Comprehensive Education Plan (CEP) Requirements

Which Schools Need to Complete the CEP?

All Reward, Recognition, In Good Standing and Local Assistance Plan (LAP) schools should identify and submit annual goals and action plans in consultation with their School Leadership Team (SLT).

- Develop the CEP in consultation with parents, school staff, the School Leadership Team (SLT), and others in accordance with the requirements of Chancellor's Regulations A-655 to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the CEP before it is approved.
- Align the identified goals to the strategies and activities in your Parent Involvement Policy (PIP). The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP so they directly align to the parent involvement activities that support each goal and action plan. All schools should cite strategies to increase parent involvement that align to the goal when applicable. Title I schools should reference these strategies and activities in the school's Title I Parent Involvement Policy (PIP).

Guidance for Developing Completing the Annual Goals and Action Plan Section

Goal setting for the CEP is done in collaboration with the school community to support student achievement and the implementation of school-wide goals as well as document how your school is meeting Federal, State, and City regulations. For SY 2013-14 when developing their goals, schools should do the following:

- Identify a minimum of three and a maximum of five annual goals.
- Align their goals with the current citywide instructional expectations.
- Develop goals that are "SMART" - specific, measurable, achievable, realistic, and time-bound.
- Conduct a needs assessment of your school
- Use quantitative and/or qualitative data in providing the rationale for each goal.
- Cite sources that contributed to the rationale such as the Progress Report, Quality Review, School Survey, state and school assessment results, attendance records, inquiry team work, etc. to form the basis of your needs assessment.
- Cite the strategies and activities within each goal and action plan requires your school to in your Parent Involvement Policy (PIP) that will be implemented to achieve the goal identified. The PIP template is provided on pages 12 and 13. Your school is encouraged to use the template as it is provided, or align it in accordance with your school's goals, or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. You may use or amend relevant sections of your PIP directly to respond to the parental involvement section of each goal and action plan.
- Enumerate the strategies and activities that will be implemented to achieve each goal.
- Identify all fund sources that will be used for the completion of each activity.
- List the projected timeline for completion of each activity, including the start and end date of each activity.
- Describe the programmatic details and resources that will be used for each instructional strategy and activity described for each goal. Do not include the cost for each line-item-expenditure for the strategies and activities listed within the action plans.

In an effort to ensure the recruitment and hiring of highly qualified teachers a variety of strategies and activities were implemented. Teachers applied through New Teacher Finder. A rubric was created by a committee consisting of the principal, UFT representative and Network 401 staff members. After careful review and evaluation, the candidate's resumes and cover letters interviews were conducted through the 18-D Process. In addition to the interview, candidates were encouraged to bring artifacts that demonstrated best practices of their teaching experience and pedagogy. New teachers are provided support and guidance through the New Teacher Mentoring Program.

Transition Plans to Assist Preschool Children (Elementary Schools Only)

Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.).

- We designed a Pre- k unit of study in collaboration with Bank Street Center for Emotionally-Responsive Practice entitled, Building Bridges that is introduced the last month of school. It provides students with many opportunities to engage in activities that prepares them for the transition to kindergarten. It includes reading stories, visiting classrooms, engaging in cooperative activities with kindergarteners and many more.
- Families are invited to attend a Stepping-Up ceremony where they participate in the sharing and celebration of the learning and transition to kindergarten.
- Incoming families are invited to attend our Family Day event in August. It is a day of getting to meet their teachers, other staff members, visit their classrooms, get to know other families and students in their classes and meet with representatives from local community organizations.
- Our school secretary assists families with the kindergarten registration process. She sends out reminders, makes appointments to meet with families or calls them to offer support.
- Our pre-k social worker meets with families and provides workshops to support the transition.

Measures to Include Teachers in Decisions Regarding Assessments

**Directions and Guidance for Developing and Updating the
Parent Involvement Policy (PIP) (Required for Title I Schools ONLY)**

The template below meets the parental involvement requirements of Title I. Your school is encouraged to use the template below to update your school's current policy or replace it entirely with a Parent Involvement Policy created by your school that meets federal requirements. The activities and/or strategies included in your school's policy should align with current CEP goals for improving student achievement.

