents in English and Spanish. We occasionally invite community based organizations to send in special speakers and offer their services to our parents. We will evaluate parental needs by having parents fill out surveys indicating the type of workshops and/or services they would like us to offer.

#### **E. Additional Information**

Please include any additional information that would be relevant to your LAP and would further explain your program for ELLs. You may attach/submit charts. This form does not allow graphics and charts to be pasted.

## LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

*Requirement under Chancellor's Regulations – for all schools*

DBN: 23k671

School Name: Mott Hall Bridges

Cluster: 5

Network: 535

**Goal:** To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

### **Part A: Needs Assessment Findings**

---

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

In order to assess our school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language that they can understand, we used background information on our ELL population, observation of actual beginning of the year registration and review of the HLIS for the ELLs in our program. We then tabulated the number of parents that spoke languages other than English and determined that there was a need for translation of notices and information about a child's academic performance, ways to increase student achievement and enhance the parents' understanding of academic standards, assessments and tests. We also provide information on parent communication needs in the Language Allocation Plan for the school. The ESL teacher confer with the parents by telephone, and in one to one conferences on their individual communication needs.

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

Our school is located in Ocean Hill Brownsville, where the community as a whole is very diverse. This year, by far the dominant language spoken by parents is English. We do have two families whose primary language is Spanish. We used the inventory of languages from the HLIS, the OTELE report, and face to face communication with our families to assess the oral language needs of parents. Information regarding regarding these findings are provided to the school community during faculty conferences, grade level and teacher team meetings.

## Part B: Strategies and Activities

---

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

We assessed the number of parents who needed translation services to effectively communicate at PTA meetings, curriculum nights and Parent-Teacher conferences. We have staff members who speak Spanish. Written translation is available when needed and the Translation Interpretation Unit is contacted to support school translations. The school will distribute translated letters to identified parents whose native language are spoken at home. Since the Department of Education provides translated copies of all parents letters, these letters are printed and distributed at the same time as English letter. The notices announcing events occurring in our school will be translated in Spanish. ELL parent orientation materials will also be provided in their native languages. Written translation services will be provided by in-house by school staff and parent volunteers. Teachers, paraprofessionals and school aides who are native speakers will be paid to translate these documents after school hours.

Also, we plan to have interpreters in Spanish. They will be available to the parents for events such as PTA meetings, Family Literacy and Math Nights and Parent-Teacher conferences.

2. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Oral interpretation services will be provided in-house by school staff. We have staff members who speak French, Haitian Creole, and Spanish. Since Spanish and Haitian Creole are our ELL parents primary language, we have teachers to interpret in both Spanish and Haitian Creole during school activities. The notices announcing special events will be translated into the native language, and interpreters will be available to answer any questions that the parents may ask. This will enhance parents understanding of their child's academic performance and learn strategies and ways to help improve their child's academically. This will also encourage parents to become more active by attending PTA meetings, Parent-Teacher conferences, and open school week. We teachers, paraprofessionals and/or school aides also attend these functions to support parents and students.

3. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link: <http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

As per A-663 we will provide each parent whose primary language is a covered language and who require assistance service with a copy of the Bill of Parent Rights and Responsibilities in the main office, and the parent coordinator's office. We will make sure that school calendars and notices are translated in a timely manner to ensure that parents who need them actually receive them. We will make sure that teachers notify the office prior to a parent meeting where a translator is needed. In this manner, we may provide a school employee so that translation services will be provided. At the present time we have enough staff members to accommodate our translation needs. We do have signs in the lobby of our school advertising such services.
