Section 3: Directions and Guidance for Developing the Comprehensive Educational Plan

The Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the new [Strong Schools, Strong Communities](#) initiative and [Framework for Great Schools](#).

Strong Schools, Strong Communities

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a [report](#), entitled *Strong Schools, Strong Communities: A New Approach to Supporting New York City's Public Schools and All of Our Students*.

The Framework for Great Schools and CEP Development

The [Framework for Great Schools](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor's Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of two (2) to five (5) goals and action plans that align with the first five elements of the Framework for Great Schools (listed below). The sixth element, *Trust*, is foundational to all the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements work together to support student achievement. Place your goal in the section of the template where it fits best, knowing that it likely addresses other elements as well.

The Six Elements of the Framework for Great Schools
Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.
Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.

Strong Family-Community Ties: School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.

Trust: Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and administrators value each other.

The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in improvement planning that is also informed by the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2015-16 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
- III. Structures for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

Title I Requirements and Strengthening Title I Parent Involvement

Title I schools are subject to ESEA/NCLB requirements regarding school accountability, highly qualified teachers, professional development, and parent involvement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools will be expected to form a Title I Parent Advisory Council (PAC) during the 2015-16 school year. Each Title I PAC will have a minimum of three members, including a Chairperson and an alternate representative. The Title I PAC Chairperson (or alternate representative) shall be required to attend all regular meetings of the School Leadership Team (SLT). Guidance to support schools in forming their Title I PACs will be provided in September 2015.

Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of [Chancellor's Regulations A-655](#).
- **Step 2:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school's current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you've identified, and will help your school community know when you've reached your goal.

- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. Title I schools must also update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

Section 4: CEP Overview

Develop a narrative summary that includes:

1. Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/partnerships and/or special initiatives being implemented.
2. Any special student populations and what their specific needs are.
3. The elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

The Fresh Creek School is an elementary school situated in East New York Brooklyn. The school opened its doors in September of 2011, phasing out an under performing school. In its inception the mission of The Fresh Creek school is to nurture our scholar's core through our dedicated cadre of educators, partnerships with parents/guardians, and a rigorous and engaging curriculum. Our multicultural approaches help our scholars appreciate their culture while embracing our diverse world. Our scholars understand and value the importance of working collaboratively with various cultures for the greater good of our local and global community. We envision our scholars as seeds destined to grow strong and proud like the mighty oak, making positive contributions to our society.

FCS has formed several relationships with organizations that support our goals of creating well rounded scholars. These partnerships enhance the practice of the pedagogical staff at our institution. Turnaround for Children, New York Junior Tennis League After-school, Pencil Partnership, and William Morris Endeavor Talent agency are just a few of the organizations that collaborate with the administration and staff of the Fresh Creek School. These relationships were formed to support our mission of enabling our scholars to be well rounded world citizens whose education encompasses not only academic achievement but cultural enrichment.

During our three year journey we made significant growth in systematizing structures developed with our partners. These structures include an evolving school wide discipline plan, an expanded musical program and an empowering professional learning community. We participated in the teacher effectiveness program and continue to successfully integrate Advance system into our evaluation and feedback cycle. We recognize that our community of learners must not only focus on our scholar's growth but our pedagogue growth as well.

Our key areas of focus are building the work of teacher teams using an inquiry approach so that instructional strategies are targeted and monitored for increased achievement of all students as well as Deepening the school's commitment to provide multiple entries for students and instructional strategies that ensure appropriately challenging and rigorous learning opportunities that promote high achievement for all.

4c. "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '16 school allocation amounts)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , section references where a related program activity has been described in this plan.	
			Column A Verify with an (X)	Column B Section Reference(s)
Title I Part A (Basic)	Federal	198,669.00	x	11,13,15
Title II, Part A	Federal	0		
Title III, Part A	Federal	0		
Title III, Immigrant	Federal	0		
Tax Levy (FSF)	Local	1,441,977.00	x	11,13,15

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool

to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I Priority and Focus School Improvement Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent Involvement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

Section 9: Parent Involvement Policy (PIP) and School-Parent Compact (SPC)
(Required for All Title I Schools)

Directions: All Title I schools are required to have a Title I Parent Advisory Council (PAC) that develops a **Parent Involvement Policy (PIP)** in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's PIP should align with current CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

Your school's Title I Parent Advisory Council (PAC) is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

