Section 3: Directions and Guidance for Developing the Comprehensive Educational Plan

The Comprehensive Educational Plan is meant as a tool to facilitate continuous improvement planning – to support schools in engaging their staff, parents, students, and community partners in assessing and prioritizing school needs, setting measurable improvement goals, selecting appropriate strategies to improve student outcomes, monitoring progress toward meeting annual goals, and communicating these efforts to the broader school community. This section will provide School Leadership Teams (SLTs) with guidance regarding CEP development informed by the new [Strong Schools, Strong Communities](#) initiative and [Framework for Great Schools](#).

Strong Schools, Strong Communities

The New York City Department of Education (NYCDOE) is committed to working collaboratively with parents, families, educators, and communities to improve student achievement and ensure that every child graduates from high school prepared for college, a career, and a future as a productive, critically-thinking adult.

The Department is establishing programs to strengthen ties between schools and communities, and is giving teachers and students the support they need to reach higher standards. These programs and supports are building a system of schools centered on student learning. Along with strengthened partnerships between parents, teachers, students, school leaders, and communities, these initiatives will ensure Strong Schools, Strong Communities, so that all students succeed. Additional information is available in a [report](#), entitled *Strong Schools, Strong Communities: A New Approach to Supporting New York City's Public Schools and All of Our Students*.

The Framework for Great Schools and CEP Development

The [Framework for Great Schools](#) encourages parents, educators, school communities, and external stakeholders to work together to improve student achievement and increase learning opportunities. This collaborative focus will ensure that every child is consistently ready for the next grade, level, and set of challenges. The Comprehensive Educational Plan (CEP) will reflect this focus and should serve as the blueprint that engages a school community in a systematic, ongoing review and analysis of student needs to identify and address root causes and implement activities and strategies that improve outcomes for students.

Based on robust research, the six elements of the Framework identify the areas that we must improve to accomplish high student achievement. By focusing attention and resources on what it takes for schools to function well, the Framework for Great Schools identifies the underlying strengths and weaknesses of a school and shows community members concrete ways to improve.

In accordance with the requirements of [Chancellor's Regulations A-655](#), all SLTs are to develop an educational plan in consultation with parents, school staff, and students, to provide a meaningful opportunity for stakeholders to participate in shared decision making and school improvement. The expectation is that SLTs will engage in a comprehensive educational planning process to inform the development of two (2) to five (5) goals and action plans that align with the first five elements of the Framework for Great Schools (listed below). The sixth element, *Trust*, is foundational to all the other elements. A goal that reflects a holistic approach will often address more than one element, as the elements work together to support student achievement. Place your goal in the section of the template where it fits best, knowing that it likely addresses other elements as well.

The Six Elements of the Framework for Great Schools
Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.
Supportive Environment: The school establishes a classroom and school culture where students feel safe, supported, and challenged by their teachers and peers.

Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

Effective School Leadership: Principals lead by example and nurture the professional growth of teachers and staff, developing and delivering the instructional and social-emotional support that drives student achievement.

Strong Family-Community Ties: School leadership brings resources from the community into the school building by welcoming, encouraging, and developing partnerships with families, businesses, and community-based organizations.

Trust: Everyone works toward the shared goal of improving student outcomes, preparing students for success in school and beyond. Across the school community, there is respect. School staff, parents, students and administrators value each other.

The Quality Review and the Framework for Great Schools

In order to address the six elements of the Framework for Great Schools, school communities should engage in improvement planning that is also informed by the NYCDOE’s Quality Review Indicators and other quantitative and qualitative data.

