Section 3: Directions and Guidance for Developing the School Comprehensive Educational Plan

The School Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning - to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the Capacity Framework. Additional information is available in the [Comprehensive Educational Planning Memorandum](#).

The Capacity Framework and SCEP Development

The [Capacity Framework](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The School Comprehensive Educational Plan (SCEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement strategies and activities that improve outcomes for students.

Aligned with the Chancellor’s [Four Pillars](#), the Capacity Framework takes us away from market-based competitive models to an approach focused on collaboration. This new model looks at how schools can improve, and students can achieve more, when all members of the community work together.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Capacity Framework identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor’s Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of five goals and action plans in response to the first five elements of the Capacity Framework (listed below), with the sixth element, *Trust*, addressed within each action plan.

The Six Elements of the Capacity Framework

- **Rigorous Instruction:** Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.
- **Supportive Environment:** The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.
- **Collaborative Teachers:** Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.
- **Effective School Leadership:** Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.
- **Strong Family-Community Ties:** School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.
- **Trust:** Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and administrators value each other.

Accountability Tools and the Capacity Framework

In order to address the six elements of the Capacity Framework, school communities should engage in improvement planning that is informed by the New York State Education Department's (NYSED) Diagnostic Tool for School and District Effectiveness (DTSDE) Tenets, the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

NYSED's Six DTSDE Tenets

The DTSDE protocol includes a rubric, which identifies clear and coherent expectations of the optimal conditions of an effective school and school district across the following six tenets:

1. Tenet 1: District Leadership and Capacity
2. Tenet 2: School Leader Practices and Decisions
3. Tenet 3: Curriculum Development and Support
4. Tenet 4: Teacher Practices and Decisions
5. Tenet 5: Student Social and Emotional Developmental Health, and
6. Tenet 6: Family and Community Engagement.

NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2014-15 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- II. School Culture: Positive Learning Environment (1.4), High expectations (3.4)
- III. Structures for Improvement: Leveraging Resources (1.3), Teacher support and supervision (4.1), Goals and action plans (3.1), Teacher teams and leadership development (4.2), Monitoring and revising systems (5.1)

Next Steps for SCEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 2:** For schools that received an Integrated Intervention Team (IIT) School Review Report, enter the HEDI rating for each assessed Statement of Practice (SOP) in Part 1A of the needs assessment. For schools that did not undergo an IIT review, refer to the major findings/recommendations from your Quality Review (QR) or Alternative QR (AQR), and other qualitative and quantitative data, to self-rate your school for each SOP in Part 1 of the Needs Assessment.
- **Step 3:** Revisit your school's Initial Goals and Budget Alignment Form (IGBAF) and modify your goals, as needed, to align with the Capacity Framework. Ensure the annual goals are SMART – Specific, Measurable, Achievable, Relevant, and Time-bound.
- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. All Title I schools update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC) and complete the ELT program description.
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether strategies and activities outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Remember, the plan is only the beginning. Treat it as a living document and feel free to adjust along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

Section 4: SCEP Overview

Develop a narrative summary that includes:

- Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/ partnerships and/or special initiatives being implemented.
- School strengths, accomplishments, and challenges.

Section 7: Expanded Learning Time (ELT) Program Description

(Required for All Priority Schools)

Directions: Expanded Learning Time activities are enriching educational experiences that happen outside of the traditional classroom and blend skill acquisition, relationship-building and fun to foster academic and social-emotional growth in students. Summer learning, afterschool programming, and extended-day ELT models, when well-implemented, play a critical role in supporting students in all grades and ensuring that they graduate from high school, college and career ready. SED requires that Priority schools offer a minimum of 200 additional student contact hours as Expanded Learning Time in addition to the current mandated length of 900 hours of instruction per year (25 hours per week) in grades K-6 and 990 hours of instruction per year (27.5 hours per week) in grades 7-12. Complete the sections on this page to demonstrate how the school will meet these requirements.

Part 1 – ELT Program Goal(s)

Integrate academics, enrichment, and skill development through hands-on experiences that make learning relevant and engaging.

Offer a range of activities that capture student interest and strengthen student engagement in learning so as to promote higher attendance, reduces risk for retention or drop out, and increases the likelihood of graduation.

Actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Contain components designed to improve student academic, social, and emotional outcomes, including opportunities for enrichment programs such as in music and art.

Ensure instruction in any core academic subject offered in the program will be delivered under the supervision of a teacher who is NYS certified in that particular content area.

Part 2c. Is the ELT program voluntary or compulsory?

If the ELT program is voluntary, indicate how you will offer the program to all students and actively encourage their participation, with the goal of serving at least 50% of students.

Part 3 – ELT Program Implementation and Oversight

Part 3a. Who will implement the ELT program? Who will oversee the program?

1. Indicate the key personnel that will be responsible for implementing and overseeing the ELT program, including school-based staff and any high-quality community partners that will be involved.
2. If applicable, describe the scope of involvement of all community partners and how the joint ELT program is structured.

Part 3b. Indicate resources needed including human resources, instructional resources, and schedule adjustments to implement the ELT program.

Part 3c. Timeline for implementation and completion, including start and end dates.

Part 4 – Budget and Resource Alignment

Indicate using an “X” the fund source(s) that will be utilized to support to support the ELT Program.

4c. "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds enables, a Schoolwide Program school must identify in its Schoolwide plan (SCEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '15 school allocation amounts.)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , page # references where a related program activity has been described in this plan.	
			Column A Verify with an (X)	Column B Page # Reference(s)

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used

conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4C of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I School Improvement 1003(a)** - support implementation of school improvement activities identified through the Diagnostic Tool for School and District Effectiveness (DTSDE) reviews or a school review with district oversight and included in the DCIP/SCEP.
- **Title I Priority and Focus School Improvement Funding:** support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive educational plan.
- **Title I Priority and Focus School Parent Engagement Set-aside:** Additional set-aside is to enable greater and more meaningful parent participation in the education of their children.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process, including Title I 1003(g) SIG or SIF funds:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

Section 9: Parent Involvement Policy (PIP) and School Parent Compact (SPC)

(Required for All Title I Schools)

Directions: All Title I schools are required to develop a **Parent Involvement Policy (PIP)** that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's PIP should align with current SCEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

Parent Involvement Policy (PIP) Template

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **[School name]**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **[School name]** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;

The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, Progress Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;
