Section 3: Directions and Guidance for Developing the Comprehensive Educational Plan

The Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the new [Strong Schools, Strong Communities](#) initiative and [Framework for Great Schools](#).

Strong Schools, Strong Communities

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a [report](#), entitled *Strong Schools, Strong Communities: A New Approach to Supporting New York City's Public Schools and All of Our Students*.

The Framework for Great Schools and CEP Development

The [Framework for Great Schools](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor's Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of two (2) to five (5) goals and action plans that align with the first five elements of the Framework for Great Schools (listed below). The sixth element, *Trust*, is foundational to all the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements work together to support student achievement. Place your goal in the section of the template where it fits best, knowing that it likely addresses other elements as well.

The Six Elements of the Framework for Great Schools
Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.
Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.

Strong Family-Community Ties: School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.

Trust: Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and administrators value each other.

The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in improvement planning that is also informed by the NYCDOE's Quality Review Indicators and other quantitative and qualitative data.

NYCDOE's Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2015-16 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
- III. Structures for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

Title I Requirements and Strengthening Title I Parent Involvement

Title I schools are subject to ESEA/NCLB requirements regarding school accountability, highly qualified teachers, professional development, and parent involvement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools will be expected to form a Title I Parent Advisory Council (PAC) during the 2015-16 school year. Each Title I PAC will have a minimum of three members, including a Chairperson and an alternate representative. The Title I PAC Chairperson (or alternate representative) shall be required to attend all regular meetings of the School Leadership Team (SLT). Guidance to support schools in forming their Title I PACs will be provided in September 2015.

Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of [Chancellor's Regulations A-655](#).
- **Step 2:** Conduct a comprehensive needs assessment informed by the school's updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school's current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you've identified, and will help your school community know when you've reached your goal.

- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. Title I schools must also update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

Section 4: CEP Overview

Develop a narrative summary that includes:

1. Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/partnerships and/or special initiatives being implemented.
2. Any special student populations and what their specific needs are.
3. The elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

Bedford-Stuyvesant Preparatory High School is a transfer school that serves over-aged and under-credited students. We are a small community with about 152 students located on the first floor of the Marcy Avenue campus. The school has trimesters, which allows students to earn up to 18 credits per year and additional credits in PM school, which meets after regular school hours. In addition, this school year we are adding advanced placement classes. We have a strategic collaboration with I-Zone for the purpose of helping our under-credited students access yet another means of accumulating credits through online learning. This collaboration also gives us more flexibility when programming. Another strategic collaboration that we are taking advantage of is with the Common Core Institute for the purpose of further improving the instructional capacity of our teachers to yield better achievement outcomes. A LYFE center is located in the school building for students with babies and we have a partnership with Teen Choice that teaches students about healthy relationships and safer sex. The vision and mission statements of the school are as follows:

VISION STATEMENT

OUR VISION FOR BEDFORD–STUYVESANT PREPARATORY HIGH SCHOOL IS TO CREATE AND MAINTAIN A SCHOOL COMMUNITY FOR STUDENTS THAT IS CONDUCIVE TO RECEIVING A QUALITY EDUCATION AND LEARNING OPPORTUNITIES SO THAT THEY MAY SUCCESSFULLY TRANSITION FROM HIGH SCHOOL TO COLLEGE, CAREER-READINESS AND THE COMPETITIVE WORKFORCE AND BECOME PRODUCTIVE CITIZENS IN THE COMMUNITY.

MISSION STATEMENT

AT BEDFORD-STUYVESANT PREPARATORY HIGH SCHOOL, WE BELIEVE THAT STUDENT LEARNING IS THE CHIEF PRIORITY AND ALL STUDENTS CAN LEARN TO THEIR FULLEST POTENTIAL. STUDENTS WILL DEVELOP THEIR CRITICAL THINKING AND LEADERSHIP SKILLS BY BEING ACTIVELY ENGAGED IN THE LEARNING PROCESS. Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5A – Framework for Great Schools Element – Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

Part 1 – Needs Assessment

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Rigorous Instruction. This assessment should be informed by an analysis of student performance trends and any major findings from your Quality Review (QR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Needs assessment