Parent Involvement Policy (PIP)

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **The Fresh Creek School** in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **The Fresh Creek School** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school

surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school's Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability, grade-level curriculum, and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;

- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

The Fresh Creek School , in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. DEPARTMENT OF ENGLISH LANGUAGE LEARNERS AND STUDENT SUPPORT
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2015-16 AND 2016-17 SCHOOL YEAR

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for English language learners (ELL). This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's Comprehensive Educational Plan (CEP). Note: this is a living document; any schoolwide changes involving serving ELLs, such as the addition or expansion of a transitional bilingual education (TBE) or dual language (DL) program should be updated in this form. Note new terminology based on CR Part 154.2 and 154.3. Agendas and minutes of LAP meetings should be kept readily available on file in the school. When preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, refer to the *English Language Learner Policy & Reference Guide*.

After reviewing and analyzing the assessment data, answer the following:

- Describe what assessment tool your school uses to assess the early literacy skills of your ELLs (e.g., EL SOL, Estrellita, Fountas and Pinnell, DRA, TCRWP, teacher-created assessments). What insights does the data provide about your ELLs? How will this data help inform your school's instructional plan? Provide any quantitative data available to support your response.
 The school uses TCRWP to assess the students literacy skills. The data shows that the Entering ELLs have low to no print concept. They are unable to recognize words from word concept lists. This helps drive instruction to focus on letter recognition, letter sound, sight word practice and visual cues for new vocabulary. The ELLs on the other proficiency levels show improvement on their reading and are closing the gap toward reading on grade level.
- What is revealed by the data patterns across performance levels (on the NYSITELL and NYSESLAT) and grades?
 Due to a low ELL population spread out across grade levels, there is no pattern.
- How does your school use information about Annual Measurable Achievement Objectives? What does the data reveal? (see [SED memo](#) and [AMAO tool](#))
 Paste response to question here:
- For each program, answer the following:
 - What are the patterns across performance levels and grades? How are ELLs faring in tests taken in English as compared to the home language?
 - Describe how the school leadership and teachers are using the results of the ELL periodic assessments.
 - What is the school learning about ELLs from the periodic assessments? How is the home language used?
 There is only one student that this applies to do but she performed the same in English and home language. Our school does not use periodic assessments.
- Describe how your school uses data to guide instruction for ELLs within the Response to Intervention (RtI) framework (for grades K-5). [Refer to [ELL Policy and Reference Guide](#), Support Services for ELLs (RTI and AIS) section and [RtI Guide for Teachers of ELLs](#).]
 Paste response to question here:
- How do you make sure that a student's new language development is considered in instructional decisions?
 When feasible, student is given language support in first language to help understand the transition to concept in English.
- For dual language programs, answer the following:

- a. How are the English-proficient students (EPs) assessed in the target language?
- b. What is the level of language proficiency in the target language for EPs?
- c. How are EPs performing on State and other assessments?

N/A

8. Describe how you evaluate the success of your programs for ELLs (e.g., meeting AYP for ELLs).

Paste response to question here:

Part IV: ELL Identification Process

Describe how you identify English language learners (ELLs) in your school.

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the K–12 Home Language Identification Survey (HLIS) which includes the student and parent interviews in English and/or the parent’s preferred language of communication, and the formal initial assessments (i.e., NYSITELL, Spanish LAB, and LENS). Identify the person(s) responsible, including their qualifications. Refer to [ELL Policy and Reference Guide, ELL Identification](#) section.

When enrolling child in the school parents are given the HLIS in their registration packet. The ENL teacher comes to administer student and parent interviews. If student is not proficient in English, they are coded in ATS as having the home language indicated by parent. ENL teacher administers the NYSITELL appropriate for their level. If student scores proficient they are not eligible for services. If a student does not score proficient they are entitled to services. Students administered the NYSITELL that have a home language of Spanish are then given the Spanish Lab.

2. Describe how assessments are used to identify SIFE (Students with Interrupted/Inconsistent Formal Education) within 30 days of enrollment (e.g., LENS, SIFE questionnaire, student work).

N/A

3. Describe the identification for newly enrolled students with IEPs. Include titles of the Language Proficiency Team (LPT) members (refer to [ELL Policy and Reference Guide, ELL Identification](#) section).

N/A

4. Describe how your school ensures that entitlement and non-entitlement parent notification letters are distributed within five school days after the NYSITELL is scanned and score is determined.