NYCDOE’s Quality Review (QR)

The Office of School Quality (OSQ) supports school improvement across the NYC Department of Education (DOE) by coordinating qualitative assessments of principals and school communities. All of the qualitative assessments are rooted in the Quality Review rubric and drive improvements to principal and school practice, with the ultimate goal of impacting student achievement. The 2015-16 Quality Review (QR) Rubric has ten indicators within three categories as outlined below:

- I. Instructional Core Across Classrooms: Curriculum (1.1), Pedagogy (1.2), Assessment (2.2)
- II. School Culture: Positive Learning Environment (1.4), High Expectations (3.4)
- III. Structures for Improvement: Leveraging Resources (1.3), Goals and Action Plans (3.1), Teacher Support and Supervision (4.1), Teacher Teams and Leadership Development (4.2), Monitoring and Revising Systems (5.1)

Title I Requirements and Strengthening Title I Parent Involvement

Title I schools are subject to ESEA/NCLB requirements regarding school accountability, highly qualified teachers, professional development, and parent involvement.

To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students’ academic outcomes, all Title I schools will be expected to form a Title I Parent Advisory Council (PAC) during the 2015-16 school year. Each Title I PAC will have a minimum of three members, including a Chairperson and an alternate representative. The Title I PAC Chairperson (or alternate representative) shall be required to attend all regular meetings of the School Leadership Team (SLT). Guidance to support schools in forming their Title I PACs will be provided in September 2015.

Next Steps for CEP Development

School Leadership Teams should engage in the following steps:

- **Step 1:** Ensure that a fully formed and functional School Leadership Team (SLT) exists and meets all the requirements of [Chancellor’s Regulations A-655](#).
- **Step 2:** Conduct a comprehensive needs assessment informed by the school’s updated NYSED accountability status and most current quantitative and qualitative data. Prioritize areas of focus for this school year.
- **Step 3:** Revisit your school’s current goals, modify existing goals, and/or strategically create new goals informed by the needs assessment and aligned with the Framework for Great Schools. Ensure the annual goals are SMART—Specific, Measurable, Achievable, Relevant, and Time-bound. Writing your goals as SMART will help you monitor progress against the qualitative or quantitative measures you’ve identified, and will help your school community know when you’ve reached your goal.

- **Step 4:** Build consensus around strategies, activities, and programs to address students' needs in each action plan. Create action plans that translate into observable, effective strategies to improve student achievement.
- **Step 5:** Update your school's AIS section. Title I schools must also update the Parent Involvement Policy (PIP) and School-Parent Compact (SPC).
- **Step 6:** Establish a process for engaging in progress monitoring throughout the school year as part of an overall cycle of continuous improvement planning to assess whether activities and strategies outlined in the action plans are resulting in improved student performance. Adjust practices, when necessary.

Treat the plan as a living document. Adjust the plan along the way as your experiences and the evidence justify. Careful implementation of your ideas, follow-through, and continuous evidence-based monitoring of progress are the keys to accomplishing desired results.

Section 4: CEP Overview

Develop a narrative summary that includes:

1. Contextual information about your school's community and its unique/important characteristics, including your school's mission statement and a description of strategic collaborations/partnerships and/or special initiatives being implemented.
2. Any special student populations and what their specific needs are.
3. The elements of the Framework for Great Schools in which your school made the most progress over the past year, and your key areas of focus for this school year.

Mission Statement

Nelson Mandela School for Social Justice (NMSSJ) opened September 2014. Borne out of the NYC Young Men's Initiative, Nelson Mandela School for Social Justice (an EPICMandela School) challenges all students to dream big and support them in designing their future. We recognize that each student is an individual, and therefore provide a series of learning experiences that equip young people to walk their unique paths. We honor and integrate the cultures of our communities to make learning relevant, responsive, and accessible, as we develop citizens with a positive sense of self, ready to stand for social justice.

All graduates of Nelson Mandela School for Social Justice will be college and career ready as we provide a meaningful pathway to lifelong learning for every student. By fostering the boldness to dream and by developing a commitment to inner growth and outward transformation, our graduates will be ready to design their own futures.

As part of the EPICMandela schools (birthed out of the ESI School Design Fellowship), the Nelson Mandela School for Social Justice emphasize the following key areas.