- Enhance the school’s assessment practices to ensure routine use of students’ self and peer assessments that build students’ autonomy and ownership of their learning (QR 2013-14).
- Continue to align curricula to the Common Core Learning Standards (CCLS) across all subject areas.
- Continue to build rigor of tasks and questioning to engage in high level discussion.
- Add advanced placement classes to enhance rigor and support college and career readiness.
- Improve academic data collection of students at intake.
- Additionally, the June 2015 Regents examination results showed that student pass rates were 93%, 87%, 82%, 66% and 74% in ELA, Math, Science, Global and US History respectively. We need to continue to improve on the level of rigor and coherence of curricula with a priority focus on US history and Global.

School’s strengths

- Teacher collaboration within and across grades and subjects has been established to analyze student work, to align curricula to the CCLS and to improve and refine instructional practices.
- All teachers use common tools to raise the cognitive demand of writing tasks and discussions such as an argumentative essay rubric and accountable talk stems.

The school’s criteria for curriculum, unit and lesson planning include the incorporation of key common core literacy standards in academic tasks that promote students’ cognitive engagement and the development of their college and career readiness skills.

Part 2 – Annual Goal

Indicate your school’s 2015-16 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2016, 100% of teachers will improve in their collective teacher performance in components 1e, 2a, 3b, 3c, and 3d as measured by the Danielson Framework for Teaching. During the 2015-2016 school year, our teacher teams will continue to work together to increase the rigor and coherence of curricula so that it is aligned to the CCLS and will result in a 2% increase in the school’s Regents pass rate in June 2016 for Global History and US History.

Part 3 – Action Plan

<p>Activities/Strategies: Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:</p> <ul style="list-style-type: none"> • Research-based instructional programs, professional development, and/or systems and structures needed to impact change. • Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH). • Engaging families and supporting their understanding of Rigorous Instruction and the Common Core in order to support their children at home. 	<p>Target Group(s) <i>Who will be targeted?</i></p>	<p>Timeline <i>What is the start and end date?</i></p>	<p>Key Personnel <i>Who is responsible for implementing and overseeing the activity/strategy?</i></p>

Part 5 – Progress Monitoring

Part 5a. Schools are expected to engage in progress monitoring as part of an overall cycle of continuous improvement planning. Identify a mid-point benchmark(s) that will indicate school progress toward meeting the specified goal.

Mid-Point Benchmarks

- By January, administration will meet with teachers to identify progress made with this goal and articulate plans for adjustments and added support
- A CCLS aligned scope and sequence for subject areas
- Workshops supporting lesson plans
- Department time to share best practices
- Written feedback to teachers around student work and lesson plans

Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5B – Framework for Great Schools Element – Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

Part 1 – Needs Assessment

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Supportive Environment. This assessment should be informed by an analysis of student performance trends, attendance, suspension, school survey results and any major findings from your Quality Review (QR) or Alternate Quality Review (AQR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Needs Assessment:

- Extend the school’s resources to include partnerships that expose students to college and career pathways that prepare them for postsecondary success such as College Now. (QR 2013-2014)

School’s Strengths:

The school has implemented comprehensive youth development and guidance supports that have contributed to the personal and academic growth of the students.

During the 2014-2015 school year 44% of the reported incidents constituted infractions that were aggressive or injurious/harmful behavior or seriously dangerous or violent behavior as described in the citywide behavioral expectations/discipline code (level 4/5 infractions).

Part 2 – Annual Goal

Indicate your school’s 2015-16 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Supportive Environment. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

By January 2016, BSPHS will enhance its social-emotional learning program in order to meet Quality Review Rubric expectations for indicators 1.4, 2.2, and 5.1. These Quality Review indicators best align with Danielson Framework for Teaching components 2a, 2d, 3c, and 3d. Thus, goal attainment will be measured by an increase in teacher performance within each aforementioned component, from October to June as measured by The Danielson Framework for Teaching.