The next day after NYSITELL scan document was entered into ATS, the ENL teacher looks up the test results in RLAB. If student scored proficient, the teacher than types out the non-entitlement paper. If student receives a score in any of the other proficiencies they receive an entitlement letter. All parent communications are sent home in the home language of parent.

5. Describe how parents are informed that they have the right to appeal ELL status within 45 days of enrollment (refer to [ELL Policy and Reference Guide, Re-Identification of ELL Status](#) section).

School receives written request to initiate the Re-identification Process (e.g., parent writes letter to principal).

2. School reviews all documents related to the initial or reentry identification process detailed above.
3. School reviews the student’s work in English and in the home language.
4. School may administer the NYSITELL to the student if the original determination was that the student should not be administered the NYSITELL. Under no circumstances can the Re-identification Process include a second administration of the NYSITELL.
5. School consults with parent or guardian.
6. School conducts and reviews the results of a school-based assessment, administered by qualified personnel as defined by CR Part 154-2.2(u)4, of the student’s abilities in listening, speaking, reading and writing in English.
7. Appropriate staff consults with the Committee on Special Education (CSE) if the student is a student with a disability or is suspected of having a disability that may impact the ability to speak, read, write or listen in English.
8. Based on the recommendation of the qualified personnel, the school principal determines whether to change the ELL status or not. Written notification of the decision in the parent’s preferred language must be sent to the parent or guardian (and the student if he/she is 18 years of age or older). If the recommendation is to not change the ELL status, no further actions are necessary; if the recommendation is to change the ELL status, the process continues.
9. Upon receipt of signed notification acknowledging the principal’s recommendation to change the ELL status from the parent or guardian or student (if he/she is 18 years of age or older), the relevant documents and recommendation are sent to the superintendent (or designee) for review and final decision.
10. Written notification of the decision is sent from the superintendent to the principal, parent, guardian, and student (if he/she is 18 years of age or older) in the parent’s preferred language within 10 school days of receipt of documentation from the principal. If the decision is to not change the ELL status, no further action is necessary. If the decision is to change the ELL status, the student’s program

must be modified accordingly.

11. All notifications and relevant documents must be kept in the student's cumulative folder.

6. What structures are in place at your school to ensure that parents understand all three program choices (transitional bilingual education, dual language, and freestanding ENL) through the mandated parent orientation within the specified timeframe? Describe the process, outreach plan, and timelines.

When given the entitlement letter, parents are asked to make an appointment to come watch video and are given the parent brochure which explains the different programs.

7. Include how your school reaches out to parents to ensure Parent Surveys and Program Selection forms are returned in a timely manner and how your school monitors parent program choice. As per CR Part154.2, if a form is not returned, the default program for ELLs is bilingual education.

Upon completion of orientation, parents are given Parent Survey and Program Selection forms. On the form, it is asked to be returned within a week of distribution. They are asked to send it back as soon as possible.

8. Describe how your school monitors the *Parent Survey and Program Selection* forms that have not been completed and returned.

If forms are not returned by due date, ENL teacher calls up parent to see why form hasn't been returned.

9. Describe how your school ensures that placement parent notification letters are distributed.

Once parent returns the selection form, the ENL teacher then sends out a placement notification letter. ENL teacher retains a copy. Original is distributed to homeroom teacher with a note stating the document needs to go home.

10. Describe how your school retains all ELL documentation for each child (i.e., HLIS, non-entitlement, and entitlement letters).

HLIS is kept in student cumulative folder. ENL teacher saves copy of all letters sent home.

11. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.

A schedule is made for the testing window. The assistant principal helps to administer speaking section for all students to ensure that the ENL and no child's ELA teacher is scoring the speaking section. For the reading/writing/listening section, a schedule is created that allows for make-ups, if necessary.

12. Describe how your school ensures that continued entitlement and transitional support parent notification letters are distributed.

ENL teacher places letter in homeroom teacher's mailbox with a note to the teacher stating that the letter needs to go home with student.

13. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? Provide numbers. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings as per Aspira Consent Decree? Describe specific steps underway. (Refer to question six).

Within the past few years most families chose ESL as their preference. One student's family has requested dual language. ENL teacher reached out for support from Borough Field Office. Teacher was provided with a list of schools that have the dual language program in the desired language. Teacher called schools to see if program was offered in the necessary grade. After ELL Program Transfers were contacted to see how the process would work. Parent was asked if they were willing to travel outside of district and said no.