The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if your school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in your policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in our school. Therefore, our school, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between our school and the families. Our school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team and Parent Teacher Association as trained volunteers and welcomed members of our school community. Our school will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of our school community;

Our school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. Our school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of our school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent-Teacher Association, as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, our school will:

- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in our Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent-Teacher Association. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

4c. "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds enables, a Schoolwide Program school must identify in its Schoolwide plan (SCEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes

of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '15 school allocation amounts.)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , page # references where a related program activity has been described in this plan.

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4C of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I School Improvement 1003(a)** - support implementation of school improvement activities identified through the Diagnostic Tool for School and District Effectiveness (DTSDE) reviews or a school review with district oversight and included in the DCIP/SCEP.
- **Title I Priority and Focus School Improvement Funding:** support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive educational plan.
- **Title I Priority and Focus School Parent Engagement Set-aside:** Additional set-aside is to enable greater and more meaningful parent participation in the education of their children.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process, including Title I 1003(g) SIG or SIF funds:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

After reviewing and analyzing the assessment data, answer the following:

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., ECLAS-2, EL SOL, Fountas and Pinnell, DRA, TCRWP). What insights do the data provide about your ELLs? How will this data help inform your school's instructional plan? Please provide any quantitative data available to support your response.
We currently do not have an ELL population attending our school however; if this were to change we would use Fountas Pinnell for all assessments of early literacy skills for our ELLs. We would utilize teacher made assessments. Information from these assessments could help teachers stay focused, measure progress and plan for targeted instruction to support students in moving forward.

2. What is revealed by the data patterns across proficiency levels (on the LAB-R and NYSESLAT) and grades?
Data from the LAB-R revealed that students who had identified a language other than English on the Home Language Survey scored higher than the score which entitles Bilingual/ESL services.
3. How will patterns across NYSESLAT modalities—reading/writing and listening/speaking—affect instructional decisions? How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAQ tool](#))
We are a new school with a gradual rollout of a grade a year. We currently have two pre-kindergarten classrooms and two kindergarten classrooms therefore do not have data that can be aggregated and analyzed.
4. For each program, answer the following:
 - a. What are the patterns across proficiencies and grades? How are ELLs faring in tests taken in English as compared to the native language?
 - b. Describe how the school leadership and teachers are using the results of the ELL Periodic Assessments.
 - c. What is the school learning about ELLs from the Periodic Assessments? How is the native language used?
 We are a new school with a gradual rollout of a grade a year. We currently have two pre-kindergarten classrooms and two kindergarten classrooms therefore do not have data that can be aggregated and analyzed.
5. Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). (see [RtI Guide for Teachers of ELLs](#).)
Not Applicable
6. How do you make sure that a child's second language development is considered in instructional decisions?
Classroom teachers implement the use of specific TESOL methodologies which include picture support, preferential seating, word development, bilingual dictionaries and giving the student allotted wait time for responding.
7. For dual language programs, answer the following:
 - a. How are the English-proficient students (EPs) assessed in the second (target) language?
 - b. What is the level of language proficiency in the second (target) language for EPs?
 - c. How are EPs performing on State and City Assessments?
 Not Applicable
8. Describe how you evaluate the success of your programs for ELLs (e.g. meeting AYP for ELLs, etc.).
Not Applicable

Part IV: ELL Identification Process

Describe how you identify English Language Learners (ELLs) in your school. Answer the following:

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the Home Language Identification Survey (HLIS) which includes the informal oral interview in English and in the native language, and the formal initial assessment. Identify the person(s) responsible, including their qualifications, for conducting the initial screening, administering the HLIS, the LAB-R (if necessary), and the formal initial assessment. (Refer to [ELL Policy Brief](#) and [EPIC](#).)
When parents come to enter their children into our school, they immediately are asked by our school secretary and parent coordinator to produce paperwork that proves their address: bills, letter from landlord. Once this is established, this team also asks the parents for birth certificate and immune records. A licensed pedagogue assists the parent in filling out the Home Language Identification Survey. If the parent is having a difficult time understanding what is requested of them, we seek out a translator to conduct the interview. All paperwork is then given to the parent in their home language.
During this informal interview with the parent, it is determined which language they are dominate in. If the parent writes down that the child speaks, reads and writes in English, the teacher conducting the interview will assign a language OTELE code on the HLIS form that is NO (which means English only). If the parent indicates that the child speaks, reads and writes in a language other than English the interviewer will assign a language OTELE code and notify the principal immediately so that accommodations can be made. As a second procedure, the interviewer will also give written notification that this child speaks another language to the principal.
If the OTELE code is something other than NO, the LAB-R is administered to the student by a licensed Teacher within the first 10