Part 3 – Action Plan

Activities/Strategies: Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including: <ul style="list-style-type: none"> • Research-based instructional programs, professional development, and/or systems and structures needed to impact change. • Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH). • Engaging families and supporting their understanding of Supportive Environment in order to support their children at home. Part 1 – Needs Assessment

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Collaborative Teachers. This assessment should be informed by an analysis of student performance trends, teacher performance and any major findings from your Quality Review (QR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Needs assessment:

4c. "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State,

and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.				
Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '16 school allocation amounts)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , section references where a related program activity has been described in this plan.

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent and purposes of the Federal programs** included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).

- **Title I Priority and Focus School Improvement Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent Involvement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

Section 9: Parent Involvement Policy (PIP) and School-Parent Compact (SPC)
(Required for All Title I Schools)

Directions: All Title I schools are required to have a Title I Parent Advisory Council (PAC) that develops a **Parent Involvement Policy (PIP)** in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school’s PIP should align with current CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school’s policy.

Your school’s Title I Parent Advisory Council (PAC) is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school’s current policy.

Bedford-Stuyvesant Preparatory High School

832 Marcy Avenue

Brooklyn, NY 11216

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **Bed-Stuy Prep H.S.**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **Bed-Stuy Prep H.S.** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;

- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;
- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school's Parent Involvement Policy and the School-Parent Compact;

- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability, grade-level curriculum, and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;

- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

DEPARTMENT OF ENGLISH LANGUAGE LEARNERS AND STUDENT SUPPORT
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM
2015-16 AND 2016-17 SCHOOL YEAR

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for English language learners (ELL). This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's Comprehensive Educational Plan (CEP). Note: this is a living document; any schoolwide changes involving serving ELLs, such as the addition or expansion of a transitional bilingual education (TBE) or dual language (DL) program should be updated in this form. Note new terminology based on CR Part 154.2 and 154.3. Agendas and minutes of LAP meetings should be kept readily available on file in the school. When preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, refer to the *English Language Learner Policy & Reference Guide*.

8. Describe how you evaluate the success of your programs for ELLs (e.g., meeting AYP for ELLs).

Part IV: ELL Identification Process

Describe how you identify English language learners (ELLs) in your school.

1. Describe the steps followed for the initial identification of ELLs. These steps must include administering the K–12 Home Language Identification Survey (HLIS) which includes the student and parent interviews in English and/or the parent’s preferred language of communication, and the formal initial assessments (i.e., NYSITELL, Spanish LAB, and LENS). Identify the person(s) responsible, including their qualifications. Refer to [ELL Policy and Reference Guide, ELL Identification](#) section.
The Bedford Stuyvesant Preparatory High School Language Allocation Policy is a school-wide plan designed to assist English Language Learners in their progression toward English language proficiency in their academic lives. The school’s plan incorporates academic language scaffolding and Total Physical Response (TPR) in its free-standing ESL program. Due to the size of the school and the program, our ENL provider is a certified Math teacher who is a native Spanish speaker. Bedford Stuyvesant Preparatory High School currently has no ELL students on register, however, we are prepared to offer any incoming ELL students appropriate instruction in a free-standing ENL program. The program combines New York State’s ESL and ELA Standards; language needs for performance in students’ content area courses, and students’ linguistic strengths and challenges. The program uses content area texts, visual aids, and support when possible in students’ native languages. The tailored program involves access to computers in the ENL classroom with internet access, audio resources, and a growing library of materials for ELL students. In order to effectively address the learning needs of ELL students, Bedford Stuyvesant Preparatory High School is prepared to support those students in the following ways:
 1. Standardized Assessments that take into consideration student proficiency in native languages. The school will provide assessments in native languages as permitted. Teachers will collaborate with the Spanish teacher and will produce an in-class assessment test that is sensitive to the ELL student’s language obstacles. During state standardized assessments, the ELL students will be permitted to take exams using a dual language dictionary according to their native language. The school will administer the NYSESLAT according to state timelines and will use the test results to assess the ELL students’ progress. The school will use exam results to reflect and plan for improvement in the ESL program.
 2. Supportive English Language Arts instruction and SIFE Students. English teachers and the Spanish teacher collaboratively plan and team teach focusing literacy support on all students, but with particular attention to ELL and SIFE student groups. Although no SIFE students currently attend Bedford Stuyvesant Preparatory High School, the school is prepared to meet future SIFE students’ needs.
 3. Collaborative Content Area Instruction. The Spanish teacher works collaboratively with teachers in content areas on lesson development and assessment materials. This collaboration assists the teachers to align instruction more closely to ELL students’ learning needs.
 4. Guidance and ENL Coordinator. After-school services focused on students struggling with English and students identified with interrupted formal education include plans to assist ELL and SIFE students achieve English proficiency in the academic setting.
 6. Academic Intervention and Support Services. During each semester, the Spanish teacher will conduct academic support by pushing into classrooms or pulling out ELL students from their normal class program. The ENL program will also offer tutorial sessions after school. At these one-on-one tutorial sessions the Spanish teacher will provide valuable support to the student.
 7. Newcomers Plan. Students who arrive at Bedford Stuyvesant Preparatory High School and are newcomers either to NYC or to the United States will be evaluated using the LAB-R exam. Results of this exam will be reported to the Department of Education and to the school’s admission team. A parent/student interview will be conducted with the parent coordinator, ENL teacher, and the guidance counselor. Parents will be provided with the same ENL information that was stated above, and will be given the option of choosing the most appropriate program for their child.
2. Describe how assessments are used to identify SIFE (Students with Interrupted/Inconsistent Formal Education) within 30 days of enrollment (e.g., LENS, SIFE questionnaire, student work).
The welcome packet that parents complete during the intake interview contains a questionnaire about the students educational history. Information from this is used to identify SIFE. Additionally, teachers use student work and in class assessments to determine if there is a gap that exists because of language acquisition or interrupted education to refer students to the guidance counselor.
3. Describe the identification for newly enrolled students with IEPs. Include titles of the Language Proficiency Team (LPT) members (refer to [ELL Policy and Reference Guide, ELL Identification](#) section).

ESL entitlement letters are printed out in the native language of the parents from the DOE website and given to the parents in person or mailed home. Many students also take the letters home and bring them back to school. Parents either return the letter that day by filling it out in the office, or send it back with the student to school.

4. Describe how your school ensures that entitlement and non-entitlement parent notification letters are distributed within five school days after the NYSITELL is scanned and score is determined.
The parent coordinator mails the letters and follows up with the parent via telephone.
5. Describe how parents are informed that they have the right to appeal ELL status within 45 days of enrollment (refer to [*ELL Policy and Reference Guide, Re-Identification of ELL Status*](#) section).
During parent orientation the parent coordinator explains parent and student rights and shares the ELL policy and website with families.
6. What structures are in place at your school to ensure that parents understand all three program choices (transitional bilingual education, dual language, and freestanding ENL) through the mandated parent orientation within the specified timeframe? Describe the process, outreach plan, and timelines.
To ensure that parents understand all three program choices available (transitional Bilingual, Dual Language and Freestanding ESL), a parent orientation is created. Handouts of available programs at schools around the city are made from the ELL website. The parents will be informed of schools with those options. An outreach is made by our parent coordinator to explain this choice and prepare them for their new school.
7. Include how your school reaches out to parents to ensure Parent Surveys and Program Selection forms are returned in a timely manner and how your school monitors parent program choice. As per CR Part154.2, if a form is not returned, the default program for ELLs is bilingual education.

11. Describe the steps taken to administer all sections of the New York State English as a Second Language Achievement Test (NYSESLAT) to all ELLs each year.
N/A
12. Describe how your school ensures that continued entitlement and transitional support parent notification letters are distributed.
ESL entitlement letters are printed out in the native language of the parents from the DOE website and given to the parents in person or mailed home. Many students also take the letters home and bring them back to school. Parents either return the letter that day by filling it out in the office, or send it back with the student to school.
13. After reviewing the Parent Survey and Program Selection forms for the past few years, what is the trend in program choices that parents have requested? Provide numbers. Are the program models offered at your school aligned with parent requests? If no, why not? How will you build alignment between parent choice and program offerings as per Aspira Consent Decree? Describe specific steps underway. (Refer to question six).