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction for ELLs delivered in the following programs? Include how integrated and standalone ENL are implemented as per CR Part 154.2 as well as how students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class]).
 - a. Freestanding ENL program.
Entering ELLs are given standalone instruction as a homogenous group. All proficiencies are given integrated instruction. Integrated instruction is given by grade level.
 - b. TBE program. *If applicable.*
N/A
 - c. DL program. *If applicable.*
N/A
2. How does the school ensure the mandated number of instructional minutes is provided according to proficiency levels in each program model?
 - a. How are explicit ENL, ELA, and HLA instructional minutes delivered in each program model (see charts 5.1 and 5.2 below)?
All ELLs are given instructional time in accordance with the mandated minutes based on their proficiency level.
3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.
Students are taught in English with home language support given when necessary and possible. There are lots of visual cues and repeated exposure to content in the integrated areas. Modifications are made to lessons to accommodate.
4. How do you ensure that ELLs are appropriately evaluated in their home languages throughout the year?
Only one student is strong in all modalities of their home language. Student is given all content state exams in Spanish and English. Student is provided with content glossaries and bilingual dictionary for use in the classroom.
5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?
Speaking and listening is assessed through informal observation. In addition, there are center activities based on listening and speaking. Students are tested in reading three times a year using the TCRWP. Writing occurs through all content areas.
6. How do you differentiate instruction for each of the following ELL subgroups?
 - a. SIFE
 - b. Newcomer
 - c. Developing
 - d. Long Term
 - e. Former ELLs up to two years after exiting ELL statusNewcomers are given a lot of letter recognition and sight word support to get them ready to read. Developing ELLs are given modified assignments and verbal directions as they become emergent readers. Long term ELLs are given guided instruction and extra academic support in afterschool programs. Former ELLs are provided with support as needed.
7. For students re-identified as ELL or non-ELL, based on an approved re-identification appeal within 45 days of student enrollment, describe how the school ensures the student's academic progress has not been adversely affected by the re-identification (within 6–12 months after the re-identification has been established). Refer to [*ELL Policy and Reference Guide, Re-Identification of ELL Status*](#) section.
 - 4 A bilingual or English to speakers of other languages teacher, certified pursuant to CR Part 80, who is fluent in the home language of the student and parent or guardian, or uses a qualified interpreter/translator of the language or mode of communication the student or parent or guardian best understands, or (2) a teacher who is certified pursuant to CR Part 80, and has been trained in cultural competency, language development and the needs of English language learners, and who is proficient in the home language of the student or parent or guardian or uses a qualified interpreter/translator of the language or mode of communication the student or parent or guardian best understands.
Between 6 and 12 months (from the date of the superintendent's notification to the principal, parent, guardian, and/or student), the principal, must review the Re-identification Process decision to ensure that the student's academic progress has not been adversely affected by the determination. The principal will consult with a qualified staff member in the school, the parent/guardian, and the student. If the principal, based on the recommendation of qualified personnel and consultation with the parent/guardian believes that the student may have been adversely affected by the determination, the principal must provide additional support services

NYCDOE | 25
to the student as defined in CR Part 154-2.3(j) and may reverse the determination within this same 6-to-12 month period. If the principal's decision is to reverse the ELL status, he/she must consult with the superintendent or his/her designee. Final

Chart decision notification must be in writing to the parent, guardian, and/or student in the parent's preferred language within 10 school calendar days.

8. What instructional strategies and grade-level materials do teachers of ELL-SWDs use that both provide access to academic content areas and accelerate English language development?
N/A
9. How does your school use curricular, instructional, and scheduling flexibility to enable ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment?
N/A

Chart 5.3

Home Language Usage and Supports

The chart below is a visual representation designed to show the variation of home language usage and supports across the program models. Note that home language support is never zero. TBE and dual language programs have both home language arts and subject areas taught in the home language; ENL has home language supports.

