Section 3: Directions and Guidance for Developing the School Comprehensive Educational Plan

The School Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning - to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the Capacity Framework. Additional information is available in the [Comprehensive Educational Planning Memorandum](#).

The Capacity Framework and SCEP Development

The [Capacity Framework](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The School Comprehensive Educational Plan (SCEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement strategies and activities that improve outcomes for students.

Aligned with the Chancellor’s [Four Pillars](#), the Capacity Framework takes us away from market-based competitive models to an approach focused on collaboration. This new model looks at how schools can improve, and students can achieve more, when all members of the community work together.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Capacity Framework identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor’s Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of five goals and action plans in response to the first five elements of the Capacity Framework (listed below), with the sixth element, *Trust*, addressed within each action plan.

The Six Elements of the Capacity Framework	
<ul style="list-style-type: none"> Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills. 	
<ul style="list-style-type: none"> Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers. 	
<ul style="list-style-type: none"> Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement. 	
<ul style="list-style-type: none"> Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement. 	
<ul style="list-style-type: none"> Strong Family-Community Ties: School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations. 	
<ul style="list-style-type: none"> Trust: Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and 	

administrators value each other.

Accountability Tools and the Capacity Framework

In order to address the six elements of the Capacity Framework, school communities should engage in improvement planning that is informed by the New York State Education Department's (NYSED) Diagnostic Tool for School and District Effectiveness (DTSDE) Tenets, the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

NYSED's Six DTSDE Tenets

The DTSDE protocol includes a rubric, which identifies clear and coherent expectations of the optimal conditions of an effective school and school district across the following six tenets:

- Tenet 1: District Leadership and Capacity
- Tenet 2: School Leader Practices and Decisions
- Tenet 3: Curriculum Development and Support
- Tenet 4: Teacher Practices and Decisions
- Tenet 5: Student Social and Emotional Developmental Health, and
- Tenet 6: Family and Community Engagement.

NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2014-15 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- School Culture: Positive Learning Environment (1.4), High expectations (3.4)
- Structures for Improvement: Leveraging Resources (1.3), Teacher support and supervision (4.1), Goals and action plans (3.1), Teacher teams and leadership development (4.2), Monitoring and revising systems (5.1)

Next Steps for SCEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 2:** For schools that received an Integrated Intervention Team (IIT) School Review Report, enter the HEDI rating for each assessed Statement of Practice (SOP) in Part 1A of the needs assessment. For schools that did not undergo an IIT review, refer to the major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other qualitative and quantitative data, to self-rate your school for each SOP in Part 1 of the Needs Assessment.
- **Step 3:** Revisit your school's Initial Goals and Budget Alignment Form (IGBAF) and modify your goals, as needed, to align with the Capacity Framework. Ensure the annual goals are SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.
- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. All Title I schools update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether strategies and activities outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Remember, the plan is only the beginning. Treat it as a living document and feel free to adjust along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

Section 4: SCEP Overview

Develop a narrative summary that includes:

- Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/ partnerships and/or special initiatives being implemented.
- School strengths, accomplishments, and challenges.
- The DTSDE Tenet(s) in which your school made the most growth during the previous year and the key areas of focus for this school year.

Garrett A Morgan is a barrier-free elementary school with 500 diverse students from kindergarten through grade 5.

The vision of Public School 132 is to create a community of children to be competitors in a global society who will ultimately have a profound impact on the world. We are committed to exposing children to the nuances of the techno-world and imbedding it into their daily learning so that it will have a positive effect on their academic and social growth. This commitment will provide them with the necessary foundation to be successful in their future academic endeavors.

Our mission is to engage children in learning that prepares them to be productive global citizens by ensuring they are reflective in their thinking and published works, critical thinkers, effective communicators, proficient in all subject areas, and strong in character.

This is accomplished through our partnership with New York University and Columbia School of Social Work, that provides additional social worker interns that help and support our climate and culture to ensure that the social-emotional environment is attended to. This allows us to provide all children with the best possible educational setting and ultimately impact student achievement. Student achievement is also impacted through the use of technology. Every classroom has at least two computers and shares an ELMO. All fourth and fifth grade classrooms have document camera smartboards. We have a full service MAC lab with smartboard technology, three iPad carts, and three mobile laptop carts available for use. A technology club was created for students who have expressed an interest or demonstrated outstanding ability in technology. This club, "The Spotlight Tech Squad", trains students to troubleshoot, become videographers, and edit videos and audio sound bites which will ultimately assist in providing them with the technological skills needed in the global workforce. Our students that are performing at the higher end of the learning spectrum are invited to join the BOOST club, and once a week, in addition to their daily class assignments, are afforded the opportunity to extend their learning through the media-arts.

To ensure that we are developing the whole child we provide the following:

- **Arts Instruction** includes the following: Beginner dramatic arts instruction, master class dramatic arts instruction, Reader's Theater, recorder class, band instruction, violin instruction, modern and cultural dance, dramatic poetry, and visuals arts instruction.
- **Healthy Living** includes the following: CookShop, Healthy snack initiative, healthy eating choices and recipe instruction to educate students palates, and physical education classes.
- **Sports Programs** includes the following: Basketball and Cheerleading teams that compete competitively.