days of school. The ESL teacher runs a report on the ATS to determine which students have a home language other than English. In our school, the principal and assistant principal speak both English and Spanish. We also have a teacher that could conduct the Spanish LAB-R.

2. What structures are in place at your school to ensure that parents understand all three program choices (Transitional Bilingual, Dual Language, Freestanding ESL)? Please describe the process, outreach plan, and timelines.
We currently do not have any students identified as an ELL student. If we did, we would conduct a Parent Orientation Meeting for English Language Learners with parents in the first 2 weeks of school, right after drop off. At this meeting, a teacher would carefully explain the process of identifying children. The teacher would also present a DVD from the Department of Education that is in either English or their home language. If a translator is needed to explain the different options to the parents, at least one of the following staff, Ms. Abbas or Ms. Peralta, would attend the Parent Orientation Meeting.
If the parent spoke another language other than Spanish, the Assistant Principal would contact the appropriate translator from the DOE for this meeting. After this meeting, the parents would be welcomed to take home the DVD for their perusal. The parents also would have an opportunity to ask any questions.
Lastly, the assistant principal would offer information to the parents for adult ESL classes in the area, including adult education facilities and local public libraries.
3. Describe how your school ensures that entitlement letters are distributed and Parent Survey and Program Selection forms are returned, and secured/stored. (If a form is not returned, the default program for ELLs is Transitional Bilingual Education as per CR Part 154 [\[see tool kit\]](#).)
We would conduct a parent orientation meeting for all parents of ELL students. During this orientation, we would have parents complete Parent Survey and program selection forms. All documents would then be secured in the building and kept on file for as long as the student attended the school.
4. Describe the criteria used and the procedures followed to place identified ELL students in bilingual or ESL instructional programs; description must also include any consultation/communication activities with parents in their native language.
We would refer to the [ELL Policy Brief](#) and [Toolkit links](#).
5. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.
Not Applicable
6. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? (Please provide numbers.) Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings? Describe specific steps underway.

2. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
3. How do you evaluate the needs of the parents?
4. How do your parental involvement activities address the needs of the parents?

As we continue to grow and expand the grades if we had an identified ELL population, we would support the needs of parents of ELL students by: encouraging them to attend monthly "First Fridays" in classrooms to learn more about curricula and ways to support their children at home. In addition the PTA would host multiple events where all parents and students would be encouraged to participate. Translation services will be available.

We also would encourage involvement of parent volunteers in our school. The parents could contribute in many ways to our school. During First Friday, parents would be welcomed to come in and read to the children in their classrooms. We would encourage our ELL parents to also read to their children in their native tongue in their children's classrooms. Parents are invited to attend many school/community building events such as harvest fairs and movie night.

We would strongly encourage parents to be actively involved in their children's academic life. We would design parent workshops around the supporting the individual needs of the students.

E. Additional Information

LANGUAGE TRANSLATION AND INTERPRETATION 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: 31R059 School Name: The Harbor View School

Cluster: 4 Network: 401

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

1. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

In addition to reviewing each students' Home Language Information Survey (HLIS) an assessment of our school's written and oral translation needs was made using the following ATS Reports: Home Language Report (RHLA), the POB/LANG/GEO Report (RPOB), and the Official Class Ethnic Census Report (RSEC).

2. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

According the RSEC Report, our largest ethnic group is Hispanic (39.53%). The RHLA Report indicates that Spanish is the home language in four of the homes of our 129 students. This information has been reported to : both of our Parent Leadership organizations (PTA & SLT), our general parent population at monthly PTA meetings, and to staff during faculty conferences.

Part B: Strategies and Activities

1. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.