A. Programming and Scheduling Information--Continued

10. Describe your targeted intervention programs for ELLs in ELA, math, and other core content areas (specify ELL subgroups targeted). List the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered. **All instruction is given in English. The ELLs are all invited to participate in the afterschool and Saturday academy programs for additional support.**
11. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development. **Students are showing more growth in their listening and speaking abilities in English. This is helping the students to understand more of what is happening in their content area classrooms. ENL teacher constantly seeks support from parents to help work with their students at home.**
12. What new programs or improvements will be considered for the upcoming school year? **Workshops for parents showing how they can work with their child even if it is using their home language. For example, if a parent reads to their child in HL they can asking comprehension and story element questions.**
13. What programs/services for ELLs will be discontinued and why?
N/A
14. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building. **All students are invited to participate in the programs offered.**
15. What instructional materials, including technology, are used to support ELLs? Include core content area as well as language materials; list ELL subgroups if necessary. **All classrooms are equipped with SmartBoards or Promethian Boards. Instruction incorporates both visual and auditory components when possible. The current math program being used has interactive lessons that allow students to gain better perspective on what is being taught.**
16. How is home language support delivered in each program model (DL, TBE, and ENL)? **Home language support is given verbally when appropriate and available.**
17. Explain how the school ensures all required services/resources support and correspond to ELLs' ages and grade levels. **Administration make sure ENL teacher is taking students according to their units. In addition, school is working on having home language support library in all classrooms.**
18. Describe activities in your school that assist newly enrolled ELLs before the beginning of the school year. Include activities for new ELLs who enroll throughout the school year. Include titles of school staff involved in such activities (e.g., school counselor, parent coordinator). **All students are invited to participate in all activities.**
19. What language electives are offered to ELLs?
N/A
20. For schools with dual language programs:
 - a. What dual language model is used (e.g., side-by-side, self-contained)? Explain how much of the instructional day (percentage) EPs and ELLs are integrated.
 - b. In which language(s) is each core content area taught?
 - c. How is each language separated for instruction?
 - d. Is emergent literacy taught in the child's home language first (sequential), or are both languages taught at the same time (simultaneous)?

N/A

B. Professional Development and Support for School Staff

1. Describe the professional development plan for all ELL personnel at the school. (Include all teachers of ELLs.)
ENL teacher consistently seeks out PD opportunities as they relate to the ELL population. Information is turn-keyed to all staff (most have ELLs).
2. What professional development is offered to teachers of ELLs (including ENL and bilingual teachers) in supporting ELLs as they engage in the Common Core Learning Standards?
ENL teacher receives weekly updates from the OELLS. When a PD is offered that applies to the students' needs teacher signs up and attends PD.
3. What support do you provide staff to assist ELLs as they transition from elementary to middle and/or middle to high school?
N/A
4. Describe how your school meets the professional development requirements as per CR Part 154.2: 15% of total hours for all teachers and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development. Include how records are kept for professional development activities (e.g. agendas, attendance). Refer to [ELL Policy and Reference Guide, Professional Development](#) section.

Each school must provide professional development to all teachers and administrators that specifically addresses the needs of English language learners. A minimum of fifteen percent (15%) of the required professional development hours for all teachers prescribed by CR Part 80 must be dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. Professional development for Ms Hamerman will be scheduled through opportunities provided through the Brooklyn Borough Support Office as well as other ELL professional development issued by the department of education. An example of partner institutions that provide PD is the Hunter College series offered three times in the year. Through consultation with the principal Ms Hamerman will be allowed to select appropriate PD opportunities.

C. Parental Involvement

1. How does the school provide annual individual meetings with parents of ELLs to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas? Include provisions for interpretation and translation as needed. Note these meetings do not include mandated parent orientation meetings and DOE-scheduled parent-teacher conferences?
ENL teacher is constant communication with all parents in the program. Student progress for all students is shared during orientation and during the principal's state of the school address.
2. Include how records are kept for annual individual meetings with ELL parents as well as outreach to ensure parent needs are accommodated (e.g., in person meetings, phone calls, letters). Refer to [ELL Policy Reference Guide, Parent Selection and Program Placement](#) section.
Paste response here:

4. Does the school partner with other agencies or Community Based Organizations to provide workshops or services to ELL parents?
N/A
5. How do you evaluate the needs of the parents?
Parent surveys conducted by Parent Coordinator.
6. How do your parental involvement activities address the needs of the parents?
Activities are designed to help parents understand the school system and effectively support their child with homework.

