### Section 3: Directions and Guidance for Developing the Comprehensive Educational Plan

The Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the new [Strong Schools, Strong Communities](#) initiative and [Framework for Great Schools](#).

#### **Strong Schools, Strong Communities**

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a [report](#), entitled *Strong Schools, Strong Communities: A New Approach to Supporting New York City's Public Schools and All of Our Students*.

#### **The Framework for Great Schools and CEP Development**

The [Framework for Great Schools](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor's Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of two (2) to five (5) goals and action plans that align with the first five elements of the Framework for Great Schools (listed below). The sixth element, *Trust*, is foundational to all the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements work together to support student achievement. Place your goal in the section of the template where it fits best, knowing that it likely addresses other elements as well.

#### **The Six Elements of the Framework for Great Schools**

**Rigorous Instruction:** Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

**Supportive Environment:** The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

**Collaborative Teachers:** Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

**Effective School Leadership:** Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.

**Strong Family-Community Ties:** School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.

**Trust:** Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and administrators value each other.

## The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in improvement planning that is also informed by the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

### NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2015-16 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
- III. Structures for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

### Title I Requirements and Strengthening Title I Parent Involvement

Title I schools are subject to ESEA/NCLB requirements regarding school accountability, highly qualified teachers, professional development, and parent involvement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools will be expected to form a Title I Parent Advisory Council (PAC) during the 2015-16 school year. Each Title I PAC will have a minimum of three members, including a Chairperson and an alternate representative. The Title I PAC Chairperson (or alternate representative) shall be required to attend all regular meetings of the School Leadership Team (SLT). Guidance to support schools in forming their Title I PACs will be provided in September 2015.

### Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of [Chancellor's Regulations A-655](#).
- **Step 2:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school's current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you've identified, and will help your school community know when you've reached your goal.

- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. Title I schools must also update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

## Section 4: CEP Overview

Develop a narrative summary that includes:

1. Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/partnerships and/or special initiatives being implemented.
2. Any special student populations and what their specific needs are.
3. The elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

### **School Demographics**

Thaddeus Stevens Elementary School is located in the Bedford Stuyvesant section of Brooklyn, New York, a high poverty area; and over 87% of our student body receives free lunch. Many of our students live either in single parent households, or with extended family, often being raised by a grandparent. We also serve students in temporary housing from five locations (five shelters). Many of the shelter residence are victims of domestic violence. In order for our school to enhance student achievement, we have developed a community of trust among students, teachers and parents. Our overall parental engagement has doubled since they are now able to receive communication in their home language. Teachers are committed to the success and improvement of their classrooms and school. They participate in professional development activities and school celebrations around cultures. We have created a system where upper grade students read and support lower grade students one day a week. Parent volunteers//Learning Leaders are in the hallways during arrival, dismissal and class transitions to ensure that all students feel safe and transitions are seamless.

Our instruction is customized, inclusive, motivating and aligned to the Common Core. High standards are set in every classroom. Each classroom has a class president, and each student has an opportunity to choose an enrichment club each semester. As a Leader in Me School, students are a part of the lighthouse team and they are a part of the decision making for students. English Language Learners, Special Education Students and general education students are all exposed to rigorous instruction that is differentiated to meet their needs. Manipulatives, visual aides and technology is used in every classroom to enhance learning and student involvement.

As principal, I am involved in nurturing the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement. One to one conversations in done at least twice a year with each teacher and open access is given to teachers on Thursdays for further conversations.

### **Mission Statement**

The staff of PS 81, in conjunction with our parent body, will prepare our students academically, socially, and culturally, by encouraging **POSITIVE self -esteem, self-discipline, and self-determination. Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and the administrator vlaue each other.**

### **Community Engagement**

Thaddeus Stevens School currently provides our students with a rigorous academic program and we are proud of our students' achievements and successes

Currently, we provide academic workshops for parents, as well as a monthly cook shop coordinated by the parent coordinator, providing opportunities for parents to create nutritious, inexpensive meals for their families. We celebrate parents through quarterly honor roll assemblies, and attendance initiative. This is where we recognize parents for their

partnership in their children’s education, and support of the school. We also host an annual parent-child breakfast, fathers-bring-your-child-to-school initiative, and parent trips.

We encourage parent engagement through in-school events such as “Open Access Thursdays”, where we provide parents the opportunity to visit classrooms and observe the learning process, an annual back to school parent orientation night, and parent teas held for each grade level. Furthermore, we keep parents abreast of school events and initiatives through a variety of mediums including: monthly (printed Emailed) newsletters with a calendar of events, event advertisements, flyers, and postings on the school website. In an effort to encourage engagement and partnership with the broader community, we open our annual school safety meeting to the public. Additionally, we actively recruit community members to be involved in school initiatives like our annual career day.

