SUBJECT: ASSISTIVE TECHNOLOGY ALLOCATION

This memorandum allocates resources to the ROCs to support the purchase of IEP-mandated pupil equipment. Unlike in prior years, tax-levy, rather than IDEA, resources are being utilized. Allocation amounts are listed below. The Assistive Technology allocation supports both the cost of equipment and the cost of services needed to train staff and parents on the use of equipment. Per session costs associated with training that needs to take place after regular school hours is also permissible. Service costs may also include any work required to program the devices.