I. Instruction: Culturally relevant and purposeful learning experiences leading to the mastery of skills.

- ♣ Competency-based framework integrating academic, social-emotional, college and career-readiness learning goals.
- ♣ Personalized learning pathways that challenge students while providing them with targeted support.
- ♣ Ongoing and varied assessments that afford students multiple and diverse opportunities to achieve and demonstrate mastery.
- ♣ Integrated technology and data use to personalize learning and facilitate access to resources.
- ♣ Early College and workplace learning opportunities for students that form a "readiness bridge" into post-secondary opportunities.
- ♣ Youth development practices and strategies that support students through mentoring, rites of passage and restorative justice.

II. Staffing: Culturally relevant staffing and development based on students' real-time needs

- ♣ Flexible adult roles and schedules that accommodate students' varying needs.
- ♣ Personalized professional learning plans that support the continuous growth of our staff.
- ♣ Adult competencies based on EPIC learning priorities and students' needs which serve as bases for staff selection and professional development.
- ♣ Leadership pipelines that foster professional growth, collaboration and mentorship.

- ♣ Holistic and purposeful evaluation that emphasizes effective teamwork and individual growth and development. III. School community/ culture: Culturally relevant environments that nurture growth, community and positive identity
- ♣ Community-based partnerships connecting services, supports and real-world learning opportunities.
- ♣ Advocacy and activism that surface and address constraints that hinder student growth.
- ♣ Family engagement that ensures real partnership and shared leadership by the community. Support services and operations systems that remove barriers to learning for students. Nelson Mandela School for Social Justice wasn't initially part of the ESI School Design Fellowship's work. In the early part of 2014, the ESI Fellows were asked to take on the responsibility of building out the model for the proposed school.

Strengths: The schools strengths fall into the following areas:

- The schools approach to culture building, discipline, and social emotional support results in an inclusive culture that is conducive to student and adult learning. Our Harambee Code of conduct, use of restorative justice and morning circles, along with the Rites of Passage and advisory systems, ensure that every student is known well by an adult and a team of adults who coordinate guidance and develop student plans align with student needs.
- The use of resources (technology, coaches, and partnerships) and other organizational decisions are aligned to support the school instructional goals as in evident student tasks/products. Partners work alongside staff in developing the Rites of Passage program and advisory curriculum. Technology purchased allows for student access during instruction. The school is using resources to develop a new classroom position entitled Learning Coach creating the potential for flexible teaching structures in classrooms (parallel, stations, small group, lead/recorder) based on student needs.
- The school leaders consistently communicate high expectations to the entire staff, provide staff

training and support, and are developing a system of accountability for those expectations. School leaders and staff consistently communicate expectations that are connected to path to college and career readiness. These expectations are embodied in the EPICMandela Model/framework of academic and behavioral competencies. Ongoing feedback to help families understand student progress towards those expectations is evident in the online assessment tool, regular advisory meetings/goal setting, and in restorative justice/guidance meetings. NMSSJ has establishing a community lounge for faculty and parents to in order provide access for families.

Resource/Organization List

The development of EPIC High Schools is a product of wide research and thought partnership with numerous experts and organizations across the relevant domain areas. Additionally, EPIC is forging strategic alliances with local and national organizations that will support both the implementation of these schools as well as broader advocacy around policies related to Black and Latino youth. Areas of the Framework for Great Schools in which your school made the most progress over the past year:

- 1. Supportive Environment :** This year NMSSJ was successful at developing and maintaining a culture of mutual trust and positive attitudes that support the academic and personal growth of students and adults. Our use of restorative practice/justice, culturally relevant education, and our continued commitment toward the inclusion of families has helped us develop a truly supportive environment.
- 2. Effective School Leadership –** One area of celebration (QR) is our consistently communication of high expectations to the entire staff that are connected to path to college and career readiness, and provide staff training and support for the effective implementation of EPIC Mandela Model framework of academic and behavioral competencies.
- 3. Strong Family-Community Ties:** School community has successfully brought resources from the community into the school building by welcoming, encouraging, and developing partnerships with families , artists, and community-based organizations .