Our school is currently in partnership with, and benefit from the support of several community organizations such as: Change for Kids, Family Dynamics, Grandparents Assistance Program, Parent Volunteers (Learning Leaders), Metropolitan Opera Guild (COBALT), Activity Works, Open Airways, Obesity Task Force, New York Cares, and UFT Teacher Center.

Over the past year, we have seen improvement in parental involvement, collaboration among teachers, and trust. However, my areas of focus for this school year will be to enhance a climate of inclusiveness, where students, staff and parents will take a more active role in the decision making process..We will also focus on improving our students writing and critical thinking skills, strengthen our systematic approach to Intervention.

**Section 5: Needs Assessment, Annual Goals, and Action Plans**

**Section 5A – Framework for Great Schools Element – Rigorous Instruction:** Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

**Part 1 – Needs Assessment**

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Rigorous Instruction. This assessment should be informed by an analysis of student performance trends and any major findings from your Quality Review (QR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Based on the 2013-2014 Quality Review, instructional rounds and teacher feedback from 2014 -2015, there is a need to develop greater consistency in our instructional task that include multiple entry points at high levels to address the instructional needs of all students, and support deep thinking for college and careers. Also, from my observations there is the need for higher order questions and discussions. After careful observation, our team has noticed that teachers need more training on data interpretation and use . With this in mind, I knew that teachers need to receive professional development around questioning, data interpretation, and using inquiry to dis-aggregate student and school wide data.

**Part 2 – Annual Goal**

Indicate your school’s 2015-16 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2016 100% of the teachers, educational assistants, coaches and supervisors will participate in professional development opportunities on using data and questioning techniques that will result in rigorous learning opportunities, including creating challenging interim assessments that set a high bar for student achievement

**4c. "Conceptual" Consolidation of Funds in SWP Schools**

**Directions:** All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes<sup>1</sup>. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated<sup>2</sup>. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '16 school allocation amounts)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , section references where a related program activity has been described in this plan.	
			Column A Verify with an (X)	Column B Section Reference(s)
Title I Part A (Basic)	Federal	268,608.00	X	5B, 5A, 6
Title II, Part A	Federal	34,655.00	X	5A
Title III, Part A	Federal	0	X	
Title III, Immigrant	Federal	0	X	
Tax Levy (FSF)	Local	1,748,787.00	X	5A, 5B

**<sup>1</sup>Explanation/Background:**

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

<sup>2</sup>The **intent and purposes** of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I Priority and Focus School Improvement Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

**Important Note:** The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent Involvement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

**Section 9: Parent Involvement Policy (PIP) and School-Parent Compact (SPC)**  
***(Required for All Title I Schools)***

**Directions:** All Title I schools are required to have a Title I Parent Advisory Council (PAC) that develops a **Parent Involvement Policy (PIP)** in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's PIP should align with current CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school's Title I Parent Advisory Council (PAC) is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

---

**Parent Involvement Policy (PIP) Template**

Educational research shows a positive correlation between effective parental involvement and student achievement. school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- schedule additional parent meetings, e.g., quarterly meetings with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;

## Part B: Direct Instruction Supplemental Program Information

Describe the direct instruction supplemental program here and include the

- rationale
- subgroups and grade levels of students to be served
- schedule and duration
- language of instruction
- # and types of certified teachers
- types of materials

Rationale:

-  
The P.S. 81 School Instructional Title III Program will concentrate on English Language Art. We focus on enhancing students' reading and writing skills. The ESL teacher also uses CALLA Approach to teach grade-level topics in the content areas (Science and Social Studies). The CALLA approach develops academic language in the areas of listening, speaking, reading and writing; and also provides explicit instruction in learning strategies for both content area and language acquisition.

-  
We believe this program will give the ELL students additional support for their learning. Students will engage themselves in a variety of activities without disruption. The teachers can focus on the skills that meet the students' needs. It also provides a nurturing environment that promotes effective teaching and learning, provides rich learning environments with equitable opportunities for learning, encourages and respect the diversity of students, staff and community and meets the linguistic, social, academic, physical and emotional needs of our ELLs. The fact that these children will be in a smaller class setting will allow for more individualized instruction.

-  
We anticipate that at least 60% of our ELL students will make progress and move to another level on the 2015 NYSESLAT test; while students in grade 3, 4, and 5 will demonstrate increased proficiency in the area of reading comprehension and writing, showing a minimum of a half year growth on the 2015 State ELA test and NYSESLAT test.