Part V: ELL Programming

A. Programming and Scheduling Information

1. How is instruction for ELLs delivered in the following programs? Include how integrated and standalone ENL are implemented as per CR Part 154.2 as well as how students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogeneous [proficiency level is the same in one class]).
 - a. Freestanding ENL program.
Instructional Delivery Organizational Models: Bedford-Stuyvesant Preparatory High School would implement a Freestanding English as a Second Language (ESL) Program to students who require support services in second language acquisition. The school would provide ESL services via the push-in and pull-out models with an ESL certified teacher to support students in specific content areas.
The primary goals of this program is as follows:
 - To amplify the literacy and academic skills of ELLs who participate.
 - To incorporate recognized and researched based ESL instructional strategies across content subject areas.
 - To give students the skills to perform at city and state grade level in all subject areas. Freestanding English as a Second Language Program.
 - Scaffolding is an essential part of the instructional delivery, such as Modeling, Bridging, Schema Building, Contextualization, Text Representation and alternative assessment.
 - Assisting students during work periods, conferencing with students in and out of class, informal assessments, and running records.
 - Additional small group AIS sessions for each grade prior to all state assessments, to focus on literacy and academic language.
 - b. TBE program. *If applicable.*
N/A
 - c. DL program. *If applicable.*
N/A
2. How does the school ensure the mandated number of instructional minutes is provided according to proficiency levels in each program model?
 - a. How are explicit ENL, ELA, and HLA instructional minutes delivered in each program model (see charts 5.1 and 5.2 below)?
Beginning students would receive 540 minutes per week, Intermediate students would receive 360 minutes per week, and
Advanced students would receive 180 minutes per week. Subgroups: Differentiate Instruction Within the ELL population, if there are sub-populations that require differentiated instructional approaches to make content comprehensible and enrich language development. These sub-populations include, SIFE, Newcomers, Long-Term ELLs, ELLs receiving 4-6 years of service and ELLs with Special Needs.
3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Common Core Learning Standards.
 - Content area teachers would monitor the understanding of linguistically challenging material and use a variety of phrasings and synonyms to clarify meaning.
 - 100% English and content area instruction with Native Language support via Native Language dictionaries, glossaries, and assessments.
 - Multiple modalities for all students.
 - Differentiated instruction for all students based on the results of formative and summative assessments.
 - Math teachers would devote extra class time to untangling difficult word problems, and require students to make verbal explanations of the problems they work on.
 - Social Studies teachers would scaffold their instruction with visual aids such as maps, atlases, and illustrations to increase comprehension. ELL students would be given ESL instruction in accordance with the mandated number of minutes for ELL students.
4. How do you ensure that ELLs are appropriately evaluated in their home languages throughout the year?
To ensure that ELLs are appropriately evaluated in their native language, teachers would maintain writing samples, running records, and allow students to respond in their native language both in verbal and written responses.
5. How do you ensure that ELLs are appropriately evaluated in all four modalities of English acquisition throughout the year?
100% of teachers would teach to all 4 modalities for all content areas.
6. How do you differentiate instruction for each of the following ELL subgroups?
 - a. SIFE
 - b. Newcomer

- c. Developing
- d. Long Term
- e. Former ELLs up to two years after exiting ELL status

The plan is as follows: a. SIFE: Since SIFE students can have intermittent educational backgrounds, it is important to discover their strengths. They must be assessed in literacy as well as content area skills. SIFEs are to be continually assessed in literacy and math levels in their native language and English. Whenever possible, content area instruction in the students' native language should be administered. Once assessed, an intensive math and literacy program that addresses the basics of each skill is created to maintain progress. Many of our SIFEs have experienced traumas or inconsistency in their young lives, so it is important to form a comfortable environment that new social norms and language can flourish. One way to achieve this is to involve parents in home reading and math instruction. Literacy at home is paramount to progress at school, and native language reading is encouraged in the home. Intervention services are created not only to address academic norms but social norms and practices of the school. Many SIFES are not conditioned to classroom procedures or time constraints, therefore these needs to be taught like any other academic skill or strategy. An individualized action plan to properly differentiate each program for each student is the most effective way to instruct students. At the school, we target a pedagogue to create a supportive environment utilizing counseling services, literacy and math coaches. It's important to introduce students to empathetic and friendly students to be ambassadors for that student. SIFE's emotional as well as academic progress should be monitored continually by working with the guidance counselors, parents, and pedagogues. To accelerate learning in SIFEs, teachers can use multiple modalities, such as art, kinesthetic activities, and technology. The enrichment programs at the school, such as after school excursions and overnight trips to facilitate enjoyment as well as rigor in education. We realize the importance of consistency of teachers to SIFEs. Therefore, we will attempt to maintain same teachers whenever possible throughout schedule changes by monitoring programming of the SIFE.