Areas of the Framework for Great Schools in which your school will focus in 2015-2016:

(1) Rigorous Instruction

By June 2016, at least 75 % of the teachers will use rubrics to assess student mastery of attainments. As a result, students will be aware of the assessment criteria, will receive specific feedback from teachers for next steps for improvement, and will self-assess and monitor their own progress (QR 2.2). **Action Plan**

(2) Collaborative Teams

By June 2016, 100% of teachers will be engaged in collaborative teams focused on analyzing student assessment data and student work for students they share to determine students’ areas of needs and develop common instructional strategies. As a result, teachers will improve their teaching practice and make progress toward goals for groups of students; and students will improve their performance by at least one mastery level. (QR 4.2)

(3) Effective Leadership

By June 2016, school leaders will develop and communicate clear instructional expectations to all teachers about teacher practice in Domain 3b (Questioning and Discussion) of the Danielson Framework for Teaching Domain; and will provide support and feedback to all teachers by implementing a professional development plan to address teacher growth areas in this Domain. As a result, students’ engagement in classroom will improve as evidenced by teacher observation in Advance. (QR 3.1)

Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5A – Framework for Great Schools Element – Rigorous Instruction: Instruction is customized, inclusive, motivating, and aligned to the Common Core. High standards are set in every classroom. Students are actively engaged in ambitious intellectual activity and developing critical thinking skills.

Part 1 – Needs Assessment

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Rigorous Instruction. This assessment should be informed by an analysis of student performance trends and any major findings from your Quality Review (QR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Administration and staff reviewed PPO and QR feedback, along with the relevant student data like student credit accumulation; the 2015 June and August regents item analysis, student’s responses on the Environment Survey and student’s attendance trends. After an analysis of this data, it became clear that teachers at NMSSJ create and use assessments, rubrics, and grading policies that are aligned with the schools framework providing feedback to students and teachers regarding progress toward goals, however these rubrics and subsequent feedback are not cohesive, nor do they offer specific enough actionable feedback to provide clear next steps for improvement and achievement.

Strengths:

- Innovative instructional model
- Culturally Relevant/Responsive Environment
- Smart use of technology
- A focus on the mastery of skills and competencies
- A focus on literacy across the content areas.

Priority needs

- Development and use of clear and cohesive rubrics.

Development and implementation of clear and usable literacy strategies

Part 2 – Annual Goal

Indicate your school’s 2015-16 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Rigorous Instruction. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

Rigorous Instruction

By June 2016, at least 75 % of the teachers will use rubrics to assess student mastery of attainments, as evidence by student’s grades on our learning management system and online gradebook that includes both the student’s mastery grade and the rubric used. As a result, students will be aware of the assessment criteria, will receive specific feedback from teachers for next steps for improvement, and will self-assess and monitor their own progress (QR 2.2)

Part 3 – Action Plan

<p>Activities/Strategies: Detail below the activities and strategies your school will implement to achieve the identified goal for this Framework for Great Schools element, including:</p> <ul style="list-style-type: none"> • Research-based instructional programs, professional development, and/or systems and structures needed to impact change. • Strategies to address the needs of students with disabilities, English language learners, and other high-need student subgroups (e.g., overage/under-credited, SIFE, STH). • Engaging families and supporting their understanding of Rigorous Instruction and the Common Core in order to support their children at home. 	<p>Target Group(s) <i>Who will be targeted?</i></p>	<p>Timeline <i>What is the start and end date?</i></p>	<p>Key Personnel <i>Who is responsible for implementing and overseeing the activity/strategy?</i></p>

Section 5: Needs Assessment, Annual Goals, and Action Plans

Section 5C – Framework for Great Schools Element – Collaborative Teachers: Teachers are committed to the success and improvement of their classrooms and schools. They have the opportunity to participate in professional development within a culture of respect and continuous improvement.