2015-2016 LANGUAGE TRANSLATION AND INTERPRETATION PLAN

Requirement under Chancellor's Regulations – for all schools

DBN: **19k325** School Name: **Fresh Creek School**
Superintendent: **Joyce Stallings**

Before you begin, please check the following:

- Principal has designated a Language Access Coordinator (LAC) in Galaxy
- The LAC has attended an in-person or online training (www.learnndoe.org/tiu/lac) by the Translation and Interpretation Unit
- The LAC is involved in the development of this Translation and Interpretation Plan

School Goal: To ensure that parents whose preferred language is other than English are provided with meaningful opportunities to participate in and have access to programs and services critical to their child's education ([Chancellor's Regulation A-663](#)).

By developing each of the following components, your school will have a comprehensive plan to provide translation and interpretation services for all parents who require such services.

Part A: Identification and Assessment of Limited-English-Proficient Parents

1. Describe the data and methodologies used to assess language preferences of the parent community for both written and oral communication. Include pertinent information culled from Part III of the Home Language Identification Survey (HLIS), ATS reports, Student Emergency Contact cards, and any surveys conducted by your school.

We assess language preference school-wide from information filled out on HLIS and blue cards.

2. List parents' preferred languages for both written and oral communication. Include all languages, even if only a limited number of parents indicate a language.

The parents' preferred languages for both written and oral communication are: English, Spanish, French, and Haitian-Creole.

Part B: Creating a Communications Calendar

1. List the documents your school typically disseminates every year that require translation and when they will be distributed to families. (The following contain critical information about educational programs and

services and must be translated – annual handbooks, newsletters, calendars, parent-teacher conference announcements, after-school program information, New York State testing dates, general overview of student curriculum, letters from the school leadership.)

Student and Parent handbook, Parent Resource Handbook, PTA/SLT Calendar, email request form, trip request forms, and invitations to the afterschool and Saturday programs.

2. List the formal face-to-face meetings your school will typically have with parents throughout the school year, such as parent-teacher conferences or curriculum nights, and when they will occur. As much as possible, also indicate any anticipated informal interactions, such as attendance teacher or guidance counselor calls to parents.

Formal face-to-face meetings with parents throughout the year are: parent-teacher conferences, curriculum night, family night events (i.e. sports night and math night), parent workshops. Other interactions include: calls from nurse, school from attendance teacher to see why a child is absent, calls for incidents occurring in the school, and teacher speaking with parent during Parent Engagement Time.

Part C: Providing Language Assistance Services

1. Describe how your school will meet identified translation needs indicated in Part B. Include procedures to ensure timely provision of translated documents to parents. Indicate whether written translation services will be provided by the Translation & Interpretation Unit, an outside vendor or in-house by school staff.

To meet the needs notices will be sent out in preferred language. Documents will be sent home in English and preferred language at the same time. Some documents are sent to Translation and Interpretation Unit. In most cases translation is done by in-house staff.

2. Describe how your school will meet identified interpretation needs indicated in Part B. Indicate whether interpretation services will be provided by over-the-phone interpreters via the Translation and Interpretation Unit, on-site interpreters provided by an outside vendor or in-house by school staff.

To meet the needs of parents, an in-house translator is used. Should someone come to school and need help in a language not spoken by a staff member and over-the-phone interpreter would be called. School Security guard has a card at her desk where parents can point to the language they need assistance in.

Part D: Training Staff on Policies and Procedures

Describe how your school will ensure that all staff members are aware of how to use translation services and the over-the-phone interpretation service. (e.g., T&I Brochure, Language ID Guide, Language Palm Card distributed at staff meetings, via email, etc.)

School will provide PD on how to use translation services and over-the phone interpretation service.

Part E: Providing Notice of Language Assistance Services

Describe how your school will fulfill parental notification requirements for translation and interpretation services, as per Section VII of Chancellor's Regulation A-663. Note: The full text of Chancellor's Regulations A-663 (Translations) is available at <http://schools.nyc.gov/RulesPolicies/ChancellorsRegulations>

Checklist of Notification Requirements

- Welcome Poster
- Parents' Bill of Rights
- Parents' Guide to Language Access
- Language ID Guide at security desk and main office

School will post signs in areas where parents can see and send home information as appropriate.

Part F: Monitoring and Quality Control

Describe mechanisms your school will use to gather feedback from parents on the quality and availability of services. (e.g., parent survey)

School will monitor the quality and availability of services from parent survey and informal conversations parents have with the staff they are able to communicate with.