As we continue to strive to create conscience global citizens, we have implemented a Recycling Program to further assist in the New York City's Going Green Initiative and a Healthy Eating Initiative to address the rising childhood obesity and asthma percentage in our community.

Teachers on the MOSL team have worked collaboratively to determine the selection of appropriate multiple assessment measures, professional development has been provided to the entire staff.

4c. “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds enables, a Schoolwide Program school must identify in its Schoolwide plan (SCEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. ¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal,

State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4C of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I School Improvement 1003(a)** - support implementation of school improvement activities identified through the Diagnostic Tool for School and District Effectiveness (DTSDE) reviews or a school review with district oversight and included in the DCIP/SCEP.
- **Title I Priority and Focus School Improvement Funding:** support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities

funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive educational plan.

- **Title I Priority and Focus School Parent Engagement Set-aside:** Additional set-aside is to enable greater and more meaningful parent participation in the education of their children.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process, including Title I 1003(g) SIG or SIF funds:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Section 9: Parent Involvement Policy (PIP) and School Parent Compact (SPC)

(Required for All Title I Schools)

Directions: All Title I schools are required to develop a **Parent Involvement Policy (PIP)** that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's PIP should align with current SCEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **The Garrett A. Morgan Elementary School**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **[School name]** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the

school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school's Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- Maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;

- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand

Begin description here: We are launching a Saturday ESL Academy for students. We have an expected start date of November 8, 2014 to December 20, 2014 from 9am-1pm. The Saturday ESL Academy offers a supplemental program for ELL students in grades 3-5. It will address critical thinking, reading, writing, listening and speaking skills to prepare our ELL students for the NYSESLAT and ELA/Math assessments and to ebb away at students' test anxiety. Based upon the 2013-2014 NYS and NYSESLAT assessment results, we decided to address the multiple entry points and critical thinking skills of ELL's via the Saturday ESL Academy. The data also revealed that our ELL's need targeted instruction, further exposure and development in the NYSESLAT testing modalities; listening, speaking, reading and writing.

LANGUAGE TRANSLATION AND INTERPRETATION 2013-2014 TO 2014-2015

Requirement under Chancellor's Regulations – for all schools

DBN: **9x132**

School Name: **Garrett A. Morgan Elementary School**

Cluster: **534**

Network: **CFN**

Goal: To communicate whenever feasible with non-English speaking parents in their home language in order to support shared parent-school accountability, parent access to information about their children's educational options, and parents' capacity to improve their children's achievement.

Part A: Needs Assessment Findings

3. Describe the data and methodologies used to assess your school's written translation and oral interpretation needs to ensure that all parents are provided with appropriate and timely information in a language they can understand.

The data and methodologies used are; analyzing the attendance from various sources such as, Parent/Teacher Conferences, open house, parent workshops, Home Language Surveys of new admits, parent choice selection forms and parent needs surveys conducted by the School Leadership Team. This information has shown that the majority of our parents speak one of three languages. We use staff and parent volunteers translators and interpreters, interpretation boxes and DOE translation options to ensure that our parents are provided with appropriate and timely information in a language that they comprehend..

4. Summarize the major findings of your school's written translation and oral interpretation needs. Describe how the findings were reported to the school community.

The major findings of our school's written translation and oral interpretation needs are that the majority of our parents speak English, Spanish and/or French. The findings were reported to the school community during an open house orientation, parent/teacher conference welcome sessions, faculty conferences and ESL Adult classes.

Part B: Strategies and Activities

9. Describe the written translation services the school will provide, and how they will meet identified needs indicated in Part A. Include procedures to ensure timely provision of translated documents to parents determined to be in need of language assistance services. Indicate whether written translation services will be provided by an outside vendor, or in-house by school staff or parent volunteers.

Written translation is provided by in house staff and/or parent volunteers expediently. Correspondence for parents is translated prior to dissemination. We have parent volunteers/Learning Leaders that speak and write in a plethora of languages. They are available as needed.

10. Describe the oral interpretation services the school will provide, and how they will meet identified needs indicated in Part A. Indicate whether oral interpretation services will be provided by an outside contractor, or in-house by school staff or parent volunteers.

Oral interpretation is provided by in house staff and/or parent volunteers expediently. Once the need is identified, a staff member or parent volunteer is summoned to meet the need.

11. Describe how the school will fulfill Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Note: The full text of Chancellor's Regulations A-663 (Translations) is available via the following link:
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-151/A-663%20Translation%203-27-06%20.pdf>.

Parents are notified of translation and interpretation services by staff and/or parent volunteers. In addition, English documents are translated into the languages spoken by the majority of our parent population. Parents receive a DOE generated Bill of Rights and Responsibilities which indicates their rights regarding translation and interpretation services. This information is posted conspicuously near the primary school entrance.

- how parents will be notified of these activities

Begin description here: The adult ESL program will assist the parents of our ELL students in becoming more English proficient so that they can become an integral part of helping their children achieve academically via supporting them with homework and schoolwork. Since we have a daily adult education program provided by the DOE OACE, we have cancelled the Saturday program for adults and offer it to more ELL students.