Part 1 – Needs Assessment

- Conduct a comprehensive assessment of your school’s academic program in response to this element of the Framework for Great Schools–Collaborative Teachers. This assessment should be informed by an analysis of student performance trends, teacher performance and any major findings from your Quality Review (QR) and/or other relevant data.
- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

Administration and staff review of the PPO and QR feedback; along with inconsistent student course passing rate; the 2015 June and August regents item analysis, student’s responses on the Environment Survey and a close analysis of teacher’s program revealed a lack of norming around assessment and grading. This is evidenced by After an analysis of this data

Strengths:

- Teacher’s often volunteer to lead PDs for their peers.
- Co-facilitate advisory
- Staff has created a strong environment of trust.
- Staff Collaborate around restorative practice and the use of circles.

Priority area:

- Change of schedule to allow common planning time and teacher collaboration.

Creation of school wide protocols for looking at student work and curriculum design

Part 2 – Annual Goal

Indicate your school’s 2015-16 goal for improving student outcomes and school performance that addresses this element of the Framework for Great Schools–Collaborative Teachers. Your goal must be responsive to the identified priority need(s) indicated in Part 1, and be written as SMART–Specific, Measurable, Achievable, Relevant, and Time-bound.

By June 2016, 100% of teachers will be engaged in collaborative teams focused on analyzing student assessment data and student work for students they share to determine students’ areas of needs and develop common instructional strategies. As evidenced by common planning agendas and minutes. As a result, teachers will improve their teaching practice and make progress toward goals for groups of students; and students will improve their performance by at least one mastery level. (QR 4.2)

- Summarize your school’s strengths and needs relative to this element (in a narrative or bullet format), and identify the priority need(s) that will be addressed in the goal and action plan for this section. Cite all data trends and sources.

According to PPO and QR feedback and ADVANCE final scores along with an analysis of student credit accumulation and regents passing rates, teachers at NMSSJ are currently using teaching strategies, including questioning, discussion and scaffolds; inconsistently and infrequently provide multiple entry points into the curriculum resulting in uneven engagement, participation, and critical thinking.

By June 2016, school leaders will develop and communicate clear instructional expectations to all teachers about teacher practice in Domain 3b (Questioning and Discussion) of the Danielson Framework for Teaching Domain; and will provide support and feedback to all teachers as evidenced by written professional development plans to address teacher growth areas in this Domain. As a result, students’ engagement in classroom will improve as evidenced by teacher observation in Advance. (QR 3.1 and 1.2)

Social and Emotional Learning

Part 3: TA Schools Only

3a. Use of Program Resources

Describe how the TA program resources will assist participating children to meet proficiency.

TA program resources will be used to provide AVID instructional materials and training for staff in the implementation of the program. We anticipate this program will dramatically improve student academic growth as evidenced by credit accumulation rates and performance on state and school level assessments. In addition the New York City Writing Project instructional coaching will enhance student growth in reading and writing proficiency as evidenced by performance task summative assessments and Achieve 3000 reading comprehension assessments.

Describe the planning, coordination and support of the TA program with the regular educational program (i.e., providing ELT, accelerated, high-quality curriculum, including applied learning; and minimize removing children from the regular classroom during regular school day).

- Teachers engage in comprehensive training to learn the AVID program during 3 day institute in November
- Teachers integrate AVID features into advisory and content area courses
- Teachers receive job-embedded instructional coaching from New York City Writing Project 2 days a week throughout the school year to enhance literacy instructional practices and support integrated collaborative teaching practice.
- Teachers are introduced to relevant instructional strategies to promote student literacy on a monthly basis.

Describe the decision making process that teachers participate in regarding the use and selection of appropriate multiple assessment measures and the professional development provided regarding the use of assessment results to improve instruction.

4c. "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes¹. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated². **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for FY '16 school allocation amounts)	Place an (X) in <u>Column A</u> below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in <u>Column B</u> , section references where a related program activity has been described in this plan.	
			Column A Verify with an (X)	Column B Section Reference(s)
Title I Part A (Basic)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Tax Levy (FSF)	Local			

¹Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using *all* its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used **conceptually** to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the **intent**

and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

²The **intent and purposes** of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I Priority and Focus School Improvement Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs
- **Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program.
- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant:** Supplementary and enhanced services to LEP/ELL immigrant students, in the areas of English language acquisition and content area achievement.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor’s Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent Involvement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school’s approved grant application.

Section 9: Parent Involvement Policy (PIP) and School-Parent Compact (SPC) ***(Required for All Title I Schools)***

Directions: All Title I schools are required to have a Title I Parent Advisory Council (PAC) that develops a **Parent Involvement Policy (PIP)** in collaboration with the School Leadership Team that meets the parental involvement requirements of Title I. The PIP should describe how your school will plan and implement effective parent involvement activities and/or strategies to improve student academic achievement and school performance. The **School-Parent Compact (SPC)** is a component of the PIP that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school’s PIP should align with current CEP goals for improving student achievement. Schools are encouraged to include feedback from the Parent Coordinator when updating the policy. In addition, if the school community will be engaged this year in central parent involvement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school’s policy.

Your school's Title I Parent Advisory Council (PAC) is encouraged to use the sample PIP and SPC templates below (which meet federal Title I parental involvement requirements) as guidance for updating the school's current policy.

Parent Involvement Policy (PIP)

Educational research shows a positive correlation between effective parental involvement and student achievement. The overall aim of this policy is to develop a parent involvement program that will ensure effective involvement of parents and community in the school. **Nelson Mandela School for Social Justice**, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is responsible for creating and implementing a parent involvement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Committee as trained volunteers and welcomed members of the school community. **Nelson Mandela School for Social Justice** will support parents and families of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional development opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

The school's Parent Involvement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of English Language Learners and students with disabilities. The school community will conduct an annual evaluation of the content and effectiveness of this parent involvement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents, and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent Involvement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent Involvement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Educational Plan, including the implementation of the school's Title I Parent Involvement Policy and School-Parent Compact;

- engage parents in discussion and decisions regarding the required Title I set-aside funds, which are allocated directly to the school to promote parent involvement, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent involvement are utilized to implement activities and strategies as described in the school's Parent Involvement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Committee. This includes providing technical support and ongoing professional development, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability, grade-level curriculum, and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., NCLB/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting on or before December 1st of each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent involvement requirements under Title I, Part A, Section 1118 and other applicable sections under the No Child Left Behind Act;
- schedule additional parent meetings, e.g., quarterly meetings with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed;
- conduct an Annual Title I Parent Fair/Event where all parents are invited to attend formal presentations and workshops that address their student academic skill needs and what parents can do to help;

The school will further encourage school-level parental involvement by:

- holding an annual Title I Parent Curriculum Conference;
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Committee;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;

- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC) Nelson Mandela School for Social Justice

Nelson Mandela School for Social Justice, in compliance with the Section 1118 of Title I, Part A of the No Child Left Behind (NCLB) Act, is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities:

Provide high quality curriculum and instruction consistent with Common Core State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;

DEPARTMENT OF ENGLISH LANGUAGE LEARNERS AND STUDENT SUPPORT
GRADES K-12 LANGUAGE ALLOCATION POLICY
SUBMISSION FORM

2015-16 AND 2016-17 SCHOOL YEAR

DIRECTIONS: This submission form assists schools with gathering and organizing the quantitative and qualitative information necessary for a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for English language learners (ELL). This is a two-year plan on how schools will support ELLs' linguistic and academic needs. This LAP form is a part of the school's Comprehensive Educational Plan (CEP). Note: this is a living document; any schoolwide changes involving serving ELLs, such as the addition or expansion of a transitional bilingual education (TBE) or dual language (DL) program should be updated in this form. Note new terminology based on CR Part 154.2 and 154.3. Agendas and minutes of LAP meetings should be kept readily available on file in the school. When preparing your school's submission, provide extended responses in the green spaces. Spell-check has been disabled in this file, so consider typing responses to these questions in a separate file before copying them into the submission form. For additional information, refer to the *English Language Learner Policy & Reference Guide*.