b. NEWCOMERS: Our school first determines students who are 0-3 years in the school system and their identification (SIFE, Special Ed., and Gifted Etc) and create a program accordingly. Depending on how students score on assessment in their native language, an ESL pedagogue will collaborate with the Assistant Principal to create an education program accordingly. Assessment must be executed for all content area to determine levels. A student is assigned as a buddy to foster social and academic development. We attempt to coordinate buddies who share the same native language or home country.

c: ELLS receiving 4-6 years: These students need an intensive AIS program to ensure they will not be Long Term ELLs. An instructional plan that ensures progress should be created to target their needs. Progress should be documented and maintained. Teachers should collaborate and meet to maintain progress.

d. LONG TERM ELLS: 6 years or more. Long term ELLs need instructional plans. Their classed should be restructured to programs to address specific needs. Since academic language is very important to student success, teachers should increase academic language in a small setting. They can utilize AIS to target the needs of ELL students utilizing running records, writing samples and assistance from foreign language teachers. An educational plan that maintains continuity by remanding the student in the same program (i.e. transitional bilingual or ESL program) and supportive services in their native language is the most beneficial.

e. Former ELLS: Once ELLs test out of the freestanding ESL program at our school, they can still receive services. Parents can also request that their child stays in the ESL program through the parent selection letters sent home each year. Service is maintained via testing accommodations. The school can create AIS or language enrichment program for the student if applicable to make sure they are performing at grade level. Communication must be open and consistent with parents.

Students are allotted two years of support after testing proficient. Programming and Scheduling Information:

7. For students re-identified as ELL or non-ELL, based on an approved re-identification appeal within 45 days of student enrollment, describe how the school ensures the student's academic progress has not been adversely affected by the re-identification (within 6–12 months after the re-identification has been established). Refer to [ELL Policy and Reference Guide, Re-Identification of ELL Status](#) section.

Home Language Usage and Supports

The chart below is a visual representation designed to show the variation of home language usage and supports across the program models. Note that home language support is never zero. TBE and dual language programs have both home language arts and subject areas taught in the home language; ENL has home language supports.

A. Programming and Scheduling Information--Continued

10. Describe your targeted intervention programs for ELLs in ELA, math, and other core content areas (specify ELL subgroups targeted). List the range of intervention services offered in your school for the above areas as well as the language(s) in which they are offered. Our school would offer a range of intervention services in ELA, math, and other content areas to target ELL subgroups properly. Students would receive services on a differentiated basis. Each student would receive AIS through an individualized plan. In addition to AIS classes, test accommodation training and counseling (i.e. dictionary and glossary workshops, pre-testing in native language) for all ELL subgroups before Regents exams to ensure student can utilize services. Native Language glossaries and accommodations for all ELL subgroups are available. There would be daily math and literacy small group instruction classes to maintain grade level proficiency in content area. We will create peer groups that target individual needs of students via AIS.
11. Describe the effectiveness of your current program and how it is meeting the needs of your ELLs in both content and language development.
N/A
12. What new programs or improvements will be considered for the upcoming school year?
We are not planning on extending our current program at this time.
13. What programs/services for ELLs will be discontinued and why?
We are not discontinuing any programs.
14. How are ELLs afforded equal access to all school programs? Describe after school and supplemental services offered to ELLs in your building.
ELLs have access to all the programs that are mentioned in our answer to question 9. Our ESL coordinator ensures that our ELL population and their families are made aware of opportunities offered at our school both via written and telephone outreach.
15. What instructional materials, including technology, are used to support ELLs? Include core content area as well as language materials; list ELL subgroups if necessary.
Instructional Materials: In anticipation of getting ELL students, we are reflecting on creating a class of heterogeneous native Spanish speakers, consisting of ELLs and non-ELLs. ESL students would use a BBC ESL, podcasts and translator programs in to balance between literacy in native and second language. This includes the use of high interest / grade level texts.
16. How is home language support delivered in each program model (DL, TBE, and ENL)?
Currently our only program model would be ENL.
17. Explain how the school ensures all required services/resources support and correspond to ELLs' ages and grade levels.
Students will receive push-in and pull out services around the same curricula that are provided to our general education students. ELLs would utilize the same texts and are prepared for Regents Exams just as our other students are.
18. Describe activities in your school that assist newly enrolled ELLs before the beginning of the school year. Include activities for new ELLs who enroll throughout the school year. Include titles of school staff involved in such activities (e.g., school counselor, parent coordinator).
In order to support learning and foster community involvement, we use a portion of our funding to create supplementary programs for ELLs and their families. These include:
•Saturday Academy: Our Saturday Academy offers both remediation and enrichment in Science, Mathematics, NLA, and ESL. Additionally, activity clubs in art and dance are offered. Attendance rates are at over 90% for this outreach program.
•Saturday Parent Academy: ESL classes are offered to parents, accompanied by parenting workshops delivered in Spanish by school staff on various topics of interest, including technology classes. This has also been a very successful program.
•Family Celebrations: Throughout the year, parents come to the school to take part in community celebrations, including the Holiday Luncheon, Family Day, the Annual Parent Fair, and the Pan American Day Festival. At these events, the school and community can come together to recognize student achievements in arts and academics.
•Translation and Interpretation Services: These services are offered to increase the involvement of parents in the TBE program, additional funding is available to translate important policy documents, mainly in Spanish. Among the documents we have made available is the school's Comprehensive Education Plan. Additionally, interpretation services are a daily help in communication between school staff and parents.
•Summer Bridge: Our summer bridge program is designed to help all students make a successful transition into our school culture.
19. What language electives are offered to ELLs?
N/A
20. For schools with dual language programs:
a. What dual language model is used (e.g., side-by-side, self-contained)? Explain how much of the instructional day (percentage) EPs and ELLs are integrated.
b. In which language(s) is each core content area taught?
c. How is each language separated for instruction?
d. Is emergent literacy taught in the child's home language first (sequential), or are both languages taught at the same time (simultaneous)?
At this time, we do not have a dual language program.

B. Professional Development and Support for School Staff

2015-2016 LANGUAGE TRANSLATION AND INTERPRETATION PLAN

Requirement under Chancellor's Regulations – for all schools

DBN: **13K575**

School Name: **BEDFORD-STUVESANT PREPARATORY HS**
Superintendent: **L**

Before you begin, please check the following:

- Principal has designated a Language Access Coordinator (LAC) in Galaxy
- The LAC has attended an in-person or online training (www.learnndoe.org/tiu/lac) by the Translation and Interpretation Unit
- The LAC is involved in the development of this Translation and Interpretation Plan

School Goal: To ensure that parents whose preferred language is other than English are provided with meaningful opportunities to participate in and have access to programs and services critical to their child's education ([Chancellor's Regulation A-663](#)).

By developing each of the following components, your school will have a comprehensive plan to provide translation and interpretation services for all parents who require such services.

Part A: Identification and Assessment of Limited-English-Proficient Parents

1. Describe the data and methodologies used to assess language preferences of the parent community for both written and oral communication. Include pertinent information culled from Part III of the Home Language Identification Survey (HLIS), ATS reports, Student Emergency Contact cards, and any surveys conducted by your school.

We determine the primary language spoken by each parent through home surveys, which are done for every student enrolled at Bedford-Stuyvesant Preparatory HS. Then we evaluate the results to determine translation needs. We also interview each family upon registration to determine language needs. Once that has taken place, we keep the collected information in files, which are at the principal's secretary office.