-  
Subgroups and grade levels of students to be served:

-  
The PS 81 Instructional Title III Program contains an ESL program for grades K-2, and an English Language Art preparation program for grade 3-5. The ESL Grade K-2 Program will place 12 students in one class served by ESL certified teacher. The ELA preparation Program for Grade 3-5 will place 12 students (especially beginning and intermediate students) in the other class served by Content Area teacher with a bilingual license.

-  
Schedule and Duration :

Both programs will take place after school for two hours two days (Wednesday and Thursday) per week (from 2:30-4:30). The Instructional Title III program will run from January to May.

-  
Language and Instructional:

-  
English will mainly be used in the Instructions. In an effort to raise learning standards, the teachers will use a variety of literature, new readers, workbooks, audio cassettes, realia, manipulatives, graph charts (maps, Venn Diagram, semantic webs, outlines, etc.) to allow concepts to be taught in concrete dimension. In order to ensure that ELLs meet the Common Core Standards and pass the required 3rd, 4th, and 5th grade state assessments. The teachers will use a balanced literacy approach. This approach will allow students to read age-appropriate materials with understanding and to select books

on a variety of genres. It also enables students to participate in accountable book talk and read for information.

—  
The students also have access to a classroom library, where they can check out books to read at home. These books are ranged from levels K-5. Each student also has their own homework folders, in which they keep their reading log and journal notebooks. Students read one book every day and write a response to their reading.

-  
Smart Boards will be used in the classroom, which will accommodate different learning styles. Students can come and write important points on the board. All forms of media-videos, photographs, graphs, maps, illustrations, gmes, etc. - can be used on the board. This will allow teachers expand the range of content for teaching and presenting new information.

-  
Students are also given the opportunity incorporate the classroom computers into many of their learning activities. Programs like Power Point will be used to enhance students' creativity. Students have access to the Internet so that they can research classroom projects. Students can also use a variety of CD-ROM programs to enhance their content area learning. Audiotapes and videotapes are also used to expand the students learning experience.

-  
Number and types of certified teachers:

-  
A certified ESL teacher and a content Area teacher with a bilingual license will provide instructions for students.

-  
Types of Materials:

-  
Reading Express serves as the main source of the curriculum for Grade 3-5. It focuses on the lessons offering targeted instruction, practice and assessment for the vocabulary and literacy skills comprising state reading standards. The lessons begin with teacher modeling followed by sharing, guiding, and applying as the degree of control shifts from the teacher to the student. Language Power Grade K-2 Level C serves as the main source of the curriculum for grade K-2. Language Power addresses all four language domains: listening , speaking , reading and writing. It provies students with appropriate support to ensure the successful transfer of language skills from guided practice ato independent application. ### Part C: Professional Development

The Professional Development focuses on improving instruction of ELLs by relating it to the NYS Common Core Standards. Teachers need to identify the language acquisition stages of the ELL students so they need to be trained on coherent scaffolds conducive for English language acquisition to help ELL students to succeed in their class. They also need to be trained how to analyze ELL students' class work. We anticipate that by the end of the school year, the teachers are familiar with the best instructional support and different strategies for ELL students and help these students to improve their performance in the areas of reading and writing.

In addition, the CALLA (Cognitive Academic Language Learning Approach) and other ESL methodologies will be introduced in the professional development program. Some of the other professional development includes information on how to prepare ELL students for the ELA, Math, Science and social Studies, differentiated instruction, promotional policies for the ELL students. A study group between the ESL and the reading teachers will be formed to share feedback about new ideas, methods, and materials, using the book Learning to learn in a Second Language, and other professional books.

Begin description here: \_

- Rationale:

- Parent involvement is essential in creating a learning environment that genuinely represents the cultures of our community. We will provide community outreach-distribution of flyers in the building.

## Part D: Parental Engagement Activities

This will help parents understand the academic and learning challenges ahead for their children and become more involved in their children's academic and social achievement.

- Many of the ELL students' parents speak only Spanish or other languages than English. These students are often only exposed to English in school. We will offer a program that will help parents who don't speak English learn how to assist their children succeed in class. This service will be developed in conjunction with the Principal, parent coordinator and teachers who speak languages other than English. Also these parents will be invited to attend workshops which will be held at P.S.81, like curriculum and literacy night. We will target parents, guardians, and members of the community. We will hold specials events such as family game night, mother/daughter and father/son breakfast etc. We will provide community outreach-distribution of flyers in the buildings.

- We anticipate this will also help parents understand the academic and learning challenges ahead for their children and become more involved in their children's academic achievement. Parents will become more involved at the school level. These efforts will ensure that student' academic performance conforms to State and local learning standards.

-

Schedule and Duration:
