REVISED - December 16, 2005

SCHOOL ALLOCATION MEMORANDUM NO. 61, FY06

DATE: August 26, 2005

TO: INSTRUCTIONAL LEADERSHIP DIVISION SUPERINTENDENTS,
REGIONAL OPERATION CENTER EXECUTIVE DIRECTORS, and
ALL SCHOOL PRINCIPALS

FROM: Bruce E. Feig

SUBJECT: INTERVENTION PROGRAM FOR STRUGGLING MIDDLE SCHOOL
STUDENTS

The Department of Education is implementing a new intervention program which will target the academic needs of struggling middle school students. The purpose of the program is to raise student achievement in English language arts and mathematics, as well as other core subject areas.

This allocation memorandum provides funds to enable eligible middle schools to expand academic intervention services for struggling students, defined as students scoring at Level 1 or Level 2 on spring citywide reading and/or math tests. This school-based effort will be complemented by a Saturday Academy program targeted specifically to seventh grade Level 1 students.

Title I funds are being allocated to Title I schools. PCEN funds will be allocated to those schools that are not eligible for Title I services. Because Title I and PCEN are reimbursable funding sources, funding source requirements are described later in this memorandum.

All participating schools will:

- Review the academic needs of the school's struggling students. As with all intervention programs, staff should review academic progress and needs related to being overage and/or participating in bilingual and special education programs.
- Plan and deliver supplemental direct instructional services for these Level 1 and Level 2 middle school students.

- Plan a system of ongoing informal assessment to take place at the start of program, at mid-year point and at end-of-the-year to determine intervention efficacy for individual students.
- Prepare a written plan (see attached template) for approval by the Local Instructional Superintendent. This plan must meet program and funding requirements and align with the school's comprehensive education plan.
- Schedule funds in Galaxy in accordance with the approved program plan.
- Implement the approved plan and modify, with LIS approval, if necessary. All modifications must meet program and funding requirements.
- Maintain required documentation at the school site.

Allowable Program Activities

Funds must be used to implement direct instructional services for targeted struggling students and for related professional development and parent involvement. The following are examples of allowable activities:

- Small group or individual instruction by a teacher in literacy and/or mathematics using research-based intervention approaches such as those described in the Academic Intervention Services Toolkit
- Small group or individual instruction related to literacy in core subjects
- Acquisition of instructional materials to support the struggling students' instructional program, such as those suggested in the Academic Intervention Services (AIS) Toolkit.
- Professional development for staff who will implement the struggling students program or will teach in the Saturday Academy
- Professional development for teachers of core subjects on strategies to help struggling students succeed, for example support strategies for reading content-area materials
- Opportunities for program teachers to collaborate in the development of Personal Intervention Plans (PIPs) and carry out other AIS related activities
- Opportunities for intervention and subject area teachers to plan jointly to meet the needs of participating students.
- Parent involvement activities for the parents of students participating in the struggling student's instructional program focused on helping their children achieve academic success.

Title I and PCEN Funding Requirements

Because the program is being funded by Title I or PCEN, all services must supplement the school's current programs. These additional funds may not replace services that are either mandated or currently provided in the school with tax-levy funding. The following approaches will meet the supplement-not-supplant requirement:

- Offer services through an extended day model: for example, after school or during zero period (the extra time makes this supplemental).

- Assign an appropriate staff member to “push in” support for eligible students during the regular instructional program or implement a team teaching model that is designed to meet Level 1 students’ needs (the extra teacher makes this supplemental).
- Use a “pull out” model to deliver small group or individual intervention services chosen from the Toolkit. This instruction may NOT occur during English language arts, math, or a core subject area (the extra service makes this supplemental).

Schools implementing Title I schoolwide programs ONLY (see allocation memo) have the additional flexibility to reduce class size to meet the needs of Level 1 students and/or redesign the current instructional program to address the needs of struggling students.

Cautions for Schools that Implement Title I Targeted Assistance or PCEN Programs

- Title I or PCEN funds must be in addition to and cannot replace core instructional programs or tax-levy funded AIS services already in place.
- When instructional materials are being purchased, there must be a clear plan to use the material in the struggling students program and to train teachers in their use.
- Materials may not replace the tax-levy instructional program.
- Schools may only serve students identified as struggling with these funds and must maintain a list of targeted students.

Allocation Methodology

Allocations are based on number of seventh grade general education students and ELLs with 6 or more years in an English Language School System scoring Level 1 on English Language Arts or Mathematics in 2005. Schools with 12 or more such students will receive an allocation of \$1067 per student. Phase-out schools that no longer have a seventh grade but have an eighth grade will receive one-third of the allocation. Phase-in schools that have a sixth grade and a new seventh grade will receive two-thirds of the allocation; these phase-in schools’ allocations will be based on the number of currently enrolled seventh grade general education students and ELLs with 6 or more years in an English Language School System that scored Level 1 on English Language Arts or Mathematics on their sixth grade tests in 2005. Please see the attached allocation table.

Funds should be scheduled in the following Galaxy allocation categories:

- [TITLE I MIDDLE SCHOOL INTERVENTION](#)
- [TITLE I SWP MIDDLE SCHOOL INTERVENTION](#)
- [PCEN MIDDLE SCHOOL INTERVENTION](#)

Program Plans

Schools are required to prepare the attached *Plan for Middle School Struggling Students*, describing the Title I or PCEN program and the intended use of these funds. Allowable cost factors for Title I/PCEN targeted assistance schools and Title I schoolwide programs will be detailed in Galaxy.

Required Program Plans

School program plans must be signed by the Local Instructional Superintendent. Once signed, a copy must be forwarded by email to Esther Friedman, Director of Secondary School Reform at EFriedm@nycboe.net. A copy must also be maintained at the school site as part of the school's Comprehensive Educational Plan. Schools may not encumber or expend funds without this signoff.

Required Documentation for the Struggling Students Program

Schools are required to maintain the following documentation, which is subject to both review and audit:

- Comprehensive Education Plan, including the struggling students program plan as an addendum .
- Documentation of student assessment and progress.
- Updated lists of AIS participants.
- For any split-funded staff, time and effort records to demonstrate the required commitment to the Title I or PCEN program.
- Documentation of activities and expenditures.

PROGRAM PLAN

INTERVENTION FOR STRUGGLING READERS IN MIDDLE SCHOOLS

Region/District _____ School _____ Allocation _____

Name of Person Preparing the Form _____

Telephone number _____ E-mail address _____

Principal's Signature _____ LIS's Signature _____

PROGRAM DESCRIPTION

In this box below provide a brief description of the Title I or PCEN program(s) you will be implementing for struggling readers. (For example, 75 at-risk ninth graders as defined in the small-group instruction (no more than 5 students) utilizing the following program....strategies. The program will serve a total of X students 3 hours per week for 20 weeks.) Teachers will be trained in.....Parent involvement will include...

PROGRAM RATIONALE

Describe the rationale, based on your students' needs, for selecting the program(s)/strategies described above.....

BUDGET NARRATIVE: What you will buy with the funds and how you will use what you budget?

Examples:

- . Teacher per session: 5 teachers per week for 20 weeks for 3 hours per week to offer after-school intervention services;
- . Professional development with XXXXX to provide 15 hours of training in identifying specific student needs
- . Reimbursement of travel expenses for parents attending parent involvement activities

Budget Category	Explanation
Professional staff, per session, per diem	
Purchased services such as curriculum and staff development contracts	
Supplies and materials	
Travel to reimburse staff for participation in professional development	
TOTAL