2. List parents' preferred languages for both written and oral communication. Include all languages, even if only a limited number of parents indicate a language.

Our findings revealed that the two languages for which translation services are needed are Spanish, and French / Haitian Creole.
Our school community was informed in the following manner:
The makeup of our parent population is:
9 Spanish
2 French/Creole
Number of parents who need translation services
2 Spanish
1 French/Creole
Please note that when need to communicate with some of those parents arises, often times they rely on the help of older children, cousins, or other relatives who are fluent in English and are available to help.

Part B: Creating a Communications Calendar

1. List the documents your school typically disseminates every year that require translation and when they will be distributed to families. (The following contain critical information about educational programs and services and must be translated – annual handbooks, newsletters, calendars, parent-teacher conference announcements, after-school program information, New York State testing dates, general overview of student curriculum, letters from the school leadership.)

- a) all school personnel were informed of language needs during our staff meetings
- b) school personnel receives a weekly newsletter for substantial school updates and language needs are communicated in this manner
- c) updates are also conducted during grade-level or department level meetings

2. List the formal face-to-face meetings your school will typically have with parents throughout the school year, such as parent-teacher conferences or curriculum nights, and when they will occur. As much as possible, also indicate any anticipated informal interactions, such as attendance teacher or guidance counselor calls to parents.

- Disciplinary conferences-ongoing
- Guidance conferences-ongoing
- Parent teacher conferences-6 times per year
- PTA meetings-monthly
- Title I parent meeting-October
- Intake conference/interview-ongoing
- Parent orientation-September
- School leadership team meetings-monthly

Part C: Providing Language Assistance Services

1. Describe how your school will meet identified translation needs indicated in Part B. Include procedures to ensure timely provision of translated documents to parents. Indicate whether written translation services will be provided by the Translation & Interpretation Unit, an outside vendor or in-house by school staff.

All written translated documents will be translated using the Translation and Interpretation Unit. Most documents distributed are available in Spanish and Creole. Additionally, we have school staff available to translate documents in-house: Ms. Vega for Spanish and Ms. Brand for Creole.

2. Describe how your school will meet identified interpretation needs indicated in Part B. Indicate whether interpretation services will be provided by over-the-phone interpreters via the Translation and Interpretation Unit, on-site interpreters provided by an outside vendor or in-house by school staff.

As to oral translation, should a parent visit the school, the following systems are in place: Ms. Vega and Mr. Alvarez are available to translate from Spanish. Ms. Brand is available to translate Haitian/ Creole. Teachers and staff are also encouraged to use the service available at 718-752-7373.

Part D: Training Staff on Policies and Procedures

Describe how your school will ensure that all staff members are aware of how to use translation services and the over-the-phone interpretation service. (e.g., T&I Brochure, Language ID Guide, Language Palm Card distributed at staff meetings, via email, etc.)

These procedures are discussed at a staff meeting. Ms. Vega also has the information available in the main office for easy access to teachers and staff.

Part E: Providing Notice of Language Assistance Services

Describe how your school will fulfill parental notification requirements for translation and interpretation services, as per Section VII of Chancellor's Regulation A-663. Note: The full text of Chancellor's Regulations A-663 (Translations) is available at <http://schools.nyc.gov/RulesPolicies/ChancellorsRegulations>

Checklist of Notification Requirements

- Welcome Poster
- Parents' Bill of Rights
- Parents' Guide to Language Access
- Language ID Guide at security desk and main office

The written translation services offered at Bedford-Stuyvesant Preparatory HS are provided by the Translation & Interpretation Unit at <http://schools.nyc.gov/Offices/Translation/default.htm>. Regarding oral translation, we also rely on Spanish and French Creole speakers on-site, as well as the DOE translation services provided through the telephone at (718)752-7373, which offers live translation.

Part F: Monitoring and Quality Control

Describe mechanisms your school will use to gather feedback from parents on the quality and availability of services. (e.g., parent survey)

During parent meetings, parent visits, and parent teacher conferences parents who have indicated that their preferred language is a language other than English will be asked to give feedback to the parent coordinator on the services provided and the frequency and accuracy of this service.
