SUBJECT: SOCIAL AND EMOTIONAL LEARNING POLICY

The Social and Emotional Learning Policy pilot is designed to deal with the social and emotional needs of students who become dysfunctional in a school setting. This program will be piloted in 19 schools geographically located in Region 6. Core teams from each of the selected schools were trained over the summer and will be responsible for the implementation of the program. At the end of the school year, the pilot will be evaluated by New York University in corporation with educators for social responsibility, to then be expanded to many other NYC schools.

The attached table lists each school's allocation. Funds should be used for, but not limited to; the following activities:

- per session for the core teams to meet,
- hiring of trainers to meet with the staff,
- school inter-visitations,
- buying into specific programs,
- having data evaluated from student and staff surveys and
- other assorted items deemed necessary by the core teams.

Allotments were placed in the "[TL Social and Emotional Learning](#)" allocation category.
